Application and Credential Fee (nonrefundable): \$195.00 class code 7630

Make checks payable to: State of WI – DSPS. The fee consists of a \$15 application fee and a credential fee of \$180. The credential will be effective for 4 years from the date of issuance.

Reason for Credential: Pursuant to s. 145.06 (3m), Stats., no person may conduct a performance test of a cross connection control device as required by SPS 382.21 (3) unless the person holds a credential issued by the department as a registered cross connection control tester.

Requirements of Credential: A person who holds the credential shall carry on his or her person the credential issued by the department while performing or conducting the activity or activities permitted under the credential.

Qualifications for Credential: A person applying for a cross connection control device tester registration shall have completed at least 40 hours in an approved course or courses in the theory of cross connection control, the operation, testing and maintenance of cross connection control devices, and the national standards for these cross connection control devices. The course or courses shall include instruction in at least:

- Reduced pressure principle backflow preventers;
- Reduced pressure detector backflow preventers;

- Double check backflow prevention assemblies;
- Back siphonage backflow vacuum breakers;
- Double check detector assembly backflow preventers; and
- Double check backflow prevention assemblies.
