RE: Dispensing Outside of Pharmacies

To afford pharmacists greater flexibility and to enable them to fully respond to the unique and changing conditions of the COVID-19 public health emergency, the Pharmacy Examining Board granted a [rule variance](#) to allow pharmacists to dispense in locations that are not licensed pharmacies. The variance of Wis. Stats. § 450.06(1) applies to all persons legally permitted to practice pharmacy in the state of Wisconsin and is valid for 90 days from issue on March 25, 2020, unless modified or extended.
