STATEMENT OF SCOPE
Medical Examining Board

Rule No.: Med 10
Relating to: Unprofessional Conduct
Rule Type: Permanent

1. Finding/nature of emergency (Emergency Rule only):
N/A

2. Detailed description of the objective of the proposed rule:
The objective of the proposed rule is to revise s. Med 10.03 (3) (h) to be consistent with the provisions of s. SPS 4.09 (2) concerning reporting a conviction.

3. Description of the existing policies relevant to the rule, new policies proposed to be included in the rule, and an analysis of policy alternatives:
Section Med 10.03 (3) (h) provides that unprofessional conduct includes “[f]ailing, within 30 days of conviction of any crime, to provide the board with certified copies of the criminal complaint and judgment of conviction.” This provision is inconsistent with s. SPS 4.09 (2), which requires a licensee who is convicted of a felony or misdemeanor in Wisconsin or elsewhere to “. . . notify the department in writing of the date, place and nature of the conviction or finding within 48 hours after the entry of the judgment of conviction.” The proposed rule will revise s. Med 10.03 (3) (h) to be consistent with the provisions of s. SPS 4.09 (2).

4. Detailed explanation of statutory authority for the rule (including the statutory citation and language):
Section 15.08 (5) (b), Stats., provides an examining board “shall promulgate rules for its own guidance and for the guidance of the trade or profession to which it pertains. . .”
Section 448.015 (4) (am), Stats., defines “unprofessional conduct” to mean all of the following:
• Those acts or attempted acts of commission or omission defined as unprofessional conduct by the board under the authority delegated to the board by s. 15.08 (5) (b), Stats.
• Any act by a physician or physician assistant in violation of ch. 450 or 961, Stats.
• Failure by a physician to report as required under s. 448.115, Stats.

5. Estimate of amount of time that state employees will spend developing the rule and of other resources necessary to develop the rule:
60 hours

Rev. 3/6/2012
6. List with description of all entities that may be affected by the proposed rule:
Physicians and other health care practitioners issued a license or certificate under ch. 448, Stats.

7. Summary and preliminary comparison with any existing or proposed federal regulation that is intended to address the activities to be regulated by the proposed rule:
None.

8. Anticipated economic impact of implementing the rule (note if the rule is likely to have a significant economic impact on small businesses):
The proposed rule will have minimal to no economic impact on small businesses and the state’s economy as a whole.

STATE OF WISCONSIN  
MASSAGE THERAPY AND BODYWORK THERAPY AFFILIATED CREDENTIALING BOARD  
IN THE MATTER OF RULEMAKING : PROPOSED ORDER OF THE  
PROCEEDINGS BEFORE THE : MASSAGE THERAPY AND BODYWORK  
MASSAGE THERAPY AND BODYWORK THERAPY AFFILIATED CREDENTIALING BOARD : BOARD ADOPTING RULES  
CREDENTIALING BOARD : (CLEARINGHOUSE RULE ) 

PROPOSED ORDER  

An order of the Massage Therapy and Bodywork Therapy Affiliated Credentialing Board to repeal MTBT 4.04 (2) (a) and (b); to renumber and amend MTBT 4.04 (2) (intro.); to amend ch. MTBT 4 (title), 4.02, 4.03, and 4.04 (intro.) and (1) (intro.), (b), and (c); and to create MTBT 4.04 (1) (d) and (e) and 4.05, relating to requirements for renewal and reinstatement.  

Analysis prepared by the Department of Safety and Professional Services.  

ANALYSIS  
Statutes interpreted:  
Section 460.14 (3), Stats.  

Statutory authority:  
Sections 15.085 (5) (b), 440.08 (3) (b), and 460.10 (1) (a), Stats.  

Explanation of agency authority:  
Section 15.085 (5) (b), Stats., provides an affiliated credentialing board, such as the Massage Therapy and Bodywork Therapy Affiliated Credentialing Board, “shall promulgate rules for its own guidance and for the guidance of the trade or profession to which it pertains . . .”  

Section 440.08 (3) (b), Stats., provides authority for the Massage Therapy and Bodywork Therapy Affiliated Credentialing Board to promulgate rules requiring the holder of a credential who fails to renew the credential within 5 years after its renewal date to complete requirements to restore the credential, in addition to the applicable requirements for renewal established under chs. 440 to 480, Stats., that the Board determines are necessary to protect the public health, safety, or welfare. The rules may not require the holder to complete educational requirements or pass examinations that are more extensive than the educational or examination requirements that must be completed to obtain an initial credential from the Board.  

Section 460.10 (1) (a), Stats., provides the Massage Therapy and Bodywork Therapy Affiliated Credentialing Board may promulgate rules establishing “[r]equirements and procedures for a license holder to complete continuing education programs or courses of study to qualify for renewal of his or her license. The rules promulgated under this paragraph may not require a license holder to complete more than 24 hours of continuing education programs or courses of study in order to qualify for renewal of his or her license.”
Related statute or rule:
Chapter MTBT 7 provides continuing education requirements for renewal of a license as a massage therapist or bodywork therapist.

Plain language analysis:
Sections MTBT 4.02 and 4.04 contain the provisions for renewal and late renewal of a license as a massage therapist or bodywork therapist. These provisions are not clear concerning educational and examination requirements for late renewal and do not specify the requirements for reinstatement when a licensee has unmet disciplinary requirements, or a license has been revoked or surrendered. In addition, s. MTBT 4.04 does not reflect the requirement under s. 460.07 (2) (d), Stats., that a renewal application include evidence satisfactory to the Board that the applicant has current proficiency in the use of an automated external defibrillator (AED).

The proposed rules clarify the requirements in ss. MTBT 4.02 and 4.04 for renewal and late renewal of a license and create s. MTBT 4.05 to specify the requirements for reinstatement of a license. The proposed rules also update provisions throughout ch. MTBT 4 for clarity and to conform with current drafting standards and applicable Wisconsin statutes.

Summary of, and comparison with, existing or proposed federal regulation:
None.

Comparison with rules in adjacent states:

Illinois:

The holder of a license may renew the license during the month preceding the expiration date by paying the required fee and completing the continuing education requirements under 68 Ill. Adm. Code 1284.90.

A person seeking restoration of a license after it has expired or has been placed on inactive status for less than 5 years must file an application with the required fee and proof of 24 hours of continuing education as defined in 68 Ill. Adm. Code 1284.90 in the 2 years immediately preceding the restoration application.

A person seeking restoration of a license after it has expired or has been placed on inactive status for 5 years or more must file an application with the required fee, proof of 24 hours of continuing education as defined in 68 Ill. Adm. Code 1284.90 in the 2 years immediately preceding the restoration application, and one of the following:

- Certification of current licensure and proof of current active practice in another jurisdiction.
- An affidavit attesting to military service (any person seeking restoration of a license within 2 years after discharge from military service must pay the current renewal fee, but is not required to submit proof of meeting the continuing education requirements).
• Proof of successful completion of an exam approved by IDFPR within 2 years prior to the restoration application.

**Iowa:**

Rules of the Iowa Board of Massage Therapy specify requirements for renewal, reactivation, and reinstatement of a license to practice massage therapy in the state of Iowa (645 IAC 131.8, 131.14, and 131.15).

A licensee seeking renewal must submit a completed renewal application and renewal fee before the license expiration date, meet the continuing education requirements under 645 IAC 133.2, and certify completion of all training in child and dependent adult abuse identification and reporting required under 645 IAC 131.8(4).

To apply for reactivation of an inactive license, a licensee must submit all of the following:
• A completed reactivation application and reactivation fee
• Verification of completing 16 hours of continuing education within 2 years of application
• Verification of the status of the license from every jurisdiction in which the applicant practiced massage therapy during the time the Iowa license has been inactive
• If the license has been on inactive status for more than 5 years, verification of successful completion of a Board-approved examination within 2 years of application.

A licensee whose license has been revoked, suspended, or voluntarily surrendered must apply for and receive reactivation of the license as provided above and apply for and receive reinstatement of the license. The application for reinstatement must, as required under 645 IAC 11.31, be filed in accordance with any applicable terms and conditions of the order of revocation or suspension. If the order of revocation or suspension did not establish terms and conditions upon which reinstatement might occur, or if the license was voluntarily surrendered, the application may not be filed until one year from the date of the order or the date of voluntary surrender. The application must allege facts which, if established, will be sufficient to enable the board to reinstate the license.

**Michigan:**

Rules of the Michigan Board of Massage specify requirements for renewal of a license and relicensure to practice massage therapy in the state of Michigan (Mich Admin Code, R 338.719 and R 338.731).

An applicant for license renewal who has been licensed for the 3-year period immediately preceding the expiration date of the license shall accumulate not less than 18 hours of continuing education in activities approved by the Board during the 3 years immediately preceding the application for renewal. Submission of an application for renewal and required fee constitutes the applicant’s certification of compliance with these requirements.
An applicant whose license has lapsed for less than 3 years preceding the date of application may be relicensed if the applicant submits a completed application and required fee along with verification of having completed at least 18 hours of Board-approved continuing education during the 3 years immediately preceding application.

An applicant whose license has lapsed for 3 years or more preceding the date of application may be relicensed if the applicant submits a completed application and required fee. In addition, the applicant must satisfy one of the following requirements:

- Successful completion of the Massage and Bodywork Licensing Examination (MBLEX) or the National Certification Examination for Therapeutic Massage and Bodywork (NCETMB)
- Registration or licensure as a massage therapist in another state during the 3 years immediately preceding application.

**Minnesota:**

The Minnesota Department of Health’s Office of Unlicensed Complementary and Alternative Health Care Practice (OCAP) investigates complaints and takes enforcement actions against massage therapists for violations of prohibited conduct. However, neither OCAP nor any other statewide agency or board oversees the licensing of massage therapists. Licensing requirements, if any, for massage therapists are established by the county or city in which the massage therapist practices.

**Summary of factual data and analytical methodologies:**

The proposed rules clarify the requirements in ch. MTBT 4 for renewal and reinstatement of a license as a massage therapist or bodywork therapist. No additional factual data or analytical methodologies were used to develop the proposed rules.

**Analysis and supporting documents used to determine effect on small business or in preparation of economic impact analysis:**

The proposed rules were posted for a period of 14 days to solicit public comment on economic impact, including how the proposed rules may affect businesses, local government units, and individuals. No comments were received.

**Fiscal Estimate and Economic Impact Analysis:**

The Fiscal Estimate and Economic Impact Analysis document is attached.

**Effect on small business:**

These proposed rules do not have an economic impact on small businesses, as defined in s. 227.114 (1), Stats. The Department’s Regulatory Review Coordinator may be contacted by email at NathanielL.Ristow@wisconsin.gov, or by calling (608) 266-3445.

**Agency contact person:**

Dale Kleven, Administrative Rules Coordinator, Department of Safety and Professional Services, Division of Policy Development, P.O. Box 8366, Madison, Wisconsin 53708-8366; telephone 608-261-4472; email at DSPSAdminRules@wisconsin.gov.
TEXT OF RULE

SECTION 1. Chapter MTBT 4 (title) is amended to read:

CHAPTER MTBT 4
REQUIREMENTS FOR RENEWAL AND REINSTATEMENT

SECTION 2. MTBT 4.02 and 4.03 are amended to read:

MTBT 4.02 Renewal of license. In order to renew a license on or before the renewal date, the license holder a licensee shall, by the renewal date under s. 440.08 (2) (a) 46r., Stats., and s. MTBT 4.01, submit all of the following to the board:

1. An application for renewal on a form provided by the board.
2. The renewal fee required under s. 440.08 (2) (a) 46r. (c), Stats.
3. Evidence satisfactory to the board that he or she the licensee has in effect as a policyholder and insured, malpractice liability insurance coverage in an amount that is not less than $1,000,000 per occurrence and $1,000,000 for all occurrences in one year.
4. Evidence satisfactory to the board that he or she the licensee has current proficiency in the use of an automated external defibrillator achieved through instruction provided by an individual, organization, or institution of higher education approved under s. 46.03 (38), Stats., to provide the instruction.
5. Beginning with the biennial registration period commencing on March 1, 2015, unless granted a waiver under s. MTBT 7.02 (4), each licensee is required to complete 24 hours of continuing education prior to renewal of a license to practice as a massage therapist or bodywork therapist, except that, a new licensee shall not be required to comply with the continuing education requirements for the first renewal of a license. The signed statement required under s. MTBT 7.02 (3).

4.03 Failure to renew. A license holder licensee who fails to renew a license by the applicable renewal date may not use any title or description that implies that he or she is credentialed by the board as a massage therapist or bodywork therapist until his or her the license is renewed under s. MTBT 4.04 or reinstated under s. MTBT 4.05.

SECTION 3. MTBT 4.04 (intro.) and (1) (intro.), (b), and (c) are amended to read:

MTBT 4.04 (intro.) Late renewal. A massage therapist or bodywork therapist who fails to renew his or her a license by the renewal date may renew the license by satisfying all one of the following requirements:
(1) (intro.) If applying less than within 5 years after of the renewal date, submitting to the board all of the following:

(b) The applicable renewal fees fee and late fee required under s. 440.08 (2) (a) (c) and (3), Stats.

(c) Evidence satisfactory to the board that he or she the applicant has in effect as a policyholder and insured, malpractice liability insurance coverage in an amount that is not less than $1,000,000 per occurrence and $1,000,000 for all occurrences in one year.

SECTION 4. MTBT 4.04 (1) (d) and (e) are created to read:

MTBT 4.04 (1) (d) Evidence satisfactory to the board the applicant has current proficiency in the use of an automated external defibrillator achieved through instruction provided by an individual, organization, or institution of higher education approved under s. 46.03 (38), Stats., to provide the instruction.

(e) The signed statement required under s. MTBT 7.02 (3).

SECTION 5. MTBT 4.04 (2) (intro.) is renumbered MTBT 4.04 (2) and amended to read:

MTBT 4.04 (2) If applying 5 years or more than 5 years after the renewal date, satisfying the requirements in under sub. (1), and submitting proof evidence of all of the following: successful completion of educational coursework or an examination required by the board to ensure protection of the public health, safety, and welfare. Except as provided under s. MTBT 4.05 (1), this subsection does not apply to licensees who have unmet disciplinary requirements or whose licenses have been surrendered or revoked.

SECTION 6. MTBT 4.04 (2) (a) and (b) are repealed.

SECTION 7. MTBT 4.05 is created to read:

MTBT 4.05 Reinstatement. A massage therapist or bodywork therapist who has unmet disciplinary requirements and has failed to renew a license within 5 years of the renewal date or whose license has been surrendered or revoked may apply for reinstatement of the license by submitting all of the following:

(1) Evidence of completion of the requirements under s. MTBT 4.04 (2).

(2) Evidence of completion of disciplinary requirements, if applicable.

(3) Evidence of rehabilitation or change in circumstances warranting reinstatement of the license.

SECTION 8. EFFECTIVE DATE. The rules adopted in this order shall take effect on the first day of the month following publication in the Wisconsin Administrative Register, pursuant to s. 227.22 (2) (intro.), Stats.

☐ Small Businesses (if checked, complete Attachment A)

$0

10. Would Implementation and Compliance Costs Businesses, Local Governmental Units and Individuals Be $10 Million or more Over Any 2-year Period, per s. 227.137(3)(b)(2)?
☐ Yes  ☒ No

11. Policy Problem Addressed by the Rule
Sections MTBT 4.02 and 4.04 contain the provisions for renewal and late renewal of a license as a massage therapist or bodywork therapist. These provisions are not clear concerning educational and examination requirements for late renewal and do not specify the requirements for reinstatement when a licensee has unmet disciplinary requirements, or a license has been revoked or surrendered. In addition, s. MTBT 4.04 does not reflect the requirement under s. 460.07 (2) (d), Stats., that a renewal application include evidence satisfactory to the Board that the applicant has current proficiency in the use of an automated external defibrillator (AED).

The proposed rules clarify the requirements in ss. MTBT 4.02 and 4.04 for renewal and late renewal of a license and create s. MTBT 4.05 to specify the requirements for reinstatement of a license. The proposed rules also update provisions throughout ch. MTBT 4 for clarity and to conform with current drafting standards and applicable Wisconsin statutes.

12. Summary of the Businesses, Business Sectors, Associations Representing Business, Local Governmental Units, and Individuals that may be Affected by the Proposed Rule that were Contacted for Comments.
The proposed rule was posted on the Department of Safety and Professional Services’ website for 14 days in order to solicit comments from businesses, representative associations, local governmental units, and individuals that may be affected by the rule. No comments were received.

13. Identify the Local Governmental Units that Participated in the Development of this EIA.
No local governmental units participated in the development of this EIA.

14. Summary of Rule’s Economic and Fiscal Impact on Specific Businesses, Business Sectors, Public Utility Rate Payers, Local Governmental Units and the State’s Economy as a Whole (Include Implementation and Compliance Costs Expected to be Incurred)
The proposed rule will not have a significant impact on specific businesses, business sectors, public utility rate payers, local governmental units, or the state’s economy as a whole.
The Department estimates one-time administrative costs of $249.53. These costs may be absorbed in the agency budget.
15. Benefits of Implementing the Rule and Alternative(s) to Implementing the Rule
The benefit to implementing the rule is providing clear requirements for renewal and reinstatement of a license. If the rule is not implemented, the requirements will remain unclear.

16. Long Range Implication of Implementing the Rule
The long range implication of implementing the rule is clarity concerning the requirements for renewal and reinstatement of a license.

17. Compare With Approaches Being Used by Federal Government
None

18. Compare With Approaches Being Used by Neighboring States (Illinois, Iowa, Michigan and Minnesota)

Illinois:

A person seeking restoration of a license after it has expired or has been placed on inactive status for less than 5 years must file an application with the required fee and proof of 24 hours of continuing education as defined in 68 Ill. Adm. Code 1284.90. In the 2 years immediately preceding the restoration application.

A person seeking restoration of a license after it has expired or has been placed on inactive status for 5 years or more must file an application with the required fee, proof of 24 hours of continuing education as defined in 68 Ill. Adm. Code 1284.90 in the 2 years immediately preceding the restoration application, and one of the following:

- Certification of current licensure and proof of current active practice in another jurisdiction.
- An affidavit attesting to military service (any person seeking restoration of a license within 2 years after discharge from military service must pay the current renewal fee, but is not required to submit proof of meeting the continuing education requirements).
- Proof of successful completion of an exam approved by IDFPR within 2 years prior to the restoration application.

Iowa:
Rules of the Iowa Board of Massage Therapy specify requirements for renewal, reactivation, and reinstatement of a license to practice massage therapy in the state of Iowa (645 IAC 131.8, 131.14, and 131.15).

A licensee seeking renewal must submit a completed renewal application and renewal fee before the license expiration date, meet the continuing education requirements under 645 IAC 133.2, and certify completion of all training in child and dependent adult abuse identification and reporting required under 645 IAC 131.8(4).

To apply for reactivation of an inactive license, a licensee must submit all of the following:

- A completed reactivation application and reactivation fee
- Verification of completing 16 hours of continuing education within 2 years of application
- Verification of the status of the license from every jurisdiction in which the applicant practiced massage therapy during the time the Iowa license has been inactive
- If the license has been on inactive status for more than 5 years, verification of successful completion of a Board-approved examination within 2 years of application.

A licensee whose license has been revoked, suspended, or voluntarily surrendered must apply for and receive reactivation of the license as provided above and apply for and receive reinstatement of the license. The application for reinstatement must, as required under 645 IAC 11.31, be filed in accordance with any applicable terms and conditions of the order of revocation or suspension. If the order of revocation or suspension did not establish terms and conditions upon which reinstatement might occur, or if the license was voluntarily surrendered, the application may not be filed until one year from the date of the order or the date of voluntary surrender. The application must allege facts which, if established, will be sufficient to enable the board to reinstate the license.
Michigan:
Rules of the Michigan Board of Massage specify requirements for renewal of a license and relicensure to practice massage therapy in the state of Michigan (Mich Admin Code, R 338.719 and R 338.731).
An applicant for license renewal who has been licensed for the 3-year period immediately preceding the expiration date of the license shall accumulate not less than 18 hours of continuing education in activities approved by the Board during the 3 years immediately preceding the application for renewal. Submission of an application for renewal and required fee constitutes the applicant’s certification of compliance with these requirements.

An applicant whose license has lapsed for less than 3 years preceding the date of application may be relicensed if the applicant submits a completed application and required fee along with verification of having completed at least 18 hours of Board-approved continuing education during the 3 years immediately preceding application. An applicant whose license has lapsed for 3 years or more preceding the date of application may be relicensed if the applicant submits a completed application and required fee. In addition, the applicant must satisfy one of the following requirements:

- Successful completion of the Massage and Bodywork Licensing Examination (MBLEX) or the National Certification Examination for Therapeutic Massage and Bodywork (NCETMB)
- Registration or licensure as a massage therapist in another state during the 3 years immediately preceding application.

Minnesota:
The Minnesota Department of Health’s Office of Unlicensed Complementary and Alternative Health Care Practice (OCAP) investigates complaints and takes enforcement actions against massage therapists for violations of prohibited conduct. However, neither OCAP nor any other statewide agency or board oversees the licensing of massage therapists. Licensing requirements, if any, for massage therapists are established by the county or city in which the massage therapist practices.

STATE OF WISCONSIN
MASSAGE THERAPY AND BODYWORK THERAPY AFFILIATED CREDENTIALING BOARD

IN THE MATTER OF RULEMAKING : PROPOSED ORDER OF THE
PROCEEDINGS BEFORE THE : MASSAGE THERAPY AND BODYWORK
MASSAGE THERAPY AND BODYWORK : THERAPY AFFILIATED CREDENTIALING
THERAPY AFFILIATED : BOARD ADOPTING RULES
CREDENTIALING BOARD : (CLEARINGHOUSE RULE )

PROPOSED ORDER
An order of the Massage Therapy and Bodywork Therapy Affiliated Credentialing Board to repeal MTBT 5.03 (2) (intro.); to renumber and amend MTBT 5.03 (1) and (2) (a) to (c); and to amend MTBT 5.02 (2), (6), (11), (14), (15) (intro.) and (c), (20), (24), (25), (26) (intro.), (a), and (b), (28), and (29), 5.03 (3) and (Note), and 5.04, relating to unprofessional conduct.

Analysis prepared by the Department of Safety and Professional Services.

ANALYSIS

Statutes interpreted:
Section 440.03 (4m), Stats.

Statutory authority:
Sections 15.085 (5) (b) and 460.10 (1) (a), Stats.

Explanation of agency authority:
Section 15.085 (5) (b), Stats., provides an affiliated credentialing board, such as the Massage Therapy and Bodywork Therapy Affiliated Credentialing Board, “shall promulgate rules for its own guidance and for the guidance of the trade or profession to which it pertains . . .”

Section 460.10 (1) (a), Stats., provides the Massage Therapy and Bodywork Therapy Affiliated Credentialing Board may promulgate rules establishing “[r]equirements and procedures for a license holder to complete continuing education programs or courses of study to qualify for renewal of his or her license.”

Related statute or rule:
Chapter MTBT 7 provides continuing education requirements for renewal of a license as a massage therapist or bodywork therapist. As provided under s. MTBT 5.02 (24), failing to complete these requirements is considered unprofessional conduct.

Plain language analysis:
Section MTBT 5.04 is revised to comply with s. 440.03 (4m), Stats., as created by 2017 Wisconsin Act 59. Under this provision, the Board may require a credential holder to submit proof of completing continuing education programs or courses only if a complaint is made against the credential holder. Other provisions throughout ch. MTBT 5 have been revised to ensure consistency with current standards for drafting style and format and applicable Wisconsin statutes.
Summary of, and comparison with, existing or proposed federal regulation:
None.

Comparison with rules in adjacent states:

Illinois:
Illinois’ continuing education requirements include provisions for retention and production of evidence of compliance [68 Ill. Admin. Code 1284.90 d 2)]. The Division of Professional Regulation of the Illinois Department of Financial and Professional Regulation may require additional evidence demonstrating compliance with the continuing education requirements. It is the responsibility of each applicant for renewal to retain or otherwise produce evidence of such compliance. Such additional evidence is required in the context of the Division's random audit.

Iowa:
Iowa’s continuing education requirements include provisions for retention and production of evidence of compliance (645 IAC 4.11). The Iowa Board of Massage Therapy may select licensees for audit following license renewal. Upon audit, a licensee is required to provide an individual certificate of completion issued to the licensee or evidence of successful completion of the course from the course sponsor. All licensees must retain documentation of compliance with the continuing education requirements for two years following license renewal.

Michigan:
Michigan’s continuing education requirements include provisions for certification of compliance and retention of evidence of compliance [Mich Admin Code, R 338.731 (3)]. Submission of an application for renewal constitutes an applicant’s certification of compliance with the continuing education requirements, and all licensees are required to retain documentation of meeting the requirements for a period of 4 years from the date of applying for license renewal.

Minnesota:
The Minnesota Department of Health’s Office of Unlicensed Complementary and Alternative Health Care Practice (OCAP) investigates complaints and takes enforcement actions against massage therapists for violations of prohibited conduct. However, neither OCAP nor any other statewide agency or board oversees the licensing of massage therapists. Licensing requirements, if any, for massage therapists are established by the county or city in which the massage therapist practices.

Summary of factual data and analytical methodologies:
The proposed rules were developed by reviewing the provisions of ch. MTBT 5 to ensure consistency with current standards for drafting style and format and applicable Wisconsin statutes. No additional factual data or analytical methodologies were used to develop the proposed rules.

Analysis and supporting documents used to determine effect on small business or in preparation of economic impact analysis:
The proposed rules were posted for a period of 14 days to solicit public comment on economic impact, including how the proposed rules may affect businesses, local government units, and individuals. No comments were received.
Fiscal Estimate and Economic Impact Analysis:
The Fiscal Estimate and Economic Impact Analysis document is attached.

Effect on small business:
These proposed rules do not have an economic impact on small businesses, as defined in s. 227.114 (1), Stats. The Department’s Regulatory Review Coordinator may be contacted by email at NathanielL.Ristow@wisconsin.gov, or by calling (608) 266-3445.

Agency contact person:
Dale Kleven, Administrative Rules Coordinator, Department of Safety and Professional Services, Division of Policy Development, P.O. Box 8366, Madison, Wisconsin 53708-8366; telephone 608-261-4472; email at DSPSAdminRules@wisconsin.gov.

Place where comments are to be submitted and deadline for submission:
Comments may be submitted to Dale Kleven, Administrative Rules Coordinator, Department of Safety and Professional Services, Division of Policy Development, P.O. Box 8366, Madison, WI 53708-8366, or by email to DSPSAdminRules@wisconsin.gov. Comments must be received at or before the public hearing to be held [TBD], to be included in the record of rule-making proceedings.

-----------------------------------------------------

TEXT OF RULE

SECTION 1. MTBT 5.02 (2), (6), (11), (14), (15) (intro.) and (c), (20), (24), (25), (26) (intro.), (a), and (b), (28), and (29) are amended to read:

MTBT 5.02 (2) Being convicted of any of the following: ss. 940.22, 940.225, 944.15, 944.17, 944.30 (1m), 944.31, 944.32, 944.33, 944.34, 948.02, 948.02 5, 948.08, 948.085, 948.09, 948.095, and or 948.10, Stats.

(6) Knowingly, negligently, or recklessly making any written or oral statement, written or oral, in the course of while practicing massage therapy, which that is likely to deceive, defraud, mislead, or create an unacceptable risk of harm to a client, the public, or both.

(11) Practicing as a massage therapist or bodywork therapist when physical or mental abilities are impaired by the use of controlled substances or other drugs, chemicals, or alcohol, or by other causes.

(14) Divulging any information that a client gives in confidence to the licensee or any other information that the licensee obtains about a client in the course of practicing massage therapy or bodywork therapy that a reasonable person in the client's position would want kept confidential unless the information is otherwise required by law to be disclosed or the client specifically authorizes the disclosure of the information is required under s. 460.11 (2), Stats., to be kept confidential.

(15) (intro.) Engaging in sexually explicit conduct, sexual contact, exposure, gratification, or other sexual behavior with or in the presence of a client, a client's immediate family member, or a person responsible for the client's welfare. For the purposes of this subsection, all of the following shall apply:
(c) If a client who is a minor, he or she shall continue to be considered a client for 2 years after the termination of services or for 2 years after the client reaches the age of majority, whichever is longer.

(20) Failing to provide clean clothing, linens, and equipment.

(24) Failing to complete the continuing education requirements within the time period established by under s. MTBT 7.02 (3).

(25) Having an adverse action against a credential pertaining to the practice of massage therapy or bodywork therapy by any agency of this or another state, or by an agency or authority within the federal government. This subsection applies whether the adverse action is accompanied by findings of negligence or unprofessional conduct or results in a temporary or permanent limitation, restriction, suspension, or revocation, and whether or not the adverse action is accompanied by findings of negligence or unprofessional conduct.

(26) (intro.) Conviction of any federal or state law or rule, including criminal law, Subject to ss. 111.321, 111.322, and 111.335, Stats., being convicted of an offense the circumstances of which is substantially related to the practice of massage therapy or bodywork therapy. For the purposes of this subsection, all of the following shall apply:

(a) Except as otherwise provided by law, a certified copy of a relevant decision is conclusive evidence of the finding of facts and conclusions of law by a state or federal court or agency charged with making legal determinations relevant to this paragraph is conclusive evidence of its findings of facts and conclusions of law.

(b) Under this paragraph, the board has the burden of proving that the act is substantially related to the practice of massage therapy or bodywork therapy.

(28) Failing to display his or her the license under ch. 460, Stats., in his or her the licensee’s place of business or practice as required under s. 460.07 (1), Stats., so that it can easily be seen and read by the public. In the case of a mobile practice, a licensee is required to shall be able to present his or her the license for public display.

(29) Failing to maintain liability insurance coverage in an amount not less than of at least $1,000,000 per occurrence and $1,000,000 for all occurrences in one year, pursuant to as required under s. 460.05 (1) (g), Stats.

SECTION 2. MTBT 5.03 (1) is renumbered MTBT 5.03 (1) (intro.) and amended to read:

MTBT 5.03 (1) (intro.) A license holder licensee shall submit a report to the board if he or she the licensee has reasonable cause to believe that another license holder licensee has committed a crime relating to prostitution under ss. 944.30 to 944.34, Stats., or has had sexual contact or sexual intercourse with a client. If the report relates to sexual contact or sexual intercourse with a client, the report may not identify the client unless the client has provided written consent for disclosure of this information. For purposes of this subsection, a licensee shall be considered to have reasonable cause upon occurrence of any of the following:

SECTION 3. MTBT 5.03 (2) (intro.) is repealed.
SECTION 4. MTBT 5.03 (2) (a) to (c) are renumbered MTBT 5.03 (1) (a) to (c) and amended to read:

MTBT 5.03 (1) (a) Being The licensee is informed by a person that he or she has while a client of another licensee, that person engaged in an act prohibited by ss. 944.30 to 944.34, Stats., with that licensee.

(b) Being The licensee is informed by a person that he or she, while a client of another licensee, that person engaged in nonmarital sexual contact or sexual intercourse with the other licensee.

(c) Being The licensee is informed by another licensee that he or she has engaged in nonmarital sexual contact, or sexual intercourse, with a client, or has done an act prohibited by ss. 944.30 to 944.34, Stats., with a client.

SECTION 5. MTBT 5.03 (3) and (Note) are amended to read:

MTBT 5.03 (3) The report shall be made on a complaint form provided by the board. If the report relates to sexual contact or sexual intercourse with a client, the report may not identify the client unless the client has provided written consent for disclosure of this information. The board may use the report as the basis for an investigation under s. 460.14 (1), Stats.

(Note) Complaint forms are available from the Department of Safety and Professional Services, Division of Legal Services and Compliance, 1400 East Washington Avenue, P.O. Box 7190, Madison, Wisconsin 53707, professional services at (608) 266-2112 or from the department's website at: http://dsps.wi.gov.

SECTION 6. MTBT 5.04 is amended to read:

MTBT 5.04 Audits. The Any licensee who is under investigation by the board may conduct a random audit of any licensee on a biennial basis for alleged misconduct shall be audited by the board for compliance with the continuing education requirements set forth in under s. MTBT 7.02.

SECTION 7. EFFECTIVE DATE. The rules adopted in this order shall take effect on the first day of the month following publication in the Wisconsin Administrative Register, pursuant to s. 227.22 (2) (intro.), Stats.

1
18. Compare With Approaches Being Used by Neighboring States (Illinois, Iowa, Michigan and Minnesota)

Illinois:
Illinois’ continuing education requirements include provisions for retention and production of evidence of compliance [68 Ill. Admin. Code 1284.90 d (2)], The Division of Professional Regulation of the Illinois Department of Financial and Professional Regulation may require additional evidence demonstrating compliance with the continuing education requirements. It is the responsibility of each applicant for renewal to retain or otherwise produce evidence of such compliance. Such additional evidence is required in the context of the Division’s random audit.

Iowa:
Iowa’s continuing education requirements include provisions for retention and production of evidence of compliance (645 IAC 4.11). The Iowa Board of Massage Therapy may select licensees for audit following license renewal. Upon audit, a licensee is required to provide an individual certificate of completion issued to the licensee or evidence of successful completion of the course from the course sponsor. All licensees must retain documentation of compliance with the continuing education requirements for two years following license renewal.

Michigan:
Michigan’s continuing education requirements include provisions for certification of compliance and retention of evidence of compliance [Mich Admin Code, R 338.731 (3)]. Submission of an application for renewal constitutes an applicant’s certification of compliance with the continuing education requirements, and all licensees are required to retain documentation of meeting the requirements for a period of 4 years from the date of applying for license renewal.

Minnesota:
The Minnesota Department of Health’s Office of Unlicensed Complementary and Alternative Health Care Practice (OCAP) investigates complaints and takes enforcement actions against massage therapists for violations of prohibited conduct. However, neither OCAP nor any other statewide agency or board oversees the licensing of massage therapists. Licensing requirements, if any, for massage therapists are established by the county or city in which the massage therapist practices.

AFFILIATED CREDENTIALING BOARD

IN THE MATTER OF RULE-MAKING : PROPOSED ORDER OF THE
PROCEEDINGS BEFORE THE : OCCUPATIONAL THERAPISTS
OCCUPATIONAL THERAPISTS : AFFILIATED CREDENTIALING
AFFILIATED CREDENTIALING BOARD : ADOPTING RULES
BOARD : (CLEARINGHOUSE RULE )

PROPOSED ORDER

An order of the Occupational Therapists Affiliated Credentialing Board to amend OT 4.04 (4) (a) and create OT 4.04 (4) (am), relating to supervision and practice of occupational therapy assistants.

Analysis prepared by the Department of Safety and Professional Services.

ANALYSIS

Statutes interpreted:
None.

Statutory authority:
Sections 15.085 (5) (b) and 448.965 (2), Stats.

Explanation of agency authority:
Section 15.085 (5) (b), Stats., provides an affiliated credentialing board “[s]hall promulgate rules for its own guidance and for the guidance of the trade or profession to which it pertains. . .” The proposed rule will provide guidance concerning the supervision and practice of occupational therapy assistants.

Section 448.965 (2), Stats., provides the Occupational Therapists Affiliated Credentialing Board “may promulgate rules that define the scope of practice of occupational therapy or the scope of assisting in the practice of occupational therapy.”

Related statute or rule:
None.

Plain language analysis:
Current rules provide that, when general supervision is allowed, the supervising occupational therapist must have direct contact with the occupational therapy assistant and face-to-face contact with the client by every tenth session of occupational therapy and no less than one time per calendar month. The proposed rules create an exception to
this requirement for circumstances, including those in the practice areas of home health and children from birth to 3 years old, when occupational therapy services are provided once per calendar month or less frequently than once per calendar month.

**Summary of, and comparison with, existing or proposed federal regulation:**
None.

**Comparison with rules in adjacent states:**

**Illinois:** Rules of the Illinois Department of Financial and Professional Regulation specify the requirements for supervision of an occupational therapy assistant (68 Ill. Adm. Code 1315.163). The rules provide a minimum guideline of formal supervision as follows:

- An occupational therapy assistant who has less than one year of work experience or who is entering new practice environments or developing new skills must receive a minimum of 5 percent on-site face-to-face supervision from a registered occupational therapist per month. On-site supervision consists of direct, face-to-face collaboration in which the supervisor must be on the premises. The remaining work hours must be supervised by a combination of telephone, electronic communication, telecommunication, technology, or face-to-face consultation.

- An occupational therapy assistant with more than one year of experience in current practice must have a minimum of 5 percent direct supervision from a registered occupational therapist per month. The 5 percent direct supervision must consist of 2 percent direct, face-to-face collaboration. The remaining 3 percent of supervision must be a combination of telephone, electronic communication, telecommunication technology, or face-to-face consultation. The remaining work hours must be supervised in varying patterns as determined by the demands of the areas of service and the competency of the individual assistant.

**Iowa:** Rules of the Iowa Board of Physical and Occupational Therapy specify the requirements for supervision of an occupational therapy assistant (645 IAC 206.8). The rules provide that a licensed occupational therapist may provide on-site supervision or supervision by telecommunication of an occupational therapy assistant, as long as the supervising occupational therapist participates in treatment. Participation in treatment must include direct face-to-face patient contact every twelfth visit or 60 calendar days, whichever comes first, for all patients regardless of setting.

**Michigan:** Rules of the Michigan Department of Licensing and Regulatory Affairs specify the requirements for supervision of an occupational therapy assistant (Mich Admin Code, R 338.1229). The rules provide that an occupational therapist who delegates limited assessments, tasks, or interventions to an occupational therapy assistant must determine and provide the appropriate level of supervision. The appropriate level of supervision must be determined based on the occupational therapy assistant’s education, training, and experience and includes general supervision or direct supervision.
“General supervision” means that the occupational therapist is not required to be physically present on site, but shall be continuously available at the time the limited assessment, task, or intervention is performed. Continuously available includes availability by telecommunication or other electronic device.

“Direct supervision” means that the occupational therapist is physically present with the occupational therapy assistant or immediately available for direction and onsite supervision at the time the limited assessment, task, or intervention is performed, and that the occupational therapist has direct contact in the physical presence of the patient or client during each visit.

**Minnesota:** The Minnesota Statutes specify the requirements for supervision of an occupational therapy assistant (Minnesota Statutes 2017, section 148.6432). The statutes provide that an occupational therapist must determine the frequency and manner of supervision of an occupational therapy assistant performing delegated treatment procedures based on the condition of the patient or client, the complexity of the treatment procedure, and the proficiencies of the occupational therapy assistant. Face-to-face collaboration between the occupational therapist and the occupational therapy assistant must occur, at a minimum, every two weeks, during which time the occupational therapist is responsible for all of the following:

- Planning and documenting an initial treatment plan and discharge from treatment.
- Reviewing treatment goals, therapy programs, and client progress.
- Supervising changes in the treatment plan.
- Conducting or observing treatment procedures for selected clients and documenting appropriateness of treatment procedures.
- Ensuring the service competency of the occupational therapy assistant in performing delegated treatment procedures.

**Summary of factual data and analytical methodologies:**

The rules were developed using recommendations from the Wisconsin Occupational Therapy Association and input from the Occupational Therapists Affiliated Credentialing Board. No other factual data or analytical methodologies were used.

**Analysis and supporting documents used to determine effect on small business or in preparation of economic impact analysis:**

The proposed rules were posted for a period of 14 days to solicit public comment on economic impact, including how the proposed rules may affect businesses, local government units, and individuals. No comments were received.

**Fiscal Estimate and Economic Impact Analysis:**

The Fiscal Estimate and Economic Impact Analysis document is attached.
Effect on small business:

These proposed rules do not have an economic impact on small businesses, as defined in s. 227.114 (1), Stats. The Department’s Regulatory Review Coordinator may be contacted by email at NathanielL.Ristow@wisconsin.gov, or by calling (608) 266-3445.

Agency contact person:

Dale Kleven, Administrative Rules Coordinator, Department of Safety and Professional Services, Division of Policy Development, P.O. Box 8366, Madison, Wisconsin 53708-8366; telephone 608-261-4472; email at DSPSAdminRules@wisconsin.gov.

Place where comments are to be submitted and deadline for submission:

Comments may be submitted to Dale Kleven, Administrative Rules Coordinator, Department of Safety and Professional Services, Division of Policy Development, P.O. Box 8366, Madison, WI 53708-8366, or by email to DSPSAdminRules@wisconsin.gov. Comments must be received at or before the public hearing to be held [TBD], to be included in the record of rule-making proceedings.

------------------------------------------------------------------------------------------------------------

TEXT OF RULE

SECTION 1.  OT 4.04 (4) (a) is amended to read:

   OT 4.04 (4) (a) When general supervision is allowed, the supervising occupational therapist shall, except as provided under par. (am), have direct contact with the occupational therapy assistant and face-to-face contact with the client by every tenth session of occupational therapy and no less than one time once per calendar month. Direct contact with the occupational therapy assistant is for the purpose of reviewing the progress and effectiveness of treatment, and Direct contact may occur simultaneously or separately from the face-to-face contact with the client.

SECTION 2.  OT 4.04 (4) (am) is created to read:

   OT 4.04 (4) (am) When general supervision is allowed, and occupational therapy services are provided to a client once per calendar month or less frequently than once per calendar month, the supervising occupational therapist shall have direct contact with the occupational therapy assistant and face-to-face contact with the client no less than every other session of occupational therapy.

SECTION 3.  EFFECTIVE DATE. The rules adopted in this order shall take effect on the first day of the month following publication in the Wisconsin Administrative Register, pursuant to s. 227.22 (2) (intro.), Stats.

☐ Yes  ☐ No

11. Policy Problem Addressed by the Rule

Current rules provide that, when general supervision is allowed, the supervising occupational therapist must have direct contact with the occupational therapy assistant and face-to-face contact with the client by every tenth session of occupational therapy and no less than one time per calendar month. The proposed rules create an exception to this requirement for circumstances, including those in the practice areas of home health and children from birth to 3 years old, when occupational therapy services are provided once per calendar month or less frequently than once per calendar month.

12. Summary of the Businesses, Business Sectors, Associations Representing Business, Local Governmental Units, and Individuals that may be Affected by the Proposed Rule that were Contacted for Comments.

The proposed rule was posted on the Department of Safety and Professional Services’ website for 14 days in order to solicit comments from businesses, representative associations, local governmental units, and individuals that may be affected by the rule. No comments were received.

13. Identify the Local Governmental Units that Participated in the Development of this EIA.

No local governmental units participated in the development of this EIA.

14. Summary of Rule’s Economic and Fiscal Impact on Specific Businesses, Business Sectors, Public Utility Rate Payers, Local Governmental Units and the State’s Economy as a Whole (Include Implementation and Compliance Costs Expected to be Incurred)

The proposed rule will not have a significant impact on specific businesses, business sectors, public utility rate payers, local governmental units, or the state’s economy as a whole.

15. Benefits of Implementing the Rule and Alternative(s) to Implementing the Rule

The benefit to implementing the rule is providing updated requirements for the supervision of occupational therapy assistants. If the rule is not implemented, the requirements will remain outdated.

16. Long Range Implications of Implementing the Rule

The long range implication of implementing the rule is updated requirements for the supervision of occupational therapy assistants.
17. Compare With Approaches Being Used by Federal Government
None

18. Compare With Approaches Being Used by Neighboring States (Illinois, Iowa, Michigan and Minnesota)

Illinois: Rules of the Illinois Department of Financial and Professional Regulation specify the requirements for supervision of an occupational therapy assistant (68 Ill. Adm. Code 1315.163). The rules provide a minimum guideline of formal supervision as follows:

• An occupational therapy assistant who has less than one year of work experience or who is entering new practice environments or developing new skills must receive a minimum of 5 percent on-site face-to-face supervision from a registered occupational therapist per month. On-site supervision consists of direct, face-to-face collaboration in which the supervisor must be on the premises. The remaining work hours must be supervised by a combination of telephone, electronic communication, telecommunication technology, or face-to-face consultation.

• An occupational therapy assistant with more than one year of experience in current practice must have a minimum of 5 percent direct supervision from a registered occupational therapist per month. The 5 percent direct supervision must consist of 2 percent direct, face-to-face collaboration. The remaining 3 percent of supervision must be a combination of telephone, electronic communication, telecommunication technology, or face-to-face consultation. The remaining work hours must be supervised in varying patterns as determined by the demands of the areas of service and the competency of the individual assistant.

Iowa: Rules of the Iowa Board of Physical and Occupational Therapy specify the requirements for supervision of an occupational therapy assistant (645 IAC 206.8). The rules provide that a licensed occupational therapist may provide on-site supervision or supervision by telecommunication of an occupational therapy assistant, as long as the supervising occupational therapist participates in treatment. Participation in treatment must include direct face-to-face patient contact every twelfth visit or 60 calendar days, whichever comes first, for all patients regardless of setting.

Michigan: Rules of the Michigan Department of Licensing and Regulatory Affairs specify the requirements for supervision of an occupational therapy assistant (Mich Admin Code, R 338.1229). The rules provide that an occupational therapist who delegates limited assessments, tasks, or interventions to an occupational therapy assistant must determine and provide the appropriate level of supervision. The appropriate level of supervision must be determined based on the occupational therapy assistant’s education, training, and experience and includes general supervision or direct supervision.

“General supervision” means that the occupational therapist is not required to be physically present on site, but shall be continuously available at the time the limited assessment, task, or intervention is performed. Continuously available includes availability by telecommunication or other electronic device.

“Direct supervision” means that the occupational therapist is physically present with the occupational therapy assistant or immediately available for direction and onsite supervision at the time the limited assessment, task, or intervention is performed, and that the occupational therapist has direct contact in the physical presence of the patient or client during each visit.

Minnesota: The Minnesota Statutes specify the requirements for supervision of an occupational therapy assistant (Minnesota Statutes 2017, section 148.6432). The statutes provide that an occupational therapist must determine the frequency and manner of supervision of an occupational therapy assistant performing delegated treatment procedures based on the condition of the patient or client, the complexity of the treatment procedure, and the proficiencies of the occupational therapy assistant. Face-to-face collaboration between the occupational therapist and the occupational therapy assistant must occur, at a minimum, every two weeks, during which time the occupational therapist is responsible for all of the following:
• Planning and documenting an initial treatment plan and discharge from treatment.
• Reviewing treatment goals, therapy programs, and client progress.
• Supervising changes in the treatment plan.
• Conducting or observing treatment procedures for selected clients and documenting appropriateness of treatment procedures.
• Ensuring the service competency of the occupational therapy assistant in performing delegated treatment procedures.

1. This form should be attached to any documents submitted to the agenda.  
2. Post Agenda Deadline items must be authorized by a Supervisor and the Policy Development Executive Director.  
3. If necessary, provide original documents needing Board Chairperson signature to the Bureau Assistant prior to the start of a meeting.
Analysis of Monitored Prescription Drug Dispensings: MD/DO/PA

Prepared for:
Medical Examining Board October 2018 Meeting

The following report, prepared by the Wisconsin Department of Safety and Professional Services, is being provided as the result of the Controlled Substances Board Workgroup’s effort to identify potentially suspicious or critically dangerous conduct or practices of a practitioner prescribing monitored prescription drugs. An initial report provided to the Medical Examining Board in August of 2018 did not include PAs in the analysis. This amended report includes 2,581 PAs in the MD/DO analysis.

Unless otherwise stated, the data in the report covers dispensing data submitted to the Wisconsin Prescription Drug Monitoring Program (PDMP) from December 1, 2017 – May 31, 2018.

Section 3: Pain Management Specialty Detail

MD/DO/PA opioid prescribers with Pain Management specialty, n = 132. State truncated mean for specialty = 120.1 prescriptions/month. State median for specialty = 45.8 prescriptions/month.
**NOTE:** Including PAs in the analysis impacts the statewide comparison within specialty that was included in the August 2018 report. The table below summarizes the impact when PAs are included in the statewide analysis for Pain Management, and the tables on the following pages provide additional detail on the 7 PAs listed above.

AGENDA REQUEST FORM

1) Name and Title of Person Submitting the Request:  
Re-Entry to Practice Committee

2) Date When Request Submitted:  
9/28/2018

Items will be considered late if submitted after 4:30 p.m. and less than:
- 10 work days before the meeting for Medical Board
- 14 work days before the meeting for all others

3) Name of Board, Committee, Council, Sections:  
Medical Examining Board

4) Meeting Date:  
10/17/2018

5) Attachments:  
\[ \begin{array}{c}
\text{Yes} \\
\times \\
\text{No}
\end{array} \]

6) How should the item be titled on the agenda page?  
Recommendations from 9/19/18 Re-Entry to Practice Committee for full Board Consideration

7) Place Item in:  
\[ \begin{array}{c}
\times \text{ Open Session} \\
\text{Closed Session} \\
\text{Both}
\end{array} \]

8) Is an appearance before the Board being scheduled?  
If yes, who is appearing?  
\[ \text{No} \]

9) Name of Case Advisor(s), if required:

10) Describe the issue and action that should be addressed:

The Re-Entry to Practice Committee submits the following recommendations to the full Board for consideration:

**MOTION:** David Bryce moved, seconded by Rodney Erickson, to recommend that the Board initiate legislation to reduce the late renewal time period specified in 440.08(3)(b), from 5 years to 1 year. Motion carried unanimously.

**MOTION:** Mary Jo Capodice moved, seconded by David Bryce, to check in with the Board regarding future directions for the Re-Entry to Practice Committee. Motion carried unanimously.

11) Authorization

# AGENDA REQUEST FORM

1) Name and Title of Person Submitting the Request: Kimberly Wood, Program Assistant Supervisor Adv.

2) Date When Request Submitted: 10/1/2018

Items will be considered late if submitted after 12:00 p.m. on the deadline date which is 8 business days before the meeting.

3) Name of Board, Committee, Council, Sections: Medical Examining Board

4) Meeting Date: 10/17/2018

5) Attachments: Yes ☐ No ☐

6) How should the item be titled on the agenda page?
   Appointments, Reappointments, Confirmations and Committee, Panel Liaison and Mentor Appointments
   - Consideration of Lois Connolly, M.D., for Reappointment as an Anesthesiologist Member on the Council on Anesthesiologist Assistants

7) Place Item in: Open Session ☑ Closed Session ☐

8) Is an appearance before the Board being scheduled? Yes ☐ No ☑

9) Name of Case Advisor(s), if required:

10) Describe the issue and action that should be addressed:

    The Board should review the information below and attached materials and consider whether to reappoint Lois Connolly, M.D., as an Anesthesiologist Member on the Council on Anesthesiologist Assistants. Should the Board choose to reappoint Lois Connolly, see the standard motion language:

    Motion Language: ___ moved, seconded by___, to reappoint Lois Connolly, M.D., to the Council on Anesthesiologists Assistants as an Anesthesiologist member, for a term to expire on 7/1/2021.

11) Authorization

    **Kimberly Wood**

    Signature of person making this request

    Date

    Supervisor (if required)

    Date

    Executive Director signature (indicates approval to add post agenda deadline item to agenda)

    Date

Directions for including supporting documents:

1. This form should be attached to any documents submitted to the agenda.
2. Post Agenda Deadline items must be authorized by a Supervisor and the Policy Development Executive Director.
3. If necessary, provide original documents needing Board Chairperson signature to the Bureau Assistant prior to the start of a meeting.
CURRICULUM VITAE

Lois Ann Connolly, M.D., FASA™
Professor of Anesthesiology
Froedtert Hospital/Medical College of Wisconsin
Milwaukee, WI 53226

HOME ADDRESS:  
Waukesha, WI

OFFICE ADDRESS:  
Froedtert Memorial Lutheran Hospital
Department of Anesthesiology
9200 West Wisconsin Avenue
Milwaukee, WI 53226
Phone:
FAX:

12/2004 – 2009 Alternate, Peer Review Committee

Identifies, reviews, and acts to change behaviors or practices of MCW faculty physicians that fall below the Medical College’s expectations of professional excellence in patient care or performance of research involving human subjects.

2004-2008 Alternate, Faculty Council, Medical College of Wisconsin

2008- 2011 Member- Faculty Council, Medical College of Wisconsin

2014-2017 Member- Dean’s Appointee

2007 -2008 Search Committee for Chairman

Department of Obstetrics and Gynecology

2010- present Disclosure Champion

MCP Champion for the Department of Anesthesiology on Disclosure of adverse events to patients-

2014-2016 Medical College Physicians(MCP) Compensation Committee

Identify best practices in MCP compensation, review practice trends, alignment and compliance of departmental compensation plans with MCP guidelines, review future payment models.

2016-2018 MCP Compensation, Recruitment and Retention Committee (previously MCP Compensation Committee).

To make recommendations to the MCP Board on practice-wide principles of compensation that are appropriate to our local market and similar AMCs; are consistent with both institutional guidelines and with current and future payment models such as value-for-service and pay-for-performance; and rewards and incentivizes the outcomes we aspire to attain. To review the alignment of departmental compensation plans with MCP guidelines and provide guidance for compliance with MCW compensation policies.

To make recommendations to the MCP Board on practice-wide principles of clinical engagement that maximize engagement across our clinical faculty and staff. These principles must enhance and maximize retention of faculty and staff, and provide an environment that facilitates faculty and staff recruitment of diverse and talented individuals. In addition, these principles of engagement must support faculty and staff talent
development, encourage a smooth onboarding process, and help create a culture that is attractive to faculty and staff candidates that are being recruited.

2014-2017  Member-MCW Faculty Development Champion
Lead faculty development initiatives from MCW to department of Anesthesiology

2016-present Member- MCW Presidents APP Task Force

**Froedtert Hospital Committees:**

- **1989-1992** Instructor, ACLS
- **1993-1996** Member, Quality Assurance Committee
- **1997-1998** Member, Operating Room Committee
- **1997-2000** Obesity Group Committee Member
  
  This committee consists of multidiscipline professions who prescreens, evaluates and directs care of morbidly obese individuals who presents for care at Froedtert Memorial Lutheran Hospital

- **2004 – present** Anesthesiology Consultant, Center of Excellence in Bariatric Surgery
- **1998- 2013** Member, Operating Room Management Group and Surgical Services Committee
  
  This management group is responsible for the daily administrative decisions, schedules and budget for the operating rooms at Froedtert Memorial Lutheran Hospital.

- **1999-2009** Member, Transfusion Committee
  
  This committee reviews and recommends transfusion practices based on recommendations through the Southeastern Blood Bank for Froedtert Memorial Lutheran Hospital.
1999-2000  Member, Conscious Sedation Committee

2014- 2015  Ad Hoc member, Deep Sedation Initiative

2003  
**Member, Orthopedic Initiative Group**

This group, consisting of FH support services as well as Anesthesiology, focused on optimizing services to the Orthopedic Surgical Patient. Strategize on “best practices” which lead to identification of Regional Anesthesia and Acute Pain Management team and recruitment of Anesthesiologists who specialize in regional techniques and identification of Orthopedic Anesthesiology Director.

2003- current  Member, Trauma Committee

2004-2009  
**Member, First Case Starts Committee**

A Six Sigma multidiscipline effort to increase on time starts of first case. Baseline on-time start of first cases started at 43%. After evaluation and intervention our current on time starts are consistently >80%.

2006-present  
**Member, Hospital Advisory Committee**

The Hospital Advisory Committee is responsible for providing a means whereby problems of a clinical administrative nature may be discussed between the Medical Staff and the Hospital Administration.

2007-2013  
Member, Supply, Evaluation and Acquisition Committee: Surgical Services Subgroup

SEAC role is to provide oversight and justification to all product additions and changes at Froedtert Hospital and develop a medical supply formulary through standardization efforts. My role is to encourage staff to look at standardization opportunities and support policy that no decisions can be made without data within Surgical Services as well as approve new acquisitions and product changes within Surgical Services.

2007- 2009 2013  
**Facilitator, Obstructive Sleep Apnea Initiative at Froedtert Hospital**

Along with Dr. Tucker Woodson (ENT and Sleep Lab Director) and Dr. Rose Franco (Pulmonary Medicine) develop an algorithm to screen patients admitted to Froedtert Hospital for obstructive sleep apnea. Develop a hospital wide policy to increase awareness of potential consequences of apnea and development of treatment plan for OSA patients.
2007-2008  Member, Interventional/Operative/Imaging Services

Provide anesthesia services input into Froedtert Hospital master facilities plan. Explore and develop an integrated and flexible space within OR Services for interventional/operative/imaging services.

2007-2010  Member, Nominated At- Large

**Medical Executive Committee**

Review and provide input into Froedtert Hospital Policies and Procedures as related to Medical Staff, review hospital wide agendas.

Effectively and efficiently manage the design, measurement, and improvement of the surgical patient flow process in accordance with the strategic direction and goals for Froedtert Hospital and the Medical College of Wisconsin.

2011-2013  Subspecialty Team Leader:

Hepatobiliary/Oncology Surgery

2012 - present  **EPIC Optime - Epic Anesthesia Design group:**

Roll out: Superuser Team – roll out August 2012

Steering Committee Member

Epic Anesthesia Workgroup

2012-2016  **Facilities Planning FH OR**

- Hybrid OR#5 (2013)
- Neuro IR Suite (2013)
- Cardiovascular Hybrid OR and Robotic Room (2013)
- OR Expansion – (2014)
  Relocating all OR into a single platform with Interventional and Cardiovascular Services.
  Center for Advanced Care (CFAC) Schematic Design and Staging
  Interventional and Surgical Integrative Platform (ISIP) design and evaluation (2014-present)

**Department of Anesthesiology Committees:**

1990-2017  Member, Clinical Competence Committee

1993-1996  Member, Quality Assurance Committee

08/2005-9/2008  **Chair, Quality Assurance Committee**

9/2008- present  **Member Quality Assurance Committee**

1993-1994, Coordinator, Morbidity and Mortality Conferences
