The specifications and/or plans for this plumbing product have been reviewed and determined to be in compliance with chapters Comm 82 through 84, Wisconsin Administrative Code, and Chapters 145 and 160, Wisconsin Statutes.

The Department hereby issues an approval based on the Wisconsin Statutes and the Wisconsin Administrative Code. **This approval is valid until the end of May 2014.**

This approval is contingent upon compliance with the following stipulation(s):

- This tank must be designed to withstand the pressures to which it will be subjected.
- Construction of this product must be designed and constructed in conformance with the specifications submitted and approved by this department and the sealant manufacturer's printed directions for use for the sealant materials.
- The manufacturer must keep a set of plans and specifications for this product bearing the department's stamp of approval. The plans and specifications must be open to inspection by an authorized representative of the department.

The department is in no way endorsing this product or any advertising, and is not responsible for any situation which may result from its use.

Sincerely,
