

SUMMARY OF FINAL REGULATORY FLEXIBILITY ANALYSIS

Department of Commerce

CLEARINGHOUSE RULE NO.: 09-116

RULE NO.: Comm 2.68

RELATING TO: Public Swimming Pool and Water Attraction Plan Review and
Inspection Fees

Final Regulatory Flexibility Analysis Summary

Implementation of the federal Virginia Graeme Baker Pool and Spa Safety Act necessitates most existing public swimming pools and water attractions to undergo physical modifications to reduce the risk of entrapment at suction outlets. The department estimates that 3,700 existing pools and water attractions will need to undergo some type of modifications. The current plan review fees reflect the estimated average time and costs to provide the service. For types of pool and attraction modifications necessary to comply with the Virginia Graeme Baker Pool and Spa Safety Act, the department believes that the time and cost to provide the service will be below the averages reflected under the fee structure of section Comm 2.68.
