

Questions & Answers  
Village Pump  
COMM #54143-1016-56  
BRRTS #03-38-153785

Question: You requested that all investigative waste be disposed; however, there is no mention of the presence, amount, or type of waste in the document. Do you have this information?

Answer: There is no investigative waste on-site. Any waste generated during the sampling phase proposed in the bid (i.e purge water) must be disposed of prior to achieving closed remedial action status for Village Pump.
