MARRIAGE AND FAMILY THERAPY, PROFESSIONAL COUNSELING, AND SOCIAL WORK EXAMINING BOARD

CLINICAL COURSE WORK FOR SOCIAL WORKER LICENSE

Name of Applicant:

“**Clinical Social Work Concentration**” means a course of study with a primary focus on resolving intrapsychic and interpersonal problems by means of direct contact with clients at the individual, small group and family level. A concentration on community or organizational problems, social planning, or policy development does not constitute a clinical social work concentration. To qualify as a Master’s or Doctoral degree in social work with a concentration in clinical social work, the course of study shall include one course in psychopathology in social work and, two (2) courses from among the following:

- (a) Case management
- (b) Clinical assessment and treatment of specific populations and problems, such as children, adolescent, elderly, alcohol and drug abuse, family or couples relationships.
- (c) Psychopharmacology
- (d) Psychotherapeutic interventions
- (e) Electives such as family therapy, social work with groups, sex- or gender-related issues, and topics.

Identify the title and course number of your “Psychopathology in Social Work” course:

Note: If your course was not entitled “Psychopathology in Social Work,” please enclose the course syllabus.

Please indicate below the courses you have completed in your Master’s or Doctoral program in the following subject areas. If you have not obtained your Master’s or Doctoral degree in Wisconsin, please include course description. Do **not send syllabi** unless requested. Courses will be verified with transcript.

Type	Course Title	Course Number	Credits
Case Management	<input style="width: 95%; height: 25px;" type="text"/>	<input style="width: 95%; height: 25px;" type="text"/>	<input style="width: 95%; height: 25px;" type="text"/>
Clinical Assessment and Treatment of Specific Problems/Populations	<input style="width: 95%; height: 25px;" type="text"/>	<input style="width: 95%; height: 25px;" type="text"/>	<input style="width: 95%; height: 25px;" type="text"/>
Psychopharmacology	<input style="width: 95%; height: 25px;" type="text"/>	<input style="width: 95%; height: 25px;" type="text"/>	<input style="width: 95%; height: 25px;" type="text"/>
Psychotherapeutic Interventions	<input style="width: 95%; height: 25px;" type="text"/>	<input style="width: 95%; height: 25px;" type="text"/>	<input style="width: 95%; height: 25px;" type="text"/>
