Product File No: 20150325

The specifications and/or plans for this plumbing product have been reviewed and determined to be in compliance with chapters SPS 382 through 384, Wisconsin Administrative Code, and Chapters 145 and 160, Wisconsin Statutes.

The Department hereby issues an approval based on the Wisconsin Statutes and the Wisconsin Administrative Code. This approval is valid until the end of February 2021.

This approval supersedes the approval issued on January 19, 2011 under product file number 20110026.

This approval is contingent upon compliance with the following stipulation(s):

- Approval is issued for this/these product(s) because the design of the product(s) meets the intent of s. SPS 382.40 (5) (d) 2., Wis. Adm. Code that requires pressurized non-storage type water heaters to be provided with a pressure relief valve. The intent of the code is met since this/these product(s) provides an acceptable means of shutting down the heating element of the product when excessive pressures exist.

The department is in no way endorsing this product or any advertising, and is not responsible for any situation which may result from its use.

Sincerely,

Glen W. Schlueter
