TDD #: Via Relay
Jim Doyle, Governor
Richard J. Leinenkugel, Secretary

December 17, 2009

To: All Wisconsin Mining Operators and Contractors

From: Mine Safety Program

The Mine Safety Section is getting ready for another year of training. We have already received numerous training requests on-line for Annual Refresher sessions this coming year. Note: while the on-line registration system speeds up processing of your training requests, you may still mail or fax in your training request as before.

Our schedule for Management Roundtable meetings has been set. For 2010 we will have a shorter discussion on training in the mornings. The afternoon session will feature a presentation from the Federal Bureau of Investigation on security at your mine sites and magazines. Special Agent Parker Shipley from the Milwaukee FBI office will be on hand to present trends and indicators to watch for and take your questions.

The dates and locations are:

Tuesday, January 5, 2010	Comfort Suites, 1951 Bond Street, Green Bay
Thursday, January 7, 2010	Holiday Inn (Campus Area), 2703 Craig Road, Eau Claire
Tuesday, January 12, 2010	Sheraton Inn, 706 John Nolen Drive, Madison

Cost will be \$30 per person. You may pay in advance, at the door by check or we can invoice you. Registering on-line is strongly recommended since it allows us to provide an accurate count for lunch. If you plan on paying in person, please bring a check made payable to "Safety and Buildings Division". We look forward to seeing you there.

Dave Vriezen
Section Chief, Public Sector Safety & Mines

S&B Mine Safety and Health Staff

Pat Murphy, Mine Safety Inspector (Eastern part of the state), P.O. Box 822, Fond du Lac, WI 54936, Tel. 414-852-3648, Fax 608-283-7497, Email: Patrick.Murphy@wisconsin.gov

Mike Kollver, Mine Safety Inspector (Western part of the state), P. O. Box 616, Oconomowoc, WI 53066, Tel. 262-923-0738, Fax 608-283-7498, Email: Michael.Kollver@wisconsin.gov

2010 Annual Refresher Training

Annual refresher training is operation-specific, based on your company's training plan and needs. The Sponsor Company requests training topics and coordinates with S&B staff regarding the training location and dates. Fees for each session (which can include Safety, Health, and First Aid Training) will be \$330, as outlined in Comm 2.

You may set up your training using the S&B Web Site, <http://www.commerce.state.wi.us/SB/SB-MineSafetyProgram.html>. If you have questions on using the site, contact David Vriezen at 608-261-2503.

Site-specific training. The Mine Safety Program offers MSHA's Part 46 Annual Refresher and New Miner Training throughout the year. These classes are specific to your operations, not "general" or "open sessions." Classes are limited by MSHA to 35 students to ensure quality training. The training is available to mine operators and independent contractors who work in active mines; companies with an assigned Mine ID# / contractor ID#; and companies with a training plan, as required by MSHA regulations.

Here is a sample agenda. See the listing of possible topic selections given below.

8:00 – 8:30	Registration and Introduction (2010 Training Program)
8:30 – 9:20	Discussion: Accident Prevention & MSHA Fatalgrams from 2009
9:20 – 9:30	Break
9:30 –10:00	Open Discussion on Updated Regulations / High interest items – Example: Guarding of Crushers Question/Answer – Work Exercises
10:00-10:30	Sponsor Company's Selected Training Topic Choice
10:30-10:40	Break
10:40-11:10	Sponsor Company's Selected Training Topic Choice
11:10-11:30	Sponsor Company's Selected Training Topic Choice
11:30-12:00	Program Evaluation

Training Topic Selections:

Each topic ranges from 20 to 30 minutes. The number of choices should not exceed four topics per 4-hour session. Instructor will confirm the number of topics chosen and times allotted. Please make your selections on the enclosed registration form or online.

1. Ground Control, Powered Haulage, Highwalls & Berms
2. Bins, Silos, Hoppers
3. Confined Spaces
4. Fall Protection
5. Lockout / Tagout
6. Machine Guarding
7. Welding & Maintenance
8. Drilling
9. Electrical Safety
10. Explosives & Blasting
11. Water Hazards
12. Escape / Evacuation / Fire Protection
13. Respirator Review
14. First Aid Review
15. Company Safety Rules
16. Line of Authority
17. Cranes & Rigging
18. Hazard Communication
19. Accident Prevention, Fatalities & Close Calls

All safety-training topics are outcome-based. When applied and followed, this training will help improve health and safety in the work place; reduce injuries and accidents (personal, equipment and property); help prevent fatalities; possibly lower operational cost; and possibly increase production.

Reminder when filling out request form:

S&B will use the registration data to compile our required federal report. We are asking that the registration form be filled out completely and accurately. Please review these definitions of “Surface Mine,” “Independent Contractor,” and “Other.”

Definitions:

“Surface Mine:” Mine development, drilling, blasting, extraction, milling, crushing, screen or sizing of materials at a mine. Includes maintenance and repair of mining equipment on site associated with haulage of materials within the mine from these activities. (Part 46.2(h)(2))

“Independent Contractor:” Any person, partnership, subsidiary of a corporation, firm association, or other organization that contracts to perform services at a mine operation. (i.e. tire vendors, fuel vendors, electricians, plumbers, carpenters, truckers, excavation, reclamation, crane use, service and maintenance of equipment, etc.) (Part 46.2(e))

“Other:” Any person who does not work at a mine site for frequent or extended periods of time (means a pattern of visits with no exposure to hazards). (i.e., government agencies, manufacturer’s representatives, engineers, etc.) (Part 46.2(g)(2))

2010 Request for Part 46 Annual Refresher Training

Cost to Sponsor Company is \$330 Per Session, which can include Safety, Health and First Aid. Deadline for requests is a minimum of three weeks prior to requested training date.

Please Print. Company Name: _____

Mine ID number: _____ ---- _____

Company Contact Person: _____

Email Address: _____

Address: _____

City: _____ State: _____ ZIP _____

Day Telephone Number: _____ County: _____

Circle Items that Pertain to Your Company: (This must be completed. Information is used to meet federal reporting requirements) (For definitions, please refer to page 4.)

Do you have a training plan: Yes No (The Department of Commerce Mine Safety Program needs to be listed as Competent Person in your plan.)

Surface Mine: 1-19 employees; 20-49 employees; 50+ employees Independent

Contractor or Other

Type of Operation / Product:

Sand and Gravel, Crushing and Washing, Dimension Stone (specify) _____

Surface Limestone, Screening, Other (specify) _____

The following must be completed or the request will be returned:

Suggested Dates(s): _____

Onsite Name: _____

Facility Address: _____

Choose topics from page 3:

1. _____
2. _____
3. _____
4. _____

Recommended room criteria: Size: 20 by 24; Setup: Classroom style with head table; Room for each person to be able to write; Good acoustics, i.e., no noise from other areas.

Sponsoring Company will provide an individual on site to manage class attendance roster.

If there is a secondary company involved, enter the information here

Please Print. Secondary Company Name: _____

Secondary Mine ID number: _____ ---- _____

Secondary Company Contact Person: _____

Address: _____

City: _____ State: _____ ZIP _____

Day Telephone Number: _____ County: _____

2010 New Miner Training Registration Form

A "New Miner" is a person who does not have or will not have 12 months of equivalent experience prior to employment. New employees at surface sand and gravel, or crushed rock operations, including contractors, are required by MSHA's Part 46 to have a minimum of 24 hours of training within the first 90 days of employment. The dates listed below will fulfill 16 hours of the new miner requirements. The remaining 8 hours can be completed while being observed on the job by an experienced miner. Attending New Miner training also does not satisfy the requirements for Annual Refresher Training.

New Miner training is paid for by a federal grant and is free of charge.
Sessions are 8 a.m. to 4 p.m. for two days for Part 46 (surface).
Registration is at 7:30 the first day. Lunch is not provided.

Please Print. Company Name: _____

Mine ID number: _____
