Failure to submit all requested information may result in a delay in processing the application. You will be notified of an approval or denial.

To regain authorization in the future you will need to complete application (**Form #2184**) as a new SUA holder. - Research in which controlled substances are administered to human subjects must be under the direct supervision of a physician currently licensed to practice in Wisconsin.

IMPORTANT INFORMATION:

The applicant must maintain current and accurate records of all receipts and dispositions of controlled substances obtained pursuant to the issuance of the authorization.
