Date of Signature:	CST Signature:	**CST Credential Number:**

This form is required to be submitted pursuant to SPS 385.60(3)(j), Wis. Adm. Code. Failure to complete this form may result in denial of the approval request. Information to be submitted in addition to this form includes, but is not limited to: Data on artificial drainage, a completed Soil and Site Evaluation Report (SBD 8330), regional water table information, daily precipitation totals for February through May, any previous site specific observation results, governmental unit or department reports on observation pipe construction or water levels, and a site plan showing observation pipe locations. All information must be submitted within 60 days of the completion of observations. When more than three (3) observation pipes are installed, use Page 2 of this form to report observation data, results, and comments/conclusions.
