PROPOSED ORDER

An order of the Controlled Substances Board to create CSB 2.42 relating to scheduling furanyl fentanyl.

Analysis prepared by the Department of Safety and Professional Services.

ANALYSIS

Statutes interpreted: s. 961.14, Stats.

Statutory authority: ss. 961.11 (1) and (4m), Stats.

Explanation of agency authority:

The controlled substances board shall administer this subchapter and may add substances to or delete or reschedule all substances listed in the schedules in ss. 961.14, 961.16, 961.18, 961.20 and 961.22 pursuant to the rule-making procedures of ch. 227. (s. 961.11(1), Stats.)

The controlled substances board, by rule and without regard to the requirements of sub. (1m), may schedule a controlled substance analog as a substance in schedule I regardless of whether

the substance is substantially similar to a controlled substance in schedule I or II, if the board finds that scheduling of the substance on an emergency basis is necessary to avoid an imminent hazard to the public safety and the substance is not included in any other schedule or no exemption or approval is in effect for the substance under 21 USC 355. Upon receipt of notice under s. 961.25, the board shall initiate scheduling of the controlled substance analog on an emergency basis under this subsection. The scheduling of a controlled substance analog under this subsection expires one year after the adoption of the scheduling rule. With respect to the finding of an imminent hazard to the public safety, the board shall consider whether the substance has been scheduled on a temporary basis under federal law or factors under sub. (1m) (d), (e) and (f), and may also consider clandestine importation, manufacture or distribution, and, if available, information concerning the other factors under sub. (1m). The board may not promulgate a rule under this subsection until it initiates a rule-making proceeding under subs. (1), (1m), (1r) and (2) with respect to the controlled substance analog. A rule promulgated under this subsection lapses upon the conclusion of the rule-making proceeding initiated under subs. (1), (1m), (1r) and (2) with respect to the substance. (s. 961.11 (4m), Stats.)

Related statute or rule: s. 961.14, Stats.

Plain language analysis:

This rule schedules furanyl fentanyl as a Schedule I controlled substance.

Summary of, and comparison with, existing or proposed federal regulation:

Furanyl fentanyl is not currently scheduled under the Controlled Substances Act. The U.S. Department of Justice, Division of Drug Enforcement in May 2016 scheduled two different fentanyl analogs.

Comparison with rules in adjacent states:

Illinois: A review of the Illinois Controlled Substances Act does not indicate the scheduling of furanyl fentanyl.

Iowa: A review of the Iowa Controlled Substances Act does not indicate the scheduling of furanyl fentanyl.

Michigan: A review of the Michigan Controlled Substances Act does not indicate the scheduling of furanyl fentanyl.

Minnesota: A review of the Minnesota Controlled Substances Act does not indicate the scheduling of furanyl fentanyl.

Summary of factual data and analytical methodologies:

Based upon the Waupaca County District Attorney's request for emergency scheduling and the finding of an imminent hazard to the public safety, the Controlled Substances Board decided to

schedule furanyl fentanyl. In making the finding of imminent hazard to the public safety, the Board considered the following factors: the history and current pattern of abuse; the scope, duration and significance of abuse; and the risk to the public health.

Analysis and supporting documents used to determine effect on small business or in preparation of economic impact analysis:

The rule schedules a synthetic opiate as a Schedule I substance controlled substance which will not have any effect on small business.

Fiscal Estimate and Economic Impact Analysis:

The department is currently soliciting information and advice from businesses, local government units and individuals in order to prepare the Economic Impact Analysis.

Effect on small business:
