Current Wisconsin Rule

An applicant for a license as a dentist who is a graduate of a foreign dental school shall submit the following:

- Application
- Fee
- Successful completion of jurisprudence exam
- Verification from the Commission on National Examinations of ADA or other board approved professional testing services of successful completion of an examination.
- Verification from the Central Regional Dental Testing Service or other board approved testing services of successful completion of an examination in clinical and laboratory demonstrations taken within the 5 year period immediately preceding application.
- **Evidence satisfactory to the board of having graduated from a foreign dental school.**
- **Evidence of successful completion of an accredited postgraduate program in advanced education in general dentistry or an accredited general dental practice residency.**

Michigan Requirements

- Graduation from a school not meeting board standards
- One of the following requirements:
 - Successfully completes a minimum 2 year program in dentistry in an approved school that leads to the awarding of a doctor of dental surgery or doctor of dental medicine degree.
 - Successfully completes a minimum 2 year master's degree or certificate program in an approved dental school that leads to the awarding of a degree or certificate from a dental specialty program.
- Passes all parts of the national board examination.
- Passes the dental simulated clinical written and clinical examination.

Iowa Requirements

In addition to the other requirements for licensure, an applicant who did not graduate with a DDS or DMD from an accredited dental college approved by the board must do the following:

- Receive a dental diploma, degree or certificate from a full-time, undergraduate supplemental dental education program of at least two academic years at an accredited dental college. The program must provide didactic and clinical education to the level of a DDS or DMD graduate.

Illinois Requirements

Graduation from a dental college or school outside of the United States or Canada:

One of the following requirements:

- Certification of completion, from an approved dental college in the United States or Canada, of a minimum of 2 years of clinical training at the school in which the applicant met the same level of scientific knowledge and clinical competence as all graduates from that school.
- Certification from an accredited advanced dental education program of completion of no less than 2 academic years than 2 academic years may be substituted for the 2 academic years of general dental clinical training.

Minnesota Requirements

Graduates of foreign schools:

- Evaluation of the foreign dental school by the International Credentialing Associates that the foreign dental school's education is equivalent to a dental school accredited by the Commission on Dental Accreditation.
- After other requirements met, the dentist is issued a Limited General Dental License requiring practicing under a Minnesota licensed dentist for 3 years.
