Rule No.: A-E 6

Relating to: Examination Requirements

Rule Type: Permanent

1. Finding/nature of emergency (Emergency Rule only): N/A

3. Description of the existing policies relevant to the rule, new policies proposed to be included in the rule, and an analysis of policy alternatives:

Education, examination, and experience requirements for those wishing to pursue a land surveyor license in Wisconsin are detailed in ch. A-E 6. Under A-E 6, applicants must take a fundamentals of land surveying examination, a principles and practice of land surveying examination, and the state jurisdictional examination of this state. Certain aspects of the nationally administered exams may change in coming years, so the board and the section may wish to update the code requirements accordingly.

The alternative is not to have the discussion and consider rule changes, which could lead to outdated examination requirements in the code.

4. Detailed explanation of statutory authority for the rule (including the statutory citation and language):

Section 15.08 (5) (b), Stats., provides that an examining board “[s]hall promulgate rules for its own guidance and for the guidance of the trade or profession to which it pertains, and define and enforce professional conduct and unethical practices not inconsistent with the law relating to the particular trade or profession.”

Section 227.11 (2) (a), Stats., provides that “[e]ach agency may promulgate rules interpreting the provisions of any statute enforced or administered by the agency, if the agency considers it necessary to effectuate the purpose of the statute, but a rule is not valid if the rule exceeds the bounds of correct interpretation.”

5. Estimate of amount of time that state employees will spend developing the rule and of other resources necessary to develop the rule:

80 hours

6. List with description of all entities that may be affected by the proposed rule:

Licensed land surveyors and those seeking to enter the profession in Wisconsin.

7. Summary and preliminary comparison with any existing or proposed federal regulation that is intended to address the activities to be regulated by the proposed rule:

None.

8. Anticipated economic impact of implementing the rule (note if the rule is likely to have a significant economic impact on small businesses):

The proposed rule is likely to have minimal to no economic impact on small businesses and the state's economy as a whole.
