The specifications and/or plans for this plumbing product have been reviewed and determined to be in compliance with chapters Comm 82 through 84, Wisconsin Administrative Code, and Chapters 145 and 160, Wisconsin Statutes.

The Department hereby issues an approval based on the Wisconsin Statutes and the Wisconsin Administrative Code. This approval is valid until the end of August 2011.

This approval supersedes the approvals issued on April 30, 2001, and September 23, 2003, under product file numbers 20010175 and 20010347.

This approval letter shall be incorporated with your previously approved plans and/or specifications approved under product file numbers 20010175 and 20010347.

This approval is contingent upon compliance with the following stipulation(s):

- This tank must be designed to withstand the pressures to which it will be subjected.
- The manufacturer must keep at the manufacturing plant a set of plans and specifications bearing the department's stamp of approval. The plans and specifications must be open to inspection by an authorized representative of the department.
- This tank may only be installed in conjunction with the Bio-Microbics Inc., sewage treatment apparatus.

The department is in no way endorsing this product or any advertising, and is not responsible for any situation which may result from its use.

Sincerely,
