

The plumbing activities that may be undertaken by a person who holds a credential as a registered learner-restricted service shall be performed under the direct supervision of a person who holds a master plumber license, a master plumber-restricted service license, a journeyman plumber license or a journeyman plumber-restricted service license. A business engaged in the installation of plumbing that utilizes plumbing learners shall maintain a ratio of at least one journeyman plumber or journeyman plumber-restricted for each plumbing learner. For this purpose, a master plumber or master plumber-restricted may act as a journeyman plumber or journeyman plumber-restricted, respectively.

Qualifications for Credential: A person applying for a plumbing learner-restricted service registration to install or modify plumbing shall be at least 16 years old and shall have completed the 12th grade in school or its equivalent. To demonstrate the applicant's qualifications do the following:

1. **Fill** in the applicant's birth date (month/day/year, example 04/02/60):
2. **Attach** one of the following:
 - a) a copy of the applicant's high school diploma;
 - b) evidence of completion of the general equivalency diploma;
 - c) notarized transcripts or letter from the high school stating that the student completed the 12th grade in school; or
 - d) transcripts showing the applicant has a bachelor, associate or other degree from an accredited college or university.
3. **Obtain** the signature of the responsible master plumber:
 As the master-plumber, the undersigned swears that the business which employs the applicant is engaged in the installation of plumbing allowed by this credential category and the business maintains a ratio of at least one journeyman plumber or journeyman plumber-restricted for each plumbing learner.

Plumber Name (please print)	Credential (license) No.	Plumber Signature

NOTE: To order your learner study materials package, use the enclosed order form.

Plumbing Learner-Restricted Service Instructions

To meet the qualifications to take the exam for the Journeyman Plumber-Restricted Service License, the person who holds the plumbing learner-restricted service registration must do the following prior to expiration of the plumbing learner-restricted service registration:

- complete a first aid course;
- accumulate 1,000 hours of experience as a plumbing learner-restricted service; and
- complete educational course work

All three requirements must be met at the time of application for the journeyman plumber-restricted service exam.

The Plumbing Learner-Restricted Service registration is not renewable. Failure to complete the qualifications prior to the expiration date on the plumbing learner-restricted service registration will require the applicant to start over.

Contact Document Sales, 608-266-3358 or 800-362-7253 and purchase a copy of the following:

- Plumbing Code: SPS 381-387, Wisconsin Administrative Code
- Credentialing Code: SPS 305, Wisconsin Administrative Code
- POWTS Component Manuals

The Journeyman Plumber-Restricted Service exam contains many questions which are based upon the codes listed above. It is strongly recommended you purchase these codes. Note that Document Sales also offers an update service. If you purchase the update service, Document Sales will mail you copies of changes (if any occur) to the codes for which the update service was purchased for one year.

First Aid and Safety Course - 10-Hour Course

The Red Cross, fire departments, hospitals, or technical college offer first aid courses. When the course is completed, obtain written evidence of completion because the department will require you to submit a copy of the evidence when you apply for your

journeyman's exam and an outline of the course. Original copies of the evidence of your completion of first aid and safety courses will not be returned. The evidence should contain as a minimum your name and the name of the first aid and safety course.

It is suggested that you take this course as soon as possible so the journeyman's exam can be written as soon as you have accumulated the necessary experience hours and done the educational work.

Educational Course Work

The master plumber you work for is responsible for your training and education. The documents in the Learner Packet include self checks so your understanding of the material can be verified. If you do not understand the material, you should ask the master plumber for help.

Qualifications to Apply for Journeyman Plumber-Restricted Service Exam

The applicant should record their name and credential (registration) number when they receive this form.

Applicant's Name:	Credential (registration) Number:
-------------------	-----------------------------------

First Aid and Safety Course: Attach a photocopy of the evidence that you completed the course and an outline of the 10-hour course. Original copies of the evidence of your completion of first aid courses (CPR classes are not recognized as first aid courses) will not be returned. The evidence should contain as a minimum your name and the name of the first aid course.

Experience - Note that the experience and educational course work portion of this form must be completed.

In the Experience Hours column, fill in the number of hours the applicant has worked under the direct supervision of a person who holds a master plumber license, a master plumber-restricted service license, a journeyman plumber license, or a journeyman plumber-restricted service license. Have the person who holds the license who directly supervised the work performed by the applicant sign that the applicant has the necessary hours of experience.

Experience Hours	Hours Witnessed by	Signature of Witness	Witness Credential (license) No.	Telephone Number of Witness

Educational Course Work - The signature of the master plumber or master plumber restricted service indicates that the learner identified on this form has completed the educational course work.

Educational Course Work	Signature of Witness	Witness Credential (license) No.	Date
Plumbing Code, SPS 381-387 - 40 hours of credit			
Blueprint or blueline reading-20 hours of credit			
Transit or builder's level-10 hours of credit			
Construction mathematics-20 hours of credit			
First aid and safety-10 hours of credit			

Plumbing Learner Restricted Program Resources

The following resources are available and may also be ordered through Document Sales, 608-266-3358 or 800-362-7253.

If you are in Madison and wish to pick up your material, DOC Sales office is located at:

202 South Thornton Avenue, Madison, WI
(One mile northeast of the State Capitol- Just off Washington Avenue)

These are intended to be training guides and may not match the current code. Documents are part of the educational work that is to be completed before applying for the journeyman exam. See learner application.
