STATE OF WISCONSIN
COSMETOLOGY EXAMINING BOARD

IN THE MATTER OF RULE-MAKING	:	PROPOSED ORDER OF THE
PROCEEDINGS BEFORE THE	:	COSMETOLOGY EXAMINING
COSMETOLOGY EXAMINING BOARD	:	BOARD ADOPTING RULES
	:	(CLEARINGHOUSE RULE)

PROPOSED ORDER

An order of the Cosmetology Examining Board to repeal Cos 2.025 (2) (b) and (2r); to renumber Cos 1.01 (11g) and (11n); to renumber and amend Cos 1.01 (2m); to amend Cos 1.01 (6e), 2.03 (8), 2.05 (2); to repeal and recreate Cos 5.01; and to create Cos 1.01 (2g), (4m), (11n), and 2.015.

Analysis prepared by the Department of Safety and Professional Services.

ANALYSIS

Statutes interpreted: Sections 454.02, 454.04, and 440.62 (5) (b) 1., Stats.

Statutory authority: Sections 15.08 (5) (b), 227.11 (2) (a), and 440.62 (5) (b) 1., Stats.

Explanation of board authority:

Section 15.08 (5) (b), Stats., provides that an examining board, “shall promulgate rules for its own guidance and for the guidance of the trade or profession to which it pertains. . .”

Section 227.11 (2) (a), Stats., states that an agency, “may promulgate rules interpreting the provisions of any statute enforced or administered by the agency, if the agency considers it necessary to effectuate the purpose of the statute, but a rule is not valid if the rule exceeds the bounds of correct interpretation.” This section allows an agency to promulgate administrative rules which interpret the statutes it enforces or administers if the proposed rule does not exceed proper interpretation of the statute.

Section 440.62 (5) (b) 1., Stats., states that “[t]he cosmetology examining board shall promulgate rules prescribing the subjects required to be included in courses of instruction at schools of cosmetology and specialty schools and establishing minimum standards for courses of instruction and instructional materials and equipment at schools of cosmetology and specialty schools.”

Section 454.01 (2), Stats., defines “aesthetics” as ... caring for or beautifying the skin of the human body, including but not limited to cleaning, applying cosmetics, oils, lotions, clay, creams, antiseptics, powders or tonics to or massaging, stimulating, wrapping or exercising the skin of the human body.

Related statute or rule:

Microdermabrasion is currently considered a delegated medical procedure that must be supervised, with exceptions laid out in Cos 2.025 (2r).

Plain language analysis:

Microdermabrasion is currently considered a medical procedure that must be supervised, with exceptions laid out in Cos 2.025 (2r). The proposed rule removes microdermabrasion as a delegated medical procedure and provides that the scope of practice for aesthetics includes dermaplaning, microblading, and microdermabrasion. The proposed rule also clarifies that courses may be offered to students remotely as deemed appropriate by the school. Schools may use simulated patrons for practical training upon prior written approval from the Board. The proposed rule makes other changes to definitions consistent with industry practice.

Summary of, and comparison with, existing or proposed federal regulation:

There are no existing or proposed federal requirements.

Comparison with rules in adjacent states:

Illinois:

Cosmetologists are prohibited from using any technique, product, or practice intended to affect the living layers of the skin. Estheticians are prohibited from using techniques, products, and practices intended to affect the living layers of the skin.

Iowa:

Iowa code prohibits cosmetologists/estheticians from administering any procedure in which the human tissue is cut, shaped, vaporized, or otherwise structurally altered. The code specifically prohibits dermaplaning.

Michigan:

Under Michigan law, the practice of microdermabrasion is limited to the direct supervision and control of a licensed physician. Microblading is considered a body art procedure that must be performed at a licensed body art facility.

Minnesota:

Minnesota allows cosmetologists to perform dermaplaning and microdermabrasion unsupervised if they have additional training and an advanced practice esthetician license. Minnesota requires a tattoo license to perform microblading, and does not allow cosmetologists/estheticians/advanced practice estheticians to perform it unless under supervision of a physician.

Summary of factual data and analytical methodologies:

The Cosmology Examining Board reviewed their rules to ensure statutory compliance and that the rules are consistent with current practices.

Analysis and supporting documents used to determine effect on small business or in preparation of economic impact analysis:

The rule will be posted for 14 days on the department’s website to solicit economic impact comments from stakeholders.

Fiscal Estimate and Economic Impact Analysis:

The fiscal estimate and economic impact analysis will be attached upon completion.

Effect on small business:

These proposed rules do not have an economic impact on small businesses, as defined in s. 227.114 (1), Stats. The Department’s Regulatory Review Coordinator may be contacted by email at Daniel.Hereth @wisconsin.gov, or by calling (608) 267-2435.
