## Dental Hygiene CRDTS HERC report by Catherine Martin R.D.H.

This report is the 4th written report I have submitted to the Board, and 3rd time I have personally addressed the WDEB as a CRDTS Hygiene Exam Review Committee member. I am always available to the WDEB in an advisory capacity in regards to the CRDTS Hygiene exam, or Dental Hygiene Education.

I can be reached by email at *Cemartin@madisoncollege.edu*

If I do not know the answer to your questions, I will get you in touch with someone that will; and that would more than likely be **Kim Laudenslager or Steve Holcom at CRDTS** since they have all the background data, statistics, and research compiled by independent agencies to support their statements. **They are always available to member State Dentistry Boards, such as Wisconsin.**

As way of introduction to those that do not know me, I am a former member of the Wisconsin Dentistry Examining Board, (as Cathy Schleis) I have been an examiner for CRDTS for 12 years, I am a current Dental Hygiene Clinical faculty member at Madison College, and a part time clinical Dental Hygienist in a private dental practice.

CRDTS Hygiene Exam Review Committee meets for one weekend in July in Kansas City. This year we met July 14-15. Prior to each meeting, all HERC members are given assignments with research to complete. Once at the meeting, we deliver a presentation and recommendations to the HERC. As a group, we vote on whether to move forward and approve those individual recommendations.

At the CRDTS August Annual Meeting, the Steering committee votes on the recommendations made at the July Hygiene ERC committee meeting prior to their induction into following years' hygiene exam. This process involves a lot of time consuming work, but proves as a testimony that the Hygiene CRDTS exam is "not a one person show" but a culmination of research done by Hygienists across the country that look at and assess the exam contents annually.

This year, I attended the Dental Hygiene Senior Student Conference at WCTC with my students and also served as a resource for the CRDTS hygiene exam to field questions. I personally developed a 4 page take home exam for students to utilize as a study guide prior to their clinical exam. I sent this exam to all the dental hygiene programs in the state. It must have been a useful tool as I was asked time and time again that I "design another one" in 2013. I plan to do just that. **Working closely with the hygiene community is part of my responsibility as the CRDTS Hygiene ERC member in Wisconsin.**

I volunteered for the Mission of Mercy in June, and also attended the 2012 WDEB meetings in March, July, and again in September. Many states require that all deputy examiners attend a minimum of one Board meeting each year to remain as active examiners. Minnesota is one such state that requires this, Wisconsin does not. Something for you to consider?

I attended 3 days of the CRDTS Annual Meeting and workshops in Kansas City, MO in August of 2012, as I have for the past 12 years. I am currently co chair of SADHA Student Association at Madison College, and President of the Madison Area Dental Hygienists' Association. I have arranged for a 3 credit CE with a national speaker on Forensic Odontology Saturday, November 10 at Madison College. Our speaker will address how to cooperate with the legal system and understand the role of a forensic dentist and forensic dental auxiliary in scientific human identification. I hope that all that attend will improve their appreciation for the forensic value of accurate dental records.

Respectfully submitted by Catherine Martin R.D.H., November 7, 2012 to the Wisconsin DEB

Letter Regarding the Optional Periodontal Examination

Dear State Dental Board Administrator:

Please be advised that for the ADEX examinations being offered in 2013, that the Periodontal portion of the examination will be optional. In recent years the ADEX examination (now utilized by the NERB) has consisted of a computer-based DSE Diagnosis and Treatment Planning section, an Endodontic section, a Prosthodontic section, a Restorative section and a Periodontal section. We will still be offering all five parts of the ADEX examination at all examination sites but candidates will have the option to take or not take the Periodontal Examination as needed, based on the requirements for licensure in the state or states where they wish to practice. NERB will continue to report results for each portion of the examination taken, so it will be clearly evident whether or not the Periodontal portion part was in fact taken and passed.

Since the Periodontal section is normally part of the ADEX examination, candidates will be able to decide right up to the day of examination whether or not they wish to take this examination and NERB will simply report the results of the exams taken by each candidate.

Ellis H. Hall, DDS  
NERB Director of Examinations
