OPTOMETRY EXAMINING BOARD

IN THE MATTER OF RULEMAKING : PROPOSED ORDER OF THE
PROCEEDINGS BEFORE THE : OPTOMETRY EXAMINING BOARD
OPTOMETRY EXAMINING BOARD : ADOPTING RULES
: (CLEARINGHOUSE RULE 21-005)

PROPOSED ORDER

An order of the Optometry Examining Board to repeal Opt 1.02 (2), 5.03 (23), 5.10 (1) (d), 5.11, and 5.14; to amend Opt 5.03 (16), 5.03 (17) (a) 3., 5.03 (17) (b) 3., and 5.10 (1) (f); to repeal and recreate Opt 1.02 (4) and (5); and to create Opt 1.02 (5m) and 5.045 (3); relating to unprofessional conduct.

Analysis prepared by the Department of Safety and Professional Services.

ANALYSIS

Statutes interpreted: Sections 449.03, 449.08 and 449.25, Stats.

Statutory authority: Sections 15.08 (5) (b), 227.11 (2) (a) and 449.25, Stats.

Explanation of agency authority:

Section 15.08 (5) (b), Stats., states that the examining board, “[s]hall promulgate rules for its own guidance and for the guidance of the trade or profession to which it pertains, and define and enforce professional conduct and unethical practices not inconsistent with the law relating to the particular trade or profession.”

Section 227.11 (2) (a), Stats., sets forth the parameters of an agency’s rule-making authority, stating an agency, “may promulgate rules interpreting the provisions of any statute enforced or administered by the agency, if the agency considers it necessary to effectuate the purpose of the statute, but a rule is not valid if the rule exceeds the bounds of correct interpretation.”

Section 449.25, Stats., provides that the examining board shall promulgate rules relating to informed consent, stating that, “[a]ny optometrist who treats a patient shall inform the patient about the availability of reasonable alternate modes of treatment and about the benefits and risks of these treatments....”

Related statute or rule:

Sections 449.01 (2), 449.03 (1), and 990.01 (20), Stats.

Plain language analysis:

The proposed rule clarifies that it is unprofessional conduct for an optometrist to fail to conduct certain procedures during a minimum eye examination and a minimum eye examination for the fitting of contact lenses.

It also removes the requirement that optometrists provide a written disclosure to extended wear contact lens patients describing the risks associated with extended wear contact lenses. The language in the rule is outdated and rewriting the disclosure statement would place unnecessary administrative requirements on optometrists. The public is protected by s. 449.25 (1), Stats., designating a “reasonable optometrist” standard requiring “...disclosure only of information that a reasonable optometrist would know and disclose under the circumstances.”

The proposed rule removes the requirement that optometrists make a notation in the patient file that ophthalmic lenses have been verified prior to dispensing and that they verify that ophthalmic lenses meet an obsolete American National Institute Standards, Inc. (ANSI) standard prior to dispensing.

It also clarifies that where the patient is a minor or is an incompetent person, informed consent must be received from the patient’s parent or legal guardian prior to treatment.

Summary of, and comparison with, existing or proposed federal regulation:

No existing or proposed federal regulations relate to disclosure to patients of risks associated with extended wear contact lens or verification of technical standards for ophthalmic lenses prior to dispensing to a patient.

Summary of public comments received on statement of scope and a description of how and to what extent those comments and feedback were taken into account in drafting the proposed rule:**Comparison with rules in adjacent states:****Illinois:**

No existing or proposed Illinois regulations relate to disclosure to patients of risks associated with extended wear contact lens or verification of technical standards for ophthalmic lenses prior to dispensing to a patient.

Iowa:

No existing or proposed Iowa regulations relate to disclosure to patients of risks associated with extended wear contact lens or verification of technical standards for ophthalmic lenses prior to dispensing to a patient.

Michigan:

No existing or proposed Michigan regulations relate to disclosure to patients of risks associated with extended wear contact lens or verification of technical standards for ophthalmic lenses prior to dispensing to a patient.

Minnesota:

No existing or proposed Minnesota regulations relate to disclosure to patients of risks associated with extended wear contact lens or verification of technical standards for ophthalmic lenses prior to dispensing to a patient.

Summary of factual data and analytical methodologies:

The Optometry Examining Board performed a comprehensive review of chapter Opt 5. This rule project reflects the Board’s efforts to revise the chapter for clarity, remove obsolete provisions, and ensure the chapter is current with professional standards and practices.

Analysis and supporting documents used to determine effect on small business or in preparation of economic impact analysis:

The proposed rules were posted for a period of 14 days to solicit public comment on economic impact, including how the proposed rules may affect businesses, local government units, and individuals. No comments were received.

Fiscal Estimate and Economic Impact Analysis:

The Fiscal Estimate and Economic Impact Analysis is attached.

Effect on small business:

These proposed rules do not have an economic impact on small businesses, as defined in s. 227.114 (1), Stats. The Department’s Regulatory Review Coordinator may be contacted by email at Daniel.Hereh@wisconsin.gov, or by calling (608) 267-2435.

~~(1) An optometrist shall provide to any patient receiving extended wear contact lenses a separate, written disclosure in not less than 12 point type, which includes the following language: "As with any drug or device, the use of extended wear contact lenses is not without risk. A small, but significant, percentage of individuals wearing extended wear lenses develop potentially serious complications which can lead to permanent eye damage. If you have any unexplained eye pain or redness, watering of the eye or discharge, cloudy or foggy vision, decrease in vision or sensitivity to light, remove your lenses and make arrangements to see your eye care professional before wearing your lenses again. Regular inspection by a licensed eye care professional is important to evaluate your eyes' tolerance of extended wear lenses."~~

~~(2) The disclosure shall in addition indicate that a regular schedule of cleaning and disinfection is necessary and indicate a recommended schedule of follow-up appointments for evaluation of adaptation to contact lens wear.~~

~~(3) Information about replacement lenses, service agreements, warranties, refunds and other business items should not be part of the required disclosure. Instructions for proper lens care and recommended solutions should also be distributed separately.~~

~~(4) The disclosure shall be signed by the patient prior to the patient's receipt of the lenses. If the patient is a minor or incompetent, the patient's parent or legal guardian shall sign the disclosure. The patient or the patient's parent or legal guardian, if the patient is a minor or incompetent, shall be given a copy of the disclosure, and a signed copy of the disclosure shall be placed in the patient record of the individual for whom the lenses are dispensed.~~

~~Opt 5.14(5)(5) An optometrist may dispense replacement extended wear lenses without providing the written disclosure required in sub. (1), if the patient for whom the lenses are dispensed already has a signed disclosure form in his or her patient file.~~
