BRRTS # 02-29-221459

Question:

For the Madden Petro Bulk Plant BRRTS# 02-29-221459 how many monitoring wells and piezometers exist at this site?

Answer:

A base map provided by METCO indicating the location of the wells for both the Madden and Service Oil Co. sites is provided on the bidding web site (see Service Oil Co. bid for Round 27). MW-5 and MW-8P, which are located immediately north of the Service Oil Shed on the Service Oil Company property, are associated with the Madden site.
