ORDER

An order of the Occupational Therapists Affiliated Credentialing Board to amend OT 4.05 (1) and (2) and create ch. OT 6, relating to telehealth.

Analysis prepared by the Department of Safety and Professional Services.

ANALYSIS

Statutes interpreted: Section 448.965 (1) (c) and (2), Stats.

Statutory authority: Sections 15.085 (5) (b) and 448.965 (1) (c) and (2), Stats.

Explanation of agency authority:

Section 15.085 (5) (b), Stats., provides that an affiliated credentialing board, such as the Occupational Therapists Affiliated Credentialing Board, “[s]hall promulgate rules for its own guidance and for the guidance of the trade or profession to which it pertains, and define and enforce professional conduct and unethical practices not inconsistent with the law relating to the particular trade or profession.”

Section 448.965 (1) (c), Stats., provides the Occupational Therapists Affiliated Credentialing Board may promulgate rules that establish “[s]tandards of practice for occupational therapy, including a code of ethics and criteria for referral.”

Section 448.965 (2), Stats., provides “[t]he affiliated credentialing board may promulgate rules that define the scope of practice of occupational therapy or the scope of assisting in the practice of occupational therapy.”

Related statute or rule:

Chapter OT 5 establishes the standards of conduct for occupational therapists and occupational therapy assistants. As provided in the proposed rule, these standards of conduct apply regardless of whether occupational therapy services are provided utilizing a telehealth visit or an in-person visit.

2021 Wisconsin Act 121 added a definition to the statute for “Telehealth” and a requirement that if the Board is going to make rules on this subject, they must use the new definition from the statute.

Plain language analysis:

Current administrative rules of the Occupational Therapists Affiliated Credentialing Board do not address telehealth practice. The proposed rule updates s. OT 4.05 and creates a new chapter, ch. OT 6, to establish standards of practice, care, and conduct for providing occupational therapy services using a telehealth visit.

Summary of, and comparison with, existing or proposed federal regulation:

The Code of Federal Regulations administers Medicare, including coverage of telehealth services by Medicare Part B (42 CFR § 410.78). Although generally not covered by Medicare Part B, in April of 2020 the Centers for Medicare & Medicaid Services announced it was using its waiver authority to allow occupational therapists and occupational therapy assistants to perform telehealth services for Medicare beneficiaries. The waiver is retroactive to March 1, 2020, and will remain in effect for the remainder of the COVID-19 Public Health Emergency. The federal Medicare regulations do not restrict the Board’s authority to establish standards for the provision of occupational therapy services using telehealth.

Federal regulations also administer the Health Insurance Portability and Accountability Act of 1996 (HIPAA). Specifically, the HIPAA Security Rule establishes national standards to protect individuals’ electronic personal health information that is created, received, used, or maintained by a covered entity. The Security Rule requires appropriate administrative, physical, and technical safeguards to ensure the confidentiality, integrity, and security of electronic protected health information. The Security Rule is located at 45 CFR Part 160 and Subparts A and C of Part 164. The proposed rule requires an occupational therapist or occupational therapy assistant who provides occupational therapy services using a telehealth visit to utilize technology that is secure and HIPAA-compliant.

Summary of public comments received on statement of scope and a description of how and to what extent those comments and feedback were taken into account in drafting the proposed rule: N/A

Comparison with rules in adjacent states:

Illinois: The Illinois Statutes define “occupational therapy” to include occupational therapy services provided via technology or telecommunication methods, also known as telehealth, and provide that the standard of care is required to be the same whether a patient is seen in person, through telehealth, or other method of electronically enabled health care. (225 ILCS 75/2)

Iowa: Rules of the Professional Licensure Division of the Iowa Public Health Department provide the requirements for utilizing a telehealth visit to provide occupational therapy services. “Telehealth visit” is defined as the provision of occupational therapy services by a licensee to a patient using technology where the

licensee and the patient are not at the same physical location for the occupational therapy session. (645 IAC 208.3)

Michigan: Michigan statutes and rules do not specifically address the provision of occupational therapy services using telehealth.

Minnesota: Minnesota statutes and rules do not specifically address the provision of occupational therapy services using telehealth.

Summary of factual data and analytical methodologies:

The proposed rules were developed by using the occupational therapy telehealth rules of the Professional Licensure Division of the Iowa Public Health Department (645 IAC 208.3) as a model and obtaining input and feedback from the Occupational Therapists Affiliated Credentialing Board.

Analysis and supporting documents used to determine effect on small business or in preparation of economic impact report:

The proposed rules were posted for a period of 14 days to solicit public comment on economic impact, including how the proposed rules may affect businesses, local government units, and individuals. No comments were received.

Fiscal Estimate and Economic Impact Analysis:

The Fiscal Estimate and Economic Impact Analysis is attached.

Effect on small business:

These proposed rules do not have an economic impact on small businesses, as defined in s. 227.114 (1), Stats. The Department's Regulatory Review Coordinator may be contacted by email at Jennifer.Garrett@wisconsin.gov, or by calling (608) 266-6795.

OT 4.05 (1) An occupational therapist or occupational therapy assistant must provide direct supervision of non-licensed personnel at all times. OT 6.03.

SECTION 2. Chapter OT 6 is created to read:

CHAPTER OT 6

TELEHEALTH

OT 6.01 Authority and purpose. The rules in this chapter are adopted by the board under the authority of ss. 15.085 (5) (b) and 448.965 (1) (c) and (2), Stats., to establish standards of practice, care, and conduct for providing occupational therapy services using a telehealth visit.

OT 6.02 Definitions. As used in this chapter:

(1) “HIPAA” means the Health Insurance Portability and Accountability Act of 1996, Public Law 104-191.

(2) “Telehealth” has the meaning given in s.440.01 (1) (hm), Stats.

OT 6.03 Technology and equipment. An occupational therapist or occupational therapy assistant who provides occupational therapy services using a telehealth visit shall utilize technology that enables the transmission of information via the technology that is of sufficient quality to be functionally equivalent to face-to-face contact. Technology that is not real-time may be utilized to prepare for an occupational therapy session or to communicate with a patient between occupational therapy sessions.

OT 6.04 Standards of practice, care, and conduct. (1) An occupational therapist or occupational therapy assistant shall be held to the same standards of practice, care, and professional conduct regardless of whether occupational therapy services are provided utilizing a telehealth visit or an in-person visit.

(2) A telehealth visit may not be utilized if the standard of care for the particular occupational therapy services provided cannot be met.

(3) Upon scheduling a telehealth visit, clear information shall be provided to the patient that the visit will be a telehealth visit.

OT 6.05 Wisconsin license required. An occupational therapist or occupational therapy assistant who uses a telehealth visit to provide occupational therapy services to a patient located in this state shall be licensed by the board.

OT 6.06 Supervision. Supervision of an occupational therapy assistant or unlicensed personnel providing services to or assisting a client during a telehealth visit shall meet the requirements of s. OT 4.04 or 4.05, as appropriate.

ORDER

An order of the Occupational Therapists Affiliated Credentialing Board to amend OT 2.02 (1) (b), relating to licensure requirements.

Analysis prepared by the Department of Safety and Professional Services.

ANALYSIS

Statutes interpreted: Section 448.963, Stats.

Statutory authority: Sections 15.085 (5) (b) and 227.11 (2) (a), Stats.

Explanation of agency authority:

Section 15.085 (5) (b), Stats., provides that an affiliated credentialing board, such as the Occupational Therapists Affiliated Credentialing Board, “[s]hall promulgate rules for its own guidance and for the guidance of the trade or profession to which it pertains, and define and enforce professional conduct and unethical practices not inconsistent with the law relating to the particular trade or profession.”

Section 227.11 (2) (a), Stats., sets forth the parameters of an agency’s rule-making authority, stating an agency “may promulgate rules interpreting provisions of any statute enforced or administered by the agency. . .but a rule is not valid if the rule exceeds the bounds of correct interpretation.”

Related statute or rule:

Section 448.963, Stats., sets forth the licensure requirements for both occupational therapists and occupational therapy assistants. This statute includes initial certification requirements by the National Board for Occupational Therapy.

Plain language analysis:

Section OT 2.02 (1) (b) requires an applicant to provide evidence that the applicant is certified as an occupational therapist or occupational therapy assistant by the National Board for Certification in Occupational Therapy (NBCOT). This requirement conflicts with the licensure provisions of s. 448.963, Stats., which require initial certification from

NBCOT but do not require the certification be current. The proposed rules update s. OT 2.02 (1) (b) to reflect the requirements for licensure under s. 448.963, Stats.

Summary of, and comparison with, existing or proposed federal regulation: None.

Summary of public comments received on statement of scope and a description of how and to what extent those comments and feedback were taken into account in drafting the proposed rule: N/A

Comparison with rules in adjacent states:

Illinois: Rules of the Illinois Department of Financial and Professional Regulation set forth the licensure requirements for occupational therapists and occupational therapy assistants (68 Ill. Admin. Code 1315.110). The requirements do not include certification by the National Board for Certification in Occupational Therapy (NBCOT).

Iowa: Rules of the Iowa Board of Physical and Occupational Therapy set forth the licensure requirements for occupational therapists and occupational therapy assistants (645 IAC 206). The requirements do not include certification by the National Board for Certification in Occupational Therapy (NBCOT).

Michigan: Rules of the Michigan Board of Occupational Therapists set forth the licensure requirements for occupational therapists (Mich Admin Code, R 338.1223) and occupational therapy assistants (Mich Admin Code, R 338.1233). The requirements do not include certification by the National Board for Certification in Occupational Therapy (NBCOT).

Minnesota: The Minnesota Statutes provide the licensure qualifications for occupational therapists (Minnesota Statutes 2020, section 148.6408) and occupational therapy assistants (Minnesota Statutes 2020, section 148.6410). The qualifications do not include certification by the National Board for Certification in Occupational Therapy (NBCOT).

Summary of factual data and analytical methodologies:

1. The home state license is no longer encumbered; and

2. Two years have elapsed from the date on which the home state license is no longer encumbered in accordance with subd. 1.

(c) For purposes of taking adverse action, the home state shall give the same priority and effect to reported conduct received from a member state as it would if the conduct had occurred within the home state. In so doing,

the home state shall apply its own state laws to determine appropriate action.

(d) The home state shall complete any pending investigations of an occupational therapist or occupational therapy assistant who changes primary state of residence during the course of the investigations. The home state, where the investigations were initiated, shall also have the authority to take appropriate action(s) and shall promptly report the conclusions of the investigations to the OT compact commission data system. The occupational therapy compact commission data system administrator shall promptly notify the new home state of any adverse actions.

(e) A member state, if otherwise permitted by state law, may recover from the affected occupational therapist or occupational therapy assistant the costs of investigations and disposition of cases resulting from any adverse action taken against that occupational therapist or occupational therapy assistant.

(h) If an adverse action is taken by the home state against an occupational therapist's or occupational therapy assistant's license, the occupational therapist's or occupational therapy assistant's compact privilege in all other member states shall be deactivated until all encumbrances have been removed from the state license. All home state disciplinary orders that impose adverse action against an occupational therapist's or occupational therapy assistant's license shall include a statement that the occupational therapist's or occupational therapy assistant's compact privilege is deactivated in all member states during the pendency of the order.

(i) If a member state takes adverse action, it shall promptly notify the administrator of the data system. The administrator of the data system shall promptly notify the home state of any adverse actions by remote states.

2. A state or federal governmental subdivision or agency; or
3. An association or organization having at least 25 members.

(i) If a hearing is held on the proposed rule or amendment, the commission shall publish the place, time, and date of the scheduled public hearing. If the hearing is held via electronic means, the commission shall publish the mechanism for access to the electronic hearing.

1. All persons wishing to be heard at the hearing shall notify the executive director of the commission or other designated member in writing of their desire to appear and testify at the hearing not less than 5 business days before the scheduled date of the hearing.

2. Hearings shall be conducted in a manner providing each person who wishes to comment a fair and reasonable opportunity to comment orally or in writing.

3. All hearings will be recorded. A copy of the recording will be made available on request.

4. Nothing in this subsection shall be construed as requiring a separate hearing on each rule. Rules may be grouped for the convenience of the commission at hearings required by this subsection.

(j) Following the scheduled hearing date, or by the close of business on the scheduled hearing date if the hearing was not held, the commission shall consider all written and oral comments received.

(k) If no written notice of intent to attend the public hearing by interested parties is received, the commission may proceed with promulgation of the proposed rule without a public hearing.

(L) The commission shall, by majority vote of all members, take final action on the proposed rule and shall determine the effective date of the rule, if any, based on the rulemaking record and the full text of the rule.

(m) Upon determination that an emergency exists, the commission may consider and adopt an emergency rule without prior notice, opportunity for comment, or hearing, provided that the usual rulemaking procedures provided in the compact and in this subsection shall be retroactively applied to the rule as soon as reasonably possible, in no event later than 90 days after the effective date of the rule. For the purposes of this provision, an emergency rule is one that must be adopted immediately in order to:

1. Meet an imminent threat to public health, safety, or welfare;
2. Prevent a loss of commission or member state funds;
3. Meet a deadline for the promulgation of an administrative rule that is established by federal law or rule; or
4. Protect public health and safety.

(n) The commission or an authorized committee of the commission may direct revisions to a previously adopted rule or amendment for purposes of correcting

typographical errors, errors in format, errors in consistency, or grammatical errors. Public notice of any revisions shall be posted on the website of the commission. The revision shall be subject to challenge by any person for a period of 30 days after posting. The revision may be challenged only on grounds that the revision results in a material change to a rule. A challenge shall be made in writing and delivered to the chair of the commission prior to the end of the notice period. If no challenge is made, the revision will take effect without further action. If the revision is challenged, the revision may not take effect without the approval of the commission.

(11) OVERSIGHT, DISPUTE RESOLUTION, AND ENFORCEMENT. (a) *Oversight.* 1. The executive, legislative, and judicial branches of state government in each member state shall enforce this compact and take all actions necessary and appropriate to effectuate the compact's purposes and intent. The provisions of this compact and the rules promulgated hereunder shall have standing as statutory law.

2. All courts shall take judicial notice of the compact and the rules in any judicial or administrative proceeding in a member state pertaining to the subject matter of this compact which may affect the powers, responsibilities, or actions of the commission.

3. The commission shall be entitled to receive service of process in any such proceeding, and shall have standing to intervene in such a proceeding for all purposes. Failure to provide service of process to the commission shall render a judgment or order void as to the commission, this compact, or promulgated rules.

(b) *Default, technical assistance, and termination.*

1. If the commission determines that a member state has defaulted in the performance of its obligations or responsibilities under this compact or the promulgated rules, the commission shall:

a. Provide written notice to the defaulting state and other member states of the nature of the default, the proposed means of curing the default, and/or any other action to be taken by the commission; and

b. Provide remedial training and specific technical assistance regarding the default.

2. If a state in default fails to cure the default, the defaulting state may be terminated from the compact upon an affirmative vote of a majority of the member states, and all rights, privileges and benefits conferred by this compact may be terminated on the effective date of termination. A cure of the default does not relieve the offending state of obligations or liabilities incurred during the period of default.

3. Termination of membership in the compact shall be imposed only after all other means of securing compliance have been exhausted. Notice of intent to suspend or terminate shall be given by the commission to the governor, the majority and minority leaders of the defaulting state's legislature, and each of the member states.

4. A state that has been terminated is responsible for all assessments, obligations, and liabilities incurred through the effective date of termination, including obligations that extend beyond the effective date of termination.

5. The commission shall not bear any costs related to a state that is found to be in default or that has been terminated from the compact, unless agreed upon in writing between the commission and the defaulting state.

6. The defaulting state may appeal the action of the commission by petitioning the U.S. District Court for the District of Columbia or the federal district where the commission has its principal offices. The prevailing member shall be awarded all costs of such litigation, including reasonable attorney's fees.

(c) *Dispute resolution.* 1. Upon request by a member state, the commission shall attempt to resolve disputes related to the compact that arise among member states and between member and non-member states.

2. The commission shall promulgate a rule providing for both mediation and binding dispute resolution for disputes as appropriate.

(d) *Enforcement.* 1. The commission, in the reasonable exercise of its discretion, shall enforce the provisions and rules of this compact.

2. By majority vote, the commission may initiate legal action in the United States District Court for the District of Columbia or the federal district where the commission has its principal offices against a member state in default to enforce compliance with the provisions of the compact and its promulgated rules and bylaws. The relief sought may include both injunctive relief and damages. In the event judicial enforcement is necessary, the prevailing member shall be awarded all costs of such litigation, including reasonable attorney's fees.

3. The remedies herein shall not be the exclusive remedies of the commission. The commission may pursue any other remedies available under federal or state law.

(12) DATE OF IMPLEMENTATION OF THE INTERSTATE COMMISSION FOR OCCUPATIONAL THERAPY PRACTICE AND ASSOCIATED RULES, WITHDRAWAL, AND AMENDMENT. (a) The compact shall come into effect on the date on which the compact statute is enacted into law in the tenth member state. The provisions, which become effective at that time, shall be limited to the powers granted to the commission relating to assembly and the promulgation of rules. Thereafter, the commission shall meet and exercise rulemaking powers necessary to the implementation and administration of the compact.

(b) Any state that joins the compact subsequent to the commission's initial adoption of the rules shall be subject to the rules as they exist on the date on which the compact becomes law in that state. Any rule that has been previously adopted by the commission shall have the full force

and effect of law on the day the compact becomes law in that state.

(c) Any member state may withdraw from this compact by enacting a statute repealing the same.

1. A member state's withdrawal shall not take effect until 6 months after enactment of the repealing statute.

2. Withdrawal shall not affect the continuing requirement of the withdrawing state's occupational therapy licensing board to comply with the investigative and adverse action reporting requirements of this act prior to the effective date of withdrawal.

(d) Nothing contained in this compact shall be construed to invalidate or prevent any occupational therapy licensure agreement or other cooperative arrangement between a member state and a nonmember state that does not conflict with the provisions of this compact.

(e) This compact may be amended by the member states. No amendment to this compact shall become effective and binding upon any member state until it is enacted into the laws of all member states.

(13) CONSTRUCTION AND SEVERABILITY. This compact shall be liberally construed so as to effectuate the purposes thereof. The provisions of this compact shall be severable and if any phrase, clause, sentence or provision of this compact is declared to be contrary to the constitution of any member state or of the United States or the applicability thereof to any government, agency, person, or circumstance is held invalid, the validity of the remainder of this compact and the applicability thereof to any government, agency, person, or circumstance shall not be affected thereby. If this compact shall be held contrary to the constitution of any member state, the compact shall remain in full force and effect as to the remaining member states and in full force and effect as to the member state affected as to all severable matters.

(14) BINDING EFFECT OF COMPACT AND OTHER LAWS.

(a) A licensee providing occupational therapy in a remote state under the compact privilege shall function within the laws and regulations of the remote state.

(b) Nothing herein prevents the enforcement of any other law of a member state that is not inconsistent with the compact.

(c) Any laws in a member state in conflict with the compact are superseded to the extent of the conflict.

(d) Any lawful actions of the commission, including all rules and bylaws promulgated by the commission, are binding upon the member states.

(e) All agreements between the commission and the member states are binding in accordance with their terms.

(f) In the event any provision of the compact exceeds the constitutional limits imposed on the legislature of any member state, the provision shall be ineffective to the extent of the conflict with the constitutional provision in question in that member state.
