The specifications and/or plans for this plumbing product have been reviewed and determined to be in compliance with chapters Comm 82 through 84, Wisconsin Administrative Code, and Chapters 145 and 160, Wisconsin Statutes.

The Department hereby issues an approval based on the Wisconsin Statutes and the Wisconsin Administrative Code. **This approval is valid until the end of OCTOBER 2015.**

This approval is contingent upon compliance with the following stipulation(s):

- All manhole covers terminating above grade must have effective locking devices.
- Joints between riser sections shall be seal with neoprene gasket supplied by the manufacturer and the riser must be installed on existing tanks in accordance with the riser manufacturer's installation instructions.

This approval supersedes the approval issued on 7/23/2008 under product file number 20070274.

This approval letter shall be incorporated with your previously approved plans and/or specifications approved under product file number 20070274.

The department is in no way endorsing this product or any advertising, and is not responsible for any situation which may result from its use.

Sincerely,
