

Questions & Answers
James Scrivner Property Former Cheese Factory
COMM # 54665-9533-95-A
BRRTS # 03-63-175844

Question:

The site has 220 volt power, is it single phase power or 3 phase power?

Answer:

Reportedly (based on a response from the property owner) it is presently single phase. The wires/boxes including the service connection, etc. are there for 3 phase but it is not powered up.
