

# COUNTY CODE SEMINARS 2014 - 2015

Over the next few months the Wisconsin Department of Safety and Professional Services will hold fire code training seminars that will cover changes made to NFPA 1 (2012) and SPS 314. These seminars will be held throughout the state. Fire inspectors and chief officers are welcome to attend at any location. Each seminar is approximately three hours in length.

**A copy of NFPA 1 (2012 edition) will be provided to each fire department in attendance that has not previously received a book.**

Below are two listings for the code seminars. The first listing is organized by fire prevention district and by the date of the seminar. The second listing is alphabetical by county.

To jump to a specific district schedule click on the district number below

District [1](#), District [2](#), District [3](#), District [4](#)

To jump to a listing by county click on the A – Z listing below

[A – E](#), [F – J](#), [K – O](#), [P – T](#), [U – Z](#)

In the event of inclement weather on the day of a seminar please call your district coordinator to confirm that the seminar will be held as scheduled. If you need any additional information, or if you require special accommodations, please contact your district fire prevention coordinator in advance of the seminar.

For code seminar comments and feedback, please go to:
