

Department of Safety and Professional Services
Safety and Buildings Division

SPS - 308.10 **Notification to Begin Operation.**

(1) Each year before work is commenced in a pit or quarry, the pit operator shall complete and return to the department form SBD-6736, Notice to Begin Operation, for each pit or quarry. The notification shall be returned to the department at least 10 days prior to the beginning of work in each pit or quarry.

Note 1: The notice is required from the operator for all pits and quarries where work is performed, whether or not the operator owns the pit or quarry. Only one initial notice is required for a pit or quarry where work is performed on an intermittent basis during the year.

Note 2: Copies of form SBD-6736 are available from the Safety and Buildings Division, PO Box 7302, Madison, Wisconsin, 53707-7302.

(2) Each year before work is commenced in a pit or quarry, the pit or quarry operator shall make arrangements for obtaining emergency medical assistance and transportation for injured persons.

"Operator" means the person or firm that operates or is responsible for an excavation in the earth for the purpose of extracting minerals or other materials or for the crushing, screening or washing equipment.
