**PART I - DOCUMENTATION OF CLINICAL FIELD PLACEMENT:** (as part of Master’s or Doctoral program)

**Clinical Field Training per Wis. Admin. Code § MPSW 2.01(7)**

“Clinical Field Training” means a minimum of one academic year in the supervised practice of clinical social work services consisting of assessment; diagnosis; treatment, including psychotherapy and counseling, client-centered advocacy, consultation, and evaluation. “Clinical Field Training” does not include indirect social work service, administrative, research, or other practice emphasis as per Wis. Admin. Code § MPSW 2.01(7).

**Supervised Clinical Field Training per Wis. Admin. Code § MPSW 2.01(17)**

“Supervised Clinical Field Training” means training in a primary clinical setting, which must include at least 2 semesters of field placement where more than 50% of the practice is to assess and treat interpersonal and intrapsychic issues in direct contact with individuals, families, or small groups as per Wis. Admin. Code § MPSW 2.01(17).

**Primary Clinical Setting per Wis. Admin. Code § MPSW 2.01(13)**

“Primary Clinical Setting” means a facility, or a unit within a facility, whose primary purpose is to treat persons with a DSM diagnosis as per Wis. Admin. Code § MPSW 2.01(13).

**Note:** If you completed 2 semesters of field placement to meet this requirement and the placements were in different settings, a separate form must be submitted for each placement.

Please check the appropriate boxes:

- I am/was the Agency/Facility-based Field Placement/Training Supervisor for the applicant.
- I am/was the Faculty Liaison with responsibility for this applicant's Field Placement/Training.
- I am/was the Director/Coordinator of Field Placement/Training.
- Other, please explain fully:

Please check the appropriate boxes for each clinical social work service the student provided:

- Assessment including difficulties in psychosocial functioning.
- Diagnosis including use of the DSM. (This means that it is reasonable to expect that this student could describe client symptoms accurately, complete a differential DSM diagnosis and write a treatment plan based on that diagnosis.)
- Treatment including psychotherapy and counseling including the ability to identify and describe the particular modality used.
- Client-centered advocacy.
- Consultation (This means that the student can identify those case situations that require consultation and can present a clinical case.)
- Evaluation including the process of evaluating the effect of his/her practice on the client’s treatment goals/objectives and the progress of the client through treatment.

Signature of Supervisor: _______________ Date: ___/___/____

PART II – In lieu of supervised clinical field training, applicants may submit an affidavit indicating they have completed 1,500 hours of supervised clinical social work experience in not less than one year, within a primary clinical setting. This must include at least 500 hours of face-to-face client contact and supervision per Wis. Admin. Code § MPSW 4.01.

Note: These hours may not be counted towards the 3,000-hour requirement for post-graduate clinical experience. A separate form must be submitted for each site.

Name of Facility at which supervised clinical social work experience occurred:

Dates of Experience: From: ___/___/____ To: ___/___/____

Number of Hours completed: ___/___/____

Name of Supervisor: _______________

Title of Supervisor: _______________

Supervisor Credential Number: _______________

I hereby swear or affirm that the statements made above are true and correct.

Signature of Supervisor: _______________ Date: ___/___/____
