STATE OF WISCONSIN
DENTISTRY EXAMINING BOARD

IN THE MATTER OF RULE-MAKING	:	ORDER OF THE
PROCEEDINGS BEFORE THE	:	DENTISTRY EXAMINING BOARD
DENTISTRY EXAMINING BOARD	:	ADOPTING RULES
	:	(CLEARINGHOUSE RULE 18-063)

ORDER

An order of the Dentistry Examining Board to repeal DE 12.04 and to amend DE 12.01 (3) and 12.02, relating to delegation of functions to unlicensed persons.

Analysis prepared by the Department of Safety and Professional Services.

ANALYSIS

Statutes interpreted: s. 447.065, Stats.

Statutory authority: ss. 15.08 (5) (b) and 447.02 (2) (a), Stats.

Explanation of agency authority:

s. 15.08(5)(b) Each Examining Board shall promulgate rules for its own guidance and for the guidance of the trade or profession to which it pertains and define and enforce professional conduct and unethical practices not inconsistent with the law relating to the particular trade or profession.

s. 447.02 (2) (a) The Examining Board shall promulgate rules specifying the conditions for supervision and the degree of supervision required under ss. 447.03 (3) (a), (b) and (d) 2. and 447.065.

Related statute or rule: N/A

Plain language analysis:

Section 1 clarifies the nondelegated functions to include functions which are intended, interpreted or represented to be preliminary assessments, dental hygiene treatment planning, oral screenings and calculus removal (both above and below the gumline).

Section 2 updates the provision to allow a dentist to verify the competency of the person who is performing the remediable dental procedure or function instead of providing training to a person who is already trained on the procedure or function.

Section 3 repeals the provision allowing the removal of plaque and material alba with a mechanical device only if the delegation of the function complies with ss. DE 12.01 and 12.02.

This provision is unnecessary as any function that complies with ss. DE 12.01 and 12.02 is allowed.

Summary of, and comparison with, existing or proposed federal regulation: None

Comparison with rules in adjacent states:

Illinois: Illinois does not allow for the delegation to unlicensed persons.

Iowa: Iowa does not allow for the delegation to unlicensed persons.

Michigan: Michigan does not allow for the delegation to unlicensed persons.

Minnesota: Minnesota allows assistants without a license or permit to do the following:

- Perform all those duties not directly related with performing dental treatment or services on patients.
- Retract a patient's cheek, tongue, or other parts of tissue during a dental operation.
- Assist with the placement or removal of a rubber dam and accessories used for its placement and retention, as directed by an operating dentist during the course of a dental operation.
- Remove debris by the use of vacuum devices, compressed air, mouthwash, and water that is normally created or accumulated during the course of treatment rendered by a licensed dentist.
- Provide any assistance in response to a specific direction by a licensed dentist who is physically engaged in performing a dental operation and is physically in a position to give personal supervision to the assistant.
- Aid dental hygienists and licensed dental assistants in the performance of their duties.
- Apply fluoride varnish in a community setting under the authorization and direction of a licensed practitioner with prescribing authority such as a dentist or physician, as long as the licensed practitioner authorizing the service or the facility at which the fluoride varnish is administered maintains appropriate patient records of the treatment.

An unlicensed assistant may not perform any dental treatment or procedure on patients not otherwise authorized above.

Related statute or rule:

N/A

Plain language analysis:

Section 1 repeals the definitions for “active practice of dental hygiene”, “active practice of dentistry” and “clinical and laboratory demonstration” due to those phrases are no longer being used in the code chapters.

Section 2 creates the criteria for approving dental testing services and dental hygiene testing service. The testing service must include testing clinical knowledge and a practical component which uses either live human patients or simulated patients.

Section 3 amends the provision to statutes and rules relating to dentistry rather than listing the statutory and code references in order to eliminate the need to update each time the chapter numbers change. The name of the entity which provides verification of the national test scores is updated. It amends the requirement to a board-approved testing service recognizing that there are several testing services. The term “clinical and laboratory demonstrations” is repealed as the phrase is outdated. It also states the exam must be taken within 1 year preceding application to create consistency. It also removes the limitation on the number of times a test can be taken.

Sections 4, 5 and 10 update the requirements to include the statutory requirement to provide proof of current cardiopulmonary resuscitation (CPR) training.

Section 6 updates the name of the entity which provides verification of the national test scores. It amends the requirement to a board-approved testing service recognizing that there are several testing services. The term “clinical and laboratory demonstrations” is repealed as the phrase is outdated. It also states the exam must be taken within 1 year preceding application to create consistency.

Section 7 updates the requirements to include the statutory requirements of graduation from an accredited dental hygiene school and proof of CPR training.

Section 8 is created to clarify a dental student or dental hygiene student is required to practice under the supervision of a dentist who is on the premises.

Section 9 removes the requirement that an applicant for a faculty license must have an interview with the board to prove competency, but allows the board to interview the applicant as necessary.

Section 11 amends the title of the subsection in order to address the requirements for late renewal and reinstatement separately.

Section 12 updates the renewal fee statutory reference.

Section 13 provides the requirements for renewing a license after 5 years. A person renewing after 5 years is required to pay the renewal fee and late fee, proof of CPR training and then evidence of one of the following to show competency: licensed in another state; passed an examination within the past year; completed a one year general practice residency; completed a clinical education program approved by the board.

Section 14 repeals and recreates the requirements for reinstatement of a license after suspension or revocation or unmet disciplinary requirements and a license lapsed more than 5 years. The individual must provide evidence of completion of any disciplinary

requirements and rehabilitation or change in circumstances showing that reinstatement to the practice will not constitute a danger to the public or a patient. In addition, if the license has not been renewed within 5 years the individual is required to complete the renewing after 5 years requirements.

Section 15 repeals the requirement that the license must be displayed in a prominent place. This requirement creates an unnecessary burden and is obsolete due to the ease of electronic license verification for the public and registrations are no longer mailed to the licensees.

Sections 16 and 20 clarify the license held in another jurisdiction is in good standing and updates the statutory reference.

Section 17 updates the foreign dental school requirements for endorsement candidates to match the current requirements for initial licensure. In addition to the foreign education, an applicant is required to have a DDS or DMD degree from an accredited dental school or a diploma, degree or certificate from a full time, undergraduate supplemental dental education program of at least 2 academic years at an accredited dental school to the level of a DDS or DMD degree.

Section 18 repeals the requirement for endorsement that the applicant has not failed an examination within the last three years recognizing that the passage of the examination reflects competency. This repeal makes the requirement consistent with non-endorsement applicants. This section also removes the requirement that an endorsement applicant must demonstrate active practice within at least 48 of the last 60 months. This requirement created a burden on applicants and barred those applicants who had a license less than 48 months.

Section 19 clarifies the examination requirement for endorsement applicants by requiring the applicant to have passed a test which the board determines is substantially equivalent to a board approved examination. It also amends the CPR requirement to create consistency throughout the rule.

Section 21 repeals the requirement for endorsement that the applicant has not failed an examination within the last three years recognizing that the passage of the examination reflects competency. This repeal makes the requirement consistent with non-endorsement applicants.

Section 22 clarifies the examination requirement for endorsement applicants by requiring the applicant to have passed a test which the board determines is substantially equivalent to a board approved examination.

Section 23 removes the requirement that an endorsement applicant must demonstrate active practice. This requirement created a burden on applicants and barred those applicants who recently obtained a license in another state.

Section 24 simplifies the examination passing score to be the recommended passing score of the exam provider.

Section 25 repeals obsolete provisions relating to examinations including unauthorized assistance, examination review, and claim of examination error. It also repeals the limitation an applicant can fail an examination only 3 times without more training or education. The board does not have knowledge of what questions the applicant fails, therefore can't prescribe further training or education to remediate those areas.

Section 26 creates conformity with the statutes regarding the practice of dental hygiene. It also removes the confusing references regarding a dentist being present in the dental facility which is not referenced in statute. The new language also allows for the scope of practice to evolve without a list of items which can be performed by a dental hygienist.

Section 27 further defines subgingival sustained release chemotherapeutic agents as antibiotics.

Summary of, and comparison with, existing or proposed federal regulation:

None.

Comparison with rules in adjacent states:

Illinois: Illinois accepts the following examinations: North East Regional Board of Dental Examiners (NERB); Central Regional Dental Testing Service (CRDTS); Southern Regional Testing Agency (SRTA), Western Regional Examining Board (WREB) or Council of Interstate Testing Agencies (CITA) completed within the last 5 years if never licensed in another jurisdiction. The examination scores are set by the testing service. Illinois requires Basic Life Support (BLS) certification. Applicants for a faculty license are not required to appear before the Board for an interview. A dentist or dental hygienist renewing after 5 years shall complete 48 hours of continuing education and provide one of the following: active practice in another jurisdiction for 3 of the last 5 years; military service; or pass one of the licensing examinations. A dental hygienist may not perform procedures that require the professional judgment and skill of a dentist or those procedures that constitute the practice of dentistry.

Iowa: Iowa accepts the following regional examinations: CRDTS, WREB, SRTA, Commission on Dental Competency Assessments (CDCA) [*NOTE: CDCA was formerly known as NERB*], CITA within the previous 5 years. A passing grade of at least 75% is required. Iowa requires CPR certification. Applicants based upon licensure in another state shall have passed a regional examination within the previous 5 year period or 3 consecutive years immediately prior to the filing of the application been in active practice of dentistry. Applicants for a faculty license are not required to appear before the Board for an interview. Renewal of a lapsed license requires evidence of completion of a total of 15 hours of continuing education per each lapsed year up to a maximum of 75 hours or evidence of licensure in another state in good standing.

Michigan: Michigan accepts the NERB examination or one that is substantially equivalent. The Board adopts the score recommended by NERB but not less than a converted score of 75 on each component of the examination. Applicants for a faculty license are not required to appear before the Board for an interview. Applicants based upon license in another state are required to demonstrate practicing in another state of a minimum of 5 years immediately preceding the application or successful completion of a regional examination. Renewal of a license which has lapsed more than 5 years may be renewed by meeting initial licensure requirements or evidence held a license in another state within 3 years immediately preceding renewal. The license shall be displayed in the principal place of practice. A dentist may not delegate the following: the diagnosing or prescribing for disease, pain, deformity, deficiency, injury or physical condition; the cutting of hard and soft tissue; the removal of accretions, stains, or calculus deposits; deep scaling; root planing; any intra-oral restorative procedures (some procedures allowed under direct supervision); administration of local anesthesia, nitrous oxide analgesia (may perform if certain qualifications are met) or acupuncture; irrigation and medication of root canals, try-in of cones or points, filing or filling of root canals; taking impressions for any purpose other than study or opposing models; or permanent cementation of any restorative or appliance.

Minnesota: Minnesota requires passage of a board approved clinical examination. Applicants for a faculty license are not required to appear before the Board for an interview. An application based upon licensure in another state requires at least 2,000 hours of active practice within 36 months of application. Renewal of a lapsed license after 2 years requires a jurisprudence exam, physical examination attesting to the applicant's physical and mental condition and optical examination; and successfully pass an examination or completion of board approved education. A dental hygienist may perform various procedures based upon direct or indirect supervision and whether a dentist is present on the premises.

May 2019

Dear State of Wisconsin Boards, Councils and Committee Member,

As you may already know, operation of the Department of Safety and Professional Services (DSPS) is self-funded by the fees associated with the occupation or business credentials it issues and regulates under chapters [440](#) to [480](#) of Wisconsin Statutes.

Wisconsin State Statute § 440.03(9)(a) requires DSPS to conduct a professional licensure fee study every two years to adjust fees for the succeeding fiscal biennium. The purpose of the fee study is to reflect the approximate administrative and enforcement costs of the department that are attributable to the regulation of the referenced credentials.

On February 20, 2019, the Joint Finance Committee approved the FY 2019-2021 professional licensure fee study conducted by the DSPS. I am pleased to provide you with the new fee schedule that will take effect on July 1, 2019.

The new fees are based on actual operating costs and revenues for DSPS for fiscal years 2017 and 2018 (July 1, 2016 to June 30, 2018). A detailed explanation how the fees were recalculated, including licensure/credential participation rates, complaints and investigations, and adjustments for inflation can be found in the Frequently Asked Questions document.

For all regulated professional and medical licenses and credentials (except the renewal fee for one profession noted in the enclosed fee schedule), initial application and renewal fees will be reduced or maintained at the current level, including the following:

- Maintaining initial and renewal fees for 43 licenses/credentials (approximately 25 percent)
- Reducing initial fees for 82 licenses/credentials (approx. 48 percent) with an average reduction of \$26.78
- Reducing renewal fees for 121 licenses/credentials (approx. 71 percent) with an average reduction of \$57.42
- Reducing both the initial and renewal fees for 80 licenses/credentials (approx. 47 percent)
- Providing a fee reduction to at least one of the fees (initial and/or renewal) for 127 licenses/credentials (approx. 75 percent)
- Establishing equal fees for both initial applications and renewals with a maximum fee of \$75 for 163 licenses/credentials (approx. 96 percent) (exceptions per state statute for fees related to Appraisal Management Companies and Transportation Network Companies; exception per administrative code for fees related to Unarmed Combat Sports)
- Providing a reduced fee to an estimated 361,000 Wisconsin licensure/credential applicants over the next biennium, (approx. 96 percent of all applicants)

The new fee schedule will take effect beginning with initial license applications received in the Department and/or postmarked on or after July 1, 2019, and for license renewals that have an effective date of July 1, 2019 or later. It should be noted that if a license holder receives a notice of renewal prior to July 1, 2019, for a renew-by date of after July 1, 2019, the new fees will apply regardless of when the notice is received or when payment is made. If a license holder's renew-by date is before July 1, 2019, and the payment is made after July 1, 2019, the fee noted on the notice of renewal will still apply. If the license holder's renew-by date is on or after July 1, 2019, the new fees will apply.

If you have any questions regarding the information provided, please do not hesitate to contact Yolanda McGowan, Division Administrator, Division of Policy Development.

Sincerely,

A handwritten signature in cursive script that reads "Dawn B. Crim". The signature is written in black ink and is positioned above the typed name and title.
