BRRTS # 03-22-000560

Question: Do you want the cost of preparing a closeout package to be included in the bid?

Answer: As stated on page 4 of the bid specification document - If closure is applicable, then submit a closure request with the appropriate documentation, including (but not limited to) a case closure summary and close-out form, appropriate GIS Registry information and appropriate fees.

The consultant will need to evaluate available data and determine whether closure is applicable. In your bid response, please make it clear whether closure costs are included, and please also report the cost of closure separately from the rest of the bid.
