

118.07 Health and safety requirements.

(2) (a) Once each month, without previous warning, the person having direct charge of any public or private school shall drill all pupils in the proper method of departure from the building in case of a fire, except when the person having direct charge deems that the health of the pupils may be endangered by inclement weather conditions. At least twice annually, without previous warning, the person having direct charge of any public or private school shall drill all pupils in the proper method of evacuation to a safe location in case of a tornado or other hazard. At least twice annually, without previous warning, the person having direct charge of any public or private school shall drill all pupils in the proper method of evacuation or other appropriate action in case of a school safety incident. The public and private school safety drill shall be based on the school safety plan adopted under s. 118.07

(4). A safety drill may be substituted for any other drill required under this paragraph. The school board or governing body of the private school shall maintain for at least 7 years a record of each fire drill, tornado or other hazard drill, and school safety drill conducted.

(b) In each community having a recognized fire department, the person having direct charge of any public or private school shall annually file a report pertaining to such drills, on a form furnished by the department of safety and professional services, with the chief of the fire department. When no fire drill is held during any month, or when only one or no tornado or other hazard drill is held in a year, the person having direct charge of the school shall state the reasons in the report.
