PHARMACY EXAMINING BOARD

INFORMATION FOR PHARMACISTS LICENSED IN ANOTHER STATE SEEKING LICENSURE IN WISCONSIN

Applicants currently registered to practice as a pharmacist in another state and who has graduated from a school, college or department of pharmacy approved by the board, may file an application for licensure by reciprocity (Ch. 450, Stats.).

APPLICATION STATUS

Once an application is filed with the Department we will mail you a check sheet within 15-20 *working* days. The check sheet will include an identification number that allow you to check the status of your application by calling the **Interactive Voice Response System, (608) 261-7925**. The Interactive Voice Response System will inform you of any requirements not met. You may also check the status of your application on our website: <http://dps.wi.gov>. Look under "Application Status."

It is your obligation as an applicant to see that the items listed as "Is Required" are forwarded to the Department of Safety and Professional Services. The Department will not contact other agencies or jurisdictions for information/documents to complete your application. We will update check sheets within 15-20 working days *of receipt* of documents. An application is not considered complete until we receive all the required documents and fees.

Once your application is complete, check the department's website: <http://dps.wi.gov>. Look under "License Lookup Information" for your official credential number and grant date.

DEFINITIONS

"Practice of pharmacy means any of the following: interpreting prescription orders; compounding, packaging, labeling, dispensing, counseling, and distributing drugs and devices; monitoring drug therapy and use; initiating, modifying or administering drug therapy in accordance with written guidelines or procedures previously established and approved for his or her practice by a practitioner authorized to prescribe drugs; participation in drug utilization reviews and drug product substitution as authorized in Ch. 450, Stats.; proper and safe storage and distribution of drugs and devices and maintenance of proper records of drugs and devices; providing information on prescription and non-prescription drugs and devices which may include, but is not limited to, advice on therapeutic values, hazards and the uses of drugs and devices, and performing those acts, services, operations or transactions necessary in the conduct, operation, management and control of a pharmacy."

A recent change in the law, Wis. Stats., § 450.03(1)(g), now also permits an otherwise unlicensed person to practice pharmacy in this state if:

- 1) they are licensed as a pharmacist in another state,
- 2) they file an application for a pharmacist license in Wisconsin pursuant to Wis. Stats., § 450.05,
- 3) they work under the direct supervision of a person licensed as a pharmacist by the board, and;
- 4) they work during the period before which the board takes final action on their application.

Accordingly, the board in its internship rule definitions at Wis. Admin. Code § Phar 17.02(4), has included this class of persons within the definition of 'intern'. The board took this action to clarify that persons performing pharmacy practice under Wis. Stats., § 450.03(1)(g), would be considered interns under Wis. Admin. Code § Phar 7.01.

To practice as an intern there is nothing to file with the board EXCEPT an application for licensure under Wis. Stats. § 450.05. No other internship credit hours are needed or reported in order to qualify for licensure under Wis. Stats. § 450.05.

PLEASE NOTE: If you are currently licensed as a pharmacist in another state, you CAN NOT practice pharmacy as an intern UNTIL you file an application for licensure in Wisconsin under Wis. Stats. § 450.05. You could perform job duties as a pharmacy technician under Wis. Admin. Code § Phar 7.015 whether or not you file an application for licensure in Wisconsin under Wis. Stats. § 450.05.

REQUIRED EXAMINATIONS

Competencies tested are the basic principles of the practice of pharmacy and are limited to those competencies to protect public health and safety. (Ch. PHAR 4.02.)

1. Verification of completion of the NAPLEX or NABPLEX examination from the state of original licensure.
2. **MULTISTATE PHARMACY JURISPRUDENCE EXAMINATION (MPJE)** (website: www.nabp.net):

The MPJE is a computer-adaptive examination developed by the National Association of Boards of Pharmacy (NABP). The MPJE Registration Bulletin provides information on test dates, registration information and content of the MPJE examination at www.nabp.net.
