Re: Description: PREFABRICATED PLUMBING SYSTEM
Manufacturer: DUTCH HOUSING, INC.
Product Name: MODULAR HOME-DWV LINES
Model Number(s): MC37/MC38(FLIP)
Product File No: 20050824

The specifications and/or plans for this plumbing product have been reviewed and determined to be in compliance with chapters Comm 82 through 84, Wisconsin Administrative Code, and Chapters 145 and 160, Wisconsin Statutes.

The Department hereby issues an approval based on the Wisconsin Statutes and the Wisconsin Administrative Code. This approval is valid until the end of November 2010.

This approval is contingent upon compliance with the following stipulation(s):

- The flowing water supply pressure at the point(s) of connection must be at least 45 psig.
- The manufacturer must keep at the manufacturing plant a set of plans and specifications bearing the department's stamp of approval. The plans and specifications must be open to inspection by an authorized representative of the department.
- The maximum water supply fixture units (wsfu) on CPVC tubing must not exceed 24 wsfu for 1-inch tubing, 13 wsfu for 3/4-inch tubing and 5 wsfu for 1/2-inch tubing.
- If the developed length of hot water distribution piping from the source of the hot water supply to a plumbing fixture or appliance exceeds 100 feet, a circulation system or self-regulating electric heating cable shall be provided to maintain the temperature of the hot water within the distribution piping in accordance with s. Comm 82.40 (5)(b) of the Wisconsin Administrative Code.

A copy of the approved plans and/or specifications is enclosed.

The department is in no way endorsing this product or any advertising, and is not responsible for any situation which may result from its use.

Sincerely,

Michael J. Beckwith, CIPE
