

2% Fire Dues Self-Certification Update

Sent: 3/17/2016

Fire Dues Self-Certification Reminder and Update

Thank you to those fire chiefs and municipal clerks who helped us move towards our March 15 goal for completion of Wisconsin fire dues self-certification. As of Wednesday, March 16, over 98% of municipal clerks and 90% of fire department chiefs have completed their Fire Dues Self-Certification form(s).

If you are a municipal clerk or fire chief who hasn't yet completed your self-certification form(s), will you help us keep this success going?

Please remember that all self-certification forms must be completed by both the fire chief and the municipal clerk by Midnight, March 31, 2016, or they will automatically be recorded as non-compliant and require a fire department audit.

If you are a municipal clerk or a fire chief who hasn't yet completed your self-certification form, please [Click Here](#) to get started and complete your form.

If you have forgotten your User ID or password for the 2% Fire Dues Web Application or if there is anything else we can be of assistance with, please let us know, dspsbfiredues@wisconsin.gov
