Re: **Variance Request to WI Statute 450.068 Pharmacy Technicians, Registration**

Attention Brad: (via email)

On behalf of all the Walgreens licensed in the state of Wisconsin, I would like to respectfully request a variance to WI Statute 450.068 Pharmacy Technicians, Registration.

This variance is necessary to comply with WI Statute 450.068 Pharmacy Technicians, Registration which became effective on January 1, 2023. WI Statute 450.068 requires that individuals be registered as pharmacy technicians and must meet certain requirements.

Currently, Walgreens employs pharmacy technicians that do not meet the new requirements of being at least 18 years of age or having a high school degree or equivalency or are currently enrolled in a youth apprenticeship program. These individuals play a critical role in the prescription order handling and dispensing process. We therefore request this variance to enable these individuals to continue to serve these functions until the applicant satisfies one of the following:

1. The applicant is at least 18 years of age and has graduated from high school or has attained high school graduation equivalency as determined by the department of public instruction.
2. The applicant is enrolled in a youth apprenticeship program for pharmacy technicians that is on the list of youth apprenticeship programs approved by the department of workforce development under s. 106.13 (2m).

Along with the Pharmacy Variance Request form (Form #2867) I have also included the following:

- List of Walgreens pharmacies in WI, including location and license number

This variance is necessary to continue to protect the public health, safety, and welfare of patients as these supervised individuals are a critical component of the pharmacy workforce. Walgreens thanks the board for reviewing this variance request. Please reach out to me as contact person, with any specific questions. Thank you.

Respectfully,
Franklin (Rocky) Ladien

Explain why the variance is necessary and specifically indicate how the requested activity or practice will differ from what is authorized by the rule. (Attach a description to this form.)

- a. The natural or made-made disaster or emergency necessitating the variance.
- b. Specifically identify how the proposed variance will protect the public health, safety, and welfare, including specifically each step in the prescription order handling/dispensing process (security, workflow delineation and accountability, and pharmacist supervision over each step in the process).

I declare that the foregoing statements are true and correct to the best of my/our knowledge and belief; the variance applied for is to cover only the pharmacy indicated above and at the location(s) specified; and that I/we will comply with the provisions of the Wisconsin Statutes and the Rules of the Pharmacy Examining Board.
