Choose Between the Basic and Advanced Course

Both classes are one-day training seminars which provide you with tips and tricks needed for successful installation of Insulated Concrete Forms.

- Differentiate yourself from the competition
- Learn new skills
- Earn higher margins
- More profitable ways to build
- Fewer subcontractors needed
- Eliminate mistakes

Credits Available

Minnesota:

These courses have been approved by the Minnesota Department of Labor and Industry for 7 hours (including one (1) energy credit) for residential contractor continuing education.

Wisconsin:

These courses qualify contractors for six (6) hours of Dwelling Contractor Qualifier continuing education credits.

Instructors

Experienced ICF instructors bring real job site knowledge to this course.

Registration: 8 A.M.

Seminar: 8:30 A.M.

Cost: \$69.00

(Includes lunch and classroom handouts)

All cancellations must be received in writing at least one week prior to the class for refund. We reserve the right to cancel any classes with less than 20 attendants pre-registered one week prior to class. Should your class be cancelled our staff will notify you to reschedule or receive a full refund.
