   21. Appearances from Requests Received or Renewed

P. Consulting with Legal Counsel

RECONVENE TO OPEN SESSION IMMEDIATELY FOLLOWING CLOSED SESSION

Q. Vote on Items Considered or Deliberated Upon in Closed Session, if Voting is Appropriate

R. Board Meeting Process (Time Allocation, Agenda Items) – Discussion and Consideration
   1. Newsletter Review

S. Board Strategic Planning and its Mission, Vision and Values – Discussion and Consideration

ADJOURNMENT

NEXT MEETING DATE: JUNE 14, 2018

******************************************************************************

MEETINGS AND HEARINGS ARE OPEN TO THE PUBLIC, AND MAY BE CANCELLED
WITHOUT NOTICE.

Times listed for meeting items are approximate and depend on the length of discussion and voting. All meetings
are held at 1400 East Washington Avenue, Madison, Wisconsin, unless otherwise noted. In order to confirm a
meeting or to request a complete copy of the board’s agenda, please call the listed contact person. The board may
also consider materials or items filed after the transmission of this notice. Times listed for the commencement of
disciplinary hearings may be changed by the examiner for the convenience of the parties. Interpreters for the hearing
impaired provided upon request by contacting the Affirmative Action Officer, 608-266-2112.
BOARD OF NURSING
MEETING MINUTES
April 12, 2018

PRESENT: Paul Abegglen, Sheryl Krause, Lillian Nolan, Luann Skarlupka, Elizabeth Smith-Houskamp, Cheryl Streeter, Pamela White, Peter Kallio

EXCUSED: Jennifer Eklof

STAFF: Dan Williams, Executive Director; Sharon Henes, Administrative Rules Coordinator; Kimberly Wood, Program Assistant Supervisor-Adv.; Kate Stolarzyk, Bureau Assistant; and other DSPS Staff

CALL TO ORDER

Sheryl Krause called the meeting to order at 8:07 a.m. A quorum of eight (8) members was confirmed.

ADOPTION OF THE AGENDA

Amendments to the Agenda

• Under item “M. Deliberation on Division of Legal Services and Compliance (DLSC) Matters”
  o Under item “1) Attorney Amanda Florek; a. Stipulations and Final Decisions and Orders” ADD:
    ▪ “16 NUR 472 – Jessica M. Wolf, R.N.”
    ▪ “14 NUR 383 – Lisa C. Hofschulz, R.N.”
  o After item “3) Attorney Alicia Nall” ADD:
    ▪ “Attorney Gretchen Mrozinski; a. 16 NUR 388 – Jamie M. Kebelowsky, R.N.”
• After item “N. Deliberation on Proposed Final Decisions and Orders” ADD:
  o “Credentialing Matters; a. David Lenninger – Credentialing Renewal CIB Review”

MOTION: Luann Skarlupka moved, seconded by Peter Kallio, to adopt the agenda as amended. Motion carried unanimously.
APPROVAL OF MINUTES OF MARCH 19, 2018

Amendments to the Minutes

- All pages of the Minutes: Correct “LuAnn” to “Luann” throughout the minute draft.
- Page 2 of the Minutes: Change the wording after the first motion on the page from “At this time, all external communication contacts will be terminated for purposes of going into Closed Session.” to “(Be advised that any recusals or abstentions reflected in the closed session motions stand for the purposes of the affirmation vote.)”
- Correct the spelling of the word “against” and remove the apostrophe after the word “unanimously” in the closed session Proposed Stipulation and Interim Order motion for DLCS Case Number 18 NUR 082.

MOTION: Luann Skarlupka moved, seconded by Peter Kallio, to approve the minutes of March 19, 2018 as amended. Motion carried unanimously.

DIVISION OF LEGAL SERVICES AND COMPLIANCE (DLSC) ANNUAL REPORT

Board of Nursing Annual Report

MOTION: Peter Kallio moved, seconded by Pamela White, that the Board requests a 2019 five-year summary report. Motion carried unanimously.

EDUCATION AND EXAMINATION MATTERS

Herzing University, Brookfield - Request for Authorization to Admit

MOTION: Peter Kallio moved, seconded by Cheryl Streeter, to acknowledge and thank Dr. Deborah Ziebarth, Dr. Stephen McEvoy, and Dr. Patricia Edwards from Herzing University, Brookfield for their appearance before the Board. Motion carried unanimously.

MOTION: Peter Kallio moved, seconded by Elizabeth Smith-Houskamp, to table the request for authorization to admit students into the Licensed Practical Nursing Program at Herzing University-Brookfield, and to request additional information regarding the memoranda of understanding with clinical partnerships and timeline clarification. Motion carried unanimously.

Out-of-State School of Nursing Approval Update

MOTION: Luann Skarlupka moved, seconded by Pamela White, to request DSPS staff draft a Scope Statement revising N 1.06, relating to continued approval of out-of-state schools. Motion carried unanimously.
LEGISLATIVE/ADMINISTRATIVE RULE MATTERS

N 8, Relating to Collaboration with Dentists

MOTION: Luann Skarlupka moved, seconded by Peter Kallio, to approve the emergency rule for N 8, relating to advance practice nurse prescribers’ collaboration with dentists, for emergency rule submission to the governor, publication in an official newspaper and for the permanent rule posting of economic impact comments and submission to the Clearinghouse. Motion carried unanimously.

Possible Scope Amending N 8 to Clarify Advanced Practice Nurse Prescribers May Not Supervise Anesthesiologist Assistants

MOTION: Peter Kallio moved, seconded by Luann Skarlupka, to acknowledge and thank Debra Dahlke, CRNA and Jim Albrecht, CRNA for their appearance before the Board. Motion carried unanimously.

NATIONAL COUNCIL OF STATE BOARDS OF NURSING (NCSBN) ITEMS

Update as to Online Nursing Course

MOTION: Luann Skarlupka moved, seconded by Elizabeth Smith-Houskamp, to create an Ad Hoc workgroup on the Nurse Practice Act Education consisting of the following members Pamela White, Peter Kallio, Sheryl Krause and Luann Skarlupka. Motion carried unanimously.

SPEAKING ENGAGEMENTS, TRAVEL, OR PUBLIC RELATIONS REQUESTS

MOTION: Peter Kallio moved, seconded by Luann Skarlupka, to authorize Sheryl Krause to speak to the Administrators of Nursing Education of Wisconsin (ANEW) on behalf of the Board. Motion carried unanimously.

Speaking Engagement Request for Sheryl Krause to Speak at the Wisconsin Nurses Association (WNA) 32nd Annual APRN Pharmacology and Clinical Update Conference – April 26 & 27, 2018 – Madison, WI

MOTION: Elizabeth Smith-Houskamp moved, seconded by Peter Kallio, to designate Sheryl Krause to speak on the Board’s behalf at the WNA 32nd Annual APRN Pharmacology and Clinical Update Conference on April 26 & 27, 2018 in Madison, WI, and to authorize travel. Motion carried unanimously.

CLOSED SESSION

MOTION: Peter Kallio moved, seconded by Cheryl Streeter, to convene to closed session to deliberate on cases following hearing (s. 19.85(1)(a), Stats.); to consider licensure or certification of individuals (s. 19.85 (1)(b), Stats.); to consider closing disciplinary investigation with administrative warning (ss.19.85(1)(b), Stats. and 440.205, Stats.); to consider individual histories or disciplinary data (s. 19.85 (1)(f), Stats.); and, to confer with legal counsel (s.19.85(1)(g),

Board of Nursing
Meeting Minutes
April 12, 2018
Page 3 of 9
Stats.). Sheryl Krause, Chair, read the language of the motion. The vote of each member was ascertained by voice vote. Roll Call Vote: Paul Abegglen-yes; Peter Kallio-yes; Sheryl Krause-yes; Lillian Nolan-yes; Luann Skarlupka-yes; Elizabeth Smith-Houskamp-yes; Cheryl Streeter-yes; Pamela White-yes. Motion carried unanimously.

The Board convened into Closed Session at 11:04 a.m.

**RECONVENE TO OPEN SESSION**

**MOTION:** Paul Abegglen moved, seconded by Peter Kallio, to reconvene into Open Session. Motion carried unanimously.

The Board reconvened into Open Session at 3:22 p.m.

**VOTING ON ITEMS CONSIDERED OR DELIBERATED ON IN CLOSED SESSION**

**MOTION:** Paul Abegglen moved, seconded by Peter Kallio, to affirm all motions made and votes taken in closed session. Motion carried unanimously.

*(Be advised that any recusals or abstentions reflected in the closed session motions stand for the purposes of the affirmation vote.)*

**DIVISION OF LEGAL SERVICES AND COMPLIANCE (DLSC) MATTERS**

**Attorney Amanda Florek**

*Stipulations and Final Decisions and Orders*

**14 NUR 383 – Lisa C. Hofschulz, R.N.**

**MOTION:** Paul Abegglen moved, seconded by Pamela White, to adopt the Findings of Fact, Conclusions of Law and Order in the matter of disciplinary proceedings against Lisa C. Hofschulz, R.N., DLSC Case Number 14 NUR 383. Motion carried unanimously.

**16 NUR 472 – Jessica M. Wolf, R.N.**

**MOTION:** Paul Abegglen moved, seconded by Pamela White, to adopt the Findings of Fact, Conclusions of Law and Order in the matter of disciplinary proceedings against Jessica M. Wolf, R.N., DLSC Case Number 16 NUR 472. Motion carried unanimously.

**16 NUR 602 – Barbara M. Carpenter, R.N.**

**MOTION:** Paul Abegglen moved, seconded by Pamela White, to adopt the Findings of Fact, Conclusions of Law and Order in the matter of disciplinary proceedings against Barbara M. Carpenter, R.N., DLSC Case Number 16 NUR 602. Motion carried unanimously.
**17 NUR 475 – Debra J. Krueger, R.N.**

**MOTION:** Paul Abegglen moved, seconded by Pamela White, to adopt the Findings of Fact, Conclusions of Law and Order in the matter of disciplinary proceedings against Debra J. Krueger, R.N., DLSC Case Number 17 NUR 475. Motion carried unanimously.

**18 NUR 067 – Jonathan L. Long, R.N.**

**MOTION:** Luann Skarlupka moved, seconded by Cheryl Streeter, to reject the Findings of Fact, Conclusions of Law and Order in the matter of disciplinary proceedings against Jonathan L. Long, R.N., DLSC Case Number 18 NUR 067. Motion carried unanimously.

**Attorney Kim Kluck**

**Administrative Warnings**

**16 NUR 615 – N.M.C.**

**MOTION:** Paul Abegglen moved, seconded by Pamela White, to issue an Administrative Warning in the matter of 16 NUR 615 (N.M.C). Motion carried unanimously.

**Stipulations and Final Decisions and Orders**

**16 NUR 395 – Deborah R. Grossbier, L.P.N.**

**MOTION:** Paul Abegglen moved, seconded by Cheryl Streeter, to reject the Findings of Fact, Conclusions of Law and Order in the matter of disciplinary proceedings against Deborah R. Grossbier, L.P.N., DLSC Case Number 16 NUR 395. Motion carried unanimously.

**Attorney Alicia Nall**

**Stipulations and Final Decisions and Orders**

**17 NUR 309 – Ray D. Summar, R.N.**

**MOTION:** Paul Abegglen moved, seconded by Pamela White, to adopt the Findings of Fact, Conclusions of Law and Order in the matter of disciplinary proceedings against Ray D. Summar, R.N., DLSC Case Number 17 NUR 309. Motion carried unanimously.
**Attorney Gretchen Mrozinski**

**Stipulations and Final Decisions and Orders**

**16 NUR 388 – Jamie M. Kebelowsky, R.N.**

**MOTION:** Paul Abegglen moved, seconded by Pamela White, to adopt the Findings of Fact, Conclusions of Law and Order in the matter of disciplinary proceedings against Jamie M. Kebelowsky, R.N., DLSC Case Number 16 NUR 388. Motion carried unanimously.

**Case Closures**

**MOTION:** Paul Abegglen moved, seconded by Pamela White, to close the DLSC cases for the reasons outlined below:

1. 16 NUR 423 – G.B. – Prosecutorial Discretion (P2)
2. 16 NUR 427 – S.N. – Insufficient Evidence
3. 16 NUR 496 – K.S. – Insufficient Evidence
4. 16 NUR 612 – J.S. – Insufficient Evidence
5. 16 NUR 630 – B.W. – Insufficient Evidence
6. 16 NUR 692 – J.H. – Insufficient Evidence
7. 16 NUR 763 – K.D. – Prosecutorial Discretion (P2)
8. 17 NUR 002 – K.B. – Prosecutorial Discretion (P5-Flag)
10. 17 NUR 180 – C.Z. – Prosecutorial Discretion (P5-Flag)
11. 17 NUR 183 – M.M. – No Violation
12. 17 NUR 211 – J.F. – Insufficient Evidence
13. 17 NUR 267 – M.N. – Prosecutorial Discretion (P2)
14. 17 NUR 294 – A.Y. – Prosecutorial Discretion (P2)
15. 17 NUR 345 – L.M. – Insufficient Evidence
16. 17 NUR 349 – D.B. – Insufficient Evidence
17. 17 NUR 372 – A.O. – Insufficient Evidence
18. 17 NUR 379 – D.L. – Prosecutorial Discretion (P6)
21. 17 NUR 492 – S.F. – Prosecutorial Discretion (P7)
22. 17 NUR 513 – P.W. – No Violation
23. 17 NUR 555 – C.L. and M.V. – No Violation
24. 17 NUR 582 – J.J. – No Violation
25. 17 NUR 651 – N.G. – Prosecutorial Discretion (P5-Flag)
26. 17 NUR 672 – S.M. – No Violation
27. 17 NUR 707 – L.T. – No Violation
28. 17 NUR 715 – M.B. – Insufficient Evidence
29. 18 NUR 052 – T.P. – Prosecutorial Discretion (P7)
30. 18 NUR 092 – S.L. – No Violation

Motion carried unanimously.
Monitoring

Department Monitor Jesse Benisch

_Amanda Addison, R.N., A.P.N.P. – Requesting Full Licensure_

MOTION: Peter Kallio moved, seconded by Pamela White, to grant the request of Amanda Addison, R.N., A.P.N.P. for full licensure. Motion carried unanimously.

_Brian Bailey, L.P.N. – Requesting Full Licensure_

MOTION: Peter Kallio moved, seconded by Lillian Nolan, to grant the request of Brian Bailey, L.P.N. for full licensure. Motion carried unanimously.

Department Monitor Zoua Cha

_Corrine Ahrens, R.N. – Requesting Full Licensure_

MOTION: Elizabeth Smith-Houskamp moved, seconded by Lillian Nolan, to deny the request of Corrine Ahrens, R.N. for full licensure. **Reason for Denial:** Failure to demonstrate continuous and successful compliance (i.e. missed check-ins and missed tests). Respondent needs to fully comply with the complete terms and conditions of the original Board Order (3/10/2016). The Board recommends Respondent demonstrate 6 months of complete and continuous successful compliance with all of the terms of the Order before considering further petitions for modification or termination. Motion carried unanimously.

_Samantha Schlesner, R.N. – Requesting Full Licensure_

MOTION: Peter Kallio moved, seconded by Lillian Nolan, to deny the request of Samantha Schlesner, R.N. for full licensure. Instead, the Board grants a reduction in screens to 20 urine tests and 1 hair test per year. **Reason for Denial:** Respondent needs to practice nursing under the conditions of the modified Board Order before the Board will consider amending other requirements. Motion carried unanimously.

Department Monitor Erin Graf

_Matthew Elliott, R.N. – Requesting Full Licensure_

MOTION: Cheryl Streeter moved, seconded by Peter Kallio, to grant the request of Matthew Elliott, R.N. for full licensure. Motion carried unanimously.
Matthew Heather, R.N. – Review of AODA Assessment

MOTION: Elizabeth Smith-Houskamp moved, seconded by Pamela White, to acknowledge completion of the terms of the Board Order (12/14/2017) for Matthew Heather, R.N. and to reinstate full licensure. Motion carried unanimously.

DELIBERATION ON PROPOSED FINAL DECISIONS AND ORDERS

James R. Campbell, R.N., Respondent (DHA Case Number SPS-17-0030/DLSC Case Number 16 NUR 363)

MOTION: Paul Abegglen moved, seconded by Elizabeth Smith-Houskamp, to adopt the proposed Findings of Fact and Conclusions of Law and Order in the matter of disciplinary proceedings against James R. Campbell, R.N., Respondent (DHA Case Number SPS-17-0030/DLSC Case Number 16 NUR 363) with the following variance: The Board finds that because respondent’s credential expired February 28, 2018, the appropriate discipline is to indefinitely suspend his right to renew. Motion carried.

MOTION: Paul Abegglen moved, seconded by Elizabeth Smith-Houskamp, to designate Peter Kallio to review, approve and sign the order with variance in the matter of disciplinary proceedings against James R. Campbell, R.N., Respondent (DHA Case Number SPS-17-0030/DLSC Case Number 16 NUR 363). Motion carried.

(Sheryl Krause recused herself and left the room for deliberation and voting in the matter concerning James R. Campbell, R.N., Respondent (DHA Case Number SPS-17-0030/DLSC Case Number 16 NUR 363). Peter Kallio chaired the meeting for deliberation and voting in this matter.)

Timothy M. Dubois, R.N., Respondent (DHA Case Number SPS-17-0031/DLSC Case Numbers 16 NUR 633 and 17 NUR 435)

MOTION: Paul Abegglen moved, seconded by Elizabeth Smith-Houskamp, to adopt the proposed Findings of Fact and Conclusions of Law and Order in the matter of disciplinary proceedings against Timothy M. Dubois, R.N., Respondent (DHA Case Numbers SPS-17-0031/DLSC Case Number 16 NUR 633 and 17 NUR 435) with the following variance: The Board finds that because respondent’s credential expired February 28, 2018, the appropriate discipline is to indefinitely suspend his right to renew. Motion carried.

MOTION: Paul Abegglen moved, seconded by Elizabeth Smith-Houskamp, to designate Peter Kallio to review, approve and sign the order with variance in the matter of disciplinary proceedings against Timothy M. Dubois, R.N., Respondent (DHA Case Number SPS-17-0031/DLSC Case Numbers 16 NUR 633 and 17 NUR 435). Motion carried.
(Sheryl Krause recused herself and left the room for deliberation and voting in the matter concerning Timothy M. Dubois, R.N., Respondent (DHA Case Number SPS-17-0031/DLSC Case Numbers 16 NUR 633 and 17 NUR 435). Peter Kallio chaired the meeting for deliberation and voting in this matter.)

CREDENTIALING MATTERS

David Lenninger – Credentialing Renewal CIB Review

MOTION: Paul Abegglen moved, seconded by Elizabeth Smith-Houskamp, to deny the Registered Nurse renewal application of David Lenninger. **Reason for Denial**: Denial of full licensure per Wis. Stat. §§ 441.07(1g)(b), 441.07(1g)(d) and 440.08(4), and Wis. Admin. Code § N 7.03(2). Motion carried unanimously.

ADJOURNMENT

MOTION: Paul Abegglen moved, seconded by Peter Kallio, to adjourn the meeting. Motion carried unanimously.

The meeting adjourned at 3:39 p.m.
BOARD OF NURSING
TELECONFERENCE/VIRTUAL MEETING MINUTES
April 20, 2018

PRESENT: Paul Abegglen, Jennifer Eklof (arrived at 8:03 a.m.), Peter Kallio, Sheryl Krause, Lillian Nolan, Luann Skarlupka, and Pamela White

EXCUSED: Elizabeth Smith-Houskamp and Cheryl Streeter

STAFF: Dan Williams, Executive Director; Sharon Henes, Administrative Rules Coordinator; Kate Stolarzyk, Bureau Assistant; and other DSPS Staff

CALL TO ORDER
Sheryl Krause called the meeting to order at 8:03a.m. A quorum of six (6) members was confirmed.

ADOPTION OF THE AGENDA

Amendments to the Agenda
- Under item “C. Legislative/Administrative Rule Matters – Discussion and Consideration”
  ADD:
  0 “Germane Modification to CR 17-095 Relating to Curriculum and Clinicals”

MOTION: Luann Skarlupka moved, seconded by Peter Kallio, to adopt the agenda as amended. Motion carried unanimously.

(Jennifer Eklof arrived at 8:03 a.m.)

LEGISLATIVE/ADMINISTRATIVE RULE MATTERS

Germane Modification to CR 17-096 Relating to School Approval

MOTION: Luann Skarlupka moved, seconded by Pamela White, to approve the Germane Modification to Clearinghouse Rule 17-096 relating to school approval for submission to the Legislature. Motion carried unanimously.

MOTION: Luann Skarlupka moved, seconded by Peter Kallio, to acknowledge the recent conversations Board Chair has had with representatives of Administrators of Nursing Education in Wisconsin (ANEW) regarding their concerns related to requirements in CR 17-096 for faculty teaching graduate level courses. These concerns were not brought to Board's attention during rule development over the past year or at the Public Hearing on N1 on January 11, 2018. Motion carried unanimously.

ADJOURNMENT

MOTION: Luann Skarlupka moved, seconded by Peter Kallio, to adjourn the meeting. Motion carried unanimously.

The meeting adjourned at 8:24 a.m.
**AGENDA REQUEST FORM**

1) Name and Title of Person Submitting the Request: Andrea Magermans

2) Date When Request Submitted: 04/30/2018

   Items will be considered late if submitted after 12:00 p.m. on the deadline date which is 8 business days before the meeting.

3) Name of Board, Committee, Council, Sections: Board of Nursing

4) Meeting Date: 05/10/18

5) Attachments: Yes □ No

6) How should the item be titled on the agenda page?

   Prescription Drug Monitoring Program (PDMP) Update – Discussion and Consideration

7) Place Item in: Open Session □ Closed Session

8) Is an appearance before the Board being scheduled?

   Yes, by PDMP Staff □ No

9) Name of Case Advisor(s), if required:

10) Describe the issue and action that should be addressed:

   1. PDMP Update
   2. Discussion of criteria for CSB/PDMP Referrals, based on the following motions from 3/9/18 CSB meeting:

   **Discussion of Disclosures of PDMP Data to Relevant Boards Under CSB 4.15(5)**

   **MOTION:** Leonardo Huck moved, seconded by Yvonne Bellay, to create a Work Group of Peter Kallio, Timothy Westlake, Doug Englebert, and Philip Trapskin to develop criteria for analyzing prescribing and dispensing practices that should be brought to the Board’s attention. Motion carried unanimously.

   **MOTION:** Peter Kallio moved, seconded by Yvonne Bellay, to request that the Department place an appearance by PDMP staff for the following Boards at their next meeting: Board of Nursing, Medical Examining Board, Dentistry Examining Board, Optometry Examining Board, Podiatry Affiliated Credentialing Board and Pharmacy Examining Board. Motion carried unanimously.

11) Authorization

   Signature of person making this request: Andrea Magermans 4/30/18

   Supervisor (if required)  

   Executive Director signature (indicates approval to add post agenda deadline item to agenda)  

Directions for including supporting documents:

1. This form should be attached to any documents submitted to the agenda.
2. Post Agenda Deadline items must be authorized by a Supervisor and the Policy Development Executive Director.
3. If necessary, provide original documents needing Board Chairperson signature to the Bureau Assistant prior to the start of a meeting.

Revised 12/2016
CSB 4.15 Disclosure of suspicious or critically dangerous conduct or practices.

(1) The board may review dispensing data, monitored prescription drug history reports, PDMP data, and data compiled pursuant to s. CSB 4.12 to determine whether circumstances indicate suspicious or critically dangerous conduct or practices of a pharmacist, pharmacy, practitioner, or patient.

(2) The board may include any of the following factors when determining whether circumstances indicate suspicious or critically dangerous conduct or practices of a pharmacist or pharmacy:

(a) The pharmacist or pharmacy’s monitored prescription drug dispensing practices deviate from accepted pharmacist or pharmacy practices.

(b) There are unusual patterns in the payment methodology used by patients to whom monitored prescription drugs are dispensed by the pharmacist or pharmacy.

(c) The history of actions taken against the pharmacist or pharmacy by other state agencies, agencies of another state, or law enforcement.

(d) The type and number of monitored prescription drugs dispensed by the pharmacist or at the pharmacy.

(e) The pharmacist or pharmacy has dispensed forged prescription orders for a monitored prescription drug.

(f) The distance patients travel to have monitored prescription drugs dispensed at the pharmacy.

(g) The number of patients dispensed monitored prescription drugs at the pharmacy or by the pharmacist who satisfy any of the criteria identified in sub. (4).

(3) The board may include any of the following factors when determining whether circumstances indicate suspicious or critically dangerous conduct or practices of a practitioner:

(a) The practitioner’s monitored prescription drug prescribing practices deviate from accepted prescribing practices.

(b) The practitioner prescribes potentially dangerous combinations of monitored prescription drugs to the same patient.

(c) The type and number of monitored prescription drugs prescribed by the practitioner.

(d) The history of actions taken against the practitioner by other state agencies, agencies of another state, or law enforcement.

(e) The distance patients travel to obtain monitored prescription drug prescriptions from the practitioner.

(f) The number of patients to whom the practitioner prescribed a monitored prescription who satisfy any of the criteria identified in sub. (4).

(4) The board may include any of the following factors when determining whether circumstances indicate suspicious or critically dangerous conduct or practices of a patient:

(a) The number of practitioners from whom the patient has obtained a prescription for a monitored prescription drug.

(b) The number of pharmacies from where the patient was dispensed a monitored prescription drug.

(c) The number of prescriptions for a monitored prescription drug obtained by the patient.

(d) The number of monitored prescription drug doses dispensed to the patient.

(e) Whether the monitored prescription drugs dispensed to the patient include dangerous levels of any drug.

(f) The number of times the patient is prescribed or dispensed a monitored prescription drug before the previously dispensed amount of the same or a similar monitored prescription drug would be expected to end.

(g) The payment methodology used by the patient to obtain controlled substances at a pharmacy.

(5) Upon determining that circumstances indicate suspicious or critically dangerous conduct or practices of a pharmacy, practitioner, or patient, the Board may disclose monitored prescription drug history reports, audit trails, and PDMP data to any of the following:

(a) A relevant patient.

(b) A relevant pharmacist or practitioner.

(c) A relevant state board or agency.

(d) A relevant agency of another state.

(e) A relevant law enforcement agency.

(6) Upon determining that a criminal violation may have occurred, the board may refer a pharmacist, pharmacy, or practitioner to the appropriate law enforcement agency for investigation and possible prosecution. The board may disclose monitored prescription drug history reports, audit trails, and PDMP data to the law enforcement agency as part of the referral.
1) Name and Title of Person Submitting the Request: Dan Williams

2) Date When Request Submitted: Items will be considered late if submitted after 12:00 p.m. on the deadline date which is 8 business days before the meeting

3) Name of Board, Committee, Council, Sections: Board of Nursing

4) Meeting Date: May 10, 2018

5) Attachments: ☒ Yes ☐ No

6) How should the item be titled on the agenda page? Request from AACN Certification Corporation – Discussion and Consideration

7) Place Item in: ☒ Open Session ☐ Closed Session

8) Is an appearance before the Board being scheduled? ☐ Yes (Fill out Board Appearance Request) ☒ No

9) Name of Case Advisor(s), if required:

10) Describe the issue and action that should be addressed:

My name is JoAnne Konick-McMahan and I am a Certification Practice Specialist for AACN Certification Corporation. I am writing to request changes to the attached list of accepted exams for APRN certification. I have attached the 2014 list of certification exams for APRNs from the National Council of State Boards of Nursing (NCSBN) for the Board’s use. Specifically, AACN Certification Corporation requests the inclusion of the following current Consensus model exams:

Adult-Gerontology Acute Care Nurse Practitioner (ACNPC-AG);
Adult-Gerontology Clinical Nurse Specialist, wellness through acute care (ACCNS-AG);
Pediatric Clinical Nurse Specialist, wellness through acute care (ACCNS-P);
Neonatal Clinical Nurse Specialist, wellness through acute care (ACCNS-N).

Information about each of these accredited certifications may be found at the following link: [https://www.aacn.org/certification/advanced-practice](https://www.aacn.org/certification/advanced-practice)

Please note that the ACNPC and CCNS adult gerontology, pediatric and neonatal are renewal only currently. We suggest that they stay on your list as renewal only. We await your response and understand that the process of changing this may be a lengthy process.

*Revised 12/2016*
Good afternoon,

Please find attached the revised submission of Herzing University’s Brookfield campus’s Request for Authorization to Admit Students to a Nursing School. The revised submission is in response to the Board of Nursing’s questions and comments during the April 12 board meeting.

In the revised submission you will find on page 1, a chart indicating where there are revisions and clarifications to the Request for Authorization to Admit Students to a Nursing School based on the Wisconsin Board of Nursing’s feedback; specifically sections 2, 6, and 7.

Section 2 (page 6) Revisions and clarifications include faculty credentials as well as the following information:

- Faculty load policy: delineates the number of instructional hours and work hours for full and part-time faculty (18 to 24 Instructional hours for full-time faculty per 40 hour work week and a 29 hour per work week limit for part-time faculty)
- Faculty Retention and Attrition Rates: denotes that for 2017, the nursing faculty attrition rate was 8% with a corresponding retention rate of 92%
- Start date: a proposed start date, pending Nursing Board approval, of September 2018
- Use of Bachelor of Science Nursing Faculty in the Licensed Practical Nursing (PN) program: notes that faculty members teaching in the PN program will adhere to the Herzing University Faculty Load Policy, referenced above, and will have a credit/course reduction in the BSN program for credits/courses taught in the PN program.

Section 6 (page 31) Revisions and clarifications include:

- A schematic of the program approval process
- Clarifying language concerning the admission process
- References to specific pages in the submission regarding a student’s matriculation
- The per-credit cost of the program ($480.00) and student financial aid eligibility.

Section 7 (page 32) Revisions and clarifications provides a chart (Table 4) of clinical partners including:

- The number of students per eight week term that a site can accommodate
- The type of care units at each site (e.g. Life Care Hospital; “A specialty hospital built specifically to treat medically complex and critically ill patients requiring extended, acute care hospitalization” which can host up to 32 students covering weekends and evenings (emphasis for clarity added)

Please note, in the submission, we have highlighted revisions and clarifications in yellow for ease of finding.

On behalf of the University, as well as myself, thank you for your generous assistance and valuable feedback as we work through the submission process.

Re: Request to Admit Students to LPN Program  

This letter, combined with attached Form #3027 Request for Authorization to Admit Students to a Nursing School, serves as the formal request to admit students into the Licensed Practical Nursing Program (LPN) at Herzing University-Brookfield.

The following information is included in this request for authorization:

- Verification of employment of an education administrator meeting the qualifications in N 1.08 (2). (Section 1)
- Evidence of faculty meeting the qualification in N 1.08 (3). (Section 2)
- School's philosophy and objectives. (Section 3)
- Overview of curriculum. (Section 4)
- Verification of establishment of student policies for admission, progression, retention and graduation. (Section 5)
- Updated timeline for implementing the program and intended date for entry of the first class. (Section 6)
- Verification of students' ability to acquire clinical skills. (Section 7)

Respectfully,

Dr. Deborah Ziebarth, PhD, MSN-Ed, RN-BC  
Nursing Educational Administrator  
Herzing University  
Brookfield Campus
BOARD OF NURSING
REQUEST FOR AUTHORIZATION TO ADMIT STUDENTS TO A NURSING SCHOOL

After authorization to plan a nursing school is granted by the Board of Nursing to an institution, the institution must submit a request to the Board for authorization to admit students to the nursing school; the application must include all of the following:

(1) Verification of employment of an educational administrator meeting the qualifications in N 1.08 (2) including the following:
   - Current, active registered nurse license or privilege to practice in Wisconsin that is not encumbered
   - Graduate degree with a major in nursing
   - Knowledge of learning principles for adult education, including nursing curriculum development, administration and evaluation and either educational preparation or 2 years experience as an instructor in a nursing education program within the last 5 years
   - Current knowledge of nursing practice

(2) Evidence of faculty meeting the qualifications in N 1.08(3) including the following:

   A) For Professional Nursing Faculty:
   - Current, active registered nurse license or privilege to practice in Wisconsin that is not encumbered
   - Graduate degree with a major in nursing; interprofessional faculty teaching non-clinical nursing courses must have advanced preparation appropriate for the content being taught.

   B) For Practical Nursing Faculty:
   - Current, active registered nurse license or privilege to practice in Wisconsin that is not encumbered.
   - Baccalaureate degree with a major in nursing.

(3) School's philosophy and objectives

(4) Overview of curriculum including all of the following:
   - Content
   - Course sequence
   - Course descriptions
   - Program evaluation plan
   - Course syllabi for the first year and plan for subsequent years

(5) Verification of establishment of student policies for admission, progression, retention and graduation

(6) Updated timeline for implementing the program and intended date for entry of the first class
Verification of a students’ ability to acquire clinical skills by providing all of the following:
- Letter of intent or contracts from clinical facilities securing clinical opportunities and documentation of the faculty type, size, number of beds, and type of patients,
- Documentation of simulation equipment and exercises

The Board will make a decision on the application to admit students within two months of receipt of the completed application and notify the institution of the action taken on the application. Once a school receives authorization to admit, the school may begin admitting students while seeking to obtain program approval.

Withdrawal of authorization may occur if the school fails to meeting and maintain standards in N 1.08

To apply for authorization to admit students, submit the following required items to dspsexaminationsoffice@wisconsin.gov:

1. Form #1114 for each faulty member and the program educational administrator
2. A written proposal addressing items three (3), four (4), five (5), six (6), and seven (7) above.
3. Form #1004 for each clinical facility

Institution applying for authorization to admit students:

Name of School: Herzing University-Brookfield
Address: 555 South Executive Dr.
Brookfield, Wi 53005
Nursing Program(s) (ADN, BSN, Other): PN

______________________________    ________________________
Deborah Ziebarth                Nursing Department Chair
Nursing Educational Administrator    Title
Signature                       April 13, 2018

______________________________    ________________________
(262) 649-1710, ext. 61647      dziebarth@herzing.edu
Telephone number               Email Address
SECTION 1

Dr. Deborah Ziebarth is the Nursing Department Chair for Herzing University-Brookfield, meeting the qualifications in N 1.08 (2) which include the following:

- Current, active registered nurse license or privilege to practice in Wisconsin that is not encumbered.
- Graduate degree with major in nursing.
- Knowledge of learning principles for adult education, including nursing curriculum development, administration and evaluation and either educational preparation or 2 years' experience as an instructor in a nursing education program within the last 5 years.
- Current knowledge of nursing practice.

Dr. Ziebarth’s Form #1114 and Curriculum Vitae can be found in Appendix 1-A.
Program and Start Date: The Herzing University Brookfield Practical Nursing Program (HUB PN) will begin as an evening program. The start date of the HUB PN, pending Board of Nursing approval, is September 2018.

Faculty Plan: The faculty staffing plan for the HUB PN utilizes current BSN faculty members, as well as appropriately credentialed new full and part-time recruits to the faculty to teach PN courses in the HUB-PN.

Workload: All faculty members will teach within the prescribed Herzing University faculty teaching load policies.

- The Full-Time Faculty Load Policy limits full-time faculty members teaching load to a maximum of 24 instructional hours per 40 hour work week.

- The Part-Time Faculty Load Policy limits part-time faculty to 29 hours per week.

Faculty Recruitment: In anticipation of the launch of HUB-PN, and to support the achievement of student outcomes, the Brookfield campus budgeted for 1 additional nursing position in 2018. This addition to full-time faculty will offset potential increases to faculty instructional hours due to the HUB-PN program.

Any opened faculty positions in the HUB-PN program will be filled by either new faculty hires and/or current BSN faculty. PN faculty will be hired or transitioned based on their content expertise, previous professional experiences and workload. Currently, there are twelve full-time faculty members and four part-time faculty members qualified to teach in both the BSN and HUB PN program.

Attrition/Retention: The Brookfield campus nursing faculty attrition rate for 2017 was 8% (which equates to a 92% retention rate of nursing faculty for the Brookfield campus.)

First Semester Faculty and Credentials: Associate Professor Paula Winters, who is experienced in teaching in a PN program, will teach NP 100, Growth and Development. Associate Professor Winters, as a mentor, will co-teach NP 120, Fundamentals of Nursing with Dr. Rosalyn McFarland. Associate Professor Linda Phillips, who teaches the BSN Pharmacology course, will teach the NP 110, Pharmacology course. Assistant Professor Karen Dulin is qualified to teach Medical Surgery NP 125 and NP 235. The nursing specialty course NP 230 offers the students content knowledge and clinical experiences in Mental Health, OB, and Pediatrics. Associate Professor Winters, content expert, will teach OB and Dr. McFarland will teach mental health and pediatrics. Assistant Professor Rebecka Huggins, who also has experience teaching in a PN program and NCLEX preparation, will teach the NCLEX preparation course. Appendix 2-A contains Form #1114 and Curriculum Vitae for each faculty member listed. All faculty teaching in the HUB PN program will adhere to the University Faculty Load policies described above.
SECTION 3

Herzing University Vision, Mission, Guiding Principles and PRICE for Success:

VISION
The vision of Herzing University is to be the lifelong learning partner for its students, employers, and communities in optimizing their economic and human potential.

MISSION
It is the mission of Herzing University to provide high-quality undergraduate and graduate degrees and diploma programs to prepare a diverse and geographically distributed student population to meet the needs of employers in technology, business, healthcare, design, and public safety. Career-oriented degree programs include a complementary and integrated general education curriculum established to stimulate students’ intellectual growth, to contribute to their personal development, and to enhance their potential for career advancement.

GUIDING PRINCIPLES
The following principles guide the University in fulfilling our mission.

1. Foster Our Core Values – Promote an educational and workplace culture that fosters professionalism, respect for others, personal responsibility and integrity, caring, and civic and community engagement among our students and employees.

2. Optimize Human Potential – Sustain a positive and effective educational environment which optimizes the personal and professional potential of our students and employees, and which respects individual contributions and perspectives.

3. Improve the Value Equation for Students – Continually improve the University’s high-quality educational programs to increase their value to students. Innovate to optimize students’ educational journeys and align learning outcomes with lifelong learning and workforce needs.

4. Engage Students – Provide instructional and student-support services that create an engaging, caring, student-centered environment to facilitate student achievement of the defined learning outcomes, their educational goals, and their personal development.

5. Create Access for Diverse Group of Students – Provide access to our programs and services to qualified students of diverse ages, interests, abilities, and cultures. Respond to the dynamic needs of our diverse and geographically distributed students through face-to-face and distance education delivery modalities.

6. Embrace Innovation for Student Success – Provide a high-performance learning environment that utilizes new technologies, methodologies, and best practices to serve the dynamic lifelong learning needs of our students.

7. Demonstrate Effectiveness – Continually assess student learning outcomes as well as educational and institutional effectiveness to drive continuous improvement in the value we provide to our students, employers, and society at large.

8. Pursue Collaboration and Partnerships – Pursue cooperation and alliances with educational institutions, organizations and associations on a local, regional, national and international basis to fulfill our mission and public educational purpose.
9. **Sustainability** – Ensure effective and efficient use of our human, physical, technology, and financial resources. Utilize data and analysis to inform planning, budgeting, and decision-making processes to ensure continued improvement of our educational offerings, fulfillment of our mission, and sustained future development.

**P.R.I.C.E. of Success**

Herzing University’s educational and organizational philosophy was founded on core values that constitute the Herzing culture. These values are essential not only for personal development, but are also the foundation for a successful, meaningful career. These core values: professionalism, respect, integrity, caring, and engagement are encompassed in a framework called “P.R.I.C.E. of Success.” In order to help each student develop and strengthen these qualities, they have been incorporated into the learning environment. Students are expected to exhibit these behaviors and attributes in all interactions, inside and outside of the classroom. Students who apply themselves and embody the P.R.I.C.E. of Success characteristics will more likely reach their full human potential. These behaviors and attributes are also the foundation of our internal culture. Employees are expected to exhibit these qualities in their service to students and other daily functions. In doing so, we are building a culture that nurtures personal growth and potential. We lead by example for our students, enabling us to coach, and mentor students in their own development of these behaviors and attributes.

**LPN program Mission, Vision, and Program Outcomes:**

**Vision**

Herzing University Nursing Programs will partner with students, employers and their communities of interest to advance the health of the populations they serve.

**Mission**

In accordance with the Mission Statement of Herzing University, the LPN program’s mission is to provide high quality nursing education to a geographically diverse student population. Students will be educated in applying nursing judgement to deliver safe and effective nursing care across the life span.

**LPN Program Outcomes**

1. Practice quality, safe, and relationship-centered care as guided by practical nurse scope of practice. (Apply Level)
2. Using a systems approach, ensure nursing judgement and collaboration in caring for diverse patients and families. (Analyze Level)
3. Employ a spirit of inquiry and integrity in providing care consistent with legal and professional standards of the practical nurse. (Apply Level)
4. As a coordinator of care, generate system and professional resources for health and wellness which facilitate patient, family, personal, and professional growth. (Creating Level)

Herzing University PN program is using the NLN Curriculum LPN Framework for the development of the curriculum to ensure a systems-based approach is used. The NLN believes that four core values are critical to a transformed LPN curriculum and are closely aligned with current workforce trends. The framework acknowledges the six integrating concepts as equally important.
The practical nurse education prepares the student to practice in a variety of healthcare settings. Consistent with the NLN Practical/Vocational Nursing Curriculum Framework (2014a) faculty believe the following competencies (Human Flourishing, Nursing Judgment, Professional Identity, Spirit of Inquiry), core values (Caring, Integrity, Diversity, Excellence), and integrating concepts (Safety, Quality, Team/Collaboration, Relationship-Centered Care, Systems-Based Care, Personal/Professional Development) are relevant for the practical nurse:

- **Human Flourishing**: “Is defined as an effort to achieve self-actualization and fulfillment within the context of a larger community of individuals, each with the right to pursue his or her own such efforts. It encompasses the uniqueness, dignity, diversity, freedom, happiness, and holistic well-being of the individual within the larger family, community, and population. Achieving human flourishing is a lifelong existential journey of hopes, achievements, regrets, losses, illness, suffering, and coping (NLN, 2014b, paragraph 1).”

- **Nursing Judgment**: “Clinical judgment refers to ways nurses come to understand the problems, issues, or concerns of clients/patients, to attend to salient information, and to respond in concerned and involved ways (Benner, 2010). Nurses employ clinical judgment in complex patient care situations, working with interprofessional teams to ensure health care quality and safety. Critical components include: changes in patient status, uncertainty about the most appropriate course of action, accounting for context, and the nurse’s practical experience. Making clinical decisions is rooted in the nurse’s theoretical knowledge; ethical perspectives; relationships with patients, the patient’s caregivers, and the community; and understanding of the influence of systems on health care outcomes (NLN, 2014c, paragraph 1).”

- **Professional Identity**: “Professional identity is defined as including both personal and professional development. It involves the internalization of core values and perspectives recognized as integral to the art and science of nursing. These core values become self-evident as the nurse learns, gains experience, reflects, and grows in the profession. Internalization of ethical codes of conduct is imperative. The nurse embraces these fundamental values in every aspect of practice while working to improve patient outcomes and promote the ideals of the nursing profession. Integral to this outcome is the nurse’s commitment to advocacy for improved health care access and service delivery for vulnerable populations and to the growth and sustainability of the nursing profession (NLN, 2014d, paragraph 1).”

- **Spirit of Inquiry**: “Spirit of inquiry is a persistent sense of curiosity that informs both learning and practice. A nurse infused by a spirit of inquiry will raise questions, challenge traditional and existing practices, and seek creative approaches to problem-solving. A
spirit of inquiry suggests, to some degree, a childlike sense of wonder. A spirit of inquiry in nursing engenders innovative thinking and extends possibilities for discovering novel solutions in both predictable and unpredictable situations (NLN, 2014e, paragraph 1).”

LPN Program Outcomes Rationale
1. **Human Flourishing:** Practice quality, safe, and relationship-centered care as guided by practical nurse scope of practice.
   - **Core Values:** caring-care
   - **Concepts:** quality, safety, relationship centered care

2. **Nursing Judgement:** Using a systems approach, ensure nursing judgement and collaboration in caring for diverse patients and families.
   - **Core Values:** caring, diverse
   - **Concepts:** team/collaboration, systems based care

3. **Spirit of Inquiry:** Employ a spirit of inquiry and integrity in providing care consistent with legal and professional standards of the practical nurse.
   - **Core Values:** integrity, caring-care
   - **Concepts:** safety (standards)

4. **Professional Identity:** As a coordinator of care, identify system and professional resources for health and wellness which facilitates patient, family, personal, and professional growth. (Synthesis Level)
   - **Core Values:** excellence (growth)
   - **Concepts:** personal/professional development, systems based care

**Licensed Practical Nurse Program Philosophy** is a continuing reflection of the mission of the University. The faculty of the Department of Nursing recognizes that nursing is a dynamic profession rooted in the arts and sciences and that nurses work collaboratively with the person and the community to achieve positive health outcomes in a culturally diverse society. They believe nursing is a practice discipline based on caring, that is both an art and science, in which theories and knowledge from nursing and other disciplines are used to educate clients toward maximum health and wellness.

SECTION 4

LPN Program and course description

Program Description:
The HUB-PN program provides academic, theoretical, and clinical instruction in geriatric, medical, surgical, obstetric, pediatric, and mental health nursing. The program will familiarize students with the foundations of the healthcare delivery system, nursing as a profession, and interdisciplinary collaboration in caring for multicultural populations across the lifespan. Wellness, disease, legal, and ethical issues, confidentiality, and effective communication skills are emphasized. The student will acquire skills in asepsis, measurement of vital signs, CPR, and basic first aid and will understand medical asepsis, infection control, and universal precautions applicable to all areas of healthcare. The importance of safe practice and the use of proper body mechanics are stressed. The administration of medications, body structure and function, nutrition, and personal, family, and community concepts are studied. Clinical, lab, and simulation experiences are an integral part of the program. Graduates will be eligible to take the National Council Licensure Examination for Practical Nurses (NCLEX-PN).

Course descriptions

NP100 Growth and Development
This course is a survey of normative human life span development. Emphasis is on major theories and perspectives as they relate to the physical, cognitive, and psychosocial aspects of development from conception to death. Significant milestones, and developmental tasks will be discussed. 3 credits.

NP110 Pharmacology for Nursing with Lab
The basic concepts of pharmacology will be taught related to actions, therapeutic effects, and adverse effects of traditional and nontraditional medications. Students will demonstrate collection of data, clinical judgment, and integration of knowledge to administer medication safely. The student will use the knowledge gained from this course for safe pharmacological interventions, dosage calculation, medication administration techniques, and documentation. 2 credits.

NP120 Fundamentals of Nursing with Lab and Clinical
This course introduces the role of the practical nurse as a member of the interprofessional health care team, basic nursing concepts, and psychomotor nursing skills. Students learn skills necessary for maintaining patient safety and strategies for therapeutic communication. At the conclusion of this course, the student will demonstrate competency in performing basic nursing skills across the lifespan. 5 credits.

NP125 Medical-Surgical Nursing I for LPNs
This course explores the care of adults using a body systems approach. Focus is placed on nursing interventions and developing knowledge required to provide quality nursing care in a safe manner. Content areas include musculoskeletal, urinary, respiratory, integumentary, neurologic, gastrointestinal, reproductive, and sensory systems. Furthermore, nutrition, communication, fluids & electrolytes, end of life, cultural diversity, and legal/ethical issues are integrated throughout the systems. The clinical component of this course allows the student a hands-on experience in providing relationship-centered care for patients with different disease processes in the health care system. Microbiology concepts related to safety and infection control are emphasized. 5 credits.

NP235 Medical-Surgical Nursing II for LPNs
This course explores the care of adults using a body systems approach. Focus is placed on nursing interventions and developing knowledge required to provide quality nursing care in a safe manner. Content areas include cardiovascular, hematologic, endocrine, and lymphatic systems. Furthermore, acid base balance, cancer, bioterrorism, disaster, and trauma are integrated throughout the course. The clinical component of this course allows the student a hands-on experience in providing relationship-centered care for patients with different disease processes in the healthcare system. 5 credits.

NP230 Nursing Specialties for LPNs
This course prepares the practical nursing student with entry level knowledge and skills needed to care for obstetric, neonatal, pediatric, and mental health patients. Learning experiences focus on the normal growth and development of the specialty patients and commonly encountered disorders. Coordination of care, documentation, medication administration, and legal and ethical issues, historical perspectives and emerging trends within the specialties will be emphasized. 4 credits.

NP275 LPN Clinical Experience
This is the final clinical course, where the student will utilize nursing skills and nursing judgement to perform safe, moral, quality, and prudent patient care in the healthcare system. The role of the practical nurse is stressed in physiology, pathophysiology, and psychosocial context as it relates to the care of patients. The course will assist in the personal and professional development needed to transition from student to practical nurse. 3 credits.

NP280 Preparation for NCLEX-PN®
This course is designed to assist the student to prepare for the practical nursing licensure exam (NCLEX-PN) and entry into practice. Students will have the opportunity to develop and improve their test-taking skills through computer simulations and practice tests. The NCLEX PN test plan assessment of knowledge deficits and development of individual study plans based on results of weekly assessments will be utilized. In addition, a NCLEX review course will be provided. 3 credits.

Course syllabi is found in Appendix 4-A, the program evaluation plan can be located in Appendix 4-B and the course content can be located in Appendix 4-C. Table 3 describes sequentially how courses will be administered by the program.

SECTION 5

Student policies for admission, progression, retention, and graduation can be found in the Herzing University Undergraduate Catalog and in the Brookfield Campus Nursing Student Handbook located at http://catalog.herzing.edu/. Excerpts are included in this section to address the specific areas required by the WBON in developing a new program.

UNCONDITIONAL ADMISSION TO UNDERGRADUATE PRE-LICENSENsure NURSING PROGRAMS

Nursing students admitted unconditionally to Herzing University’s pre-licensure nursing programs must meet the criteria as defined below in addition to the university-wide “Undergraduate Admissions Criteria.” International applicants also must comply with all “International Undergraduate Student Admission” application requirements.

Practical Nursing (PN) Program Admission Option:

Applicants must meet all of the following criteria:
• Is 18 years or older (Wisconsin standard)
• A high school or college grade point average of at least 2.0 or higher
• Achieve a minimum composite score of 48 on the most current version of the Test of Essential Academic Skills (TEAS); TEAS score must be from within one year of anticipated date of matriculation.

ADDITIONAL ADMISSION REQUIREMENTS FOR NURSING, DENTAL, AND OTHER HEALTHCARE PROGRAMS

Applicable Programs. These additional admissions requirements apply to all programs with direct patient contact in clinical or internship settings. This includes, but may not be limited to, the following programs.
• Dental Assisting
• Dental Hygiene
• Emergency Medical Technician
• Insurance Billing and Coding Specialist
• Medical Assisting Services
• Medical Laboratory Technician
• Nursing
• Occupational Therapy Assistant
• Physical Therapist Assistant
• Radiologic Technology
• Surgical Technology
• Therapeutic Massage

Drug Testing. Students in the above-listed programs may be required to pass a drug test prior to entering the first clinical or internship course that includes direct patient contact. For specific requirements for students enrolled in nursing programs, please check with the Nursing Program Director.

Immunizations and Health Checks. Verification of immunization history is required for all students admitted to the above-listed programs no later than 45 days after the first day of class or as indicated by the specific program. Students in some programs may be required to have the Hepatitis B immunization series. Students in healthcare programs may be exposed to blood borne infectious diseases. Also,
additional verification of the status of a student's health may be required during the program if deemed necessary to meet safety requirements. For specific requirements for students enrolled in nursing programs, please check with the Nursing Program Director.

**Vaccination Policy.** Herzing University does not generally require any specific immunizations beyond those requirements that may be imposed by state or federal law. However, if it is determined that a public health situation arises that warrants implementation of a vaccination requirement, such requirements will be communicated out to students as soon as possible. Some healthcare programs at Herzing University that include a clinical site or internship/externship component may require proof of vaccination against certain diseases prior to participation in the clinical or internship/externship courses. Individual program requirements are communicated at the time of enrollment and in advance of attendance in the relevant course. If you have any questions regarding our vaccination policy, please email consumerinfo@herzing.edu.

**Healthcare Policy Acknowledgement.** These professions and the educational processes that lead to entry into those professions have a number of unique requirements and standards. All nursing, dental, and other healthcare students must accept and acknowledge the following statements of policy to enter or continue in any of these programs. For specific requirements for students enrolled in nursing programs, please check with the Nursing Program Director.

1. A student convicted of a felony or a misdemeanor other than a minor traffic violation for which a pardon has not been granted:
   a. May not be able to work in clinical sites required in the program (and thus would not be able to complete the program).
   b. May not be able to obtain a license from the state, even if the program is completed.
   c. May not be able to secure a job, even if licensed.

2. A student may be required to pass a criminal background check and substance abuse test to the satisfaction of the clinical site prior to each scheduled clinical course.

3. A student may be subject to drug and/or alcohol screening in conjunction with clinical classes, and a positive result from a screening could result in dismissal from the clinical and from the program.

4. Clinical hours may be scheduled at any time-of-day or day-of-the-week—day, night, late night, weekends, or holidays—and the student must be available to attend clinical sites at any time the student is assigned. Clinical sites will require the student to have his/her immunizations up to date prior to the start of the clinical.

5. A student may be required to complete a physical exam showing that the student is free of disease that may be transmitted to patients, families, or employees and includes:
   a. Proof of TB skin testing and follow-up.
   b. Proof of Hepatitis B vaccination series or proof of immunity.
   c. Proof of MMR and Chickenpox vaccinations or proof of immunity.

6. Some clinical sites may require that a student be covered by his or her own personal or family health insurance.

7. Successful completion of clinical classes may require that the student be able to perform common physical tasks related to his/her duties to the satisfaction of each clinical site.

8. Patient privacy and the privacy of patient records must be protected, and failure on the part of the
student to protect patient privacy or patient records could result in dismissal from the clinical site and/or from the program.

9. Missing clinical site assignments can be a basis for dismissal from the program unless the student has well-documented mitigating circumstances that are acceptable to the University.

10. Although initial class hours are established for the first semester, class hours after that period of time can change due to availability of facilities, faculty, or other factors, and classes may be scheduled mornings, afternoons, evenings, weekends, or holidays.

11. Students in the following courses must achieve at least a grade of 76% in each core course to make satisfactory academic progress, in addition to any other satisfactory academic progress criteria of the University: dental hygiene (DH), dietetics and nutrition (DN), dental science (DS), emergency medical technician (EM), medical laboratory (MT), nursing (NA, NB, NF, NM, NO, NU, NW and PN), occupational therapy assistant (OT), physical therapist assistant (PT), radiologic technology (RT), and surgical technology (ST). A grade of less than C is equivalent to failing the course, and the course must be repeated at the student's cost. There is only one repeat allowed, and there may not be an immediate opportunity to repeat a course, depending on when it is next offered.

12. The cost of tuition and fees at Herzing University includes:
   a. The cost of instruction and the use of the University facilities, library, employment assistance, other normal services provided by the University to students, and supplies that are the normal part of lab courses (does not include personal writing instruments or stationery).
   b. Two nursing uniforms (not to include shoes or stockings).
   c. Students will be provided an eBook/electronic material for any course in which the University has adopted an eBook/electronic material; however, if an eBook/electronic material is not available, students will be loaned or provided a physical textbook. Students who participate, when applicable, in a campus textbook loaner program, are accountable for returning the textbook and/or software in a condition as describe in the Herzing University Textbook Loan Program Policy.
      Fees may be assessed based on the condition of the textbook and/or software upon return to include non-return by the due date described within the Policy. If an eBook/electronic material is available for a course in which the University has adopted the eBook/electronic material, but a student prefers the physical textbook, the student will have the option to purchase (at their cost) the physical textbook for the difference in price between the cost of the eBook and the cost of the physical textbook, including shipping.

13. The student further understands that the cost of tuition and fees at Herzing University does not include the following:
   a. The cost of any required immunizations.
   b. The cost of personal health insurance that may be required to work at a clinical site.
   c. The cost of transportation to and from school or clinical sites, including parking.
   d. The cost of additional uniforms and apparel other than the two issued uniforms.
   e. The cost of criminal background checks or substance abuse tests.
   f. Any other cost that is not specifically identified above as being part of Herzing University tuition and fees.

14. A student in this program is a potential representative of the healthcare profession, and the student's actions and inactions may reflect on Herzing University and the clinical sites to which the student is assigned. Therefore, the student must conduct himself or herself in a professional manner, with integrity and responsibility. Failure to behave professionally can be a basis for dismissal from the program.
Background Checks: Students planning a program of study leading to employment in some disciplines (including, but not limited to: healthcare, nursing, law enforcement, and public safety) may be required to undergo a background check before working in that discipline. If this process results in an adverse finding, the student may not be able to complete the internship course, complete the program, sit for certification examinations, or be employed in that discipline. A student may be required to pass a criminal background check and substance abuse test to the satisfaction of the clinical site prior to each scheduled clinical course. For specific requirements for students enrolled in nursing programs, please check with the Nursing Program Director.

GENERAL POLICIES AND GUIDELINES
The Nursing Student Handbook is supplemental to the Herzing University Undergraduate Catalog and Herzing University Undergraduate Student Handbook. The student should review and adhere to the Herzing University Undergraduate Catalog, Herzing University Undergraduate Student Handbook, and Herzing University-Brookfield Nursing Student Handbook policies and guidelines.

UNDERGRADUATE NURSING ADMISSION REQUIREMENTS
See the Herzing University Undergraduate Catalog for admission details. See also, “Unconditional Admission to Undergraduate Pre-Licensure Nursing Programs” in the Herzing University Undergraduate Catalog.

CRIMINAL BACKGROUND CHECK, DRUG SCREENING, AND MEDICAL REQUIREMENTS
CRIMINAL BACKGROUND CHECKS
Caregiver Background checks are required for all persons working or training in facilities that provide care for others or who have access to people who receive care (per 1997 Wisconsin Act 27). Nursing students are required to meet this requirement. Additionally, students must meet the requirements of the individual clinical facilities that are our education sites. Background checks for Herzing University-Brookfield are obtained through a vendor organization called Castle Branch©.

Students are asked to complete the Wisconsin Background Information Disclosure (BID) form (F-82064A), which is used to begin the credentialing process. If a student has lived outside the State of Wisconsin within the past three years, additional state background checks may be required. All students must also clear the Federal Watch list of Medicare and Medicaid fraud. Please note that the disclosure form must be accurately completed. For example, if you respond “No” to question 1 on the form and a past conviction or pending charge comes back as part of the background report, you are considered to have falsified the records. Falsified or missing information on the BID is grounds for an agency to bar you from clinical practice and dismissal from the Nursing Program (see details in Appendix A). Herzing University students must comply with State and Federal laws as well as the requirements of the clinical facilities with which we work. Students are responsible for the cost of the background check.

A complete background check as prescribed under Wisconsin law includes:
• The completed Background Information Disclosure form (BID);
• An electronic status check of professional licenses and credentials through the Department of Regulation and Licensing;
• An electronic criminal history search from the Department of Justice; and
• An electronic review of records kept by the Department of Health and Family Services for any substantiated findings of abuse and/or neglect and license restrictions or denials.

Based on the information obtained, additional research may include an out-of-state criminal history search, tribal courts criminal history search, a check of relevant military records, and a check of county or other
local records. If a criminal background is verified, this could prevent a student from completing clinical and course requirements and affect their eligibility to take the NCLEX-PN exam for licensure. We are obligated to release all background information concerning students to all clinical facilities as well as to the State Board of Nursing. Clinical facilities, as well as the State Board of Nursing, have the right to reject any student who fails to meet the required standards.

If a clinical facility will not accept a student based on his/her criminal background check, the student will not be able to successfully complete the Nursing Program at Herzing University-Brookfield. If a student determines that the background report is incorrect, or wishes to take legal action regarding past criminal activity, he/she must do so independently, and must obtain and pay for any legal or other assistance required independently. A student is ineligible for placement at a clinical facility until a corrected or revised background check is available. A student (or a representative of the student) may not contact the facility or its liaison to debate or challenge the facility’s decision to deny clinical opportunities.

The purpose of these requirements is to:
- Comply with Federal and State law.
- Comply with clinical affiliates who require a student background check as a condition of their contract.
- Provide early identification of students who may have difficulty meeting eligibility for NCLEX licensure requirements.
- Promote and protect patient/client safety.

If there is a break in a student’s enrollment the Background Check and BID form must be repeated. Background checks and BIDs must be repeated every two years.

**DRUG SCREENING**

The following recommendation was agreed upon by the Southeastern Wisconsin Nursing Alliance (SEWNA) of which Herzing University-Brookfield is a member:
- All nursing students will undergo a 10-panel urine drug screen prior to clinical start; a negative result will require no further screens unless indications of impairment are present, in which case, additional screens may be requested. If there is a break in a student’s enrollment the 10-panel urine drug screen will need to be repeated.
- Any student may be subject to periodic drug screening when there is suspected impairment or drug use.
- Positive drug tests will result in the student being suspended for a minimum of one (1) semester. The student will not be able to participate in a clinical placement and will be withdrawn from all nursing courses. It is recommended that the student receive drug counseling.
- Students will be required to pay for the drug screen (this is part of the Castle Branch© plan) and any subsequent testing.
- The student will also be required to complete the drug screen before being considered for re-entry to the program.
- Students who are readmitted following a positive drug screen are subject to drug testing(s) at any point during the program.
- A second occurrence of a positive drug screen will result in permanent suspension from the nursing program.

**MEDICAL REQUIREMENTS**

See “Additional Admission Requirements for Nursing, Dental, and Other Healthcare Programs” in the Herzing University Undergraduate Catalog.

In order to enroll in, and attend clinical courses, documentation of the following requirements must be
provided to the Nursing Department at Herzing University-Brookfield:

- Health history and examination by a physician, nurse practitioner, or physician assistant, completed within one year from the start date of the first clinical course. Reasonable accommodations will be made for students whose health examination indicates the need. If there are any physical restrictions, a request for participation in clinical must be submitted and approved by the Clinical Coordinator for Herzing University-Brookfield and the clinical site.

- After a clinical absence due to illness, the student may be required to submit to the Clinical Coordinator a return to clinical without restrictions form from his/her healthcare provider, and the statement must be on letterhead from the provider. The student may not return to clinical until cleared.

- If a student is pregnant, the student must notify the Clinical Coordinator and submit a medical clearance form to continue in clinical. The student is also required to submit a medical clearance form and notify the Clinical Coordinator when returning after delivery.

- Proof of vaccination or lab report of titer as follows:
  - Measles (Rubella): two doses of a live measles vaccine given after the first birthday or evidence of measles immunity. A blood titer is required to prove immunity.
  - Mumps: two doses of a live mumps vaccination given after the first birthday or evidence of mumps immunity. A blood titer is required to prove immunity.
  - German measles (Rubella): two doses of a live German measles vaccination given after the first birthday or evidence of German measles immunity. A blood titer is required to prove immunity.
  - Tetanus, Diphtheria, and Pertussis (Tdap): Tetanus, Diphtheria, and Pertussis booster within the last ten years.
  - Hepatitis B: documentation of three immunizations or start of immunization series or a student may sign a Release of Responsibility form or provide a titer showing immunity. A blood titer is required to prove immunity.
  - Varicella: two doses of a Chickenpox vaccine given after the first birthday or evidence of Varicella immunity. A blood titer is required to prove immunity.
  - Seasonal Flu Vaccine: Proof of vaccination for the annual flu vaccine. Annual date of vaccination cannot expire during the enrolled semester.

- Results of the Tuberculin (TB) Skin Test within past year and every year thereafter (chest x-ray and physician documentation of freedom from TB are required if skin test results are positive), or the Tuberculosis Quantiferon blood test is required by some agencies in the State of Wisconsin. Results must be valid through the end of the clinical semester.

- Evidence of the American Heart Association health Care Provider CPR (cardiopulmonary resuscitation) certification valid through the end of the clinical semester.

- Current health care insurance coverage.
  - If a clinical agency requires repeat or additional drug screening or other tests, the student is responsible for meeting those requirements.
  - On an ongoing basis throughout the Nursing Program at Herzing University-Brookfield, students must meet these additional requirements:
    - Annual health status documentation (See Appendix F)
    - Annual documentation of freedom from Tuberculosis
    - Negative drug screen at any time a screen is required. Any student who tests positive on a drug screen may be dismissed from the Nursing Program and/or clinical classes.
    - Continued certification in CPR.

It is the student's responsibility to ensure that all documentation meets the above requirements and remains current throughout their program. In addition, clinical requirements cannot expire prior to the end of the academic semester. All health and Castle Branch forms are submitted four weeks prior to the beginning of the semester to our clinical facilities. Failure to meet submission deadlines
for these requirements results in the inability to attend clinical for the semester. Students will NOT be allowed to submit health or required documentation after the deadline date. The final recommendation is made by the Nursing Program Director in collaboration with the Clinical Coordinator.

Students who do not meet the submission deadline will not be allowed to participate until the following semester, if all requirements are fulfilled at that time.

The Nursing Program and its contracted agencies reserve the right to request repeat background checks or drug screens at any time during enrollment. Failure to comply with this request may result in dismissal from the program.

CLASSROOM AND ONLINE ATTENDANCE POLICIES GRADING
See “Courses with Separate Lab or Clinical Components” in the Herzing University Undergraduate Catalog.

METHODS OF EVALUATION FOR NURSING COURSES
Any or all measures of student learning may be administered in the classroom, on a computer, in clinical nursing lab, or in the clinical setting at faculty discretion. All required course work as outlined in the syllabus is considered in the calculation of the final grade. There will be no rounding up of exam or final course grades. No extra credit assignments may be used.

GRADING POLICIES
See “Minimum Passing Grade” and “Grade Scale” in the Herzing University Undergraduate Catalog.

CLASSROOM ATTENDANCE POLICY
See “Attendance Policy and Procedures” in the Herzing University Undergraduate Catalog.
The Nursing Department at Brookfield requires class attendance. Students are expected to inform faculty when they will miss a class. Students returning to class from an absence are expected to address missed materials with the instructor outside of the scheduled class; therefore, the student must schedule an appointment with the faculty member. Missed assignments fall under the “Late Assignment Submission Policy” and points may be lost for missed assignments or tests. Please see the “Clinical Policies: Absences and Tardiness” policy for important notes.

LATE ASSIGNMENT SUBMISSION GUIDELINES
All assignments must be submitted using the course drop box in Blackboard®. All assignments are to be submitted at the designated time. Assignments submitted after the time due will be subject to the following reduction:

Papers: Students are expected to submit required work on time. Make-up work will not be given. The late penalty is as follows and the percentage represents a reduction in the total grade available for an assignment. Sundays and school holidays do not count as late days as the university is not open.
• 20% for up to one school day late
• 40% for up to two school days late
• 60% for up to three school days late
• 80% for up to four school days late
• No late work will be accepted five (5) school days after the due date for either theory or clinical and the grade for the assignment will be “0” points (or “F”).

EXAM AND MAKE-UP POLICY
• Students are expected to take exams on the scheduled date and time for the class in which they are
officially registered.

- Examinations will be timed.
- Students will not be allowed to leave the test area once the exam has started.
- The student will earn ZERO points on the exam if absent on the day and time of the exam. If an
  extenuating circumstance that could not have been prevented, anticipated, and/or planned for is the
  cause of missing an exam, the student must contact the instructor.
- If scratch paper is needed during the exam, it will be provided. It will be collected at the end of the
  exam.
- The classroom door will be closed at the start of the exam. The clock on the instructor’s computer in
  the front of the classroom will be used to determine the starting and ending time of exams. If a student
  is late to class, they will be granted only the remaining time for the exam.
- The final exam may be cumulative at the discretion of the course lead instructor.
- Exam grades will be provided to students within five school days following the exam.
- Students are encouraged to review the results of their exams throughout the course. If time constraints
  do not allow for an exam to be reviewed during class, the instructor will work with the student to
  schedule an alternate time for reviewing the student’s exam(s).
- At no time may students reproduce the test questions in any format, including, but not limited to,
  screenshots and photos.

STUDENT CHAIN OF COMMAND
For issues related to the classroom, clinical, and/or lab component of a NP nursing course:
1. Communicate and resolve the issue with the assigned classroom, clinical, and/or lab instructor.
2. If the issue cannot be resolved, the instructor and student will include the Course Lead in the
   resolution.
3. If the issue is still unresolved, the Dean of the Nursing Program, the Associate Director of the Nursing
   Program, and/or the Clinical Coordinator of the Nursing Program will be consulted.
4. If the issue remains unresolved, the “last step” is to consult with the Academic Dean.

PROGRESSION POLICIES
SPECIAL STANDARDS FOR CLINIC BASED HEALTHCARE PROGRAM
See “Licensed Practical Nursing (LPN)” in the Herzing University Undergraduate Catalog.
For students enrolled in the nursing program, the progression standards mean the following:
1. Any general education course may be repeated.
2. Any course with the prefix SC or HC required for nursing may be repeated two times.
3. The second failure of a nursing course (prefix NP) will result in dismissal from the nursing program.
4. Students must maintain a 76% or above average in all science, math, and nursing courses in order to
   progress.
5. Nursing grades are not rounded.

ACADEMIC WARNING
See “Academic Warning and Probation” in the Herzing University Undergraduate Catalog.

DISMISSAL FROM THE UNIVERSITY FOR LACK OF SATISFACTORY ACADEMIC PROGRESS
See “Undergraduate Standards of Satisfactory Academic Progress” in the Herzing University
Undergraduate Catalog.

NURSING DEPARTMENT GRADE APPEAL PROCEDURE
Any student who contests a course grade shall first attempt to resolve the matter within the Department of
Nursing. A grade appeal must be submitted in writing within one week of an exam and within 5 days of
grade issuance for a nursing course. Additional time is allocated should the appeal need to proceed to the
University "Grade Appeals" procedure found in the Herzing University Undergraduate Catalog.

1. The student shall present the appeal in writing to the Course Instructor. The written statement shall limit itself to citations of evidence pertaining to the valid grounds for the appeal.

2. If resolution is not achieved, the Nursing Program Director will review the appeal. If the Nursing Program Director affirms the Instructor's decision, the Director will notify, in writing, the faculty member and the student, as appropriate. If the Nursing Program Director supports the student's appeal, it shall prescribe the method by which the student will be reevaluated. If it is a final grade, the faculty of record shall submit the corrected grade to the Registrar.

3. Should the student still contest the grade, then the student may proceed to the University "Grade Appeals Procedure" outlined in the University Undergraduate Catalog. The Nursing Program Director will provide the Nursing Department's documentation to the Academic Dean.

PROCEDURES FOR APPEAL OF DISMISSAL FROM THE UNIVERSITY AND/OR TERMINATION OF FINANCIAL AID ELIGIBILITY
See "Appeal, Grievance, and Arbitration Procedures" in the Herzing University Undergraduate Catalog.

READMISSION/REENTRY
See "Re-Admission/Re-Entry" in the Herzing University Undergraduate Catalog.

CLINICAL POLICIES CLINICAL PLACEMENTS
Clinical placements are designed to meet psychomotor use of the nursing process and critical thinking required as course outcomes. Clinical placements are typically within a 75-mile radius of the student's home campus and are determined by best opportunity for learning success and clinical site availability. Students are not placed for assignment on clinical units on which they are employed, and, where possible, in facilities where employed. The student may not have worked another job eight (8) hours prior to the start of an academic clinical experience as the sum total for hours for safe practice may be exceeded.

STUDENT RESPONSIBILITY IN THE LAB
Lab Preparation
The nursing lab has a lab coordinator on each campus. Faculty teaching courses with a lab component plan lab experiences and are assisted by the lab coordinator.

- **Lab Instruction:** The course instructor will collaborate with the lab coordinator to develop a schedule of open lab hours in addition to scheduled lab classes to allow for student practice time. All faculty will have expectations that students will complete 2 practice checks with an instructor/lab coordinator prior to the final skills check-off. The course instructors monitor for completion of skills check-offs. The lab coordinator will assist with skills check-offs. The lab coordinator will assist with skills check-offs as time permits.

- **Lab Cleaning and Maintenance:** Students have the responsibility to help maintain the labs as a safe and clean environment. Assistance with lab clean up after use is expected.

- **Ordering of Supplies:** Faculty request supplies. If there are items student(s) feel are needed, he/she should share with the instructor. Our goal is to assure students have what is needed to meet the course objectives.

- **Simulation Lab:** The course instructor, in collaboration with the lab coordinator, will plan and set up the simulations for their classes and participate with the running and debriefing of the simulation. Students are evaluated on the announced objectives for the experience. Preparation is essential. Faculty will assist with the evaluation of students in collaboration with the lab coordinator. All simulations have a debriefing experience. Students are encouraged to form small groups and do
practice simulations also. These times should be scheduled with the laboratory coordinator.

Lab Hours
Lab hours are reviewed each semester and scheduled to meet the needs of the students. The laboratory schedule is posted for student convenience. Students may also check with the lab coordinator for additional lab time.

DRESS CODE
The Nursing Program at Herzing University-Brookfield has an official uniform that is worn at all clinical facilities as required. Uniforms are expected to be kept clean, in good repair, and pressed for the clinical experience. Substitution of other clothing or uniform types is permitted when requested by the clinical site and/or agency. Students must present a professional appearance whenever they are in the skills lab and/or clinical facilities; therefore, uniforms are to be worn to class in the nursing lab and at the clinical sites. The required uniform consists of:
- Two official Herzing scrub sets with the embroidered Herzing logo and one lab jacket. Uniforms are provided by Herzing and will be issued to all students at the time of the first lab. Students are responsible for providing stockings or socks, and shoes. Students are able to wear a long sleeve white shirt under their scrub top.
- White shoes with closed heels and toes, and rubberized soles.
- White or dark socks.
- Name badges (student ID), which will be worn in all clinical settings.
- Lab coat, which will be worn on clinical units to do preparation prior to clinical experiences.
- Alternate uniforms (as defined by the agency) generally require the following:
  o Business casual dress clothing
  o Closed toe shoes
  o No visible cleavage
  o If wearing dresses, no shorter than just above knee level
  o Name badge worn in clinical setting
  o Lab coat may be optional

EQUIPMENT REQUIREMENTS
For both classroom practice and clinical experiences use each nursing student is expected to have the following:
- Watch with a second hand
- Stethoscope with bell and diaphragm capabilities
- Black ink pen

PROFESSIONAL APPEARANCE
In order to comply with infection control policies and enhance the comfort of patients/clients, the student must be clean, neat, and in compliance with the Nursing Program at Brookfield and agency dress code when reporting for clinical experiences.

Non-compliance with the professional appearance practices may result in dismissal from the clinical setting for the day.
- Jewelry: Wedding or engagement rings and a maximum of two stud earrings per ear are allowed. No dangling earrings, hoops, necklaces, facial piercings, or tongue piercings are allowed to be worn. The student should bring a large safety pin for pinning jewelry to clothing when rings must be taken off for certain clinical areas (i.e. surgery, OB delivery, nursery, etc.).
- Hair: Hair is to be clean, neat, pulled back and secured so that hair does not come in contact with the patient/client or the sterile field. Men must be shaved or have neatly trimmed beards and/or mustaches.
- Nails: Nails are to be kept short, clean, and in good repair without polish. No artificial nails or nail
enhancements are permitted (this includes artificial nail tips, appliques, acrylic gels, and any additional items applied to nail surface).

- **Body Art:** Any tattoos or other form of body art should be covered by the uniform.

All students in clinical settings must wear their Herzing University student ID and whatever other identification the facility may require at all times. If a student arrives without the appropriate name/ID badge, they will not be allowed to participate in clinical or to provide patient/client care. This will count as a clinical absence and hours must be made up. See below for clinical absence policy.

**ABSENCES AND TARDINESS**

Students are expected to be at clinical on time according to their schedule. However, emergencies do happen. The following policy is in effect:

**First occurrence:** If 15 minutes or less from stated clinical start time—written warning. If greater than 15 minutes from stated clinical start time—student will not be allowed to participate in clinical or to provide patient/client care; counts as a clinical absence—hours must be made up and paper required. See No Call/No Show policy below for instructor notification requirements.

**Second occurrence:** Any tardiness after first occurrence—student will not be allowed to participate in clinical or to provide patient/client care; counts as a clinical absence—hours must be made up and completion of an instructor specified activity will be required.

There are no clinical absences permitted. This means that any missed time must be made up either at the clinical site or in the lab. This time is made up at the discretion of the instructor. The student who misses clinical jeopardizes achievement of the course objectives and may receive an unsatisfactory clinical grade. An unsatisfactory clinical grade results in failure of the course. Should an emergency arise, the student is expected to contact the professor immediately.

Herzing University-Brookfield does not provide make-up opportunities for students who take elective vacations or time off during the semester. These absences may result in failure of the course.

**NO CALL/NO SHOW**

Any student who does not show up for clinical and who does not call the instructor within 15 minutes after the stated start time of clinical will be automatically failed from clinical. No call/no show is an automatic clinical failure. Explanations will be reviewed and considered by the instructor and the Program Director.

**DISMISSAL FROM CLINICAL**

Students will be dismissed from clinical if any of the following occur:

- Being unprepared for the clinical experience
- Being inappropriately dressed for the clinical experience
- Demonstrating unsafe behaviors
- Delivering unsafe care to assigned patient(s)/client(s)
- Exhibiting inappropriate professional behaviors
- Violations of the facility or Herzing University-Brookfield policies, expectations, or standards

**REQUIRED NURSING ABILITIES**

Students accepted into the nursing program will need the cognitive ability, emotional stability, physical ability, and endurance to complete the nursing program and practice professional nursing. The nursing student cannot pose a significant risk or direct threat to the health or safety of themselves or others.
nursing student must be able to: exercise safe judgments based on assessment data, remain visibly calm in emergency situations, effectively respond to the evaluation process, be flexible, and demonstrate honesty and integrity.

Specific functions, abilities, and physical requirements for the nursing student are:

- Delivers nursing care that may involve standing, sitting, kneeling, bending, pushing and pulling, carrying, lifting, walking, reaching, and twisting. The ability to lift at least 50 pounds is essential to assist clients with ambulation, transfers, position changes, and to transport clients within the health care setting. Students with injuries may be required to submit a health care provider’s statement regarding their ability to perform the above duties. Manual dexterity is essential in the performance of many nursing tasks (i.e. preparation of certain medications, administration of treatments such as dressing changes and intravenous fluids, obtaining vital signs, etc.) and CPR certification without restrictions is required.
- Follows written and verbal directions.
- Communicates knowledge both verbally and in writing (electronically or hand-written). This includes the ability to read, write, hear, and see. Students must be able to speak clearly enough to participate in individual and group discussions in a variety of settings. They must be able to use the computer without restrictions.
- Observes and interprets client data and incorporates that data into the plan of care. This includes assessment and analysis of the physiological, psychosocial, spiritual, and cultural needs of the client. The ability to see, hear, feel, and smell is essential to the collection of data.
- Implements and evaluates nursing care based on the plan of care for a group of clients in all settings in which nursing care is provided. This includes the ability to utilize standard nursing equipment.
- Provides education for clients and their families, including discharge planning. There are additional educational tasks the nursing student performs which involve teaching peers and others.

This description of the essential abilities of the nursing student is meant to include the major areas of responsibility and is not intended to be limited to the above information. If a student believes he/she needs a reasonable accommodation to be able to perform these essential functions, please contact the Nursing Program Clinical Coordinator.

Please note that although we consider pregnancy to be a normal event, for the student’s safety, the Nursing Department requires a statement from the student’s healthcare provider providing permission to continue the clinical experience or delineate any special needs or restrictions.

Students who need other assistance for test taking, class work and/or clinical work accommodations should follow the procedures outlined in the Herzing University Undergraduate Catalog. Any illness, injury, or condition in which physician or practitioner intervention was sought requires a signed release statement with limitations or restrictions listed before attendance at clinical.

TRANSPORTATION TO CLINICAL SITES
The Nursing Program at Herzing University-Brookfield uses a variety of clinical facilities for student learning experiences. The facilities are located in various areas of the community and require students to provide transportation to/from the facility. Students are responsible for their transportation to/from health care agencies for clinical experiences. Under no circumstances are students allowed to transport patients/clients in their private vehicles.

SAFE PRACTICE GUIDELINES SUPERVISION OF A STUDENT IN CLINICAL
A faculty member, clinical lab personnel, or preceptor will be available to a nursing student at all times to provide guidance and evaluation of student’s performance. Preceptors are used for specialized clinical
experiences and are selected according to University policy to meet particular course objectives and enhance the variety of clinical experiences for the student.

SAFE NURSING PRACTICE DEFINITION
Safe nursing practice is essential to all clinical courses. Safe nursing practice is defined as the application of scientific principles and nursing theory in performing nursing care. Care is provided in a reasonable and prudent manner providing for the welfare and protecting the well-being of the patient/client. Safe practices imply that the student can demonstrate awareness of the potential effect of actions and decisions. Such actions and decisions shall not endanger the integrity of the patient/client.

UNSAFE NURSING PRACTICE
• An act or behavior of the type which puts the patient/client or staff at risk for injury or harm.
• An act or behavior which violates the Code for Nurses of the American Nurses' Association (www.nursingworld.org).
• An act or behavior which threatens or has the potential to threaten the physical, emotional, mental, or environmental safety of the patient/client, a family member or substitute familial person, another student, a faculty member, or other health care provider.
• An act or behavior which constitutes nursing practice for which a student is not authorized or educated at the time of the incident.

UNSAFE PRACTICE PROCEDURES
Safe practice is an essential requirement for progression to the next course and will be judged by the clinical support personnel. A student who engages in unsafe practices will receive an unsatisfactory grade for the clinical portion of the course, resulting in a grade of “F” for the course. Documentation of unsafe practices will be formulated by faculty and discussed with, and signed by, the student(s). Faculty will determine if the student is to be dismissed for the day or the remaining portion of the course. In addition, unsafe practices may result in release of the student from the Nursing Program at Herzing University-Brookfield.

PROFESSIONAL STUDENT CONDUCT
The Nursing Educational Administrator and faculty will implement policies related to student conduct that incorporates the standards for safe nursing care, including, but not limited to the following:
• A student shall, in a complete, accurate, and timely manner, report and document nursing assessments or observations, the care provided by the student for the patient/client, and the patient’s/client’s response to that care.
• A student shall, in an accurate and timely manner, report to the appropriate practitioner errors in or deviations from the current valid order.
• A student shall not falsify any patient/client record or any other document prepared or utilized in the course of, or in conjunction with, nursing practice. This includes, but is not limited to, case management documents or reports, time records or reports, and other documents related to billing for nursing services.
• A student shall implement measures to promote a safe environment for each patient/client.
• A student shall delineate, establish, and maintain professional boundaries with each patient/client.
• At all times when a student is providing direct nursing care to a patient/client the student shall:
  o Provide privacy during examination or treatment and in the care of personal or bodily needs; and
  o Treat each patient/client with courtesy, respect, and with full recognition of dignity and individuality.
• A student shall practice within the appropriate scope of practice as set forth in the Board of Nursing standards for the registered nurse (or practical nurse).
• A student shall use universal blood and bodily fluid precautions.
• A student shall not:
• Engage in behavior that causes or may cause physical, verbal, mental, or emotional abuse to a patient/client; or
• Engage in behavior toward a patient/client that may reasonably be interpreted as physical, verbal, mental, or emotional abuse.

- A student shall not misappropriate a patient's/client's property or:
  o Engage in behavior to seek or obtain personal gain at the patient's/client's expense;
  o Engage in behavior that may reasonably be interpreted as behavior to seek or obtain personal gain at the patient's/client's expense;
  o Engage in behavior that constitutes inappropriate involvement in the patient's/client's personal relationships; or
  o Engage in behavior that may reasonably be interpreted as inappropriate involvement in the patient/client personal relationships.

- A student shall not:
  o Engage in sexual conduct with a patient/client;
  o Engage in conduct in the course of practice that may reasonably be interpreted as sexual;
  o Engage in any verbal behavior that is seductive or sexually demeaning to a patient/client;
  o Engage in verbal behavior that may reasonably be interpreted as seductive, or sexually demeaning to a patient/client.

- A student shall not self-administer or otherwise take into the body any dangerous drug in any way not in accordance with a legal, valid prescription issued for the student, or self-administer or otherwise take into the body any drug that is a Schedule I controlled substance.

- A student shall not habitually or excessively use controlled substances, other habit-forming drugs, alcohol, or other chemical substances to an extent that ability to practice is impaired.

- A student shall not have impairment of the ability to practice according to acceptable and prevailing standards of safe nursing care because of habitual or excessive use of drugs, alcohol, or other chemical substances that impair the ability to practice.

- A student shall not have impairment of the ability to practice according to acceptable and prevailing standards of safe nursing care because of the use of drugs, alcohol, or other chemical substances.

- A student shall not have impairment of the ability to practice according to acceptable and prevailing standards of safe nursing care because of the use of drugs, alcohol, or other chemical substances.

- A student shall not have impairment of the ability to practice according to acceptable and prevailing standards of safe nursing care because of a physical or mental disability. (As required by Federal and State law, appropriate and reasonable accommodations will be made to students with qualifying disabilities if requested according to procedures set forth in the Herzing Undergraduate Student Handbook).

- A student shall not assault or cause harm to a patient/client or deprive a patient/client of the means to summon assistance.

- A student shall not misappropriate or attempt to misappropriate money or anything of value by intentional misrepresentation or material deception in the course of practice.

- A student shall not obtain or attempt to obtain money or anything of value from a patient.

- A student shall not have been adjudicated by a probate court of being mentally ill or mentally incompetent, unless restored to competency by the court.

- A student shall not aid and abet a person in that person's practice of nursing without a license, practice as a dialysis technician without a certificate issued by the Board, or administration of medications as a medication aide without a certificate issued by the Board.

- A student shall not prescribe any drug or device to perform or induce an abortion, or otherwise perform or induce an abortion.

- A student shall not assist suicide.

- A student shall not submit or cause to be submitted, any false, misleading, or deceptive statements, information, or document to Herzing University-Brookfield, its administrators, faculty or preceptors, or to the board.
• A student shall maintain the confidentiality of patient information. The student shall communicate patient/client information with other members of the health care team for health care purposes only, shall access patient/client information only for purposes of patient/client care or for otherwise fulfilling the student's assigned clinical responsibilities, and shall not disseminate patient/client information for purposes other than patient/client care or for otherwise fulfilling the student's assigned clinical responsibilities through social media, texting, emailing, or any other form of communication.

• To maximum extent feasible, identifiable patient health care information shall not be disclosed by a student unless the patient/client has consented to the disclosure of identifiable patient health care information. A student shall report individually identifiable patient/client information without written consent in limited circumstances only and in accordance with an authorized law, rule, or other recognized legal authority.

• For the purposes of professional boundaries; provision of direct patient/client care; physical, verbal, mental, or emotional abuse; misappropriation of the patient's/client's property; engage in sexual misconduct; or consent to sexual activity, a student shall not use social media, texting, emailing, or other forms of communications with, or about a patient, for non-health care purposes or for purposes other than fulfilling the student's assigned clinical responsibilities.

• A student shall not violate the policies and guidelines of the clinical agency to which they are assigned.

SUBSTANCE ABUSE
Herzing University-Brookfield requires that nursing students at all times be capable of providing safe and effective patient care. To that end, the University is committed to a substance-free workplace and environment. This means that nursing students must not be impaired by any substances during any part of the Nursing Program, including classroom work, lab assignments, and clinical settings in which the nursing students participate. See “Drug and Alcohol Policy” in the Herzing University Undergraduate Student Handbook for additional information. Therefore, any situation where a student's ability or performance is impaired by drugs or alcohol will be dealt with in the following manner within the Nursing Department:

• The student will be removed from the clinical site, lab, or classroom.
• The student will be required to obtain drug testing at the testing facility identified by the Nursing Department.
• If the results are positive, the student will be released from the nursing program for at least 1 semester to allow time for treatment and reflection.
• The student may apply to return to the program after 1 semester's absence. A statement for the health care provider stating that the student is without mental or physical impairment that would inhibit safe nursing care is required.
• If allowed to return, the student will be placed based on space available and repeat the drug screen.
• A second repeat of the substance abuse policy will result in permanent release from the Nursing Program at Herzing University-Brookfield.
• The student is afforded the right of challenge under the procedure set forth in the Herzing University Undergraduate Catalog. Student conduct hearings at Herzing University are bound by the published guidelines in the Herzing University Undergraduate Catalog.

Reasons to suspect impairment include, but are not limited to the following:
• Alcohol on the breath or odor of alcohol
• Flushed face and/or bloodshot eyes
• Tremors of the hands
• Unsteady gait
• Patterned absenteeism
• Frequent breaks or disappearance during clinical day
• Repeated tardiness
• Memory lapses, difficulty concentrating, confusion
• Lack of coordination/dexterity
• Slurred or incoherent speech
• Deterioration of appearance
• Dilation or constricted pupils
• Anger, hostility, irritability, mood swings, agitation
• Presence of drug paraphernalia
• Drowsiness and sleepiness

STUDENT ORGANIZATIONS AND DEPARTMENT COMMITTEES

DEPARTMENT OF NURSING COMMITTEES
Student representation is expected on committees within the Nursing Program. These include:
• Curriculum Committee
• Evaluation Committee
• Faculty Retention & Recruitment Committee
• Student Awareness Committee
• Nursing Department Advisory Board

STUDENT NURSES ASSOCIATION (SNA)
The Herzing University-Brookfield Chapter of the Wisconsin Student Nursing Association (WSNA) is an officially recognized organization of Herzing University and the Nursing Program. The SNA is the official representative of the nursing student body and coordinates, within the policies of Herzing University, events and activities. Members function under the charter of the organization and the leadership of elected officers. Advisors are elected/appointed from the Nursing Program faculty. The faculty advisors are expected to be in attendance at the meetings of the organization.
The advisor’s role is to provide clarity, to interpret Nursing Program and University policies/procedures, and to provide general consultation. The purpose of SNA is to provide networking and mentoring opportunities for the nursing student to foster their developing professional role. The organization promotes active engagement at the local, state, and national levels to contribute to advances in nursing education, promote advocacy for health care, and provide service opportunities.

CONFIDENTIALITY STATEMENT: STATEMENT OF CONFIDENTIALITY
All information that a student learns about a client/patient while providing care is private and confidential. This information is not to be shared with anyone except an instructor and those members of the health team directly involved with the care of the client/patient. The right of privacy is paramount; therefore, confidential information about the client acquired from any source is to be safeguarded. With the nurse-client relationship based on trust, the client’s welfare and the reputation can be jeopardized by inappropriate disclosure and the nurse-client relationship destroyed. Students are expected, without exception, to observe the patient’s/client’s right to privacy. Serious consequences such as release from the Nursing Program may result if the student fails to maintain this privacy. Students are reminded that confidentiality has legal and ethical implications and that an inappropriate break of confidentiality may expose the student and University to liability.

The Herzing University Undergraduate Catalog can be found at http://catalog.herzing.edu/
The Herzing University Brookfield Practical Nursing Program (HUB PN) will begin as an evening program. The start date of the HUB PN, pending Board of Nursing approval, is September 2018. The per-credit cost of the HUB PN is $480 and, as a non-profit, regionally-accredited university, students may apply for federal and state grants and loans.

Applicants must meet all of the following criteria:

- Is 18 years or older (Wisconsin standard)
- A high school or college grade point average of at least 2.0 or higher
- Achieve a minimum passing score of 48 on the most current version of the Test of Essential Academic Skills (TEAS); TEAS score must be from within one year of anticipated date of matriculation

The admission process which requires meeting with an admissions advisor, an educational funding advisor, and TEAS testing typically takes 10-14 days to complete. See also Sec. 3; pages 15-21 of this submission which details the matriculation requirements for the HUB PN

Step 1
- Upon receipt of Authorization to Admit, Students approval for WBON, enrollment can begin (Anticipated September, 2018)

Step 2
- Apply for Candidacy Status Fall 2019
- Submit application for initial approval from WBON after graduation of first class (anticipated Fall 2019)

Step 3
- Anticipate site visit (Summer 2020)
The curriculum includes clinical experiences in a variety of care settings to ensure that the student demonstrates competencies in the role of the practical nurse upon graduation from the PN program. The current curriculum plan utilizes 13 affiliations which the clinical experience focus varies. The 13 clinical settings for the HUB-PN program are listed in Table 4 along with alignment to courses and partnership agreements. Copies of Form # 1004, clinical contracts, LPN job descriptions, and Memoranda of Understanding (MOU) forms for each clinical site is located in Appendix 1-D. There are also email communications between HUB-PN program and each clinical site verifying each clinical site's commitment to the PN program.

Appendix 1-A

Dr. Deborah Ziebarth's
Form #1114 and CV
New nursing school seeking authorization to admit students: Completion of this form is required for each faculty member and the educational administrator. This form must be submitted to the Board of Nursing along with the request for authorization to admit students.

Nursing school approved by the Board of Nursing: Completion of this form is required for each faculty member and the educational administrator. The form must be kept on file in the school of nursing office and made available to the Board upon request for all faculty members and educational administrators hired by the nursing school.

Change in educational administrator: Institutions are required to notify the Board of Nursing within 48 hours of the termination, resignation or retirement of an educational administrator and designate an interim educational administrator (EA) within five (5) business days. Completion and submission of this form is required as part of the notification process.

Faculty/EA Name (Last, First): Ziebarth, Deborah WI RN License #: 80495-30

School of Nursing Employed By: Herzing University

Type of Nursing Program(s) (ADN, PN, BSN, etc.): PN

Position X Educational Administrator Faculty

Appointment Effective Date: 6/22/2016

FACULTY APPOINTMENTS (complete Section A below).

Fully-qualified faculty must have a current, active Registered Nurse license or privilege to practice in Wisconsin that is not encumbered and a graduate degree with a major in nursing.

OBJECTIVE
I am a dedicated RN with over 15 years of experience in critical care within Columbia-St. Mary’s Regional Burn Center seeking transition into a faculty/clinical teaching position within a nursing school. I offer a solid foundation in critical care, research methodologies, and current healthcare advancements. Special experience in conducting clinical improvement projects within the critical care environment of burn specialization. Strong background as a department unit educator developing orientation programs to new nurses as well as continuing education to established staff. Community educator for the American Burn Association for Advanced Burn Life Support programs aimed at emergency medical technicians in the field and hospital support staff at state and local emergency departments.

WORK EXPERIENCE
11/20/99-Present, Columbia-St. Mary’s Regional Burn Center, Milwaukee, WI (Ascension)  
Staff RN in an acuity adaptable critical care unit caring for patients undergoing grafting and surgical interventions. Assisting surgeons and surgical teams with operative procedures performed at the bedside as well as daily wound cares for a highly specialized patient population.

Highlights of Contributions
- Eden’s Grant recipient for a clinical improvement project for teaching “Preoperative and Postoperative Skin Grafting” to patients who are undergoing a grafting procedure.
- Ascension Grant for developing a discharge video of patient’s personalized burn therapies for them to take with them after discharge to rehabilitation centers.
- Nursing team lead on international research study for “Nexabrid”. Nexabrid is a chemical debridement product (Mediterranean pineapple) project that is undergoing extensive study on burn patients in the United States seeking FDA approval.
- One of two national American Burn Association Instructors at Columbia-St. Mary’s Regional Burn Center.
- Annual instructor as nursing skills fair for Ascension.
- Community educator for annual EMT conference.
- Unit based Quality Improvement Representative for 5+ years.
- Department Unit Educator for 7+ years until the hospital based position was eliminated by Ascension.

EDUCATION
2001 Carroll University-BS Nursing  
2010 AACN-CCRN Certification  
2013 University of Phoenix-MSN Nursing Education

PROFESSIONAL OBJECTIVE

To be an active faculty member participating in role of educating nursing students.

PROFESSIONAL EXPERIENCE

HERZING UNIVERSITY, BROOKFIELD, WI
ASSISTANT PROFESSOR OF NURSING

12/17-CURRENT

Through subject matter expertise, effective communication, pedagogical knowledge, operational excellence, appreciation and promotion of diversity, assessment of student learning, and utilization of technology to enhance teaching and learning I assist each student in navigating the learning process through each course I teach in the nursing program and preparation for the RN-NCLEX. I have taught courses from Introduction to Clinical up to Research. My current courses include Evidence Based Nursing Research, Nursing Informatics and Preparation for RN-NCLEX in which I start working with student when they enter the nursing program in semester three until they have passed their examination, including after graduation.

ASCEND LEARNING, LEAWOOD, KS
ATI VIRTUAL COACH AND NCLEX SPECIALIST

08/16-01/17

As a nurse educator, I provide guidance and coaching to nursing graduates, in both practical nurse and registered nurse programs, to help prepare them for their National Council Licensure Examination. Practice questions, focused remediation, case studies, content specific activities are all included in providing the student with additional help to increase their knowledge base and help to improve their confidence along with positive reinforcement from ATI coach. The ATI coach and student work exclusively until the student has the green light or student wishes to take their NCLEX examination.

UNIVERSITY OF WISCONSIN- OSHKOSH, OSHKOSH, WI
INSTRUCTIONAL ACADEMIC STAFF

01/15-04/15

As a collegiate faculty member, I worked in two different nursing programs within the college of nursing, the traditional undergraduate and the accelerated online nursing program. In the traditional program, I taught two different clinicals, one on a medical-surgical floor and one split between an assisted living facility and a rehabilitation floor in a hospital. Responsibilities for those clinicals included facilitating and monitoring of students with nursing skills, medication monitoring, assessments, care planning, documentation, nursing cares, therapeutic communication, and reporting off to the next nurse and charge nurse. In addition, to working with the students at the facility, I also was responsible for all the grading of assignments and having availability for them to ask/answer questions. In the accelerated online option, I was assigned to a community health clinical. My responsibilities were to meet with the preceptor and student at the beginning of the clinical and the end of the clinical. During
the clinical experience, I would have weekly, and more often if needed, communication with both the preceptor and student. During the clinical time, there were chats the students needed to attend that I was responsible to facilitate in which students from the clinical would gather and discuss a variety of topics related to the clinical. In addition, I was responsible for grading all assignments and having communication often with the student.

SHAWANO COUNTY, SHAWANO, WI
MENTAL HEALTH REGISTERED NURSE

08/15-10/15

I worked as a mental health registered nurse with clients living in the community. I collaborated daily with the psychiatrist, social workers, and deputy director. I was responsible for medication administration for those who needed monitoring, court ordered medications, obtaining of laboratory results, monitoring of laboratory schedules of medications, creation of policies regarding medications, laboratory medication levels and monitoring of those levels. I also helped out with any nursing care that was needed with clients in our service.

COLLEGE OF MENOMINIE NATION, KESHENA, WI
NURSING FACULTY

8/10-5/15

As a collegiate faculty member, I was responsible for the management and operation of the Associate Degree Nursing Program curricula. I taught and evaluated didactic content, instructed and evaluated basic nursing skills, and taught and evaluated nursing students in the clinical area. Faculty rank was assigned by the Dean of Nursing based on policy. Each faculty member was expected to abide by and promote the mission, philosophy, framework, and policies of the College of Menominee Nation and the Nursing and Health Careers Program. In addition to the curricula that was taught, I was the chair of the Nursing Program Evaluation committee and co-chair of Nursing Curriculum committee.

PINE MANOR HEALTHCARE CENTER, CLINTONVILLE, WI
REGISTERED NURSE

12/09-12/10

This is a long-term care facility that houses residents that need a variety of care needs. At this facility, care is provided following the facilities policies and protocols. Administration of medications, application of treatments, monitoring of blood glucose levels, proper documentation, and guidance of ancillary nursing staff are some of the responsibilities of the registered nurse. Collaboration of care includes the resident, resident’s family, nursing staff, social services, and therapy departments.

NORTHEASTERN WISCONSIN TECHNICAL COLLEGE, GREEN BAY, WI
NURSING INSTRUCTOR

06/09-04/10

As an adjunct instructor, I have taught the nursing assistant classes; didactic and skills, including the clinical component and introduction to practical nursing clinical.

ST. JOSEPHS RESIDENCE, NEW LONDON, WI
REGISTERED NURSE

09/08-12/09

This is a long-term care facility that houses residents that need a variety of care needs. At this facility, care is provided following the facilities policies and protocols. Administration of
medications, application of treatments, monitoring of blood glucose levels, proper documentation, and guidance of ancillary nursing staff are some of the responsibilities of the registered nurse. Collaboration of care includes the resident, resident’s family, nursing staff, social services, and therapy departments.

**Nurses PRN, Kimberly, WI**

Most recently, I worked in a psychiatric setting, mostly working with patients detoxing from alcohol and substance abuse. Responsibilities included following established protocols for the detoxing patient and assessments, medication administration, documentation, admissions, discharges, and providing emergency management if indicated. As the unit had been newly re-opened, I helped to created checklists for admissions and discharges for other agency nurses. I work at various long-term care facilities and have worked within the insurance industry. My service is to provide care to the residents/patients at the facilities per standards and protocols, including but not limited to medication administration, application of treatments, blood glucose monitoring, head-to-toe assessments, admissions, discharges, and care planning. I complete charting and paperwork in a timely manner including minimum data sets, temporary care plans, and care plans. I work many evening and night shifts, in which management is only available by phone. I supervise the ancillary nursing staff, communicate with physicians when needed when resident safety is the primary concern. Within the insurance industry, I would approve or reject procedures based on the policy type the insured would have.

**CRASSOCIATES, INC., NEWINGTON, VA**

I served as the administrator at the Veteran’s Outpatient Clinic in Wausau, Wisconsin, serving over 4000 veterans receiving medical care and an additional 300 veterans receiving mental health services. I oversaw the day-to-day operations of the clinic. Operations included supervising physicians, nurse practitioners, nursing support staff and clerical staff, maintaining enrollment status with the veterans, veteran complaints, billing, budgeting, weekly and monthly reports to corporate office, QI/QA initiatives, performance improvement projects, performance appraisals for employees, action plans for deficits, hiring of new personnel, disciplinary actions, and maintaining contact with Outpatient Coordinator. During my short tenure, I managed to double the patient satisfaction scores of the veteran’s receiving care at this facility.

**WINNEBAGO MENTAL HEALTH INSTITUTE, WINNEBAGO, WI.**

I provided skilled nursing care to mental health and dual diagnosis inmates/patients; provided assessment and treatment; managed medications; assisted physicians in providing medical services; provide emergency care and maintenance of treatment records.
- I created a power point program for the patients teaching them the different types of medications that are used to treat the different types of mental illness
- The program consists of the presentation for the patients, instructor notes, quizzes, and a final examination

PROFESSIONAL EXPERIENCE

9/2005–Present Carroll University; 100 N. East Ave., Waukesha, Wisconsin 53186
Position: Clinical Assistant Professor of Nursing
Teaching responsibilities:
Pathophysiology (9/05-present) and Pharmacology (9/07-present). Created numerous case studies and exercises to assist with student learning for nursing and health science students. Have consistently had student evaluation scores for both courses above average. Many students have commented about their appreciation of the multi-faceted support and materials to help them succeed at two very difficult courses. Please see publications regarding materials developed for the Pharmacology and Pathophysiology course.

Served on the University’s General Education and Cross Cultural Committee, as well as the Cross Cultural Experiences and Cross Cultural Seminar subcommittees, helping to develop the cross cultural curriculum for the University. Also served on the pilot group for the development of the Cross Cultural Seminar courses.

Sophomore level clinical 0/05-1/08. Developed several assignments to help students’ better grasp fundamental concepts including navigating patient information and care plan construction.

September, 2008 initiated a First Year Studies This course was converted to a "Cross Cultural Seminar" in the Fall of 2011 in alignment with the new International Curriculum. This is an essentially new course on immigration with an emphasis on health issues such as medical care for refugees and other immigrants.

January, 2009 began co-teaching Family-centered Mental Health nursing course. Assisted with lab portion Fall, 2009. Faculty with this specialty were hired by the end of the semester so I am no longer involved with these.

Spring, 2010 developed an International Health Care Course. This was approved and offered Spring Semester, 2012, and was also a pilot course. May, 2012 traveled to Guatemala where 10 students delivered teaching-intervention projects to 3 villages, and did an extensive village assessments. Have travelled to Guatemala seven times with groups of students. Developed a course that helps students understand the challenges of providing health care
to underserved populations as well as providing education and sustainable aid. Am the Faculty Advisor for the Sigma Theta Tau local chapter.

5/13-8/14 Interra Health
Position: Float Pool NP at various clinics in their small network of clinics that provide Urgent Care and Primary Care for County and City employees with which they have contracts. Worked 30 hours per week the summer of 2013 and during the winter break; they had little need for extra help the past year.

10/13-present Spaulding Clinical
Position: Conduct physical exams on those enrolled in research studies. Am able to schedule as hours as desired.

5/10-present Medical Resources
Position: locum tenem positions in quick care clinics. Worked independently as a nurse practitioner, also did patient registration, basic nursing care and extensive patient education as time permitted. Have not had any hours with this organization since 2010 due to a decrease in demand and full-time teaching position.

9/09-12/09 Blue Cross Blue Shield
Position: Did in-home visits to obtain medical history for those on Medicare applying for supplemental insurance coverage.

5/2006-1/12 Pro-Health Care Medical Associates
Position: Family Nurse Practitioner
Responsibilities:
Providing Occupational health services and urgent care for several clinics.
Work full-time as an FNP during breaks from school, part-time for the remainder of the year. Consulted with patients that were traveling to or relocating overseas regarding health requirements and concerns. Also have provided care for uninsured and underinsured clients that do not qualify for care through area free clinics.
Spring, 2008 supervised an FNP student from Concordia University in her 1st semester of clinical and shared such with other FNPs periodically. Department restructured 10/11 with resulting layoff of most of staff including me.

10/2010-10/2011 Bellin Health
Position: Family Nurse Practitioner
Responsibilities:
Was hired by them after working several months for them through Medical Resources, at various quick care clinics. Worked independently as a nurse practitioner, also did patient registration, basic nursing care and extensive patient education as time permitted. Left this organization due to extensive travel and approaching winter weather.

**Position:** Adjunct instructor.

**Teaching responsibilities:** Medical Terminology, 1-2 classes per semester

9/2000 – 5/2006 Memorial Health Center; 135 S. Gibson; Medford, WI 54451

**Position:** FNP in Urgent Care/ER

**Responsibilities:**
A 2004 patient satisfaction survey by an independent organization reported 9.4% of our patients felt the care given in Urgent Care met or exceeded their expectations, and 99.7% said they would recommend our services to others. Member of the Emergency Department Committee. Developed patient education materials.

6/2001 – 10/2005 Aspirus Hospital and Clinics; 425 Pine Ridge Boulevard; Wausau, WI

**Position:** FNP as needed

**Responsibilities:**
Provided coverage for area Physicians during their vacations or while they attended conferences. Provided care for a variety of patients with chronic illnesses and acute injuries and illnesses, plus preventative serves such as Well Child check-ups. This averaged one day a week.

Worked with 2 nursing pools while in graduate school but both are no longer operating.

11/1997 – 5/1999 American Red Cross; Deckner Ave.; Green Bay, Wisconsin, 54301

**Position:** RN in screening and blood donations collection

1/1990 – 11/1997 Wisconsin Evangelical Lutheran Synod; 2929 N. Mayfair Rd.

Milwaukee, Wisconsin

**Position:** Director of The WELS medical mission in Bulgaria, Eastern Europe

**Responsibilities:**
From Dec., 1993 until Nov., 1997. Developed Medical Mission Program there which was, in 1997 turned over to Bulgarian management. Did an assessment of resources and research before developing the programs. Also procured medical equipment and supplies to area clinics and hospitals. Also developed a series of lectures which were recorded and distributed throughout western Bulgaria. Wrote monthly health newsletters covering topics such as nutrition, common medications and significant side effects, common illnesses and treatment of them. After the program for families was started, wrote monthly newsletters on topics of concern to them including childhood vaccines and illnesses, and common problems such as nightmares and how to manage them. Also gave lectures on health topics. Went into the area Gypsy camps periodically, providing basic health care, checking blood pressures and giving talks on hygiene, nutrition and illness prevention. Ten years ago started a non-profit organization to continue aid and staffing to some of these.
organizations; this project is still running. The largest of these projects employs older women to work one-on-one with developmentally disabled children in an orphanage. This has resulted in the children developmentally meeting more milestones and becoming eligible for adoption.

EDUCATIONAL BACKGROUND

May, 2000 Concordia University, Mequon, WI
Degree: MSN as Family Nurse Practitioner, cumulative GPA 3.9

May, 1990 Seneca College; Toronto; Ontario, Canada,
Certificate in International Health, six month program in international health.

December 1982 University of Wisconsin – Milwaukee, WI
Degree: BSN, cumulative GPA 3.7

PUBLICATIONS

Winter, 2001 The Journal of Christian Nursing. "Listening and Learning." Article on developing medical mission projects in Eastern Europe. This was my graduate school project.

June, 2007 Pro-Health monthly magazine. Wrote article on the need for travel medicine consultations.

Have had two case studies published; more were to be published but the publisher has had to put this project on hold due to economic limitations.

Publications:
Materials for a pathophysiology workbook currently being reviewed by Elsevier and have been hired by them as a content expert and developer for a pathophysiology project. This is an animation project of major pathological processes and I've been assigned seventy-five of the animation scripts.

Mastering Pharmacology text accepted by Pearson Prentice-Hall: Includes: medication review sheets, exercises, and medication study guides, to help students test their understanding of drug mechanism of action and interactions, and assist with learning drug names.
Contracted to write a chapter for a Pathophysiology Textbook for Pearson Prentice-Hall on thyroid and parathyroid disorders.

Served as a reviewer for Lippincott for RN to BSN pathophysiology text.

Wrote discussion questions for the above text December, 2014.

**GRANTS**

**March 2011** Pioneer Scholars Grant  
Awarded to develop and carry out research on the causes and possible interventions of the high maternal mortality rate in Guatemala. Worked with a student on this and have given many presentations on it.

**PRESENTATIONS**

**May, 2013** Poster presentation on the contribution of an international health care experience to professional nurse development.

Have done numerous presentations on medical mission work, cross cultural education and on international education for nursing.

**CONTINUING EDUCATION**

**7/21-22/2008** ATI Test Item Writing Conference. Kansas City, KS  
Have attended numerous continuing education lectures, seminars and conferences for Nurse Practitioners.

**2005, ’06, ’07. 09** WNA Pharmacology Yearly Update

**January, 2007** Mosby Faculty Development Institute –San Diego, California.

Attended several continuing education programs on various topics including updates on emerging infections, international education, nursing education, and many pediatric conferences sponsored by Children’s Hospitals in the Milwaukee area during the last 2 years.

Numerous continuing education credits beyond those required for certification, last one attended was March, 2015 Children’s Hospital “Best Practices” Pediatric conference.

**PROFESSIONAL LICENSES**
Registered Nurse - Wisconsin
Advanced Practice Nurse Prescriber – Wisconsin
ANCC – Board Certification as Family Nurse Practitioner
CPR current
New nursing school seeking authorization to admit students: Completion of this form is required for each faculty member and the educational administrator. This form must be submitted to the Board of Nursing along with the request for authorization to admit students.

Nursing school approved by the Board of Nursing: Completion of this form is required for each faculty member and the educational administrator. The form must be kept on file in the school of nursing office and made available to the Board upon request for all faculty members and educational administrators hired by the nursing school.

Change in educational administrator: Institutions are required to notify the Board of Nursing within 48 hours of the termination, resignation or retirement of an educational administrator and designate an interim educational administrator (EA) within five (5) business days. Completion and submission of this form is required as part of the notification process.

Course Title: Growth and Development

Course Description: This course is a survey of normative human life span development. Emphasis is on selected theorist and perspectives as they relate to the physical, cognitive, and psychosocial aspects of development from conception to death. Significant milestones, and developmental tasks will be emphasized.

<table>
<thead>
<tr>
<th>1 Semester Credit Hours</th>
</tr>
</thead>
<tbody>
<tr>
<td>Lecture Hours</td>
</tr>
<tr>
<td>15</td>
</tr>
</tbody>
</table>

Study Time:

Lecture, Lab, or Internship/Externship/Clinical/Practicum hours as indicated on the syllabus represent scheduled hours spent engaged in learning activities. Students should expect to spend a minimum of two additional hours engaged in learning activities outside of class for each one hour identified as lecture; students should expect to spend two hours engaged in learning activities outside of class for each two hours of scheduled laboratory time. Learning activities outside of class support the achievement of one or more course learning objectives and may be spent reading textbook material, completing homework assignments, preparing for lab assignments, engaged in drill and practice exercises, working on case studies, completing workbook activities, or conducting library research. Additional study time outside of scheduled Internship/Externship/Clinical hours is typically not expected.

The total amount of time that students spend engaged in learning activities is consistent, regardless of instructional delivery method. For example, students enrolled in a three credit lecture course should expect to spend 45 hours in scheduled class time and an additional 90 hours engaged in learning activities outside of the classroom. Online or blended students should expect to spend the equivalent total of 135 hours engaged in learning activities if they are enrolled in the same course.

Determination of the amount of time that a student should expect to spend engaged in learning activities is based upon faculty judgment regarding the average student. The amount of time spent engaged in learning activities is expected to vary among students, based upon previous knowledge of the content, learning style, learning ability, difficulty of the course, and student motivation.
The timeframes provided below are estimates based upon the average student.

Course Length: 8 Weeks

Prerequisites: None

Co-requisites: None

Upon successful completion of this course, students should be able to:
1) Explain physical, cognitive, and psychosocial changes of a diverse population that occur across the lifespan.
2) Apply selected developmental theories to the population across the lifespan.
3) Distinguish between normal and abnormal patterns of development.

Program Learning Outcomes Supported

1. Practice quality, safe, and relationship-centered care as guided by practical nurse scope of practice.
2. Using a systems approach, ensure nursing judgement and collaboration in caring for diverse patients and families.
3. Employ a spirit of inquiry and integrity in providing care consistent with legal and professional standards of the practical nurse.
4. As a coordinator of care, generate system and professional resources for health and wellness which facilitate patient, family, personal, and professional growth.

Optional Textbook(s): NONE

Additional Learning Material(s): Evolve: https://evolve.elsevier.com Resources for your e-book can be found here.

Simulation will be included as permitted by the respective Board of Nursing.

E-book page numbers subject to change based upon publisher updates. Please check with instructor for updated page numbers as needed.

Policies

University policies, such as attendance philosophy, notification of absences, extenuating circumstances, accommodation requests, academic dishonesty, grading and grading symbols, and student conduct are included in the university catalog. Students should reference the catalog for the complete listing of policies.

Note: In some cases, program and/or course specific information may be appended to the syllabus. In these instances, students must consider the syllabus to be inclusive of any appended information, and as such, students must adhere to all course requirements as described in the document in its entirety.

| Course Description | The basic concepts of pharmacology will be taught related to actions, therapeutic effects, and adverse effects of traditional and nontraditional medications. Students will demonstrate collection of data, clinical judgment, and integration of knowledge to administer medication safely. The student will use the knowledge gained from this course for safe pharmacological interventions, dosage calculation, medication administration techniques, and documentation. |

| Study Time | |
|------------||

Lecture, Lab, or Internship/Externship/Clinical/Practicum hours as indicated on the syllabus represent scheduled hours spent engaged in learning activities. Students should expect to spend a minimum of two additional hours engaged in learning activities outside of class for each one hour identified as lecture; students should expect to spend one hour engaged in learning activities outside of class for each two hours of scheduled laboratory time. Learning activities outside of class support the achievement of one or more course learning objectives and may be spent reading textbook material, completing homework assignments, preparing for lab assignments, engaged in drill and practice exercises, working on case studies, completing workbook activities, or conducting library research. Additional study time outside of scheduled Internship/Externship/Clinical hours is typically not expected.

The total amount of time that students spend engaged in learning activities is consistent, regardless of instructional delivery method. For example, students enrolled in a three credit lecture course should expect to spend 45 hours in scheduled class time and an additional 90 hours engaged in learning activities outside of the classroom. Online or blended students should expect to spend the equivalent total of 135 hours engaged in learning activities if they are enrolled in the same course.

Determination of the amount of time that a student should expect to spend engaged in learning activities is based upon faculty judgment regarding the average student. The amount of time spent engaged in learning activities is expected to vary among students, based upon previous knowledge of the content, learning style, learning ability, difficulty of the course, and student motivation.
The timeframes provided below are estimates based upon the average student.

Upon successful completion of this course, students should be able to:
1) Discuss basic pharmacokinetics and pharmacodynamics for clients across the lifespan.
2) Document appropriate collection of data for safe administration of pharmaceutical agents.
3) Apply math principles to calculate medication dosages across the lifespan.
4) Demonstrate appropriate techniques for medication administration to include oral, rectal, parenteral, topical, and injectable medications.

### Course Syllabus

**Course Code:** NP 120

**Course Title:** Fundamentals of Nursing with Lab and Clinical

**Course Description:**
This course introduces the role of the practical nurse as a member of the interprofessional health care team, basic nursing concepts, and psychomotor nursing skills. Students learn skills necessary for maintaining patient safety and strategies for therapeutic communication. At the conclusion of this course, the student will demonstrate competency in performing basic nursing skills across the lifespan.

### POLICIES

UNIVERSITY POLICIES, SUCH AS ATTENDANCE PHILOSOPHY, NOTIFICATION OF ABSENCES, EXTENUATING CIRCUMSTANCES, ACCOMMODATION REQUESTS, ACADEMIC DISHONESTY, GRADING AND GRADING SYMBOLS, AND STUDENT CONDUCT ARE INCLUDED IN THE UNIVERSITY CATALOG. STUDENTS SHOULD REFERENCE THE CATALOG FOR THE COMPLETE LISTING OF POLICIES.

NOTE: IN SOME CASES, PROGRAM AND/OR COURSE SPECIFIC INFORMATION MAY BE APPENDED TO THE SYLLABUS. IN THESE INSTANCES, STUDENTS MUST CONSIDER THE SYLLABUS TO BE INCLUSIVE OF ANY APPENDED INFORMATION, AND AS SUCH, STUDENTS MUST ADHERE TO ALL COURSE REQUIREMENTS AS DESCRIBED IN THE DOCUMENT IN ITS ENTIRETY.
LPN PROGRAM

Clinical Performance Evaluation Tool
NP 120 Fundamentals of Nursing with Lab and Clinical

Grading Scale:

5 = Independent (pass)
4 = Supervised (pass)
3 = Assisted (pass)
2 = Marginal (fail)
1 = Dependent (fail)
X = Unable to Evaluate

See detailed explanation of grading scale at the end.

Student Name ____________________ Instructor Name ____________________

Term ___________________ Cohort ___________________

Clinical Objectives: There are specific clinical learning objectives that must be met to successfully pass this course. These are part of the broader expected universal expected behaviors listed on the last pages, which must be met to signify the student has mastered the program outcomes. A passing grade must be received in all objectives and outcomes by final evaluation in order to pass the course.

This clinical evaluation tool is designed based upon program outcomes, NLN Core Competencies, and six Integrating Concepts.

Program Outcomes
1. Practice quality, safe, and relationship-centered care as guided by practical nurse scope of practice.
2. Using a systems approach, ensure nursing judgement and collaboration in caring for diverse patients and families.
3. Employ a spirit of inquiry and integrity in providing care consistent with legal and professional standards of the practical nurse.
4. As a coordinator of care, generate system and professional resources for health and wellness which facilitate patient, family, personal, and professional growth.

NLN PN Core Competencies:
Spirit of Inquiry, Professional Identity, Nursing Judgement, Human Flourishing

NLN PN Integrating Concepts:
Safety, Quality, Teamwork/Collaboration, Relationship-Centered Care, Systems-Based Care, Personal/Professional Development

Course Description:
This course introduces the role of the practical nurse as a member of the interprofessional health care team, basic nursing concepts, and psychomotor nursing skills. Students learn skills necessary for maintaining patient safety and strategies for therapeutic communication. At the conclusion of this course, the student will demonstrate competency in performing basic nursing skills across the lifespan.

Upon completion of this course, the PN student will be able to:

92 of 330
Explain principles of safety, including safe use of equipment, safe environment, recognizing patient safety needs, and reducing safety risks.

Utilize information management as it pertains to health records, nursing science, and evidence-based practice.

Practice clinical skills and procedures correctly.

Give examples of coordinating care.

Communicate using SBAR with the interdisciplinary team.

Identify the scope of practice that governs LPN practice.

Recall microbiology concepts related to infection control.

### Quality

**Program Outcomes 1,2,3; Course Learning Objectives 1,3,4**

- Recognize concepts of teaching and learning to improve quality of health care.

- Identify relevant health care data that needs collected and organized.

- Assist in the identification of health needs and problems.

- Explain basic nursing care concepts while maintaining integrity in addressing the physiological, psychological, cultural and spiritual needs of patients.

- Discuss the importance of communication with patients, families and significant individuals.

- Give examples of when to document nursing care within health information system.

- Recall examples of health promotion and maintenance.

- Recognizes personal capabilities and knowledge base when making decisions about safe care delivery.

- Recognize a clinical example of nursing judgment.

- Translate the importance of patient/family satisfaction as a key determinant of quality into practice.

- Recognize evidenced-based care.

### Teamwork/Collaboration

**Program Outcomes 1,2; Course Learning Objectives 1,2**

- Select appropriate team members to notify of changes in patient status.

- Collaborate with patients, families, other members of the health care team, and other individuals significant to the patient.

- Identify clinical experts when situations are beyond expertise and scope of practice.

- Make use of data collection and care planning to collaborate with the health care team.

- Recognize members of the health care team in meeting the needs of patients and their families.

- Compare health care team members for expert knowledge about patient care needs.

### Relationship-Centered Care

**Program Outcomes 1,2,4; Course Learning Objectives 1,2,3**

- Define verbal and non-verbal communication principles to improve relationship-centered interactions.

- Implement and contribute to the plan of care for a patient with multiple medical conditions.

- Identify pharmacological interventions related to patient diagnosis and condition.

- Relate healing, health maintenance, health promotion, disease prevention, and rehabilitation to clients across the lifespan and the continuum of health care environments.

- Define the LPN role in encouraging patient self-advocacy.

- Provide caring, compassionate, culturally competent, and evidence-based care while using the nursing process in the health care setting.

### Systems-Based Care

**Program Outcomes 1,2,3; Course Learning Objectives 2,3**

- Recognize the patient's right to minimal exposure to risk through systems thinking.

- Contributes to the interdisciplinary health care team in addressing the patients physiological, psychological, cultural, and spiritual needs.

- Report data to assist in the formulation of health care goals/outcomes, in collaboration with patients, their families, and health care team members.

- Practices collaboratively as a member of the interprofessional health care team to support the unique contributions of the LPN to a robust nursing workforce.
Interpret the Nursing Code of Ethics, Standards of Practice, and policies and procedures of the clinical agency and Herzing University.

Recognizes that both individuals and systems are responsible for patient safety.

Demonstrates competencies with emerging clinical technologies.

**Personal/Professional Development**

Program Outcomes 2,3,4; Course Learning Objectives 3

List personal beliefs, values, and biases in regard to respect for human dignity, equality, and justice.

Interpret self-reflection to assess personal level of competence, adequacy of knowledge base, and areas needing improvement to grow professionally.

Recognize responsibility for own learning and accept constructive guidance.

Demonstrates a persistent sense of curiosity to think creatively.

Interact with team members, faculty, and fellow students in a positive, professional manner.

Attend clinical on time, dressed professionally, prepared, and ready to work.

Demonstrate respectful appropriate behavior.

**Additional experiences not expected but available:** (eg. IV)

### Grading Scale Explanation

<table>
<thead>
<tr>
<th>Scale Label</th>
<th>Quality Of Performance</th>
<th>Assistance</th>
</tr>
</thead>
<tbody>
<tr>
<td>Independent</td>
<td>Safe at all times&lt;br&gt;Proficient&lt;br&gt;Coordinated&lt;br&gt;Competent&lt;br&gt;Occasional expenditure of excess energy within realistic time frame&lt;br&gt;Consistently demonstrates synthesis of theory</td>
<td>Functions with occasional rare supporting cues</td>
</tr>
<tr>
<td>Supervised</td>
<td>Safe at all times&lt;br&gt;Efficient&lt;br&gt;Coordinated&lt;br&gt;Competent&lt;br&gt;Functions with some expenditure of excess energy within a reasonable time period&lt;br&gt;Relates theory to practice with occasional direction</td>
<td>Functions with occasional supportive cues</td>
</tr>
<tr>
<td>Assisted</td>
<td>Safe with occasional guidance required&lt;br&gt;Sometimes inefficiency&lt;br&gt;Sometimes uncoordinated&lt;br&gt;Occasionally confident&lt;br&gt;Skilful in most behaviours but does expend excessive energy&lt;br&gt;Functions within delayed time period&lt;br&gt;Recognizes theory to practice with frequent direction</td>
<td>Occasional physical and supportive ones</td>
</tr>
<tr>
<td>Marginal</td>
<td>Requires constant supervision for safe performance&lt;br&gt;Unskilled&lt;br&gt;Inefficient&lt;br&gt;Lacks confidence&lt;br&gt;Expends considerable expenditure of excessive energy&lt;br&gt;Functions only in prolonged time period&lt;br&gt;Occasionally recognizes the relationship of theory to practice with constant direction</td>
<td>Continuous verbal and physical cues required</td>
</tr>
<tr>
<td>Dependent</td>
<td>Unsafe even with close supervision&lt;br&gt;Unskilled&lt;br&gt;Inefficient&lt;br&gt;Lacks confidence, coordination&lt;br&gt;Constantly expends excessive energy&lt;br&gt;Unable to function within a prolonged time period&lt;br&gt;Unable to relate theory to practice</td>
<td>Continuous verbal and physical cues</td>
</tr>
</tbody>
</table>

### Universal Expected Behaviors

1. Implements patient care within a timely manner.
2. Organizes time, resources, and self in the delivery of care.
3. Maintains safe client environment.
4. Is cost conscious while delivering care.
5. Uses nursing and other appropriate theories.
<table>
<thead>
<tr>
<th></th>
<th><strong>Applying Knowledge and Cultural Diversity</strong></th>
</tr>
</thead>
</table>
| 1. | - Apply comprehensive knowledge of health problems and cultural diversity in performing nursing interventions.  
- Uses nursing judgment and decision-making skills to solve problems.  
- Engages in self-reflection and collegial dialogue with instructors and others about practice.  
- Conforms with Patient’s Bill of Rights  
- Follows the Code of Conduct. |
| 2. | - Collects comprehensive data appropriate to the patient (individual, family, group, or population).  
- Conducts thorough data collection techniques in an organized and timely manner.  
- Analyzes all data collected to contribute to the plan of care.  
- Prioritizes nursing diagnoses.  
- Incorporates nursing knowledge and standards of care in the collection of data.  
- Uses principles, established protocols, and practice standards to implement nursing care. |
| 3. | - Implements interventions based on data collection and nursing diagnoses from the plan of care.  
- Understands outcome criteria that are measurable.  
- Discusses the plan of care with the RN.  
- Communicates care, consideration, and privacy to the client at all times.  
- Uses language expected of a practical nurse when communicating with other professionals.  
- Uses therapeutic communication strategies when communicating with patients. |
| 4. | - Prepares for clinical experience by acquiring the knowledge, skills, and equipment needed for patient care.  
- Uses medical equipment according to policy and procedures.  
- Respects equipment.  
- Cleans equipment appropriately.  
- Maintains proper storage of equipment.  
- Understands the relationship of the data collected from technological equipment in relation to the patient's condition.  
- Uses technology to obtain and share data. |
| 5. | - Maintains confidentiality.  
- Adheres to HIPAA standards.  
- Allows for patient privacy.  
- Treats patients in a dignified and respectful manner.  
- Maintains professional boundaries.  
- Practices standard safety precautions.  
- Communicates appropriate and critical information to faculty and staff in a timely manner.  
- Documents data collected, interventions, and response to interventions in a thorough and accurate manner. |
| 6. | - Assumes the functions of a patient advocate.  
- Is honest and demonstrates personal integrity.  
- Behaves and dresses professionally.  
- Arrives in the clinical area on time and prepared for the day's assignment.  
- Demonstrates self-motivation for learning. |
| 7. | - Considers developmental, physical, psychological, sociocultural and spiritual needs of the patient in nursing care.  
- Provides relevant and sensitive health education. |
- Integrating traditional and complementary health care practices per the plan of care.
- Communication shows sensitivity to sociocultural needs of client.
- Elicits and clarifies patient preferences and values.

Medical-Surgical Nursing I for LPNs

This course explores the care of adults using a body systems approach. Focus is placed on nursing interventions and developing knowledge required to provide quality nursing care in a safe manner. Content areas include musculoskeletal, urinary, respiratory, integumentary, neurologic, gastrointestinal, reproductive, and sensory systems. Furthermore, nutrition, communication, fluids & electrolytes, end of life, cultural diversity, and legal/ethical issues are integrated throughout the systems. The clinical component of this course allows the student a hands-on experience in providing relationship-centered care for patients with different disease processes in the healthcare system. Microbiology concepts related to safety and infection control are emphasized.

### Study Time

Lecture, Lab, or Internship/Externship/Clinical/Practicum hours as indicated on the syllabus represent scheduled hours spent engaged in learning activities. Students should expect to spend a minimum of two additional hours engaged in learning activities outside of class for each one hour identified as lecture; students should expect to spend one hour engaged in learning activities outside of class for each two hours of scheduled laboratory time. Learning activities outside of class support the achievement of one or more course learning objectives and may be spent reading textbook material, completing homework assignments, preparing for lab assignments, engaged in drill and practice exercises, working on case studies, completing workbook activities, or conducting library research. Additional study time outside of scheduled Internship/Externship/Clinical hours is typically not expected.

The total amount of time that students spend engaged in learning activities is consistent, regardless of instructional delivery method. For example, students enrolled in a three credit lecture course should expect to spend 45 hours in scheduled class time and an additional 90 hours engaged in learning activities outside of the classroom. Online or blended students should expect to spend the equivalent total of 135 hours engaged in learning activities if they are enrolled in the same course.
Determination of the amount of time that a student should expect to spend engaged in learning activities is based upon faculty judgment regarding the average student. The amount of time spent engaged in learning activities is expected to vary among students, based upon previous knowledge of the content, learning style, learning ability, difficulty of the course, and student motivation.

The timeframes provided below are estimates based upon the average student.

Course Length
8 Weeks

Prerequisites
NP110: Pharmacology for Nurses with Lab
NP120: Fundamentals of Nursing with Lab

Co-requisites
N/A

Upon successful completion of this course, students should be able to:
1) Apply the practical nurse scope of practice to the care of the adult patient.
2) Determine important concepts including nutrition, communication, and cultural diversity for patients with different medical disorders.
3) Demonstrate microbiology principles that affect infection control.
4) Identify elements in a systems based environment appropriate in caring for the adult population during wellness, acute, and chronic illnesses.
5) Verify pharmacologic therapy for clients based on an understanding of expected pharmacologic actions, safe administration methods, and data collection for patients.

Program Learning Outcome
1. Practice quality, safe, and relationship-centered care as guided by practical nurse scope of practice.
2. Using a systems approach, ensure nursing judgement and collaboration in caring for diverse patients and families.
3. Employ a spirit of inquiry and integrity in providing care consistent with legal and professional standards of the practical nurse.
4. As a coordinator of care, generate system and professional resources for health and wellness which facilitate patient, family, personal, and professional growth.

### POLICIES

UNIVERSITY POLICIES, SUCH AS ATTENDANCE PHILOSOPHY, NOTIFICATION OF ABSENCES, EXTENUATING CIRCUMSTANCES, ACCOMMODATION REQUESTS, ACADEMIC DISHONESTY, GRADING AND GRADING SYMBOLS, AND STUDENT CONDUCT ARE INCLUDED IN THE UNIVERSITY CATALOG. STUDENTS SHOULD REFERENCE THE CATALOG FOR THE COMPLETE LISTING OF POLICIES.
NOTE: IN SOME CASES, PROGRAM AND/OR COURSE SPECIFIC INFORMATION MAY BE APPENDED TO THE SYLLABUS. IN THESE INSTANCES, STUDENTS MUST CONSIDER THE SYLLABUS TO BE INCLUSIVE OF ANY APPENDED INFORMATION, AND AS SUCH, STUDENTS MUST ADHERE TO ALL COURSE REQUIREMENTS AS DESCRIBED IN THE DOCUMENT IN ITS ENTIRETY.
**Clinical Performance Evaluation Tool**

**Clinical Objectives:** There are specific clinical learning objectives that must be met to successfully pass this course. These are part of the broader expected universal expected behaviors listed on the last pages, which must be met to signify the student has mastered the program outcomes. A passing grade must be received in all objectives and outcomes by final evaluation in order to pass the course.

**NLN PN Core Competencies:**
- Spirit of Inquiry
- Professional Identity
- Nursing Judgement
- Human Flourishing

**NLN PN Integrating Concepts:**
- Safety
- Quality
- Teamwork/Collaboration
- Relationship-Centered Care
- Systems-Based Care
- Personal/Professional Development

**Course Description:**
This course explores the care of adults using a body systems approach. Focus is placed on nursing interventions and developing knowledge required to provide quality nursing care in a safe manner. Content areas include musculoskeletal, urinary, respiratory, integumentary, neurologic, gastrointestinal, reproductive, and sensory systems. Furthermore, nutrition, communication, fluids & electrolytes, end of life, cultural diversity, and legal/ethical issues are integrated throughout the systems. The clinical component of this course allows the student a hands-on experience in providing relationship-centered care for patients with different disease processes in the health care system. Microbiology concepts related to safety and infection control are emphasized.

**Personal/Professional Development**

**Program Outcomes 2,3,4; Course Learning Objectives 2**

- Explain personal beliefs, values, and biases in regard to respect for human dignity, equality, and justice.
- Use self-reflection to assess personal level of competence, adequacy of knowledge base, and areas needing improvement to grow professionally.
- Show responsibility for own learning and accept constructive guidance.
- Develop a persistent sense of curiosity to think creatively.
- Interact with team members, faculty, and fellow students in a positive, professional manner.
- Attend clinical on time, dressed professionally, prepared, and ready to work.
- Demonstrate respectful appropriate behavior.

Grading Scale Explanation
<table>
<thead>
<tr>
<th>Scale Label</th>
<th>Quality Of Performance</th>
<th>Assistance</th>
</tr>
</thead>
</table>
| **Independent** 5 | Safe at all times  
Proficient  
Coordinated  
Competent  
Occasional expenditure of excess energy within realistic time frame  
Consistently demonstrates synthesis of theory | Functions with occasional rare supporting cues |
| **Supervised** 4 | Safe at all times  
Efficient  
Coordinated  
Confident  
Competent  
Functions with some expenditure of excess energy within a reasonable time period  
Relates theory to practice with occasional direction | Functions with occasional supportive cues |
| **Assisted** 3 | Safe with occasional guidance required  
Sometimes inefficient  
Sometimes uncoordinated  
Occasionally confident  
Skillful in most behaviors but does expend excessive energy  
Functions within delayed time period  
Recognizes theory to practice with frequent direction | Occasional physical and supportive ones |
| **Marginal** 2 | Requires constant supervision for safe performance  
Unskilled  
Inefficient  
Lacks confidence  
Expends considerable expenditure of excess energy  
Functions only in prolonged time period  
Occasionally recognizes the relationship of theory to practice with constant direction | Continuous verbal and physical cues required |
| **Dependent** 1 | Unsafe even with close supervision  
Unskilled  
Inefficient  
Lacks confidence, coordination  
Constantly expends excessive energy  
Unable to function within a prolonged time period  
Unable to relate theory to practice | Continuous verbal and physical cues |

**Universal Expected Behaviors**

1. Implements patient care within a timely manner.  
2. Organizes time, resources, and self in the delivery of care.  
3. Maintains safe client environment.  
4. Is cost conscious while delivering care.  
5. Uses nursing and other appropriate theories.  
6. Apply comprehensive knowledge of health problems and cultural diversity in performing nursing interventions.
Uses nursing judgment and decision-making skills to solve problems.
Engages in self-reflection and collegial dialogue with instructors and others about practice.
Conforms with Patient’s Bill of Rights
Follows the Code of Conduct.

Collects comprehensive data appropriate to the patient (individual, family, group, or population).
Conducts thorough data collection techniques in an organized and timely manner.
Analyzes all data collected to contribute to the plan of care.
Prioritizes nursing diagnoses.
Incorporates nursing knowledge and standards of care in the collection of data.
Uses principles, established protocols, and practice standards to implement nursing care.

Implements interventions based on data collection and nursing diagnoses from the plan of care.
Understands outcome criteria that are measurable.
Discusses the plan of care with the RN.
Communicates care, consideration, and privacy to the client at all times.
Uses language expected of a practical nurse when communicating with other professionals.
Uses therapeutic communication strategies when communicating with patients.

Prepares for clinical experience by acquiring the knowledge, skills, and equipment needed for patient care.
Uses medical equipment according to policy and procedures.
Respects equipment.
Cleans equipment appropriately.
Maintains proper storage of equipment.
Understands the relationship of the data collected from technological equipment in relation to the patient’s condition.
Uses technology to obtain and share data.

Maintains confidentiality.
Adheres to HIPAA standards.
Allows for patient privacy.
Treats patients in a dignified and respectful manner.
Maintains professional boundaries.
Practices standard safety precautions.
Communicates appropriate and critical information to faculty and staff in a timely manner.
Documents data collected, interventions, and response to interventions in a thorough and accurate manner.

Assumes the functions of a patient advocate.
Is honest and demonstrates personal integrity.
Behaves and dresses professionally.
Arrives in the clinical area on time and prepared for the day’s assignment.
Demonstrates self-motivation for learning.

Considers developmental, physical, psychological, sociocultural and spiritual needs of the patient in nursing care.
Provides relevant and sensitive health education.
Integrating traditional and complementary health care practices per the plan of care.
Communication shows sensitivity to sociocultural needs of client.
- Elicits and clarifies patient preferences and values.
# Medical-Surgical Nursing II for LPNs

This course explores the care of adults using a body systems approach. Focus is placed on nursing interventions and developing knowledge required to provide quality nursing care in a safe manner. Content areas include cardiovascular, hematologic, endocrine, and lymphatic systems. Furthermore acid base balance, cancer, bioterrorism, disaster, and trauma are integrated throughout the course. The clinical component of this course allows the student a hands-on experience in providing relationship-centered care for patients with different disease processes in the healthcare system.

<td>135</td>
</tr>
</tbody>
</table>

**Study Time**

Lecture, Lab, or Internship/Externship/Clinical/Practicum hours as indicated on the syllabus represent scheduled hours spent engaged in learning activities. Students should expect to spend a minimum of two additional hours engaged in learning activities outside of class for each hour identified as lecture; students should expect to spend one hour engaged in learning activities outside of class for each two hours of scheduled laboratory time. Learning activities outside of class support the achievement of one or more course learning objectives and may be spent reading textbook material, completing homework assignments, preparing for lab assignments, engaged in drill and practice exercises, working on case studies, completing workbook activities, or conducting library research. Additional study time outside of scheduled Internship/Externship/Clinical hours is typically not expected.

The total amount of time that students spend engaged in learning activities is consistent, regardless of instructional delivery method. For example, students enrolled a three credit lecture course should expect to spend 45 hours in scheduled class time and an additional 90 hours engaged in learning activities outside of the classroom. Online or blended students should expect to spend the equivalent total of 135 hours engaged in learning activities if they are enrolled in the same course.

Determination of the amount of time that a student should expect to spend engaged in learning activities is based upon faculty judgment regarding the average student. The amount of time spent engaged in learning activities is expected to vary among students, based upon previous knowledge of the content, learning style, learning ability, difficulty of the course, and student motivation.
The timeframes provided below are estimates based upon the average student.

Prerequisites

NP125: Medical Surgical Nursing I for LPNs

Co-requisites

N/A

Course Learning Objectives

Upon successful completion of this course, students should be able to:
1) Utilize safe, quality, relationship-centered care along with interprofessional collaboration to care for patients with medical disorders.
2) Apply professional knowledge to interventions as appropriate with cultural considerations.
3) Demonstrate basic knowledge of chemistry and physics and its applicability to nursing practice.
4) Verify pharmacologic therapy for clients based on an understanding of expected pharmacologic actions, safe administration methods, and data collection for patients.

POLICIES

UNIVERSITY POLICIES, SUCH AS ATTENDANCE PHILOSOPHY, NOTIFICATION OF ABSENCES, EXTENUATING CIRCUMSTANCES, ACCOMMODATION REQUESTS, ACADEMIC DISHONESTY, GRADING AND GRADING SYMBOLS, AND STUDENT CONDUCT ARE INCLUDED IN THE UNIVERSITY CATALOG. STUDENTS SHOULD REFERENCE THE CATALOG FOR THE COMPLETE LISTING OF POLICIES.

NOTE: IN SOME CASES, PROGRAM AND/OR COURSE SPECIFIC INFORMATION MAY BE APPENDED TO THE SYLLABUS. IN THESE INSTANCES, STUDENTS MUST CONSIDER THE SYLLABUS TO BE INCLUSIVE OF ANY APPENDED INFORMATION, AND AS SUCH, STUDENTS MUST ADHERE TO ALL COURSE REQUIREMENTS AS DESCRIBED IN THE DOCUMENT IN ITS ENTIRETY.
Clinical Performance Evaluation Tool
NP 235 Medical Surgical Nursing II for LPNs

Grading Scale:
5 = Independent (pass)  
4 = Supervised (pass)  
3 = Assisted (pass)  
2 = Marginal (fail)  
1 = Dependent (fail)  
X = Unable to Evaluate

Student Name____________ Instructor Name____________
Term____________ Cohort____________

Clinical Objectives: There are specific clinical learning objectives that must be met to successfully pass this course. These are part of the broader expected universal expected behaviors listed on the last pages, which must be met to signify the student has mastered the program outcomes. A passing grade must be received in all objectives and outcomes by final evaluation in order to pass the course.

This clinical evaluation tool is designed based upon program outcomes, NLN Core Competencies, and six Integrating Concepts.

Program Outcomes
1. Practice quality, safe, and relationship-centered care as guided by practical nurse scope of practice.
2. Using a systems approach, ensure nursing judgement and collaboration in caring for diverse patients and families.
3. Employ a spirit of inquiry and integrity in providing care consistent with legal and professional standards of the practical nurse.
4. As a coordinator of care, generate system and professional resources for health and wellness which facilitate patient, family, personal, and professional growth.

NLN PN Core Competencies:
Spirit of Inquiry, Professional Identity, Nursing Judgement, Human Flourishing

NLN PN Integrating Concepts:
Safety, Quality, Teamwork/Collaboration, Relationship-Centered Care, Systems-Based Care, Personal/Professional Development

Course Description:
This course explores the care of adults using a body systems approach. Focus is placed on nursing interventions and developing knowledge required to provide quality nursing care in a safe manner. Content areas include cardiovascular, hematologic, endocrine, and lymphatic systems. Furthermore, acid base balance, cancer, bioterrorism, disaster, and trauma are integrated throughout the course. The clinical component of this course allows the student a hands-on experience in providing relationship-centered care for patients with different disease processes in the health care system.

Upon completion of this course, the PN student will be able to:

Safety
Program Outcomes 1,2,3; Course Learning Objectives 1,2,3,4
Integrate safe medication administration.
Take part in principles of safety, including safe use of equipment, safe environment, recognizing patient safety needs, and reducing safety risks.

Utilize information management as it pertains to health records, nursing science, and evidence-based practice.

Integrate clinical skills and procedures correctly.

Demonstrate coordination of care.

Communicate using SBAR with the interdisciplinary team.

Apply the scope of practice that govern LPN practice.

Utilize microbiology concepts related to infection control.

**Quality**

**Program Outcomes 1,2,3; Course Learning Objectives 1,2**

Demonstrate concepts of teaching and learning to improve quality of health care.

Identify relevant health care data that needs collected and organized.

Identify health needs and problems.

Take part in basic nursing care concepts while maintaining integrity in addressing the physiological, psychological, cultural and spiritual needs of patients.

Paraphrase the importance of communication with patients, families and significant individuals.

Perform documentation of nursing care within health information system.

Identify health promotion and maintenance behaviors.

Apply personal capabilities and knowledge base when making decisions about safe and holistic care delivery.

Practice a nursing judgement decision.

Distinguish the importance of patient/family satisfaction as a key determinant of quality in practice.

Prevent complications through the selection of evidenced-based care.

**Teamwork/Collaboration**

**Program Outcomes 1,2; Course Learning Objectives 1**

Choose appropriate team members to notify of changes in patient status.

Collaborate with patients, families, other members of the health care team, and other individuals significant to the patient.

Utilize clinical experts when situations are beyond expertise and scope of practice.

Justify data collection and care planning to collaborate with the health care team.

Utilize members of the health care team in meeting the needs of patients and their families.

Select health care team members for expert knowledge about patient care needs.

**Relationship-Centered Care**

**Program Outcomes 1,2,4; Course Learning Objectives 1**

Apply verbal and non-verbal communication principles to improve relationship-centered interactions.

Implement and contribute to the plan of care for a patient with multiple medical conditions.

Implement pharmacological interventions related to patient diagnosis and condition.

Perform healing, health maintenance, health promotion, disease prevention, and rehabilitation to clients across the lifespan and the continuum of health care environments.

Utilize the LPN role in encouraging patient self-advocacy.

Provide caring, compassionate, culturally competent, and evidence-based care while using the nursing process in the health care setting.

**Systems-Based Care**

**Program Outcomes 1,2,3; Course Learning Objectives 1,2**

Implement the patient's right to minimal exposure to risk through systems thinking.

Contribute to the interdisciplinary health care team in addressing patient physiological, psychological, cultural, and spiritual needs.

Report data to assist in the formulation of health care goals/outcomes, in collaboration with patients, their families, and health care team members.

Practice collaboratively as a member of the interprofessional health care team to support the unique contributions of the LPN to a robust nursing workforce.
Apply the Nursing Code of Ethics, Standards of Practice, and policies and procedures of the clinical agency and Herzing University.
Utilize that both individuals and systems are responsible for patient safety.
Examine competencies with emerging clinical technologies.

## Grading Scale Explanation

<table>
<thead>
<tr>
<th>Scale Label</th>
<th>Quality Of Performance</th>
<th>Assistance</th>
</tr>
</thead>
</table>
| **Independent** 5 | Safe at all times  
Proficient  
Coordinated  
Confident  
Competent  
Occasional expenditure of excess energy within realistic time frame  
Consistently demonstrates synthesis of theory | Functions with occasional rare supporting cues |
| **Supervised** 4 | Safe at all times  
Efficient  
Coordinated  
Confident  
Competent  
Functions with some expenditure of excess energy within a reasonable time period  
Relates theory to practice with occasional direction | Functions with occasional supportive cues |
| **Assisted** 3 | Safe with occasional guidance required  
Sometimes inefficiency  
Sometimes uncoordinated  
Occasionally confident  
Skillful in most behaviors but does expend excessive energy  
Functions within delayed time period  
Recognizes theory to practice with frequent direction | Occasional physical and supportive ones |
| **Marginal** 2 | Requires constant supervision for safe performance  
Unskilled  
Inefficient  
Lacks confidence  
Expends considerable expenditure of excessive energy  
Functions only in prolonged time period  
Occasionally recognizes the relationship of theory to practice with constant direction | Continuous verbal and physical cues required |
| **Dependent** 1 | Unsafe even with close supervision  
Unskilled  
Inefficient  
Lacks confidence, coordination  
Constantly expends excessive energy  
Unable to function within a prolonged time period  
Unable to relate theory to practice | Continuous verbal and physical cues |

### Universal Expected Behaviors

1. Implements patient care within a timely manner.  
2. Organizes time, resources, and self in the delivery of care.  
3. Maintains safe client environment.  
4. Is cost conscious while delivering care.  
5. Uses nursing and other appropriate theories.
<p>| | |</p>
<table>
<thead>
<tr>

</tr>
<tr>
<td>Engages in self-reflection and collegial dialogue with instructors and others about practice.</td>
<td></td>
</tr>
<tr>
<td>Conforms with Patient's Bill of Rights</td>
<td></td>
</tr>
<tr>
<td>Follows the Code of Conduct.</td>
<td></td>
</tr>
</tbody>
</table>

### 2. Collects comprehensive data appropriate to the patient (individual, family, group, or population).
- Conducts thorough data collection techniques in an organized and timely manner.
- Analyzes all data collected to contribute to the plan of care.
- Prioritizes nursing diagnoses.
- Incorporates nursing knowledge and standards of care in the collection of data.
- Uses principles, established protocols, and practice standards to implement nursing care.

### 3. Implement interventions based on data collection and nursing diagnoses from the plan of care.
- Understands outcome criteria that are measurable.
- Discusses the plan of care with the RN.
- Communicates care, consideration, and privacy to the client at all times.
- Uses language expected of a practical nurse when communicating with other professionals.
- Uses therapeutic communication strategies when communicating with patients.

### 4. Prepares for clinical experience by acquiring the knowledge, skills, and equipment needed for patient care.
- Uses medical equipment according to policy and procedures.
- Respects equipment.
- Cleans equipment appropriately.
- Maintains proper storage of equipment.
- Understands the relationship of the data collected from technological equipment in relation to the patient’s condition.
- Uses technology to obtain and share data.

### 5. Maintains confidentiality.
- Adheres to HIPAA standards.
- Allows for patient privacy.
- Treats patients in a dignified and respectful manner.
- Maintains professional boundaries.
- Practices standard safety precautions.
- Communicates appropriate and critical information to faculty and staff in a timely manner.
- Documents data collected, interventions, and response to interventions in a thorough and accurate manner.

### 6. Assumes the functions of a patient advocate.
- Is honest and demonstrates personal integrity.
- Behaves and dresses professionally.
- Arrives in the clinical area on time and prepared for the day’s assignment.
- Demonstrates self-motivation for learning.

### 7. Considers developmental, physical, psychological, sociocultural and spiritual needs of the patient in nursing care.
- Provides relevant and sensitive health education.
| o Integrating traditional and complementary health care practices per the plan of care. |
| o Communication shows sensitivity to sociocultural needs of client. |
| o Elicits and clarifies patient preferences and values. |

Course Title: Nursing Specialties

Course Description: This course prepares the practical nursing student with entry level knowledge and skills needed to care for obstetric, neonatal, pediatric, and mental health patient. Learning experiences focus on the normal growth and development of the specialty patients and commonly encountered disorders. Coordination of care, documentation, medication administration, and legal and ethical issues, historical perspectives and emerging trends within the specialties will be emphasized.

4 Semester Credit Hours

</tr>
</tbody>
</table>

Study Time

Lecture, Lab, or Internship/Externship/Clinical/Practicum hours as indicated on the syllabus represent scheduled hours spent engaged in learning activities. Students should expect to spend a minimum of two additional hours engaged in learning activities outside of class for each one hour identified as lecture; students should expect to spend one hour engaged in learning activities outside of class for each two hours of scheduled laboratory time. Learning activities outside of class support the achievement of one or more course learning objectives and may be spent reading textbook material, completing homework assignments, preparing for lab assignments, engaged in drill and practice exercises, working on case studies, completing workbook activities, or conducting library research. Additional study time outside of scheduled Internship/Externship/Clinical hours is typically not expected.

The total amount of time that students spend engaged in learning activities is consistent, regardless of instructional delivery method. For example, students enrolled a three credit lecture course should expect to spend 45 hours in scheduled class time and an additional 90 hours engaged in learning activities outside of the classroom. Online or blended students should expect to spend the equivalent total of 135 hours engaged in learning activities if they are enrolled in the same course.

Determination of the amount of time that a student should expect to spend engaged in learning activities is based upon faculty judgment regarding the average student. The amount of time spent engaged in learning activities is expected to vary among students, based upon previous knowledge of the content, learning style, learning ability, difficulty of the course, and student motivation.
The timeframes provided below are estimates based upon the average student:

8 Weeks

Prerequisites

NP 125: Medical Surgical Nursing I for LPN's

Co-requisites

N/A

Upon successful completion of this course, students should be able to:

1. Provide safe, quality, atraumatic, relationship-centered nursing care of the specialty patients and families.
2. Integrate nursing interventions as appropriate for the practical nurse in the care of the specialty patients and families.
3. Implement written, verbal and nonverbal communication strategies to communicate effectively with the specialty patients, their families, and other healthcare professionals.
4. Compare the legal and ethical factors associated with care for the specialty patients and their families.

Program Learning Outcomes Supported

1. Practice quality, safe, and relationship-centered care as guided by practical nurse scope of practice.
2. Using a systems approach, ensure nursing judgement and collaboration in caring for diverse patients and families.
3. Employ a spirit of inquiry and integrity in providing care consistent with legal and professional standards of the practical nurse.
4. As a coordinator of care, generate system and professional resources for health and wellness which facilitate patient, family, personal, and professional growth.

### Policies

UNIVERSITY POLICIES, SUCH AS ATTENDANCE PHILOSOPHY, NOTIFICATION OF ABSENCES, EXTENUATING CIRCUMSTANCES, ACCOMMODATION REQUESTS, ACADEMIC DISHONESTY, GRADING AND GRADING SYMBOLS, AND STUDENT CONDUCT
ARE INCLUDED IN THE UNIVERSITY CATALOG. STUDENTS SHOULD REFERENCE THE CATALOG FOR THE COMPLETE LISTING OF POLICIES.

NOTE: IN SOME CASES, PROGRAM AND/OR COURSE SPECIFIC INFORMATION MAY BE APPENDED TO THE SYLLABUS. IN THESE INSTANCES, STUDENTS MUST CONSIDER THE SYLLABUS TO BE INCLUSIVE OF ANY APPENDED INFORMATION, AND AS SUCH, STUDENTS MUST ADHERE TO ALL COURSE REQUIREMENTS AS DESCRIBED IN THE DOCUMENT IN ITS ENTIRETY.
Clinical Performance Evaluation Tool
NP 230 Nursing Specialty

Grading Scale:
5 = Independent (pass)
4 = Supervised (pass)
3 = Assisted (pass)
2 = Marginal (fail)
1 = Dependent (fail)
X = Unable to Evaluate

See detailed explanation of grading scale at the end.

Clinical Objectives: 
There are specific clinical learning objectives that must be met to successfully pass this course. These are part of the broader expected universal expected behaviors listed on the last pages, which must be met to signify the student has mastered the program outcomes. A passing grade must be received in all objectives and outcomes by final evaluation in order to pass the course.

Program Outcomes
1. Practice quality, safe, and relationship-centered care as guided by practical nurse scope of practice.
2. Using a systems approach, ensure nursing judgement and collaboration in caring for diverse patients and families.
3. Employ a spirit of inquiry and integrity in providing care consistent with legal and professional standards of the practical nurse.
4. As a coordinator of care, generate system and professional resources for health and wellness which facilitate patient, family, personal, and professional growth.

NLN PN Core Competencies:
Spirit of Inquiry, Professional Identity, Nursing Judgement, Human Flourishing

NLN PN Integrating Concepts:
Safety, Quality, Teamwork/Collaboration, Relationship-Centered Care, Systems-Based Care, Personal/Professional Development

This course prepares the practical nursing student with entry level knowledge and skills needed to care for obstetric, neonatal, pediatric, and mental health patient. Learning experiences focus on the normal growth and development of the specialty patients and commonly encountered disorders. Coordination of care, documentation, medication administration, and legal and ethical issues, historical perspectives and emerging trends within the specialties will be emphasized.

Upon completion of this course, the PN student will be able to:

Safety
Program Outcomes 1,2,3; Course Learning Objectives 1,2,3,4
Integrate safe medication administration.
Implementing principles of safety, including safe use of equipment, safe environment, recognizing patient safety needs, and reducing safety risks.
Utilize information management as it pertains to health records, nursing science, and evidence-based practice.
Perform clinical skills and procedures correctly.
Demonstrate coordination of care.
Communicate using SBAR with the interdisciplinary team.
Explain the scope of practice that govern LPN practice.
Interpret microbiology concepts related to infection control.

**Quality**

**Program Outcomes 1,2,3; Course Learning Objectives 1,3**
- Explain concepts of teaching and learning to improve quality of health care.
- Predict relevant health care data that needs collected and organized.
- Discuss health needs and problems.
- Apply basic nursing care concepts while maintaining integrity in addressing the physiological, psychological, cultural and spiritual needs of patients.
- Paraphrase the importance of communication with patients, families and significant individuals.
- Perform documentation of nursing care within health information system.
- Interpret health promotion and maintenance behaviors.
- Match personal capabilities and knowledge base when making decisions about safe and holistic care delivery.
- Clarify a nursing judgement decision.
- Make use of the importance of patient/family satisfaction as a key determinant of quality in practice.
- Prevent complications through the selection of evidenced-based care.

**Teamwork/Collaboration**

**Program Outcomes 1,2; Course Learning Objectives 3**
- Summarize appropriate team members to notify of changes in patient status.
- Collaborate with patients, families, other members of the health care team, and other individuals significant to the patient.
- Utilize clinical experts when situations are beyond expertise and scope of practice.
- Take part in data collection and care planning to collaborate with the health care team.
- Compare members of the health care team in meeting the needs of patients and their families.
- Select health care team members for expert knowledge about patient care needs.

**Relationship-Centered Care**

**Program Outcomes 1,2,4; Course Learning Objectives 1,2,3**
- Summarize verbal and non-verbal communication principles to improve relationship-centered interactions.
- Implement and contribute to the plan of care for a patient with multiple medical conditions.
- Compare pharmacological interventions related to patient diagnosis and condition.
- Explain healing, health maintenance, health promotion, disease prevention, and rehabilitation to clients across the lifespan and the continuum of health care environments.
- Demonstrate the LPN role in encouraging patient self-advocacy.
- Provide caring, compassionate, culturally competent, and evidence-based care while using the nursing process in the health care setting.

**Systems-Based Care**

**Program Outcomes 1,2,3; Course Learning Objectives 1,3**
- Explain the patient's right to minimal exposure to risk through systems thinking.
- Contribute to the Interdisciplinary health care team in addressing patient physiological, psychological, cultural, and spiritual needs.
- Report data to assist in the formulation of health care goals/outcomes, in collaboration with patients, their families, and health care team members.
- Practice collaboratively as a member of the interprofessional health care team to support the unique contributions of the LPN to a robust nursing workforce.
- Apply the Nursing Code of Ethics, Standards of Practice, and policies and procedures of the clinical agency and Herzing University.
Explain that both individuals and systems are responsible for patient safety.

Make use of competencies with emerging clinical technologies.

</table>

### Universal Expected Behaviors

1.  
   - Implements patient care within a timely manner.
   - Organizes time, resources, and self in the delivery of care.
   - Maintains safe client environment.
   - Is cost conscious while delivering care.
   - Uses nursing and other appropriate theories.
<p>| | |</p>
<table>
<thead>
<tr>
<th></th>
<th></th>
</tr>
</thead>
</table>
| **2.** | o Collects comprehensive data appropriate to the patient (individual, family, group, or population).  
  o Conducts thorough data collection techniques in an organized and timely manner.  
  o Analyzes all data collected to contribute to the plan of care.  
  o Prioritizes nursing diagnoses.  
  o Incorporates nursing knowledge and standards of care in the collection of data.  
  o Uses principles, established protocols, and practice standards to implement nursing care. |
| **3.** | o Implements interventions based on data collection and nursing diagnoses from the plan of care.  
  o Understands outcome criteria that are measurable.  
  o Discusses the plan of care with the RN.  
  o Communicates care, consideration, and privacy to the client at all times.  
  o Uses language expected of a practical nurse when communicating with other professionals.  
  o Uses therapeutic communication strategies when communicating with patients. |
| **4.** | o Prepares for clinical experience by acquiring the knowledge, skills, and equipment needed for patient care.  
  o Uses medical equipment according to policy and procedures.  
  o Respects equipment.  
  o Cleans equipment appropriately.  
  o Maintains proper storage of equipment.  
  o Understands the relationship of the data collected from technological equipment in relation to the patient's condition.  
  o Uses technology to obtain and share data. |
| **5.** | o Maintains confidentiality.  
  o Adheres to HIPAA standards.  
  o Allows for patient privacy.  
  o Treats patients in a dignified and respectful manner.  
  o Maintains professional boundaries.  
  o Practices standard safety precautions.  
  o Communicates appropriate and critical information to faculty and staff in a timely manner.  
  o Documents data collected, interventions, and response to interventions in a thorough and accurate manner. |
| **6.** | o Assumes the functions of a patient advocate.  
  o Is honest and demonstrates personal integrity.  
  o Behaves and dresses professionally.  
  o Arrives in the clinical area on time and prepared for the day's assignment.  
  o Demonstrates self-motivation for learning. |
| **7.** | o Considers developmental, physical, psychological, sociocultural and spiritual needs of the patient in nursing care.  
  o Provides relevant and sensitive health education. |

**Study Time**

Lecture, Lab, or Internship/Externship/Clinical/Practicum hours as indicated on the syllabus represent scheduled hours spent engaged in learning activities. Students should expect to spend a minimum of two additional hours engaged in learning activities outside of class for each one hour identified as lecture; students should expect to spend one hour engaged in learning activities outside of class for each two hours of scheduled laboratory time. Learning activities outside of class support the achievement of one or more course learning objectives and may be spent reading textbook material, completing homework assignments, preparing for lab assignments, engaged in drill and practice exercises, working on case studies, completing workbook activities, or conducting library research. Additional study time outside of scheduled Internship/Externship/Clinical hours is typically not expected.

The total amount of time that students spend engaged in learning activities is consistent, regardless of instructional delivery method. For example, students enrolled a three credit lecture course should expect to spend 45 hours in scheduled class time and an additional 90 hours engaged in learning activities outside of the classroom. Online or blended students should expect to spend the equivalent total of 135 hours engaged in learning activities if they are enrolled in the same course.

Determination of the amount of time that a student should expect to spend engaged in learning activities is based upon faculty judgment regarding the average student. The amount of time spent engaged in learning activities is expected to vary among students, based upon previous knowledge of the content, learning style, learning ability, difficulty of the course, and student motivation.

UNIVERSITY POLICIES, SUCH AS ATTENDANCE PHILOSOPHY, NOTIFICATION OF ABSENCES, EXTENUATING CIRCUMSTANCES, ACCOMMODATION REQUESTS, ACADEMIC DISHONESTY, GRADING AND GRADING SYMBOLS, AND STUDENT CONDUCT ARE INCLUDED IN THE UNIVERSITY CATALOG. STUDENTS SHOULD REFERENCE THE CATALOG FOR THE COMPLETE LISTING OF POLICIES.

NOTE: IN SOME CASES, PROGRAM AND/OR COURSE SPECIFIC INFORMATION MAY BE APPENDED TO THE SYLLABUS. IN THESE INSTANCES, STUDENTS MUST CONSIDER THE SYLLABUS TO BE INCLUSIVE OF ANY APPENDED INFORMATION, AND AS SUCH, STUDENTS MUST ADHERE TO ALL COURSE REQUIREMENTS AS DESCRIBED IN THE DOCUMENT IN ITS ENTIRETY.
Clinical Performance Evaluation Tool
NP 275 LPN Practical Experience

Grading Scale:

- 5 = Independent (pass)
- 4 = Supervised (pass)
- 3 = Assisted (pass)
- 2 = Marginal (fail)
- 1 = Dependent (fail)
- X = Unable to Evaluate

See detailed explanation of grading scale at the end.

Student Name ___________________ Instructor Name _____________________

Term ___________________________ Cohort _____________________________

Clinical Objectives: There are specific clinical learning objectives that must be met to successfully pass this course. These are part of the broader expected universal expected behaviors listed on the last pages, which must be met to signify the student has mastered the program outcomes. A passing grade must be received in all objectives and outcomes by final evaluation in order to pass the course.

This clinical evaluation tool is designed based upon program outcomes, NLN Core Competencies, and six Integrating Concepts.

**Program Outcomes**

1. Practice quality, safe, and relationship-centered care as guided by practical nurse scope of practice.
2. Using a systems approach, ensure nursing judgement and collaboration in caring for diverse patients and families.
3. Employ a spirit of inquiry and integrity in providing care consistent with legal and professional standards of the practical nurse.
4. As a coordinator of care, generate system and professional resources for health and wellness which facilitate patient, family, personal, and professional growth.

**NLN PN Core Competencies:**

- Spirit of Inquiry, Professional Identity, Nursing Judgement, Human Flourishing

**NLN PN Integrating Concepts:**

- Safety, Quality, Teamwork/Collaboration, Relationship-Centered Care, Systems-Based Care, Personal/Professional Development

**Course Description:**

This is the final clinical course, where the student will utilize nursing skills and nursing judgement to perform safe, moral, quality, and prudent patient care in the health care system. The role of the practical nurse is stressed in physiology, pathophysiology, and psychosocial context as it relates to the care of patients. The course will assist in the personal and professional development needed to transition from student to practical nurse.

**Upon completion of this course, the PN student will be able to:**

<table>

</tr>
<tr>
<td>Take part in principles of safety, including safe use of equipment, safe environment, recognizing patient safety needs, and reducing safety risks.</td>
<td></td>
<td></td>
</tr>
</tbody>
</table>
Utilize information management as it pertains to health records, nursing science, and evidence-based practice.
Integrate clinical skills and procedures correctly.
Demonstrate coordination of care.
Communicate using SBAR with the interdisciplinary team.
Apply the scope of practice that govern LPN practice.
Utilize microbiology concepts related to infection control.

**Quality**

**Program Outcomes 1,2,3; Course Learning Objectives 1,2,5**
Demonstrate concepts of teaching and learning to improve quality of health care.
Identify relevant health care data that needs collected and organized.
Identify health needs and problems.
Take part in basic nursing care concepts while maintaining integrity in addressing the physiological, psychological, cultural and spiritual needs of patients.
Demonstrate the importance of communication with patients, families and significant individuals.
Perform documentation of nursing care within health information system.
Identify health promotion and maintenance behaviors.
Apply personal capabilities and knowledge base when making decisions about safe and holistic care delivery.
Outline a nursing judgement decision.
Distinguish the importance of patient/family satisfaction as a key determinant of quality in practice.
Prevent complications through the selection of evidenced-based care.

**Teamwork/Collaboration**

**Program Outcomes 1,2; Course Learning Objectives 1,3**
Choose appropriate team members to notify of changes in patient status.
Collaborate with patients, families, other members of the health care team, and other individuals significant to the patient.
Utilize clinical experts when situations are beyond expertise and scope of practice.
Justify data collection and care planning to collaborate with the health care team.
Utilize members of the health care team in meeting the needs of patients and their families.
Select health care team members for expert knowledge about patient care needs.

**Relationship-Centered Care**

**Program Outcomes 1,2,4; Course Learning Objectives 1,2**
Apply verbal and non-verbal communication principles to improve relationship-centered interactions.
Implement and contribute to the plan of care for a patient with multiple medical conditions.
Implement pharmacological interventions related to patient diagnosis and condition.
Perform healing, health maintenance, health promotion, disease prevention, and rehabilitation to clients across the lifespan and the continuum of health care environments.
Utilize the LPN role in encouraging patient self-advocacy.
Provide caring, compassionate, culturally competent, and evidence-based care while using the nursing process in the health care setting.

**Systems-Based Care**

**Program Outcomes 1,2; Course Learning Objectives 1,2**
Implement the patient's right to minimal exposure to risk through systems thinking.
Contribute to the interdisciplinary health care team in addressing patient physiological, psychological, cultural and spiritual needs.
Report data to assist in the formulation of health care goals/outcomes, in collaboration with patients, their families, and health care team members.
Practice collaboratively as a member of the interprofessional health care team to support the unique contributions of the LPN to a robust nursing workforce.
Apply the Nursing Code of Ethics, Standards of Practice, and policies and procedures of the clinical agency and Herzing University.
Utilize that both individuals and systems are responsible for patient safety.
Examine competencies with emerging clinical technologies.

**Personal/Professional Development**

<table>
<thead>

### Grading Scale Explanation

<table>
<thead>
<tr>
<th>Scale Label</th>
<th>Quality Of Performance</th>
<th>Assistance</th>
</tr>
</thead>
<tbody>
<tr>
<td><strong>Independent</strong></td>
<td>Safe at all times &lt;br&gt; Proficient &lt;br&gt; Coordinated &lt;br&gt; Confident &lt;br&gt; Competent &lt;br&gt; Occasionally expenditure of excess energy within realistic time frame &lt;br&gt; Consistently demonstrates synthesis of theory</td>
<td>Functions with occasional rare supporting cues</td>
</tr>
<tr>
<td><strong>Supervised</strong></td>
<td>Safe at all times &lt;br&gt; Efficient &lt;br&gt; Coordinated &lt;br&gt; Confident &lt;br&gt; Competent &lt;br&gt; Functions with some expenditure of excess energy within a reasonable time period &lt;br&gt; Relates theory to practice with occasional direction</td>
<td>Functions with occasional supportive cues</td>
</tr>
<tr>
<td><strong>Assisted</strong></td>
<td>Safe with occasional guidance required &lt;br&gt; Sometimes inefficiency &lt;br&gt; Sometimes uncoordinated &lt;br&gt; Occasionally confident &lt;br&gt; Skillful in most behaviors but does expend excessive energy &lt;br&gt; Functions within delayed time period &lt;br&gt; Recognizes theory to practice with frequent direction</td>
<td>Occasional physical and supportive ones</td>
</tr>
<tr>
<td><strong>Marginal</strong></td>
<td>Requires constant supervision for safe performance &lt;br&gt; Unskilled &lt;br&gt; Inefficient &lt;br&gt; Lacks confidence &lt;br&gt; Expends considerable expenditure of excessive energy &lt;br&gt; Functions only in prolonged time period &lt;br&gt; Occasionally recognizes the relationship of theory to practice with constant direction</td>
<td>Continuous verbal and physical cues required</td>
</tr>
<tr>
<td><strong>Dependent</strong></td>
<td>Unsafe even with close supervision &lt;br&gt; Unskilled &lt;br&gt; Inefficient &lt;br&gt; Lacks confidence, coordination &lt;br&gt; Constantly expends excessive energy &lt;br&gt; Unable to function within a prolonged time period &lt;br&gt; Unable to relate theory to practice</td>
<td>Continuous verbal and physical cues</td>
</tr>
</tbody>
</table>

### Universal Expected Behaviors

1. Implements patient care within a timely manner.<br>2. Organizes time, resources, and self in the delivery of care.<br>3. Maintains safe client environment.<br>4. Is cost conscious while delivering care.<br>5. Uses nursing and other appropriate theories.
1. **Apply comprehensive knowledge of health problems and cultural diversity in performing nursing interventions.**
   - Uses nursing judgment and decision-making skills to solve problems.
   - Engages in self-reflection and collegial dialogue with instructors and others about practice.
   - Conforms with Patient’s Bill of Rights
   - Follows the Code of Conduct.

2. **Collects comprehensive data appropriate to the patient (individual, family, group, or population).**
   - Conducts thorough data collection techniques in an organized and timely manner.
   - Analyzes all data collected to contribute to the plan of care.
   - Prioritizes nursing diagnoses.
   - Incorporates nursing knowledge and standards of care in the collection of data.
   - Uses principles, established protocols, and practice standards to implement nursing care.

3. **Implements interventions based on data collection and nursing diagnoses from the plan of care.**
   - Understands outcome criteria that are measurable.
   - Discusses the plan of care with the RN.
   - Communicates care, consideration, and privacy to the client at all times.
   - Uses language expected of a practical nurse when communicating with other professionals.
   - Uses therapeutic communication strategies when communicating with patients.

4. **Prepares for clinical experience by acquiring the knowledge, skills, and equipment needed for patient care.**
   - Uses medical equipment according to policy and procedures.
   - Respects equipment.
   - Cleans equipment appropriately.
   - Maintains proper storage of equipment.
   - Understands the relationship of the data collected from technological equipment in relation to the patient’s condition.
   - Uses technology to obtain and share data.

5. **Maintains confidentiality.**
   - Adheres to HIPAA standards.
   - Allows for patient privacy.
   - Treats patients in a dignified and respectful manner.
   - Maintains professional boundaries.
   - Practices standard safety precautions.
   - Communicates appropriate and critical information to faculty and staff in a timely manner.
   - Documents data collected, interventions, and response to interventions in a thorough and accurate manner.

6. **Assumes the functions of a patient advocate.**
   - Is honest and demonstrates personal integrity.
   - Behaves and dresses professionally.
   - Arrives in the clinical area on time and prepared for the day’s assignment.
   - Demonstrates self-motivation for learning.

7. **Considers developmental, physical, psychological, sociocultural and spiritual needs of the patient in nursing care.**
   - Provides relevant and sensitive health education.
| o Integrating traditional and complementary health care practices per the plan of care. |
| o Communication shows sensitivity to sociocultural needs of client. |
| o Ellicits and clarifies patient preferences and values. |
This course is designed to assist the student to prepare for the practical nursing licensure exam (NCLEX-PN) and entry into practice. Students will have the opportunity to develop and improve their test-taking skills through computer simulations and practice tests. The NCLEX PN test plan assessment of knowledge deficits and development of individual study plans based on results of weekly assessments will be utilized. In addition, a NCLEX review course will be provided.

### Course Description

This course is designed to assist the student to prepare for the practical nursing licensure exam (NCLEX-PN) and entry into practice. Students will have the opportunity to develop and improve their test-taking skills through computer simulations and practice tests. The NCLEX PN test plan assessment of knowledge deficits and development of individual study plans based on results of weekly assessments will be utilized. In addition, a NCLEX review course will be provided.

</tr>
</tbody>
</table>

### Study Time

Lecture, Lab, or Internship/Externship/Clinical/Practicum hours as indicated on the syllabus represent scheduled hours spent engaged in learning activities. Students should expect to spend a minimum of two additional hours engaged in learning activities outside of class for each one hour identified as lecture; students should expect to spend one hour engaged in learning activities outside of class for each two hours of scheduled laboratory time. Learning activities outside of class support the achievement of one or more course learning objectives and may be spent reading textbook material, completing homework assignments, preparing for lab assignments, engaged in drill and practice exercises, working on case studies, completing workbook activities, or conducting library research. Additional study time outside of scheduled Internship/Externship/Clinical hours is typically not expected.

The total amount of time that students spend engaged in learning activities is consistent, regardless of instructional delivery method. For example, students enrolled a three credit lecture course should expect to spend 45 hours in scheduled class time and an additional 90 hours engaged in learning activities outside of the classroom. Online or blended students should expect to spend the equivalent total of 135 hours engaged in learning activities if they are enrolled in the same course.

Determination of the amount of time that a student should expect to spend engaged in learning activities is based upon faculty judgment regarding the average student. The amount of time spent engaged in learning...
activities is expected to vary among students, based upon previous knowledge of the content, learning style, learning ability, difficulty of the course, and student motivation.

The timeframes provided below are estimates based upon the average student.

<table>

8 Weeks

All PN program courses

NP275: LPN Practical Experience

Upon successful completion of this course, students should be able to:
1) Identify knowledge deficits in relation to NCLEX PN content areas.
2) Perform NCLEX-PN style questions effectively.
3) Determine individual strategies in preparation for the NCLEX-PN.

Program Evaluation Plan
LPN Program

Standard 6: Program Evaluation

Program evaluation demonstrates that students have achieved each end-of-program student learning outcomes and each program outcome. The nursing program has a current SEP.

a. Specific, measurable expected levels of achievement for each end-of-program student learning outcome and each program outcome.
b. Appropriate assessment method(s) for each end-of-program student learning outcome and program outcome.
c. Regular intervals for the assessment of each end-of-program student learning outcome and program outcome.
d. Sufficient data to inform program decision-making for the maintenance and improvement for each end-of-program student learning outcome and program outcome.
e. Analysis of assessment data to inform program decision-making for the maintenance and improvement for each end-of-program student learning outcome and program outcome.
f. Documentation demonstrating the use of assessment data in program decision-making for the maintenance and improvement of each end-of-program student learning outcome and program outcome.

Form 1004 and Clinical Contracts
MEMORANDUM OF UNDERSTANDING BETWEEN HERZING UNIVERSITY-BROOKFIELD AND Lifecare Hospital of Wisconsin, Pewaukee, WI

1. PARTIES. This Memorandum of Understanding (hereinafter referred to as a MOU) is made and entered into by and between Herzing University-Brookfield, located at 555 South Executive Drive, Brookfield, WI and LifeCare Hospital located at 2400 Golf Rd. Pewaukee, WI 53072.

2. PURPOSE. The purpose of this MOU is to establish non-compensated nursing clinical experiences for students in the Practical Nurse program at Herzing University-Brookfield and LifeCare Hospital of Wisconsin.

3. TERM OF MOU. This MOU is effective upon the date executed below by duly authorized representatives of the parties to this MOU and will remain in force unless otherwise terminated by the parties. This MOU may be terminated, without cause, by either party upon written notification, which may be sent by electronic or other means to the parties at the addresses listed above.

4. RESPONSIBILITIES. The parties agree that prior to the creation of non-compensated clinical nursing experiences for the Practical Nurse students at Herzing University-Brookfield the parties, upon mutual agreement, will execute an Affiliation Agreement which will detail the rights, obligations and responsibilities of the parties to this MOU.

5. AMENDMENTS. Either party may request changes to this MOU. Any changes, modifications or revisions or amendments to this MOU which are agreed upon by and between the parties shall be incorporated, in writing, to this MOU and become effective when executed and signed by the parties to this MOU.

6. APPLICABLE LAW. The construction, interpretation and enforcement of this MOU shall be governed by the laws of the State of Wisconsin, unless otherwise mutually agreed to by the parties as outlined in paragraph five (5).

7. ENTIRETY OF AGREEMENT. This MOU, consisting of one (1) page represents the entire agreement between the parties.

8. SIGNATURES. In witness whereof, the parties to this MOU, through their duly authorized representatives have executed this MOU on the date(s) below.

STUDENT CLINICAL AFFILIATION AGREEMENT
BETWEEN
LIFECARE HOSPITALS OF WISCONSIN
AND
HERZING UNIVERSITY, LTD

This Agreement, by and between Herzing University, LTD, located at W140 N8917 Lilly Road, Menomonee Falls, WI 53051 ("School"), and New LifeCare Hospitals of Milwaukee LLC d/b/a LifeCare Hospitals of Wisconsin ("LifeCare") is hereby effective as of the 26th day of March, 2018 (the "Effective Date").

WITNESSETH:

WHEREAS, it is to the mutual benefit of the parties to provide clinical experience for students enrolled in certain programs of the School,

NOW THEREFORE, in consideration of the mutual promises contained herein, and other good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged, it is agreed between School and LifeCare as follows:

1. Purpose. The purpose of this Agreement shall be to provide clinical experience for students enrolled in the School's program. The clinical experience shall be provided at LifeCare's facility ("Facility"). LifeCare will provide, pursuant to the terms of this Agreement, clinical experience in patient care to School students within the Facility, including, but not limited to, adequate conference space and use of any instructional materials.

2. Consideration. Consideration for this Agreement shall consist of the mutual promises contained herein, the parties agreeing that monetary compensation shall neither be expected nor received by either party.

3. Term. The term of this Agreement shall begin on the Effective Date and shall continue for a period of one (1) year (the "Initial Term"). At the end of the Initial Term, this Agreement shall be automatically renewed for one-year successive terms unless terminated as provided for herein. Either party may terminate this Agreement upon giving sixty (60) days prior written notice to the other party. Except as otherwise provided herein, such termination shall have no effect on students currently receiving clinical experience. Notwithstanding anything contained herein to the contrary, in the event either party breaches any term(s) and/or condition(s) of this Agreement, the non-breaching party may immediately terminate this Agreement, which termination shall also affect students currently receiving clinical experience pursuant to this Agreement.

4. Placement of Students. The School will, after consultation with and approval by LifeCare, place an appropriate number of students at the Facility each academic term. The School shall notify LifeCare at least twenty (20) days prior to the beginning of each academic term of the number of students it desires to place at the Facility for such term, such number to be approved by LifeCare, in writing, prior to the beginning of such academic term.
5. Discipline. While enrolled in clinical experience at the Facility, students (and faculty, if applicable) will be subject to and shall comply with applicable policies of the School and LifeCare. Each party will be responsible for enforcing its own applicable policies and shall cooperate with and, to the best of its ability, assist the other in enforcing the applicable policies of the other party.

Students shall be dismissed from participation in the clinical experience only after the appropriate disciplinary policies and procedures of the School have been followed; however, LifeCare may immediately, at its sole discretion, remove and bar from the Facility any student who, in the sole discretion of LifeCare, poses an immediate threat or danger or fails to abide by or comply with LifeCare’s policies and procedures or otherwise fails to meet LifeCare’s standards.

6. Specific Responsibilities. The following duties shall be the specific responsibility of the designated party:

a. School shall be responsible for the selection of students to be placed at the Facility. School will assign only students who have received Hepatitis B vaccinations or signed a waiver registering they are aware of the risks without vaccinations, and have a negative TB skin test. Evidence of the above shall be submitted to LifeCare upon request. School shall require all students who are selected by School to participate in the clinical experience at LifeCare under this Agreement (“Students”) to complete drug testing and criminal background checks, and will provide the results of such testing and background checks to LifeCare prior to Students’ participation.

b. LifeCare shall provide orientation of the Facility to Students (and faculty, if applicable) beginning clinical experience at the Facility.

c. School and LifeCare shall mutually be responsible for scheduling training activities for Students.

d. School shall be solely responsible for supervising Students, and a School supervisor will be present with Students at all times while Students are at the Facility for clinical experience.

e. School shall require Students to dress professionally and appropriately for a hospital environment while Students are at the Facility for clinical experience.

f. School and LifeCare shall evaluate the performance of individual Students as appropriate.

g. LifeCare shall retain responsibility for the patient’s overall Plan of Care.

h. LifeCare shall seek emergency medical treatment for Students (and faculty, if applicable) if needed for illness or injuries suffered during clinical experience. Such treatment shall be at the expense and responsibility of the individual treated.
i. School shall provide health records of Students (and faculty, if applicable) upon request by LifeCare.

j. School shall establish a procedure for notifying LifeCare if a Student (or faculty, if applicable) is/are unable for any reason to report for clinical training.

k. Prior to the original or any extended term of this Agreement, School shall provide to LifeCare written proof that all individual Students (and faculty, if applicable) participating in the training hereunder are covered under professional liability insurance coverage in the minimum amounts of $500,000 per occurrence and $1,000,000 annual aggregate. If such coverage is not maintained at any time during the Initial Term or any extended term of this Agreement, notwithstanding anything to the contrary contained herein, LifeCare shall have the right to immediately terminate this Agreement without advance notice to School, and, notwithstanding anything to the contrary contained herein, such termination shall also affect Students currently receiving clinical experience pursuant to this Agreement.

l. School shall have each Student and faculty member assigned to LifeCare sign the attached Confidentiality and Security statement, at Exhibit A, and forward an original of such statement to LifeCare, prior to the Student beginning any training hereunder.

m. School will require that Students adhere to and conduct all activities pursuant to this Agreement in accordance with LifeCare’s Code of Conduct, which is attached hereto as Exhibit B and fully incorporated herein. School will provide a copy of LifeCare’s Code of Conduct to all Students.

n. Each party shall comply with all federal, state and municipal laws, advice, rules and regulations which are applicable to it in connection with the performance of this Agreement.

o. Students will be treated as trainees who have no expectation of receiving compensation or future employment from LifeCare or the School. School shall inform its students and faculty that they have no claims against LifeCare for wages, taxes, health care, workers’ compensation, or other benefits. Students shall not be deemed third-party beneficiaries under this Agreement nor shall they have any rights or claims whatsoever against LifeCare.

p. Any courtesy appointments to faculty or staff by either School or LifeCare shall be without entitlement of the individual to compensation or benefits from the appointing party.

q. School shall comply with Title VI and VII of the Civil Rights Act of 1964, Title IX of the Education Amendments of 1972, Section 504 of the Rehabilitation Act of 1973, Executive Order 11,246 and the related regulations to each. Each party agrees that it will not discriminate against any individual including, but not
limited to, employees or applicants for employment and/or students, because of race, religion, creed, color, sex, age, handicap, disability, veteran status or national origin.

r. The confidentiality of patient records, student records and any of LifeCare’s or Facility’s Confidential Information shall be maintained at all times by each party, as applicable.

s. School agrees to indemnify and hold harmless LifeCare, its agents, owners, officers, directors, servants, employees, parent company, management company, and/or related and/or LifeCare companies for any liability or loss, and for any demands, claims or lawsuits, to the extent arising out of the actions or failures to act of the School and of the School’s students, trainees, employees, faculty, officers, directors, agents, subcontractors and representatives pursuant to this Agreement. LifeCare agrees to indemnify and hold harmless School, its agents, owners, officers, directors, servants, employees, parent company, management company, and/or related and/or School companies for any liability or loss, and for any demands, claims or lawsuits, to the extent arising out of the actions or failures to act of LifeCare and of LifeCare’s employees, officers, directors, agents, subcontractors and representatives pursuant to this Agreement.

7. Relationship. This Agreement shall in no way be interpreted as creating an agency or employment relationship between the parties or between LifeCare and any student(s) (and/or faculty, if applicable). The parties hereto are not, nor shall they become, by virtue of this Agreement or any actions taken pursuant thereto, joint venturers, partners, employed by one and the other, or agents of one and the other so as to permit a party to bind the other party to any agreement, warranty, or representation beyond those specifically authorized herein. Each party agrees not to make any warranty(ies), representation(s), or promise(s) that would either bind the other party or act purportedly on the other party’s behalf or authorization without the prior written approval of such other party, except for those transactions specified herein. Neither party is or shall be responsible for any FICA, FUTA, or income or state withholding taxes under any provision of the Internal Revenue Code of 1986 as amended from time to time, for the other party or its employees.

9. Governing Law. This Agreement shall be construed, interpreted, and governed by the laws of such state in which the LifeCare facility is located. The parties consent to the jurisdiction and venue of the courts of the county in which the LifeCare facility is located.

10. Notice. Any notices required or permitted hereunder shall be sufficiently given if in writing and hand delivered or if sent by registered or certified mail, postage prepaid, addressed or delivered as follows:

If to LifeCare: New LifeCare Management Services, LLC
Attention: Legal Department
5340 Legacy Drive, Suite 150
Plano, TX 75024
with a copy to: LifeCare Hospitals of Wisconsin  
Attention: Administrator

Attn: Clinical Contracts  
or to such other addresses as shall be furnished in writing by either party; and any such notice shall be deemed to have been given, if hand delivered, as of the date of delivery, or if mailed as provided herein, as of the day three (3) days after the date mailed.

11. Severability. If any of the terms of this Agreement are held by a court of competent jurisdiction to be null, void or inoperative for any reason, or if any provision or term of this Agreement is in violation of any applicable federal, state or local law, guideline, rule or regulation, all such provisions are severable and the remaining provisions shall retain full force and effect. In any interpretation of this Agreement, there shall be no presumption(s) against the party drafting this Agreement.

12. Binding Effect. Except as otherwise provided for herein, this Agreement shall be binding upon and inure to the benefit of the undersigned parties and their respective representatives, successors, heirs, executors, administrators, legal representatives and assigns, commissioners, directors, officers, shareholders, agents, servants, employees, subsidiaries, parent companies, management companies, and/or related and/or LifeCare companies, whether related by common ownership, control or otherwise.

IN WITNESS WHEREOF, the parties, through their authorized representatives, have affixed their signatures below.

Confidentiality and Security Statement
(required to be signed by all students and, if applicable, faculty)

LifeCare Hospitals (LifeCare) is committed to protecting the privacy of our patients. LifeCare is further committed to maintaining the confidentiality and security of patient medical records. I am a faculty member, student, trainee, visiting observer, volunteer, or vendor at LifeCare. During the course of my duties or purpose at LifeCare I may have access to confidential, proprietary and/or protected health information. I understand that all confidential, proprietary and protected health information (collectively "Confidential Information") must be maintained confidentially and in a secure fashion.

I agree to follow all LifeCare policies and procedures governing the confidentiality and security of CONFIDENTIAL INFORMATION in any form, including oral, fax, photographic, written, or electronic. I will regard both confidentiality and security as a duty and responsibility while at LifeCare.

I agree that I will not access, release, or share CONFIDENTIAL INFORMATION, except as necessary to complete my duties or purpose at LifeCare. I understand that I am not authorized to use or release Confidential Information to anyone, except as provided in LifeCare policies and procedures, or as required by law.

I agree that I will use all reasonable means to protect the security of Confidential Information in my control, and to prevent it from being accessed or released, except as permitted by law. I will use only the access privileges I have been authorized to use, and will not reveal any of my passwords or share access with others. I will take precautions to avoid inadvertently revealing Confidential Information; for example, I will use workstations in a safe manner and will make reasonable efforts to prevent conversations from being overheard, including speaking in lowered tones and not discussing Confidential Information in public areas. If I keep patient notes on a handheld or laptop computer or other electronic device, I will ensure that my supervisor knows of and has approved such use and I will keep this information secure and confidential. If, as part of my responsibility, I must take Confidential Information off the premises, I will do so only with permission from my supervisor; I will protect Confidential Information from disclosure.

I agree that when my affiliation, visitation or assignment with LifeCare ends, I will not take any Confidential Information with me and I will not reveal any Confidential Information that I had access to as a result of my duties at the LifeCare. I will either return Confidential Information to LifeCare or destroy it in a manner that renders it unreadable and unusable by anyone else.

I agree to immediately report to LifeCare unauthorized use or disclosure of Confidential Information, or security issues affecting systems that contain or give access to Confidential Information.

I understand that if I do not keep Confidential Information confidential, or if I allow or participate in inappropriate disclosure or access to Confidential Information, I will be subject to immediate disciplinary or corrective action, up to and including dismissal or loss of access privileges to LifeCare property and Facility. I understand that unauthorized access, use, or disclosure of Confidential Information may also violate federal and state law, and may result in criminal prosecution and civil penalties.

EXHIBIT B
CODE OF CONDUCT - LIFECARE MANAGEMENT SERVICES

I. GENERAL STATEMENT

LifeCare is committed to integrity, ethical behavior, and the highest moral conduct from our employees and others who act on our behalf. This Code of Conduct reaffirms our commitment to always do what is morally and ethically right, and is intended to guide us in upholding this commitment. Each employee, officer and Board Member is expected to know, understand and abide by the guidelines outlined in this Code of Conduct, and thus ensure we continue to provide the highest levels of compassionate, quality healthcare while complying with all applicable laws, rules, and regulations. These guidelines are designed to assist each of us in making the right choices when confronted with difficult situations. We clearly understand the responsibility for ethical behavior rests with each of us through the judgments we make and the actions we take. We are all expected to recognize and avoid activities and relationships that involve, or might appear to involve, conflicts of interest or behavior that may cause embarrassment to the organization or compromise its integrity. It is LifeCare’s policy to prevent unethical or unlawful behavior, to stop such behavior as soon as reasonably possible after its discovery, and to discipline people who violate any applicable laws or regulations or the standards contained within this Code. We expect outside colleagues, including physicians, vendors, consultants and others whose actions are directly connected to LifeCare, to adhere to the same standards in their dealings with us and with others on our behalf. Employees with questions about any part of this Code should seek advice from his/her supervisor, a member of the management staff, or the Chief Compliance Officer.

II. CONDUCTING BUSINESS

LifeCare’s activities involve thousands of business transactions each day. We must have strict rules to guard against fraud or dishonesty and guidelines for addressing possible problems that may arise.

Medicare and Medicaid Requirements
LifeCare is a participant in Medicare and Medicaid programs, both of which are governed by complex laws and regulations. Violations of these laws and regulations can result in criminal sanctions being imposed, not only on the employees actively involved, but also on the organizations where they work. It is essential, therefore, that there is strict compliance with all Medicare and Medicaid laws and regulations.

Billing for Patient Services / False Claims
LifeCare and its staff provide a wide range of services to its patients. In most cases, billing statements are provided to patients or third party insurers responsible for payment. The information included on these statements must accurately reflect the services and supplies actually provided.

The Federal False Claims Act (FCA), 31 USC §§ 3729-3733 and similar state laws prohibit the knowing and/or intentional use of false of fraudulent claims, records or statements for the purpose of obtaining payment from the government. These laws apply to Medicare and Medicaid reimbursement and prohibit, among other things, billing for services not rendered, billing for undocumented services, retaining an overpayment for services or items, falsifying cost reports, billing for medically unnecessary services, assigning improper codes to secure reimbursement or higher reimbursement and participating in kickbacks. The FCA provides private citizens the right to file a lawsuit on behalf of the government and to share in a percentage of any monetary recovery or settlement, and prohibits retaliation or discrimination against an employee, agent or contractor based on initiation of, or participation in, a lawful false claims investigation, report, claim or proceeding. Violation of these laws may result in civil, criminal and/or administrative penalties, including monetary penalties, imprisonment, exclusion from participation in the Medicare and Medicaid programs, and loss of licensure status.

We believe that no employee or other person acting on our behalf would intentionally falsify a claim. Such conduct is a crime, is never in our best interest, and would tarnish our name and result in severe sanctions. We require all employees involved in any aspect of billing to know, understand and abide by Medicare, Medicaid and other third-party insurer billing rules and requirements. Each employee must use his or her best efforts to prevent errors and report to his supervisor any billing matters that seem inappropriate or suspicious.

Compliance with Anti-Kickback Statute
LifeCare maintains relationships with physicians and other referral sources based on the needs of our communities and consistent with our mission. Existing law specifically prohibits any form of kickback, bribe or rebate that is intended to induce the purchase or referral of any healthcare services or supplies paid for even in part by the Medicare or Medicaid programs. No employee or agent of LifeCare may offer, give, receive or accept any improper payment, gift, or other remuneration, directly or indirectly that is intended to induce the referral of healthcare business or decisions regarding the use of products or services. Some examples of inappropriate kickbacks may include, but are not limited to, the following:

- making payments to or from referral sources that exceed fair market value;
- providing or accepting free or discounted goods or services among referral sources; or
- establishing payment arrangements with vendors, suppliers or referral sources where reimbursement is based on the amount of volume of business rather than the value of the services provided.

Proper Use of Assets
LifeCare’s business records must always be prepared accurately and reliably. Proper accounting policies and procedures must be followed in order to ensure the accuracy of all records and reports and to protect LifeCare’s assets. Employees may not borrow hospital property, without permission, and may not use LifeCare’s facilities, resources or equipment for unapproved purposes.
Trade Practices/Antitrust

Antitrust laws are designed to preserve and foster fair and honest competition within the free enterprise system. To accomplish this goal, these laws are deliberately broad, prohibiting such activities as "unfair methods of competition" and agreements "in restraint of trade." Employees must never discuss business information (including strategies, prices, finances and similar matters) with others outside of the organization. All contracts and agreements are to be entered into on the basis of an objective determination of the value to be received by LifeCare, and may not unfairly restrict competition.

Gifts and Entertainment

In defining illegal remuneration the federal government has included giving or receiving of gifts or entertainment, specifically if the reason for the gift or entertainment is to induce a referral. Therefore, no gifts should be offered or accepted by any LifeCare employee from any outside individual or company if it can be reasonably established that the purpose of the gift is to induce referrals, to or from a LifeCare facility. Similarly, the federal government has prohibited giving gifts to patients or their family members, except for individual gifts not exceeding $10 in value, and $50 in the annual aggregate. If a "personal" gift is such that a reasonable person would interpret it to be an attempt to improperly influence an employee or agent of LifeCare, it must be refused and reported to the Compliance Officer. If the gift is offered to someone other than a patient or physician and represents a minimal amount (less than $25 in value), and offered without the intent or expectation it will induce a referral, it may be appropriate.

Environmental Health and Safety

It is essential that everyone at LifeCare who deals with hazardous materials and infectious waste comply with environmental laws and regulations and understand and follow the environmental safety procedures explained in our program and manuals.

Pharmaceuticals, Prescription Drugs, Controlled Substances

Many of LifeCare’s employees have responsibility for and access to prescription drugs, controlled substances, and other regulated pharmaceuticals. LifeCare is legally responsible for the proper distribution and handling of these pharmaceutical products. Specific laws forbid the distribution of any drug, at any amount or for any reason, to an unauthorized individual or entity.

III. GOVERNMENT INQUIRIES AND INVESTIGATIONS

LifeCare has established guidelines on how to respond to government inquiries. Any information that an employee discloses without authorization jeopardizes the rights of our patients and puts our organization at risk. Employees who are approached by any federal or state law enforcement agency or official seeking information about our organization or any of its patients, agents or employees should immediately contact the Chief Compliance Officer before providing any information. In addition, (1) obtain the name and affiliation of the person asking for the information before supplying it; (2) maintain a written record of each and every document they are given access to; and (3) keep a detailed record of all communications and any information requested and responses given.

LifeCare’s policy is to comply with all reasonable and lawful requests for information and documents made by federal, state and local government officials. While LifeCare will comply with these requests, the law does not require disclosure of certain information, which may include, but is not limited to:

- Certain patient information that may be protected by medical record privacy laws.
- Certain quality assurance information compiled by LifeCare facilities in accordance with federal and state requirements.
- Certain information collected as part of LifeCare’s peer review process to review and evaluate the credentials of healthcare providers furnishing services in LifeCare facilities.

All questions regarding requests for information and/or documents should be directed to the Legal Department for guidance.

IV. QUALITY OF CARE

LifeCare is committed to providing quality care to its patients. Our clinical providers are expected to 1) assess the needs of patients under their care and deliver high-quality health services in a responsible, reliable and cost-effective manner, and 2) strive to uphold high standards of professional practice in our hospital facilities and programs. To avoid compromising the quality of care, clinical decisions (including tests, treatment and other interventions) are based on patient health care needs. The integrity of clinical decision making shall be maintained, regardless of how the hospital compensates its leaders, managers, clinical staff and licensed independent practitioners.

Admissions

Hospital admission guidelines focus on the specific clinical needs of the patient, and the basic patient right of access to care. Individuals shall be accorded impartial access to treatment that is available or medically indicated, regardless of race, creed, sex, or national origin. Patients shall receive detailed information about hospital charges for which they will be responsible.

Discharges

Patient are discharged upon the order of a physician when their clinical needs can be met by a lower level of care or require diagnostic or therapeutic interventions not available in the hospital. Patients and family are involved in the discharge process.

Effective Communication with Patients

To effectively communicate with and serve LifeCare’s patients, hospital employees are to speak English while on duty and in the presence of patients. A language other than English may be spoken if no patients are present or the employee is off-duty or on a break. Employees are encouraged to speak with patients in another language if asked and able to do so and must seek a translator as necessary to ensure effective communications with non-English speaking patients. Employees, who work at locations where patients are not present, such as administrative offices, may speak in a language other than English. Concerns should be directed to Human Resources.
V. EMPLOYEE LOYALTY AND CONFLICTS OF INTEREST

LifeCare expects its employees, officers and Board Members to serve the organization with undivided loyalty, and requires that its interests be placed ahead of any individual business or commercial interests. LifeCare's employees, officers and Board Members should not engage in any activities that conflict with the interests of LifeCare. It is not possible to describe all of the situations that may give rise to a conflict of interest, but some examples include:

- A LifeCare employee accepts outside employment in an organization that does business with LifeCare or is a competitor of the organization and it interferes with the employee's commitment to LifeCare's professional standards. While certain employees, such as nurses, are not prohibited from working at another facility, this additional work should be discussed with supervisors and should not interfere with the employee's work commitment to LifeCare.
- A LifeCare employee or an immediate family member has a material financial interest in a firm that does business with LifeCare or is a competitor of the organization where the interest may affect the employee's decisions or actions.
- A LifeCare employee or an immediate family member serves as a director, officer, employee, consultant or agent of an organization which is a competitor of or does business with LifeCare.
- A LifeCare employee or an immediate family member uses any confidential information about LifeCare for personal gain or the benefit of others.
- A LifeCare employee or an immediate family member appropriates for personal use the benefit of any LifeCare business venture, which the employee learns about while working at LifeCare.
- A LifeCare employee accepts gifts from any person or firm doing or seeking to do business with LifeCare under circumstances where it appears that the purpose of the gift may be to influence the conduct of business with the donor.

LifeCare's employees, officers and Board Members have a responsibility to put the interests of LifeCare and its patients ahead of any other business interests they may have. Any potential conflicts of interest should be disclosed to supervisors or the Chief Compliance Officer upon hire or as they occur. This includes any additional employment accepted while working for LifeCare. Board Members should disclose any potential conflicts of interest to LifeCare's Board of Managers. Potential conflicts of interest that are not approved or notified by an employee's supervisor, LifeCare's Board of Managers or an appropriate committee of the Board of Managers, are subject to termination by LifeCare, taking into account such factors as such individual or body deemed appropriate and relevant.

VI. USE OF INFORMATION

Safeguarding the Privacy of Our Patients
Our business requires us to gather a great deal of personal information about our patients. We are committed to protecting the privacy and security of the information created as a record of the care and services provided to our patients. The Health Insurance Portability and Accountability Act (HIPAA) requires that LifeCare maintain the confidentiality of all patient protected health information (PHI). PHI is defined as individually identifiable health information that is transmitted or maintained in any form or medium, including electronic health information. To ensure the security of PHI, LifeCare takes reasonable measures including, but not limited to, the following:

- encryption of devices
- use of password protection
- limitations on accessibility to information
- guidelines for maintaining paper documents and storing electronic devices in home office and during travel
- restrictions on placement of unauthorized software on LifeCare devices

Any unauthorized exposure of PHI, which reasonably compromises the security or privacy of the PHI is a potential breach that must be appropriately addressed. If you become aware of a breach or potential breach of any protected or sensitive information, it is necessary that the situation be immediately reported to LifeCare’s Privacy Officer or the Compliance Hotline (1-800-472-6450). If the disclosure of the PHI results in a breach of information, LifeCare investigates and complies with all state and federal notification requirements.

Information Owned by Others
Other organizations and individuals have confidential information they strive to protect, but sometimes disclose for a particular business purpose. If you have access to another party's confidential information, you must prevent the misuse of their information. Never use, copy, or distribute their information, unless you are doing so in accordance with the terms of their agreement with our organization. This is especially true when acquiring software from others. Employees should never install personal copies of software from their home or personal computer for use on any computer equipment owned or operated by LifeCare.

Record Retention/Destruction
LifeCare is required by law to keep certain types of medical and business records for defined periods of time. LifeCare has a record retention and destruction policy that must be strictly followed. In addition, all records must be fully and accurately completed, and should never be falsified. Without accurate information, we can't fulfill our obligations to our patients, co-workers and vendors. It is every employee’s responsibility to take great care in dealing with our records.

Social Media
The Internet provides unique opportunities to participate in interactive discussions and share information using a variety of social media, such as email discussion groups, blogs or chat rooms, Facebook, Twitter, LinkedIn, and Snapchat ("social media"). LifeCare recognizes that the
information, comments and opinions placed on social media sites and blogs can shape the way the public views our delivery of care and treatment of patients, and our interactions with employees and contractors. LifeCare is committed to ensuring that the use of such communications serves the needs of our business by maintaining LifeCare’s identity, integrity and reputation in a manner consistent with our values and policies. Employees’ use of social media can pass risks to LifeCare’s confidential and proprietary business information and can jeopardize LifeCare’s compliance with business rules and laws. To minimize these business and legal risks, to avoid loss of productivity and distraction from employees’ job performance and to ensure that LifeCare’s information technology systems are used only for business purposes, we have established written policies and guidelines for online communications.

VII. HUMAN RESOURCES

Commitment to Fairness
LifeCare recognizes that its greatest strength lies in the talents and abilities of its employees. Although the tasks of our employees are different, we have established guidelines to ensure that each employee is treated with fairness and equality. LifeCare provides equal opportunity for employment and advancement on the basis of ability and aptitude, without regard to race, color, creed, age, sex or sexual orientation, handicaps or national origin; and compensates employees according to their performance, and provides equitable benefits within the framework of prevailing practices. In order to foster an environment that shares toward safety and quality care, employees should use teamwork and effective collaboration to aid in creating a culture of safety and quality for our patients and our staff. LifeCare is committed to a work environment in which all individuals are treated with respect and dignity. Discrimination or harassment, of any kind, in or out of the workplace, is unacceptable and will not be tolerated. Disruptive behavior will also not be tolerated. Such conduct may be verbal or non-verbal and may involve the use of rude language, may be threatening, and may even involve physical contact. Additionally, behavior that interferes with the ability of others to effectively carry out their duties or that undermines a patient or their family member’s confidence in us shall also be considered disruptive.

Labor and Employee Relations Matters
LifeCare fully complies with all applicable wage and hour laws and other statutes regulating the employer-employee relationship and the workplace environment. If you have any questions about the laws governing labor and employee relations’ matters, please contact your Human Resources Department.

Employee Background Checks
LifeCare considers the care and safety of its patients to be of critical importance. In order to maintain the quality and safety of patient care, LifeCare conducts background checks, to include the HHS-OIG List of Excluded Individuals/Entities (LEIE), on applicants considered for employment and reserves the right to recheck the background of current employees. In addition, all agency and temporary staff, together with physicians considered for staff privileges, will be checked against the LEIE and a background check will also be conducted by LifeCare and/or the employing entity.

VIII. POLITICAL PARTICIPATION

Participation in the political process is one of every American citizen’s most basic rights. Federal laws, however, limit the nature and extent of political participation on the part of organizations. While LifeCare encourages its employees to participate in the political process, no LifeCare resources or facilities are to be utilized in support of any candidate or position. In addition, individuals who choose to run for political office are expected to do so on their personal time.

Lobbying
LifeCare will not contribute money, property or services to political parties or candidates, except through its affiliated company, New LifeCare Management Services LLC. However, employees, as individuals, may make political contributions at their own expense or participate in political campaigns on their own time. No employee may attempt to influence legislation on behalf of LifeCare without the prior approval of the Chief Compliance Officer.

IX. COMPLIANCE WITH THE CODE

Questions Regarding the Code
The Chief Compliance Officer is responsible for the implementation and ongoing operation of LifeCare’s Corporate Compliance Program, as well as making sure each employee abides by this Code of Conduct. Employees with questions about this Code should contact either their facility Compliance Officer or LifeCare’s Chief Compliance Officer.

Reporting Violations
LifeCare requires all employees to report, in good faith, possible instances of wrongdoing and/or non-compliance with regulations or policies, or other suspect or questionable conduct, to their facility Compliance Officer, the Chief Compliance Officer, or anonymously by calling the Compliance Hotline at 1-800-472-6450. Failure to report known wrongdoing or non-compliance is a violation of company policy and this Code.

No Retaliation
LifeCare employees and others who report a possible violation of this Code in good faith through an internal process, or to an appropriate federal or state agency, will not be subjected to retaliation, retribution or harassment by LifeCare or any of its employees. Any supervisor, manager or employee who conducts or condones retribution, retaliation or harassment in any way will be subject to disciplinary action up to and including discharge.

Investigation of Violations
All reported violations of the Code of Conduct, hospital policies or applicable laws will be investigated in a timely manner. Employees are required to cooperate in the investigation of an alleged violation. All reported concerns are taken seriously and the process of investigating all
matters is handled with professionalism and confidentiality. Details of a report or its origin are not shared with unnecessary or accused individuals. Investigations are conducted with the intended purpose of identifying any possible non-compliance with policy and procedures, rule and/or regulation, understanding the root cause and developing and implementing plans to ensure recurrence does not happen and improvement is made.

**Discipline for Violations**

Disciplinary actions may be taken for involvement in actions that violate the Code of Conduct, hospital policies, or prevailing laws: for failure to report any violation or to cooperate in an investigation; for failure to detect, or purposefully overlook violations of others; or for retaliation against anyone who reports possible or actual violations. Disciplinary action may include termination.

**Individual Judgment**

Employees are often faced with making critical decisions based on activities in the workplace. Remember to always use good judgment and common sense. If you believe anything within this Code of Conduct goes against your own good judgment, you are encouraged to discuss it with your supervisor or with the Compliance Officer.
FIRST AMENDMENT
TO
STUDENT CLINICAL AFFILIATION AGREEMENT

THIS FIRST AMENDMENT to the Student Clinical Affiliation Agreement (this “Amendment”) is entered into effective as of March 30, 2018, by and between Herzing University, LTD (“School”) and New LifeCare of Milwaukee LLC d/b/a LifeCare Hospitals of Wisconsin (“LifeCare”).

RECITALS:

WHEREAS School and LifeCare entered into a certain Student Clinical Affiliation Agreement (the “Agreement”), dated March 26, 2018; and

WHEREAS, LifeCare and Contractor desire to amend the Agreement as set forth herein.

NOW, THEREFORE, in consideration of the mutual covenants and promises contained herein, and for other good and valuable consideration the receipt and sufficiency of which are hereby acknowledged, the parties hereto agree as follows:

AMENDMENT:

1. Memorandum of Understanding. The document entitled, MEMORANDUM OF UNDERSTANDING BETWEEN HERZING UNIVERSITY-BROOKFIELD AND LifeCare Hospital of Wisconsin, Pewaukee, WI, which is attached hereto is hereby fully incorporated into this Amendment and made part of the Agreement.

2. Conflict. In the event of any conflict between the provisions of the Agreement and this Amendment, the provisions of this Amendment shall prevail. Otherwise, the terms of the Agreement shall remain in full force and effect.

3. Counterparts. This Agreement may be executed in one or more counterparts, each of which shall be deemed an original, but all of which together shall constitute one and the same instrument.

IN WITNESS WHEREOF, the undersigned have executed this Amendment effective as of the date first set forth above.

**General Summary:** The Licensed Vocational/Practical Nurse identifies patient needs, plans, implements, evaluates and provides nursing care of assigned patients utilizing the nursing process to facilitate the patient's progression toward optimal health. The LVN/LPN is actively involved in department activities, transdisciplinary team activities, and LifeCare activities to ensure individualized, patient-centered health care for all patient populations admitted to LifeCare Hospital.

**Patient Population:** Has contact with patients in a clinical setting; understands and demonstrates appropriate behavior when interacting with patients in the adult (18-65 years of age) and geriatric (65 and older) populations.

**Essential Functions:**

1. Collects data on admission and for on-going re-assessment of patients with complex health problems. Recognizes changes from baseline and reports changes in status to RN/MD.
2. Plans/organizes work for assigned shift to properly utilize time, resources, manpower and supplies to ensure patient receives appropriate quality care.
3. Implements, reviews and provides relevant data to assist in the revision of the plan of care under the direction of the RN/MD, and within the scope of practice, to meet the complex needs of assigned patients and families.
4. Completes and documents all patient care provided within the scope of practice in a competent and proficient manner. Responds appropriately and assists others in emergency situations in a calm and effective manner.
5. Participates in patient education and preparation for discharge.
6. Facilitates care of the patients in admissions and transfers and is knowledgeable in the admissions and transfer process.
7. The knowledge and skills necessary to perform the position requirements are demonstrated through the successful completion of competencies established for the position, to include population served and other special needs of patients or customers served by the department.
8. Adheres to LifeCare policies, procedures, all safety plans and all standards imposed by regulatory organizations.
9. Regular attendance and timeliness is required.

*This description is a general statement of required essential functions performed on a regular and continuous basis. It does not exclude other duties as assigned.*
Supervision: Oversees and directs delegated functions of CNAs, Mental Health Assistants, Patient Care Technicians, Monitor Technicians and Unit Clerks.

Experience: Six to twelve months of experience in an acute clinical setting is preferred.

Education: Graduate of an accredited technical school of nursing is required.

Licensure/Certification: Current LVN/LPN license in the state where practicing is required. Current BLS certification is required. ACLS and IV certification is preferred within six (6) months of hire. All LPN/LVNs must maintain current licensure and BLS certifications while employed with LifeCare Hospitals. Maintenance of ACLS and/or IV certification may be required.

Physical Requirements:

1. Ability to lift, move, transport and position patients, equipment or supplies/materials up to fifty (50) pounds without assistance; or over fifty (50) pounds with the aid of mechanical assistance or assistance of personnel.
2. Range of motion and mobility of self by positioning or moving around hospital to include sitting, standing, walking, bending, squatting, stooping, kneeling, crawling, climbing and reaching.
3. Ability to communicate with patients, families, physicians, co-workers and visitors to be able to exchange accurate information regarding patient condition and health status. Ability to exchange and express information by means of language and communicate information effectively.
4. Ability to hear the nature of sounds. Ability to detect clinical alarms and conversation. Ability to give full attention to what other people are saying, taking time to understand the points being made, asking questions as appropriate, and not interrupting at inappropriate times.
5. Ability to use logic and reasoning to identify the strengths and weaknesses of alternative solutions, conclusions or approaches to problems.
6. Ability to monitor/assess performance of yourself or other individuals to make improvements or take corrective action.
7. Ability to see things at close range and match and/or detect differences between colors, including color and brightness.
8. Ability to make precisely coordinated movements of the fingers of one or both hands to grasp, manipulate, or assemble small objects.
9. Ability to keep your hand steady while moving your arm or while holding your arm and hand in one position.
10. Ability to understand the implications of new information for both current and future problem-solving and decision making. Ability to use scientific rules and methods to solve problems.
11. Ability to identify problems and review related information to develop and evaluate options and implement solutions.
12. Ability to respond to emergency or crisis in a calm and professional manner as a team member or team leader to resolve the crisis or emergency.
13. Ability to work independently and perform routine and detail-oriented tasks. Ability to manage one's own time and the time of others.
14. Ability to consider the relative costs and benefits of potential actions to choose the most appropriate one.
15. Ability to collect and analyze numerical, written data and verbal communication to reach logical conclusions and ability to determine the time, place and sequence of operations or action.
16. Ability to review, assess, record or type data quickly and accurately.
17. Ability to observe and recognize or identify changes in patient's health status or condition.
18. Ability to perform mathematical equations.
19. Ability to view and operate required equipment.
20. Ability to determine resources needed in order to provide quality patient care.
21. Ability to handle physically aggressive patients if working in a behavioral setting.
22. Ability to motivate, develop and direct people as they work.
23. Ability to make independent judgments and decisions.
24. Ability to respond to or make adjustments to a modality of therapy, as appropriate, when a deviation from routine care is required.

Environmental/Working Conditions:

1. Category 1 - Infection exposure due to required tasks which routinely involve a potential for mucous membrane or skin contact with blood, body fluid tissues or potential spills or splashes.
2. Ability to work alone or with minimal supervision.
3. Contact with patients, families, co-workers, physicians and visitors.
4. Ability to work under and handle stress in an appropriate manner.
5. Ability to handle multiple tasks.
6. Ability to work long hours between breaks and meals may be required.
7. Exposure to high, medium, or low noise intensity.

Machinery/Tools/Equipment Requirements:

1. Ability to operate nursing call system, telephone, fax machine, copy machine, computer, printer and calculator.
Job Description Acknowledgement

I have reviewed a copy of my job description and understand that it may have excluded some of the marginal job duties of the position that are incidental to the performance of essential job duties. I understand this job description in no way states or implies that these are the only duties to be performed by employees in this position. I also understand employees will be required to follow any other job-related instructions and to perform any other job-related duties requested.

MEMORANDUM OF UNDERSTANDING BETWEEN HERZING UNIVERSITY-BROOKFIELD AND
Ovation Jewish Home and Communities

1. **PARTIES.** This Memorandum of Understanding (hereinafter referred to as a MOU) is made and entered into by and between Herzing University-Brookfield, located at 555 South Executive Drive, Brookfield, WI and Ovation Jewish Home and Communities located at 1414 N. Prospect Ave. Milwaukee, WI 53202

2. **PURPOSE.** The purpose of this MOU is to establish non-compensated nursing clinical experiences for students in the Practical Nurse program at Herzing University-Brookfield and Ovation Jewish Home and Communities

3. **TERM OF MOU.** This MOU is effective upon the date executed below by duly authorized representatives of the parties to this MOU and will remain in force unless otherwise terminated by the parties. This MOU may be terminated, without cause, by either party upon written notification, which may be sent by electronic or other means to the parties at the addresses listed above.

4. **RESPONSIBILITIES.** The parties agree that prior to the creation of non-compensated clinical nursing experiences for the Practical Nurse students at Herzing University-Brookfield the parties, upon mutual agreement, will execute an Affiliation Agreement which will detail the rights, obligations and responsibilities of the parties to this MOU.

5. **AMENDMENTS.** Either party may request changes to this MOU. Any changes modifications or revisions or amendments to this MOU which are agreed upon by and between the parties shall be incorporated, in writing, to this MOU and become effective when executed and signed by the parties to this MOU.

6. **APPLICABLE LAW.** The construction, interpretation and enforcement of this MOU shall be governed by the laws of the State of Wisconsin, unless otherwise mutually agreed to by the parties as outlined in paragraph five (5).

7. **ENTIRETY OF AGREEMENT.** This MOU, consisting of one (1) page represents the entire agreement between the parties.

8. **SIGNATURES.** In witness whereof, the parties to this MOU, through their duly authorized representatives have executed this MOU on the date(s) below.

Name and Title
MEMORANDUM OF UNDERSTANDING FOR
HEALTH CARE CLINICAL EXPERIENCE

HERZING ®
UNIVERSITY

This Agreement for Clinical Experience (the “Agreement”) is entered into by and between Herzing University, Ltd. (hereafter “University”), and Ovation Jewish Home and Communities 1414 N. Prospect Ave. Milwaukee WI, 53202 (hereafter “Facility”).

RECITALS

The University wishes to provide clinical experiences for students enrolled in Herzing University Health programs (hereafter “Students”). The Facility operates a healthcare facility and has the capability, through its medical records, clinical, or medical administration departments, to provide settings for clinical experiences required by such Students and desires to provide a setting for such clinical experiences in cooperation with the University in order to support quality education for health professionals in the community and the delivery of appropriate health services to the community.

NOW, THEREFORE, the parties agree as follows:

1. Responsibilities of the Facility. The Facility agrees to serve as a cooperating health care facility and provide clinical experiences for Students at the Facility in University’s program. This will be accomplished by allowing Student participation in patient care as set forth in this Agreement. The University, in consultation with the Facility, shall schedule and arrange for the number and timing of such experiences. The Facility hereby agrees as follows:

   a. To observe the non discrimination policy of the University: that Students are accepted without discrimination as to race, color, creed, or sex, subject to the Facility’s right to terminate clinical experiences as set forth in subparagraph 3-d.

   b. To provide clinical practice and/or observational opportunities in the appropriate service departments of the Facility.

   c. To allow Students, at their own expense, to use the dining and other facilities.

   d. To make available to Students emergency care and treatment in the event of illness or injury occurring in clinical areas during clinical instruction. All charges for treatment shall be the responsibility of the Students, or in the case of a minor, his or her parents.

   e. To provide information pertinent to evaluation of Students and the clinical experience in general to the University at the University’s request.

   f. To provide the University and Students with access to copies of the Facilities policies, procedures and regulations that are pertinent to the clinical experience.

2. Responsibilities of University. The University agrees:

   a. In cooperation with the Facility, orientation to and enforcement of requirements that all Students abide by the policies, procedures, rules, and regulations of the Facility, including standards for dress, grooming, and personal hygiene.
b. Provision of general liability insurance coverage of $1,000,000 per occurrence and $2,000,000 in the aggregate and professional liability insurance coverage of $2,000,000 per claim and $6,000,000 in the aggregate covering acts/or omissions by Students during practicum experiences hosted by the Facility. The University shall immediately notify the Facility of any changes, limitations, or termination of insurance coverage and provide evidence of such insurance upon request by the Facility.

c. Require Students to comply with the Facility’s policies and procedures governing mandatory reporting of child and dependent adult abuse, infection control, and hazardous materials management. Upon the Facility’s request, any Student that the Facility believes to be in violation of its policies and procedures shall be removed by the University.

d. Compliance with all Facility requirements for verification of each Student’s health and immunization status. All required verification will be maintained at the University and made available to the Facility upon request. Facility must notify University in writing of any required verifications prior to student’s clinical experience.

e. Provide orientation and education of all Students in confidentiality rules, in cooperation with the Facility, enforcement of a requirement that all Students follow the Facility’s policy with regard to confidential information, including obtaining signed confidentiality agreements and compliance with all policies and procedures adopted by the Facility to comply with the privacy or security final regulations promulgated under the Health Insurance Portability and Accountability Act. Upon the Facility’s request, any Student that the Facility believes to be in violation of its policies and procedures shall be removed by the University.

3. **Conditions.** This Agreement shall be continuously subject to the following conditions accepted by each of the parties:

a. The University shall provide the Facility with estimates of the number of Students desiring to be placed in clinical departments. The Facility may close units to Students’ clinical experiences at any time, without notice. At least two (2) weeks prior to the beginning of new Students’ placements, the University shall notify the Facility’s contact person of the names of each of the Students to be included in the next placement.

b. The Facility, University and Students are independent contractors in their relationships to one another. It is understood that Students are not employees of the Facility, do not receive compensation or benefits in connection with their activities at the Facility, are not provided workers’ compensation insurance, and shall not act as agents or employees of the Facility.

c. Each party agrees to accept and is responsible for its own acts and/or omissions in providing services under this Agreement as well as those acts or omissions of its employees and agents or Students, as the case may be, and nothing in this Agreement shall be construed as placing any responsibility of such acts or omissions onto the other party.

d. The Facility has the right to terminate a Student’s clinical experience whenever, in the judgment of the responsible Facility personnel, such action is necessary to preserve smooth operations and the quality of patient care. The Facility must notify the University immediately of any termination action.
e. The Facility and University shall indemnify and hold each other harmless, their agents, students, and employees, from any and all liability, damage, expense, cause of action, suits, claims of judgments arising from injury to person or personal property or otherwise which arises out of the act, failure to act or negligence of the Facility or University, its agents and employees, in connection with or arising out of the activity which is the subject of this Agreement.

4. Term and Termination. This Agreement shall be effective when fully executed by both parties, and shall remain in effect for one (1) year. This Agreement shall renew automatically for additional one (1) year periods, until either party notifies the other party hereto in writing of its intent not to renew. Either party may terminate this Agreement at any time upon thirty (30) days notice to the other party. In the event of a termination of the Agreement, any Student(s) currently completing a clinical experience at Facility will be allowed to complete their clinical experience as previously agreed to by both parties.

5. Contact Persons and Notices. The designated individuals for contact and notice purposes shall be, in the case of the University:

## Position Summary

Provides prescribed medical treatment, medication and personal care services to nursing home residents to meet individual spiritual, physical, emotional and social needs consistent with the plan of care, Standard Nursing practice, scope of gerontological nursing procedures and all applicable regulations, codes, policies and procedures.

## Essential Duties and Responsibilities

This list of duties and responsibilities is not all-inclusive and may be expanded to include other duties and responsibilities, as management may deem necessary from time to time.

- Receives verbal report and communicates all pertinent resident care information to the CNAs on assigned unit or area.
- Visits each resident to assure the appropriate cares are being provided, reports any problems to the manager/supervisor.
- Administers and documents medication and treatments, etc. within the parameters of the LPN licensure and according to the care plan. Reports any changes to the manager/supervisor.
- Reports significant changes in residents’ conditions immediately to the manager/supervisor and notifies appropriate people as directed.
- Maintains timely, accurate written charts, documents, records as required by law and/or regulation policies and procedures. Charting must be informative, descriptive or nursing services provided, residents’ responses to cares and a notation when families/physicians are notified of significant resident changes.
- Review and revised care plans as changes occur to reflect the exact condition of each resident.
- Completes compliance rounds or resident rooms to assure a clean, orderly, comfortable environment. Makes adjustments based on individual needs.
- Appropriately identifies problems, approaches and goals on residents’ care plans and discusses them with the CNAs daily after compliance rounds.
- Writes timely nursing summaries that reflect residents’ conditions, cares being given, restorative/rehabilitation interventions, the movement toward appropriate goals and acceptable approaches.
- Participates in resident assessment on admission, on-going resident care/family care conferences and discharge planning as required.
- Makes rounds with Medical Director, attending physicians, nurse manager, DON as delegates.
- Assures that all resident rights are maintained at all times. Reports and violations or suspected deviations according to policy.
- Is aware of and demonstrates proper hand washing, isolation techniques, universal precautions, good handling, linen handling and cleanliness or resident areas.
- Demonstrates prevention and intervention used in caring for the confused, wandering or combative resident.
- Participates in primary are nursing as assigned on each unit/floor.
- Performs other duties as assigned by supervisor(s), DON or Administrator.

### Physical Demands and Work Environment

**Physical Requirements:**
- Occasionally must be able to lift/carry/push or pull 100 pounds or more.
- Occasionally must be able to reach overhead.
- Occasionally must be able to perform tasks which require steadiness/fluidity of motion.
- Occasionally must be able to walk, stand, squat, stand for prolonged periods, remain in potentially uncomfortable positions for long periods, climb stairs, bend to floor, kneel and twist
- Constantly must be able to speak clearly and articulate with extreme accuracy in proper English to effectively communicate ideas, concepts, face-to-face or via telephone.
- *Occasionally may be exposed to chemical irritants, loud noises, and blood splatters.

**Sensory Requirements:**
- Occasionally must be able to see distant objects and objects within 35 feet (11.6 meters).
- Constantly must be able to discriminate colors.
- Frequently must be able to hear and distinguish normal sounds from background noise.
- Constantly must be able to effectively read information from paper, printouts, or computer screens.

**Cognitive Requirements:**
- Constantly must be able to concentrate on several minimal, moderate, and fine details with little, some, or constant interruption.
- Constantly must be able to attend to task periods of less than 10 minutes to more than 30 minutes.
• Constantly must be able to remember multiple tasks for a few hours, full shift, or periods extending over several days.
• Frequently must perform under the stress created by normal office practices (such as deadlines and standards) and other environmental stressors evident in health care settings (such as shift rotation, weekend and holiday duty, unusual or impaired behavior by residents, family reactions to having a loved one in the nursing home, death and dying, oversight of state surveyors, ombudsmen, and federal officials, presence of consultants and attorneys, and variable involvement with medical staff).

Personal Protection Requirements:
• Gloves, mask, and apron are required when working with chemical irritants, sharp objects and hot dishes-
• Gloves and earplugs required when working with chemicals and loud machines.
• Gloves are needed when working with chemicals or blood splatters.

Equipment Requirements:
• Computer, computer printer, fax and copy machines, ten key adding machine and other usual office equipment

Americans with Disabilities Act (ADA) Statement

SEC. 102. DISCRIMINATION - 42 USC 12112
General Rule. No covered entity shall discriminate against a qualified individual with a disability because of the disability of such individual in regard to job application procedures, the hiring, advancement, or discharge of employees, employee compensation, job training, and other terms, conditions, and privileges of employment.

Note: Reasonable accommodations may be made for individuals with disabilities to perform the essential functions of this position.

The above information describes the general duties and requirements necessary to perform the principle functions of the position. This shall not be construed as a detailed description of all the duties and requirements that may be necessary in this position.

MEMORANDUM OF UNDERSTANDING BETWEEN HERZING UNIVERSITY-BROOKFIELD AND Luther Manor

1. PARTIES. This Memorandum of Understanding (hereinafter referred to as a MOU) is made and entered into by and between Herzing University-Brookfield, located at 555 South Executive Drive, Brookfield, WI and Luther Manor located at 4545 N. 92nd St. Wauwatosa, WI 53225

2. PURPOSE. The purpose of this MOU is to establish non-compensated nursing clinical experiences for students in the Practical Nurse program at Herzing University-Brookfield and Luther Manor

3. TERM OF MOU. This MOU is effective upon the date executed below by duly authorized representatives of the parties to this MOU and will remain in force unless otherwise terminated by the parties. This MOU may be terminated, without cause, by either party upon written notification, which may be sent by electronic or other means to the parties at the addresses listed above.

4. RESPONSIBILITIES. The parties agree that prior to the creation of non-compensated clinical nursing experiences for the Practical Nurse students at Herzing University-Brookfield the parties, upon mutual agreement, will execute an Affiliation Agreement which will detail the rights, obligations and responsibilities of the parties to this MOU.

5. AMENDMENTS. Either party may request changes to this MOU. Any changes modifications or revisions or amendments to this MOU which are agreed upon by and between the parties shall be incorporated, in writing, to this MOU and become effective when executed and signed by the parties to this MOU.

6. APPLICABLE LAW. The construction, interpretation and enforcement of this MOU shall be governed by the laws of the State of Wisconsin, unless otherwise mutually agreed to by the parties as outlined in paragraph five (5).

7. ENTIRETY OF AGREEMENT. This MOU, consisting of one (1) page represents the entire agreement between the parties.

8. SIGNATURES. In witness whereof, the parties to this MOU, through their duly authorized representatives have executed this MOU on the date(s) below.

Summary:

Plan, direct and administer nursing services as a part of the interdisciplinary team, while under the supervision of the RN team leader, Nurse Manager or RN Shift Supervisor.

Essential Job Functions:

1. Performs duties within the Licensed Practical Nurse scope of practice as determined by Wisconsin Board of Nursing.
2. Observes, plans, implements, and evaluates the nursing care given to residents, documenting findings per Luther Manor policy and procedure (i.e. Nurses Notes, Weekly Summaries, 24 Hour Change of Condition Report Sheet, etc.)
3. Promotes and protects the rights of residents by maintaining confidentiality, dignity and privacy.
4. Administers medications and provides ordered treatments to residents.
5. Monitors drug control and supplies (shift to shift count, expiration dates).
6. Makes frequent rounds on residents to observe, examine, and evaluate resident care, inspect environment, and evaluate staff interactions.
7. Observes, documents and monitors residents for changes in physical and emotional condition (subtle and acute); notifies RN team leader, Nurse Manager/RN Shift Supervisor, physician and responsible parties promptly.
8. Provides resident/family education as needed (i.e. medication teaching, diabetic teaching, etc.)
9. Fosters and promotes effective relationships with residents, families, and visitors.
10. Promptly reports actual or suspected abuse, neglect, misappropriation and injuries of unknown origin to the Nurse Manager or RN Shift Supervisor; reports any family or resident complaints, resident change of condition, injury or incident to Nurse Manager or RN shift supervisor. Completes documentation of same per Luther Manor policy and procedure.
11. Updates the Careplan and C.N.A. Care Assignment Sheets as needed.
12. Communicates with personnel in other departments/shifts to facilitate appropriate resident care expectations.
13. Assigns C.N.A.'s work via the Group Assignment Sheets on the unit.
14. Supervises and directs the care provided by C.N.A.s on the assigned unit.
15. Other duties as assigned.

Requirements:
1. Current Wisconsin Licensed Practical Nurse license.
2. Work with the realization that errors may have serious consequences for residents and coworkers.
3. The ability to speak to and hear residents and staff; also to read and write English.
4. The ability to deal tactfully and effectively with residents and staff.
5. The mobility to spend an average of 70% of the work shift standing and/or moving about the work area.
6. The physical strength to move or assist residents as needed following their plan of care.
7. Must be able to push, pull or lift 50 pounds.
8. Maintains knowledge of current nursing practice and regulations through attendance at seminars, inservices, etc.

SUPERVISION:

1. Reports to the Nurse Manager or RN Shift Supervisor.

My signature acknowledges that the above information has been presented and I have read it.

MEMORANDUM OF UNDERSTANDING FOR
HEALTH CARE CLINICAL EXPERIENCE

HERZING UNIVERSITY

This Agreement for Herzing University, Ltd. Experience (the "Agreement") is entered into by and between Herzing University, Ltd. (hereafter "University"), and Luther Manor 4845 N. 92nd St. Milwaukee, WI 53225 (hereafter "Facility").

RECATALS

The University wishes to provide clinical experiences for students enrolled in Herzing University BSN Nursing programs (hereafter "Students"). The Facility operates a healthcare facility and has the capability, through its medical records, clinical, or medical administration departments, to provide settings for clinical experiences required by such Students and desires to provide a setting for such clinical experiences in cooperation with the University in order to support quality education for health professionals in the community and the delivery of appropriate health services to the community.

NOW, THEREFORE, the parties agree as follows:

1. Responsibilities of the Facility. The Facility agrees to serve as a cooperating health care facility and provide clinical experiences for Students at the Facility in University’s program. This will be accomplished by allowing Student participation in patient care as set forth in this Agreement. The University, in consultation with the Facility, shall schedule and arrange for the number and timing of such experiences. The Facility hereby agrees as follows:

   a. To observe the non discrimination policy of the University: that Students are accepted without discrimination as to race, color, creed, or sex, subject to the Facility’s right to terminate clinical experiences as set forth in subparagraph 3-d.

   b. To provide clinical practice and/or observational opportunities in the appropriate service departments of the Facility.

   c. To allow Students, at their own expense, to use the dining and other facilities.

   d. To make available to Students emergency care and treatment in the event of illness or injury occurring in clinical areas during clinical instruction. All charges for treatment shall be the responsibility of the Students, or in the case of a minor, his or her parents.

   e. To provide information pertinent to evaluation of Students and the clinical experience in general to the University at the University’s request.

   f. To provide the University and Students with access to copies of the Facilities policies, procedures and regulations that are pertinent to the clinical experience.

2. Responsibilities of University. The University agrees:

   a. In cooperation with the Facility, orientation to and enforcement of requirements that all Students abide by the policies, procedures, rules, and regulations of the Facility, including standards for dress, grooming, and personal hygiene.
b. Provision of general liability insurance coverage of $1,000,000 per occurrence and $2,000,000 in the aggregate, and professional liability insurance coverage of $2,000,000 per claim and $5,000,000 in the aggregate covering acts or omissions by Students during practicum experiences hosted by the Facility. The University shall immediately notify the Facility of any changes, limitations, or termination of insurance coverage and provide evidence of such insurance upon request by the Facility.

c. Require Students to comply with the Facility’s policies and procedures governing mandatory reporting of child and dependent adult abuse, infection control, and hazardous materials management. Upon the Facility’s request, any Student that the Facility believes to be in violation of its policies and procedures shall be removed by the University.

d. Compliance with all Facility requirements for verification of each Student’s health and immunization status. All required verification will be maintained at the University and made available to the Facility upon request. Facility must notify University in writing of any required verifications prior to student’s clinical experience.

e. Provide orientation and education of all Students in confidentiality rules, in cooperation with the Facility, enforcement of a requirement that all Students follow the Facility’s policy with regard to confidential information, including obtaining signed confidentiality agreements and compliance with all policies and procedures adopted by the Facility to comply with the privacy or security final regulations promulgated under the Health Insurance Portability and Accountability Act. Upon the Facility’s request, any Student that the Facility believes to be in violation of its policies and procedures shall be removed by the University.

3. **Conditions.** This Agreement shall be continuously subject to the following conditions accepted by each of the parties:

a. The University shall provide the Facility with estimates of the number of Students desiring to be placed in clinical departments. The Facility may close units to Students’ clinical experiences at any time, without notice. At least two (2) weeks prior to the beginning of new Students’ placements, the University shall notify the Facility’s contact person of the names of each of the Students to be included in the next placement.

b. The Facility, University and Students are independent contractors in their relationships to one another. It is understood that Students are not employees of the Facility, do not receive compensation or benefits in connection with their activities at the Facility, are not provided workers’ compensation insurance, and shall not act as agents or employees of the Facility.

c. Each party agrees to accept and is responsible for its own acts and/or omissions in providing services under this Agreement as well as those acts or omissions of its employees and agents or Students, as the case may be, and nothing in this Agreement shall be construed as placing any responsibility of such acts or omissions onto the other party.

d. The Facility has the right to terminate a Student’s clinical experience whenever, in the judgment of the responsible Facility personnel, such action is necessary to preserve smooth operations and the quality of patient care. The Facility must notify the University immediately of any termination action.
e. The Facility and University shall indemnify and hold each other harmless, their agents, students, and employees, from any and all liability, damage, expense, cause of action, suits, claims of judgments arising from injury to person or personal property or otherwise which arises out of the act, failure to act or negligence of the Facility or University, its agents and employees, in connection with or arising out of the activity which is the subject of this Agreement.

4. Term and Termination. This Agreement shall be effective when fully executed by both parties, and shall remain in effect for one (1) year. This Agreement shall renew automatically for additional one (1) year periods, until either party notifies the other party hereto in writing of its intent not to renew. Either party may terminate this Agreement at any time upon thirty (30) days notice to the other party. In the event of a termination of the Agreement, any Student(s) currently completing a clinical experience at Facility will be allowed to complete their clinical experience as previously agreed to by both parties.

5. a. Contact Persons and Notices. The designated individuals for contact and notice purposes shall be, in the case of the University:

Name: 
Title: 
Organization: 
Address: 
Phone: 
Email: 

And, in the case of the Facility:

Name: Aray H. Layd
Title: Director of Nursing
Organization: Luther Manor
Address: 4545 N. 92nd St.
Phone: 414-464-3880 X 45030
Email: layd@luthermanor.org

b. Official Signatory. The designated individual to approve and sign documents for the University shall be:

Representative: Associate VP of Educational Funding & Compliance and/or Designee
Organization: Herzing University
Address: W140 N8917 Lilly Road, Menomonee Falls, WI 53051

6. Miscellaneous. The following additional conditions apply to this Agreement:

a. Severability. In the event one or more of the provisions contained in this Agreement are declared invalid, illegal, or unenforceable in any respect, the validity, legality, and
enforceability of the remaining provisions shall not in any way be impaired thereby unless the effect of such invalidity is to substantially impair or undermine either party's rights and benefits hereunder.

b. **Assignment.** This Agreement is personal to the parties and may not be assigned or transferred without written consent of the other party.

c. **Waiver.** The failure of either party to insist in any one or more instances upon performance of any terms or conditions of this Agreement shall not be construed as a waiver of future performance of any such term, covenant, or condition; but the obligations of such party with respect thereto shall continue in full force and effect.

d. **Recitals.** The recitals are intended to describe the intent of the parties and the circumstances under which this Agreement is executed and shall be considered in the interpretation of this Agreement.

e. **Amendment.** This Agreement may be amended only by written agreement of the parties.

f. **Applicable Law.** This Agreement shall be interpreted according to the law of the state of Wisconsin.

g. ** Entire Agreement.** This Agreement constitutes the entire agreement between the parties pertaining to the subject matter hereof and supersedes and incorporates all prior written and oral statements and understandings.

IN WITNESS WHEREOF, the parties have executed this Agreement in duplicate on the dates set opposite their respective names.

SCHOOL AFFILIATION AGREEMENT
BETWEEN ROGERS MEMORIAL HOSPITAL INC.
AND
HERZING UNIVERSITY, LTD.

This SCHOOL AFFILIATION AGREEMENT (the "Agreement") between Herzing University, LTD. ("School") and Rogers Memorial Hospital Inc. ("Rogers Memorial"), effective as of the date of last execution will be effective for a period of one (1) year. This Agreement shall be automatically renewed for successive periods of one year as of the effective termination date, unless either party terminates this Agreement in the manner provided herein.

RECITALS

WHEREAS, the School administers educational curricula for various health-related occupations and seeks to provide supervised experiences to enrolled students ("Students") through field training in various health-related occupations ("Clinical Education Programs");

WHEREAS, Rogers Memorial operates facilities that serve behavioral health patients and seeks to train future behavioral health care practitioners and leaders by providing students with supervised experiences as part of a Clinical Education Program at Rogers Memorial facilities, consistent with the educational objectives of the School and its Students;

NOW, THEREFORE, the School and Rogers Memorial have determined that each may best accomplish its objectives by mutual assistance, and seek to describe their affiliation in this Agreement, the School and Rogers Memorial agree as follows:

AGREEMENT

1. THE SCHOOL’S RIGHTS AND RESPONSIBILITIES.

In addition to its rights and responsibilities described elsewhere in this Agreement, the School shall have the following rights and responsibilities:

A. Clinical Education Program Memorandum. On an annual basis, the School shall provide Rogers Memorial, in advance, with a Clinical Education Program Memorandum ("Program Memorandum") detailing the proposed Clinical Education Program at a Rogers Memorial facility ("Clinical Site"). A sample Program Memorandum is attached hereto as Exhibit A (there may be refinements to such Program Memorandum as the effective date draws close in time). Any modifications to the Program Memorandum are subject to the prior review and written approval of Rogers Memorial. Once approved, the Program Memorandum as revised will be incorporated herein; provided that in the event of a conflict between any Program Memorandum and this Agreement, the terms of this Agreement shall control.

The Program Memorandum will set forth: (i) the name of each Student selected to participate in a Clinical Education Program through Rogers Memorial; (ii) the Student’s Clinical Site assignment; (iii) the schedule of placement times; (iv) the name and contact information for the Educational Coordinator.
assigned to each Clinical Site; and (v) details concerning the goals, objectives, and expectations for the Clinical Education Program. The School shall be responsible to update such listings promptly following any changes therein.

B. Student Assignments. After Rogers Memorial notifies the School regarding the number of Clinical Site placements available, the School shall select Students for placement at each Clinical Site.

C. Preparation of Students for Placement. The School shall assure that each Student assigned to a Clinical Education Program at a Clinical Site is adequately prepared to benefit from such assignment. A Student’s preparedness shall be measured by: (1) academic performance indicating an ability to understand what Student will observe and/or perform during the placement; and (2) appreciation of the nature and seriousness of the work Student will observe and/or perform.

D. Educational Coordinator. The School shall appoint a faculty member to serve as Educational Coordinator, and shall communicate his or her name, title, and telephone number to the Clinical Site. The Educational Coordinator shall be responsible for overall management of the Students’ educational experience, and may be assigned as Educational Coordinator for one or more Clinical Education Programs through Rogers Memorial.

E. Professional Liability Insurance - Student. The School shall provide or shall require each Student assigned to a Clinical Site be covered by, at no cost to the Clinical Site, professional liability insurance with limits of at least One Million Dollars ($1,000,000) per occurrence and at least Three Million Dollars ($3,000,000) in the aggregate, to cover professional liabilities of Students arising out of their participation in the Clinical Education Program. If the School requires a Student to purchase his or her own professional liability insurance, the School shall provide to the Clinical Site evidence of insurance in the form of a certificate of insurance prior to the placement of such Student at the Clinical Site.

F. General and Professional Liability Insurance - School. The School shall maintain general and professional liability insurance coverage for its officers, employees, and agents while in the course of employment and/or when they are acting on behalf of the School.

G. Automobile Insurance. The School represents that each Student is covered by an automobile insurance policy for any vehicle the Student will operate at any Clinical Site, in accordance with state limits. The failure to maintain such insurance shall be considered a breach of this Agreement. The School and the Rogers Memorial agree that Students are prohibited from driving vehicles owned or leased by Rogers Memorial.

H. Breach. Failure to maintain any of the insurances required in sections E-G shall be considered breach of this Agreement. The failure of Rogers Memorial to request or the failure of School to provide certificates of insurance shall not invalidate the requirements listed in sections E-G. These provisions may only be waived in writing by the parties.

I. Background Investigation and Disclosure. All students who are assigned to a Clinical Site shall have a background check performed under the direction of the School. The background check shall include information relating to criminal records in Wisconsin and from out-of-state agencies if the individual has lived outside of Wisconsin within the past three years. If the Student has a criminal record, the School will evaluate whether the individual is barred from performing duties at the Clinical Site. Prior to placement of the Student, the School will notify the Clinical Site in writing of any crime of which
student has been convicted so the Clinical Site may make a determination as to how substantially related the conviction(s) is to the duties the Student would be performing. The Clinical Site may refuse placement of any Student the Clinical Site believes could put its patients, employees, and/or visitors at risk. The School hereby agrees to notify the Clinical Site when the School becomes aware that any participating Student is charged with or convicted of any crime or is was the subject of investigation by a governmental agency.

J. Compliance with Laws, Regulations, Policies, Standards. The School shall require students and faculty to: (1) abide by all relevant policies, procedures, standards, and directives issued or adopted by the Clinical Site and made known to the School, Students and faculty. The School hereby acknowledges that it has received information from Rogers Memorial regarding the mission, vision, and values of Rogers Memorial and agrees that in the performance of all of its obligations under the terms of this Agreement, it shall at all times conduct itself, and shall take reasonable actions to ensure that its Students, faculty, employees and agents conduct themselves in a manner that is consistent with said mission, vision, and values.

K. Other Requirements for Students and School Personnel or Employees. All Students accepted under the terms of this Agreement for placement at a Clinical Site, and any School personnel or employees who will be placed at a Clinical Site, must:

i). be certified in writing for participation by the School;

ii). have successfully completed an orientation program of the Clinical Site;

iii). agree to comply with any applicable rules, regulations, policies and procedures concerning Student conduct as may be adopted by Rogers Memorial or any Clinical Site;

iv). have satisfied and passed any health screening or other health requirements imposed from time to time by Rogers Memorial or any Clinical Site;

v). have completed for him or her a criminal background check, the results of which have been presented to and approved by Rogers Memorial, as noted above;

vi). agree to complete incident reports pursuant to any Rogers Memorial policy and agree to report any observed or known incident to the applicable Clinical Site’s department manager promptly; and

vii). for School personnel placed as supervisors and/or instructors at any Rogers Memorial facility, be certified by the School that they are appropriately qualified and licensed.

L. No Billing. The School agrees not to render any bill to any patient or third party for any service provided hereunder. To the extent any billable service is provided hereunder, the School and its School personnel assign to Rogers Memorial fully all rights to bill any patient or third party payor (governmental or otherwise) for such service.

M. Placement Changes. If it becomes necessary to cancel a reserved space or change a Student’s assignment, the School shall make every effort to notify the Clinical Site as far in advance of the scheduled beginning of the Clinical Education Program as possible. If a medical or personal emergency or a Student not completing prerequisites necessitates a last-minute cancellation of a space, the School with promptly notify the Clinical Site.

Last revised 6.1.17
M. **Grades/Credits.** The School, through the Educational Coordinator shall be responsible for assigning grades and course credit to the Students upon successful completion of the Clinical Education Program.

N. **Accreditation and Licensure.** The School shall maintain, at all times during the term of this Agreement: (1) accreditation as an educational institution; (2) all licensures and approvals from the state in which it is located as necessary to administer its educational curricula; and (3) full and unrestricted accreditation of its educational curricula from an accrediting organization. The School shall promptly notify Rogers Memorial of any change in its accreditation or licensure status and shall provide Rogers Memorial with evidence of accreditation or licensure status upon request.

2. **The Clinical Site's Rights and Responsibilities.**

In addition to its rights and responsibilities described elsewhere in this Agreement, Rogers Memorial shall have the following rights and responsibilities:

A. **Placements.** The Clinical Site shall have the sole discretion to determine its capacity to accept Students for placement, whether such capacity is described in terms of the number of Students at a Clinical Site at any one time, the number of hours of supervision that the Clinical Site can provide over a period of time, or other such description of capacity. The Clinical Site shall communicate such capacity to the School before Students may be assigned to the Clinical Site.

B. **Site Coordinator.** The Clinical Site shall appoint an employee to serve as a coordinator ("Site Coordinator") at the Clinical Site and shall communicate his or her name, title and telephone number to the School. The Site Coordinator shall be responsible for overall management of the Students' experience at the Clinical Site, and may be assigned with respect to one or more Clinical Education Programs. The Site Coordinator shall ensure that Students obtain access to training experiences through Clinical Site practitioners that demonstrate interest and ability in teaching, and possesses adequate experience, qualifications, certification, and/or licensure in the Student's area of interest.

C. **Orientation.** The Clinical Site shall provide the School with orientation materials via the Rogers Memorial website. The Clinical Site shall also provide the School faculty with orientation materials about the Clinical Site, including work duties, equipment, and applicable policies and procedures, that can be presented to participating Students.

D. **Student Access to the Clinical Site and Patients.** The Clinical Site shall permit access by Students to any and all areas of the Clinical Site as reasonably required to support Students' development and as permitted under applicable law. These areas shall include, without limitation, patient care units, laboratories, ancillary departments, health science libraries, cafeterias and parking facilities. The Clinical Site reserves the right to refuse access to any Student who does not meet, in the Clinical Site's reasonable determination, its standards for safety, health, or proper conduct or appearance.

E. **Licensure, Approvals and Eligibility.** The Clinical Site shall maintain, at all times during the term of this Agreement: (i) necessary licensures and approvals from the requisite state and/or federal authorities; and (ii) if applicable, eligibility for participation in the Medicare and Medicaid

Last revised 6.1.17
programs. The Clinical Site shall immediately notify the School of any change in the Clinical Site’s licensure or eligibility status.

F. Insurance. Rogers Memorial agrees to maintain, during the term of this Agreement, Comprehensive General Liability Insurance that covers each Clinical Site for property damage or bodily injury that may occur at a Clinical Site. Rogers Memorial shall also maintain Professional Liability Insurance covering its employees.

G. Final Authority. The Clinical Site retains final authority for all aspects of operations at and management of the Clinical Site, and retains the right to terminate a Student’s placement for cause at the sole discretion of the Clinical Site.

H. Remuneration. Students may not receive remuneration for services relating to the Clinical Education Program and performed for or on behalf of the Clinical Site.

3. FACULTY AND STUDENT RIGHTS AND RESPONSIBILITIES.

The School and the Clinical Site shall instruct the Students regarding Students’ rights and responsibilities while they participate in a Clinical Education Program at a Clinical Site.

A. Conduct. Student shall, at all times while on the Clinical Site premises, conduct himself or herself in a professional manner and shall refrain from loud, boisterous, offensive or otherwise inappropriate conduct. Students shall refrain from the improper and illegal use of alcohol or other drugs, and shall not carry any firearms or other weapons except as permitted under applicable law.

B. Policies, Rules, and Regulations. Student shall abide by all policies, rules and regulations established by the Clinical Site and the School. If a Student or faculty member fails to so abide, the Clinical Site shall have the right to notify the School that such Student(s) or faculty member shall not return to the premises unless authorized to do so by Rogers Memorial.

C. Timeliness. Students shall report to the Clinical Site at the assigned place and time. Student shall immediately inform the Site Coordinator of the Student’s inability to report to the Clinical Site as assigned.

D. Uniform and Identification. The Student shall wear appropriate uniform attire or other clothing as directed by the School or Clinical Site. The Student shall display proper identification as directed by the Clinical Site. The Student’s appearance shall be, at all times, neat, clean, and professional.

E. Personal Expenses. While at the Clinical Site, the Student shall be responsible for the Student’s personal expenses such as meals, travel, medical care and incidentals.

F. Evaluation of Experience. The Student shall, upon request of the School, Rogers Memorial, or the Clinical Site, provide a candid, written evaluation of the experience at the Clinical Site including, without limitation, preparation for the on-site experience, orientation to the Clinical Site and experience and supervision and the Clinical Site.

G. Orientation. Faculty and Students shall review and complete the orientation materials provided by Rogers Memorial or the Clinical Site prior to the first clinical day, including information about site/unit policies, procedures, equipment, and documentation.

Last revised 6.1.17
4. **FURTHER AGREEMENTS OF THE PARTIES.**

A. The School shall in no event place any Student or other School personnel at any Clinical Site or permit any Student or School personnel to provide services for Rogers Memorial or any Clinical Site who has been suspended or excluded from participation in any state or federally funded health care program, including without limitation, Medicare or Medicaid.

B. The parties acknowledge their respective obligations governing the privacy and security of health information pursuant to the Health Insurance Portability and Accountability Act of 1996, as amended ("HIPAA") and its implementing regulations ("the Privacy Rule"). The School agrees that Students and School personnel who participate in the program hereunder will not use or disclose Protected Health Information ("PHI"), as that term is defined in 45 C.F.R. § 160.103, obtained in the course of the program for purposes other than those related to the program. Further, the School shall require participating Students and School personnel to agree not to use or disclose PHI obtained in the clinical setting for any non-clinical purposes, including teaching or educational purposes, unless the participant has written approval from Rogers Memorial. If written approval is given, the participant must either (1) obtain an authorization, compliant with the Privacy Rule, from each patient whose PHI is sought to be used; (2) de-identify the PHI in accordance with the Privacy Rule; or (3) use a "limited data set" as defined in the Privacy Rule, and sign a Data Use Agreement with Rogers Memorial. The parties agree that if future modifications or clarifications are made to the Privacy Rule that necessitate amendments to this Agreement, the parties will make such amendments. For purposes of HIPAA only, Students are, with respect to their interactions with patients/clients and their educational activities at Rogers Memorial, under the direct control of Rogers Memorial and are thus considered to be members of Rogers Memorial’s “workforce,” as that term is defined in 45 C.F.R. § 160.103.

C. All records of any service provided hereunder shall belong to Rogers Memorial or the applicable Clinical Site.

D. The School, its Students and School personnel shall not disclose to any third party or use (other than in fulfilling their duties under the program) any confidential or proprietary information of Rogers Memorial or its affiliates.

E. Rogers Memorial has the right to immediately refuse, suspend, or remove a Student or any School personnel, including coordinators, supervisors or instructors, from a Clinical Education Program for any reason Rogers Memorial deems appropriate provided that Rogers Memorial shall subsequently notify the School in writing of the reasons that the refusal, suspension, or removal occurred.

F. It is acknowledged and agreed by the parties that the School, any School personnel, and Students are “independent contractors” with respect to Rogers Memorial and the Clinical Site and that nothing in this Agreement is intended to nor shall be construed to create any employer/employee relationship or any relationship other than that of independent contractors. Rogers Memorial and Rogers Memorial facilities shall in no event have any obligations to the School, any School personnel, or Students, including payment of any compensation, any withholding, social security, or any other employee-related obligations. The School shall be solely responsible for the actions and omissions of its Students or any School personnel and for any resulting damages.

Last revised 5.1.17
5. **INDEMNIFICATION AND OTHER PROVISIONS.**

A. **School.** The School shall indemnify and hold harmless Rogers Memorial and/or the Clinical Site, its governing board, directors, trustees, officers, and employees from and against any and all claims and liabilities (including reasonable attorney's fees and expenses incurred in the defense thereof) relating to personal injury or property damage to the extent arising out of misconduct or by negligent acts or omissions of the School's Students, faculty, employees or agents in connection with their duties under the Clinical Education Program.

B. **Clinical Site.** The Clinical Site and/or Rogers Memorial shall indemnify and hold harmless the School and its trustees, officers, employees and Student from and against any and all claims and liabilities (including reasonable attorney's fees and expenses incurred in the defense thereof) relating to personal injury or property damage to the extent arising out of the conditions existing at the Clinical Site or arising out of intentional misconduct by or negligent acts or omissions of the Clinical Site's employees or agents in connection with their duties under the Clinical Education Program.

C. **Notice of Claims.** Each party agrees that it shall give the other party prompt notice of any claim, threatened or made, or suit instituted against it which could result in a claim for indemnification above.

D. **Policies.** The Students, while engaged in the Clinical Education Program, shall be under the supervision and control of the Clinical Site and shall be governed by the Clinical Site's policies relating to health care delivery and the Student's role in it.

E. **Discrimination.** It is mutually agreed that at no time shall the matter of race, color, religion, sex, sexual orientation, national origin, age, veteran status and/or disability be employed for the purpose of discrimination.

F. **Amendments.** The parties may modify this Agreement by written amendment signed by duly authorized representatives of each.

G. **Relationships.** It is understood and agreed that this Agreement is not intended and shall not be construed to create the relationship of agency, partnership, joint venture or associate between the Rogers Memorial and the School, or to create an employment relationship between the Rogers Memorial and the Students in the Clinical Education Program. The School and the Students shall be treated for all purposes as independent contractors pursuant to Section 5.E of this Agreement.

H. **Privacy and Non Disclosure.** In the event that the School discloses to the Clinical Site information from the educational record of any Student at the School, the Clinical Site agrees to comply with the Family Educational Rights and Privacy Act with respect to such information. The Clinical Site also agrees that its personnel will use such information only in the furtherance of the educational experience provided to each Student, and that such information will not be disclosed to any other party without such Student's prior written consent.

Last revised 6.1.17
I. **Termination.** This Agreement may be terminated by either party's giving thirty (30) days' notice in writing to the other party by certified or registered mail at the addresses hereafter set forth:

**If to Rogers Memorial:**

Rogers Behavioral Health  
34700 Valley Road  
Oconomowoc, WI 53066  
Attn: Paul Mueller, CEO

**And cc to:**

Rogers Behavioral Health  
34700 Valley Road  
Oconomowoc, WI 53066  
Attn: Marybeth Herbst-Flagstad, General Counsel

**If to University or College:**

Herzing University, LTD.  
Attn: Clinical Contracts  
W140 N8917 Lilly Road  
Menomonee Falls, WI 53051

J. **Authority.** The persons executing and attesting to the provisions of his Agreement on behalf of Rogers Memorial and the School, respectively, represent and warrant that they have full power, authority, and right to execute this Agreement and that the execution of this Agreement by each such person is sufficient and legally binding on the respective party without the joinder or approval of any other person or party.

K. **Transfer of Rights.** Neither party may subcontract or assign its rights or obligations under this Agreement without the express written consent of the other. Any attempt to do without consent shall be void and the other party may immediately terminate this Agreement.

L. **Waivers.** A failure of either party to insist upon or enforce any term or provision or to exercise any right, option, or remedy of this Agreement, or to require at any time, performance of any provision hereof shall not be construed as a waiver of any such term or provision. No waiver by either party of any provision hereof shall be binding unless made in writing and signed by such party, nor shall any single or partial exercise of any right or power under this Agreement preclude further exercise of any other right or power.

M. **Severability.** Should any of the terms or provisions of this Agreement be determined to be invalid, illegal, or unenforceable, such provision shall be deemed to be rescinded, and all remaining terms which reasonably can be given effect in the absence of the remaining terms shall remain in force unless it is clearly unreasonable to do so, or such amendment or modification would substantially

Last revised 6.1.17
change the terms of this Agreement to impose new and/or different obligations, economic or legal relationships between the parties or rights of the parties.

N. **Governing Law.** This Agreement shall be construed in accordance with the laws of Wisconsin without regard to its conflicts rules.

O. **Execution.** The parties may sign this Agreement in one or more counterparts, each of which constitutes an original and all of which together constitute the Agreement. Facsimile signatures constitute original signatures for all purposes.

P. **Integration.** This Agreement and all attachments embody the entire understanding of the parties with respect to the subject matter and supersede all previous or contemporaneous communications, either verbal or written, between the parties.

**THIS AGREEMENT SHALL BE EFFECTIVE AS OF THE DATE OF LAST EXECUTION BY BOTH PARTIES.**

### Summary:
The licensed practical nurse performs basic nursing activities in the care of patients so they may achieve or regain, and then maintain, the maximum possible physical, emotional and social function. Role functions are limited and governed by the Wisconsin Nurse Practice Act, the Wisconsin Administrative Code, Wisconsin Board of Nursing, Standards for Nursing Practice, and the corresponding policies and procedures of Rogers Memorial Hospital.

### Job Duties & Responsibilities:
1. Implement patient care in an assigned patient load.
   A. Observe, document and monitor each patient's psychiatric and physical changes and responses to treatment under the direction of the registered nurse (RN). This may include the following duties:
      a. Admission data collection;
      b. Discharge transcription of information in preparation for discharge;
      c. Medication reconciliation on admission and discharge;
      d. Medication administration (See, "E" below).
   B. Identify potential patient care problems, abrupt changes or impending instability in the patient's condition, and exercise appropriate intervention leadership to prevent adverse patient outcomes.
      a. Use appropriate de-escalation techniques: quiet room, locked seclusion or restraints.
      b. Re-evaluate safety level.
      c. Identify alcohol withdrawal syndrome.
      d. Identify significant cardiac or respiratory symptoms requiring immediate medical intervention.
   C. Implement patient care based on established care plans, hospital policies and procedures, and unit standards of care, incorporating the patient's age-specific and cultural needs as appropriate.
   D. Provide care in complex patient situations (as defined by the hospital) under the standards of the State that they provide care in; under the general supervision of the R.N., physician or other State approved medical professional. Duties to include:
      E. a. Participate in the patient nursing assessment process
      F. b. Obtaining and processing physician orders
      G. c. Completing medication reconciliation orders and
      H. d. Creating treatment plan.
   E. Maintain integrity of tube feedings by preparing tube feeding dosages according to physician orders
   F. Administer bolus for tube feeding patients
   G. Demonstrate safe and correct medication administration by:
      a. Accuracy in medication administration: right patient, right medication, right dose, right time, and right route.
      b. Maintaining current knowledge of the medication's purpose and effects for each patient, as demonstrated by correct documentation of medication, as well as observations about responses to medication.
      c. Accurately transcribing and implementing physician medication orders, after RN approval of the order.
      d. Maintaining a continual awareness of monitoring the expected and unexpected medication efforts including adverse drug reactions, drug/drug or drug/food interactions, or other unexpected consequences of the medication.
      e. Regularly conducting and documenting patient education about medications and obtaining medication consent.
      f. Maintaining current knowledge about new pharmacologic products, including new medications or medications with new uses/therapeutic action.
   H. Know the various program schedules and assist patients in maintaining these schedules.
   I. Care for patients' hygienic and physical environment needs and for patients' personal belongings.
   J. Employ established systems to monitor the location of all patients in assigned areas.
K. Accompany patients to meals, monitor their behavior, and record their food intake, as directed.

2. Act as an advocate for patients/residents.
   A. Explain patient's rights so that they can understand, and obtain appropriate signatures.
   B. Provide the patient with information, and obtain their signature on necessary consents.
   C. Use knowledge of patient rights to assist patients in resolution of complaints / grievances.
   D. Act as a patient advocate, use knowledge of patient rights and responsibilities, and protect patient's privacy and confidentiality.

3. Assist in the patient orientation process.
   A. Know and employ Hospital policies and procedures regarding unit safety, the necessity of gown/contraband search on admission, and carry out the process in a respectful manner.
   B. Remain sensitive to the individual patient/family stressors upon admission, while providing pertinent unit information.

4. Adhere to the nursing department and Hospital's Standards of Nursing Practice and Standards of Patient Care.
   A. Protect patients, visitors and staff from environmental hazards by adhering to the safety and infection control standards.
   B. Participate in continuing education and inservice programs to increase clinical competence and to meet professional needs and goals.
      a. Report information obtained from continuing education programs to unit staff.
   C. Attend 100% of required inservices, as scheduled.

5. Participate in projects, tasks and continuing education opportunities to improve professional skills and unit/department systems.
   A. Develop goals and objectives for professional growth and discuss ways to achieve them with the Clinical Services manager.
   B. Take the initiative to develop professional skills through continuing education.
   C. Discuss, on a regular basis, progress toward work improvement goals with the Clinical Services manager.
   D. Seek out projects and/or extra tasks to complete, based upon the needs of the unit or the immediate shift.

6. Promote department goals and the mission of the Hospital.
   A. Communicate goals to fellow staff members.
   B. Demonstrate measurable goal achievement.
   C. Maintain department policies and procedures.
   D. Include requirements and guidelines from external agencies (i.e., Joint Commission and State of Wisconsin).
   E. Maintain and/or communicate the function backlog to the appropriate party at a set timeframe.
   F. Educate new staff regarding regulations or requirements of those functions that relate to their areas or departments, as directed.
   G. Demonstrate acceptance and training of student interns in the department, as directed.

7. Demonstrate understanding of Joint Commission and other regulatory agency compliance regulations.
   A. Involve self in the learning and the application of standards relevant to the Nursing department.
   B. Participate in inservices/seminars and other meetings, to increase involvement and awareness of regulations.
   C. Involve self in the education of other disciplines regarding Nursing department regulations.

8. Participate in Hospital committees, performance improvement team meetings and team projects, as directed.
   A. Demonstrate punctuality and preparedness.
   B. Demonstrate effective communication and organizational skills, if applicable.
   C. Contribute in a positive, solution-focused manner.
   D. Education and involve self to the Hospital and Nursing department's performance improvement plans.
9. Conduct self in a professional manner.
   A. Demonstrate organizational skills that promote timely response to all inquiries and to task completion.
   B. Communicate with all individuals in a positive and professional manner.
   C. Attempt to resolve individual issues with peers in a positive, calm manner, with a focus on solution.
   D. Communicate concerns and provide solutions for same.
   E. Attend outside seminars to promote professional growth.
   F. Demonstrate a positive and professional attitude toward parties outside the Hospital (patient families, visitors, vendors, etc.).
   G. Comply with the Hospital's policies and procedures, including Human Resources, Infection Control and Employee Health policies and programs.
   H. Project a professional image by wearing appropriate, professional attire.

**Physical/Mental Demands:**
1. The majority of time is spent inside the building; walking, pulling, pushing, bending, twisting, sitting and grasping are routine activities. Will be required to lift work equipment, patient care equipment, supplies and patients, within reason. Personal judgment dictates weight-lifting limits, but must be able to lift a minimum of fifty (50) pounds.
2. Verbal and hearing ability required to interact with patients and employees. Numerical ability required to maintain records and operate a computer.
3. Able to plan, control and direct all aspects of employee relations. Tact required to deal effectively with employees and professional staff. Logical thinking and discretion required to make decisions in initiating and implementing policies and procedures and standards.
4. Must be able to read and communicate through written, verbal and auditory skills and abilities.
5. Physically/Mentally able to perform job duties as verified by a physical exam by a licensed physician, per post-employment physical.

**Education/Training Requirements:**
1. Licensed Practical Nurse licensed by Wisconsin State Board of Nursing or the State of the Rogers clinical facility. License must be in 'good standing' with the Wisconsin State Board of Nursing or the State they practice.
2. American Heart Association Healthcare Provider CPR certification or American Red Cross Professional Rescue is required within thirty (30) days of date-of-hire. Annual re-certification is required.
3. Formal training in management of the aggressive patient within sixty (60) days of date-of-hire. Annual re-certification is required.
4. Previous psychiatric experience with children, adolescents and adults is preferred.

---

In accordance with the Americans with Disabilities Act, the above is intended to summarize the essential functions of and requirements for the performance of this job. It is not meant to be an exhaustive list of miscellaneous duties and responsibilities that may be requested in the performance of this job.

SCHOOL AFFILIATION AGREEMENT
BETWEEN ROGERS MEMORIAL HOSPITAL INC.
AND
HERZING UNIVERSITY, LTD.

This SCHOOL AFFILIATION AGREEMENT (the “Agreement”) between Herzing University, LTD. (“School”) and Rogers Memorial Hospital Inc. (“Rogers Memorial”), effective as of the date of last execution will be effective for a period of one (1) year. This Agreement shall be automatically renewed for successive periods of one year as of the effective termination date, unless either party terminates this Agreement in the manner provided herein.

RECITALS

WHEREAS, the School administers educational curricula for various health-related occupations and seeks to provide supervised experiences to enrolled students (“Students”) through field training in various health-related occupations (“Clinical Education Programs”);

WHEREAS, Rogers Memorial operates facilities that serve behavioral health patients and seeks to train future behavioral health care practitioners and leaders by providing students with supervised experiences as part of a Clinical Education Program at Rogers Memorial facilities, consistent with the educational objectives of the School and its Students;

NOW, THEREFORE, the School and Rogers Memorial have determined that each may best accomplish its objectives by mutual assistance, and seek to describe their affiliation in this Agreement, the School and Rogers Memorial agree as follows:

AGREEMENT

1. **THE SCHOOL’S RIGHTS AND RESPONSIBILITIES.**

In addition to its rights and responsibilities described elsewhere in this Agreement, the School shall have the following rights and responsibilities:

A. **Clinical Education Program Memorandum.** On an annual basis, the School shall provide Rogers Memorial, in advance, with a Clinical Education Program Memorandum (“Program Memorandum”) detailing the proposed Clinical Education Program at a Rogers Memorial facility (“Clinical Site”). A sample Program Memorandum is attached hereto as Exhibit A (there may be refinements to such Program Memorandum as the effective date draws close in time). Any modifications to the Program Memorandum are subject to the prior review and written approval of Rogers Memorial. Once approved, the Program Memorandum as revised will be incorporated herein; provided that in the event of a conflict between any Program Memorandum and this Agreement, the terms of this Agreement shall control.

The Program Memorandum will set forth: (i) the name of each Student selected to participate in a Clinical Education Program through Rogers Memorial; (ii) the Student’s Clinical Site assignment; (iii) the schedule of placement times; (iv) the name and contact information for the Educational Coordinator

Last revised 6.1.17
assigned to each Clinical Site; and (v) details concerning the goals, objectives, and expectations for the Clinical Education Program. The School shall be responsible to update such listings promptly following any changes therein.

B. **Student Assignments.** After Rogers Memorial notifies the School regarding the number of Clinical Site placements available, the School shall select Students for placement at each Clinical Site.

C. **Preparation of Students for Placement.** The School shall assure that each Student assigned to a Clinical Education Program at a Clinical Site is adequately prepared to benefit from such assignment. A Student's preparedness shall be measured by: (1) academic performance indicating an ability to understand what Student will observe and/or perform during the placement; and (2) appreciation of the nature and seriousness of the work Student will observe and/or perform.

D. **Educational Coordinator.** The School shall appoint a faculty member to serve as Educational Coordinator, and shall communicate his or her name, title, and telephone number to the Clinical Site. The Educational Coordinator shall be responsible for overall management of the Students' educational experience, and may be assigned as Educational Coordinator for one or more Clinical Education Programs through Rogers Memorial.

E. **Professional Liability Insurance - Student.** The School shall provide or shall require each Student assigned to a Clinical Site to be covered by, at no cost to the Clinical Site, professional liability insurance with limits of at least One Million Dollars ($1,000,000) per occurrence and at least Three Million Dollars ($3,000,000) in the aggregate, to cover professional liabilities of Students arising out of their participation in the Clinical Education Program. If the School requires a Student to purchase his or her own professional liability insurance, the School shall provide the Clinical Site evidence of insurance in the form of a certificate of insurance prior to the placement of such Student at the Clinical Site.

F. **General and Professional Liability Insurance - School.** The School shall maintain general and professional liability insurance coverage for its officers, employees, and agents while in the course of employment and/or when they are acting on behalf of the School.

G. **Automobile Insurance.** The School represents that each Student is covered by an automobile insurance policy for any vehicle the Student will operate at any Clinical Site, in accordance with state limits. The failure to maintain such insurance shall be considered a breach of this Agreement. The School and the Rogers Memorial agree that Students are prohibited from driving vehicles owned or leased by Rogers Memorial.

H. **Breach.** Failure to maintain any of the insurances required in sections E-G shall be considered breach of this Agreement. The failure of Rogers Memorial to request or the failure of School to provide certificates of insurance shall not invalidate the requirements listed in sections E-G. These provisions may only be waived in writing by the parties.

I. **Background Investigation and Disclosure.** All students who are assigned to a Clinical Site shall have a background check performed under the direction of the School. The background check shall include information relating to criminal records in Wisconsin and from out-of-state agencies if the individual has lived outside of Wisconsin within the past three years. If the Student has a criminal record, the School will evaluate whether the individual is barred from performing duties at the Clinical Site. Prior to placement of the Student, the School will notify the Clinical Site in writing of any crime of which
student has been convicted so the Clinical Site may make a determination as to how substantially related the conviction(s) is to the duties the Student would be performing. The Clinical Site may refuse placement of any Student the Clinical Site believes could put its patients, employees, and/or visitors at risk. The School hereby agrees to notify the Clinical Site when the School becomes aware that any participating Student is charged with or convicted of any crime or is or was the subject of investigation by a governmental agency.

1. Compliance with Laws, Regulations, Policies, Standards. The School shall require students and faculty to: (1) abide by all relevant policies, procedures, standards, and directives issued or adopted by the Clinical Site and made known to the School, Students and faculty. The School hereby acknowledges that it has received information from Rogers Memorial regarding the mission, vision, and values of Rogers Memorial and agrees that in the performance of all of its obligations under the terms of this Agreement, it shall at all times conduct itself, and shall take reasonable actions to ensure that its Students, faculty, employees and agents conduct themselves in a manner that is consistent with said mission, vision, and values.

K. Other Requirements for Students and School Personnel or Employees. All Students accepted under the terms of this Agreement for placement at a Clinical Site, and any School personnel or employees who will be placed at a Clinical Site, must:

i). be certified in writing for participation by the School;
ii). have successfully completed an orientation program of the Clinical Site;
iii). agree to comply with any applicable rules, regulations, policies and procedures concerning Student conduct as may be adopted by Rogers Memorial or any Clinical Site;
iv). have satisfied and passed any health screening or other health requirements imposed from time to time by Rogers Memorial or any Clinical Site;
v). have completed for him or her a criminal background check, the results of which have been presented to and approved by Rogers Memorial, as noted above;
vii). agree to complete incident reports pursuant to any Rogers Memorial policy and agree to report any observed or known incident to the applicable Clinical Site's department manager promptly; and
vii). for School personnel placed as supervisors and/or instructors at any Rogers Memorial facility, be certified by the School that they are appropriately qualified and licensed.

L. No Billing. The School agrees not to render any bill to any patient or third party for any service provided hereunder. To the extent any billable service is provided hereunder, the School and its School personnel assign to Rogers Memorial fully all rights to bill any patient or third party payor (governmental or otherwise) for such service.

M. Placement Changes. If it becomes necessary to cancel a reserved space or change a Student’s assignment, the School shall make every effort to notify the Clinical Site as far in advance of the scheduled beginning of the Clinical Education Program as possible. If a medical or personal emergency or a Student not completing prerequisites necessitates a last-minute cancellation of a space, the School with promptly notify the Clinical Site.

Last revised 6.1.17
M. Grades/Credits. The School, through the Educational Coordinator shall be responsible for assigning grades and course credit to the Students upon successful completion of the Clinical Education Program.

N. Accreditation and Licensure. The School shall maintain, at all times during the term of this Agreement: (1) accreditation as an educational institution; (2) all licensures and approvals from the state in which it is located as necessary to administer its educational curricula; and (3) full and unrestricted accreditation of its educational curricula from an accrediting organization. The School shall promptly notify Rogers Memorial of any change in its accreditation or licensure status and shall provide Rogers Memorial with evidence of accreditation or licensure status upon request.

2. THE CLINICAL SITE'S RIGHTS AND RESPONSIBILITIES

In addition to its rights and responsibilities described elsewhere in this Agreement, Rogers Memorial shall have the following rights and responsibilities:

A. Placements. The Clinical Site shall have the sole discretion to determine its capacity to accept Students for placement, whether such capacity is described in terms of the number of Students at a Clinical Site at any one time, the number of hours of supervision that the Clinical Site can provide over a period of time, or other such description of capacity. The Clinical Site shall communicate such capacity to the School before Students may be assigned to the Clinical Site.

B. Site Coordinator. The Clinical Site shall appoint an employee to serve as a coordinator ("Site Coordinator") at the Clinical Site and shall communicate his or her name, title, and telephone number to the School. The Site Coordinator shall be responsible for overall management of the Students' experience at the Clinical Site, and may be assigned with respect to one or more Clinical Education Programs. The Site Coordinator shall ensure that Students obtain access to training experiences through Clinical Site practitioners that demonstrate interest and ability in teaching, and possesses adequate experience, qualifications, certification, and/or licensure in the Student's area of interest.

C. Orientation. The Clinical Site shall provide the School with orientation materials via the Rogers Memorial website. The Clinical Site shall also provide the School faculty with orientation materials about the Clinical Site, including work duties, equipment, and applicable policies and procedures, that can be presented to participating Students.

D. Student Access to the Clinical Site and Patients. The Clinical Site shall permit access by Students to any and all areas of the Clinical Site as reasonably required to support Students' development and as permitted under applicable law. These areas shall include, without limitation, patient care units, laboratories, ancillary departments, health science libraries, cafeteria and parking facilities. The Clinical Site reserves the right to refuse access to any Student who does not meet, in the Clinical Site's reasonable determination, its standards for safety, health, or proper conduct or appearance.

E. Licensure, Approvals and Eligibility. The Clinical Site shall maintain, at all times during the term of this Agreement: (i) necessary licensures and approvals from the requisite state and/or federal authorities; and (ii) if applicable, eligibility for participation in the Medicare and Medicaid

Last revised 6.1.17
programs. The Clinical Site shall immediately notify the School of any change in the Clinical Site's licensure or eligibility status.

F. Insurance. Rogers Memorial agrees to maintain, during the term of this Agreement, Comprehensive General Liability Insurance that covers each Clinical Site for property damage or bodily injury that may occur at a Clinical Site. Rogers Memorial shall also maintain Professional Liability Insurance covering its employees.

G. Final Authority. The Clinical Site retains final authority for all aspects of operations at and management of the Clinical Site, and retains the right to terminate a Student’s placement for cause at the sole discretion of the Clinical Site.

H. Remuneration. Students may not receive remuneration for services relating to the Clinical Education Program and performed for or on behalf of the Clinical Site.

3. FACULTY AND STUDENT RIGHTS AND RESPONSIBILITIES.

The School and the Clinical Site shall instruct the Students regarding Students’ rights and responsibilities while they participate in a Clinical Education Program at a Clinical Site.

A. Conduct. Student shall, at all times while on the Clinical Site premises, conduct himself or herself in a professional manner and shall refrain from loud, boisterous, offensive or otherwise inappropriate conduct. Students shall refrain from the improper and illegal use of alcohol or other drugs, and shall not carry any firearms or other weapons except as permitted under applicable law.

B. Policies, Rules, and Regulations. Student shall abide by all policies, rules and regulations established by the Clinical Site and the School. If a Student or faculty member fails to so abide, the Clinical Site shall have the right to notify the School that such Student(s) or faculty member shall not return to the premises unless authorized to do so by Rogers Memorial.

C. Timeliness. Students shall report to the Clinical Site at the assigned place and time. Student shall immediately inform the Site Coordinator of the Student’s inability to report to the Clinical Site as assigned.

D. Uniform and Identification. The Student shall wear appropriate uniform attire or other clothing as directed by the School or Clinical Site. The Student shall display proper identification as directed by the Clinical Site. The Student’s appearance shall be, at all times, neat, clean, and professional.

E. Personal Expenses. While at the Clinical Site, the Student shall be responsible for the Student’s personal expenses such as meals, travel, medical care and incidentals.

F. Evaluation of Experience. The Student shall, upon request of the School, Rogers Memorial, or the Clinical Site, provide a candid, written evaluation of the experience at the Clinical Site including, without limitation, preparation for the on-site experience, orientation to the Clinical Site and experience and supervision and the Clinical Site.

G. Orientation. Faculty and Students shall review and complete the orientation materials provided by Rogers Memorial or the Clinical Site prior to the first clinical day, including information about site/unit policies, procedures, equipment, and documentation.

Last revised 6.1.17
4. **FURTHER AGREEMENTS OF THE PARTIES.**

A. The School shall in no event place any Student or other School personnel at any Clinical Site or permit any Student or School personnel to provide services for Rogers Memorial or any Clinical Site who has been suspended or excluded from participation in any state or federally funded health care program, including without limitation, Medicare or Medicaid.

B. The parties acknowledge their respective obligations governing the privacy and security of health information pursuant to the Health Insurance Portability and Accountability Act of 1996, as amended ("HIPAA") and its implementing regulations ("the Privacy Rule"). The School agrees that Students and School personnel who participate in the program hereunder will not use or disclose Protected Health Information ("PHI"), as that term is defined in 45 C.F.R. § 160.103, obtained in the course of the program for purposes other than those related to the program. Further, the School shall require participating Students and School personnel to agree not to use or disclose PHI obtained in the clinical setting for any non-clinical purposes, including teaching or educational purposes, unless the participant has written approval from Rogers Memorial. If written approval is given, the participant must either (1) obtain an authorization, compliant with the Privacy Rule, from each patient whose PHI is sought to be used; (2) de-identify the PHI in accordance with the Privacy Rule; or (3) use a "limited data set" as defined in the Privacy Rule, and sign a Data Use Agreement with Rogers Memorial. The parties agree that if future modifications or clarifications are made to the Privacy Rule that necessitate amendments to this Agreement, the parties will make such amendments. For purposes of HIPAA only, Students are, with respect to their interactions with patients/clients and their educational activities at Rogers Memorial, under the direct control of Rogers Memorial and are thus considered to be members of Rogers Memorial's "workforce," as that term is defined in 45 C.F.R. § 160.103.

C. All records of any service provided hereunder shall belong to Rogers Memorial or the applicable Clinical Site.

D. The School, its Students and School personnel shall not disclose to any third party or use (other than in fulfilling their duties under the program) any confidential or proprietary information of Rogers Memorial or its affiliates.

E. Rogers Memorial has the right to immediately refuse, suspend, or remove a Student or any School personnel, including coordinators, supervisors or instructors, from a Clinical Education Program for any reason Rogers Memorial deems appropriate provided that Rogers Memorial shall subsequently notify the School in writing of the reasons that the refusal, suspension, or removal occurred.

F. It is acknowledged and agreed by the parties that the School, any School personnel, and Students are "independent contractors" with respect to Rogers Memorial and the Clinical Site and that nothing in this Agreement is intended to nor shall be construed to create any employer/employee relationship or any relationship other than that of independent contractors. Rogers Memorial and Rogers Memorial facilities shall in no event have any obligations to the School, any School personnel, or Students, including payment of any compensation, any withholding, social security, or any other employee-related obligations. The School shall be solely responsible for the actions and omissions of its Students or any School personnel and for any resulting damages.

Last revised 6.1.17
5. **Indemnification and Other Provisions.**

A. **School.** The School shall indemnify and hold harmless Rogers Memorial and/or the Clinical Site, its governing board, directors, trustees, officers, and employees from and against any and all claims and liabilities (including reasonable attorney's fees and expenses incurred in the defense thereof) relating to personal injury or property damage to the extent arising out of misconduct or by negligent acts or omissions of the School's Students, faculty, employees or agents in connection with their duties under the Clinical Education Program.

B. **Clinical Site.** The Clinical Site and/or Rogers Memorial shall indemnify and hold harmless the School and its trustees, officers, employees and Student from and against any and all claims and liabilities (including reasonable attorney's fees and expenses incurred in the defense thereof) relating to personal injury or property damage, to the extent arising out of the conditions existing at the Clinical Site or arising out of intentional misconduct by or negligent acts or omissions of the Clinical Site's employees or agents in connection with their duties under the Clinical Education Program.

C. **Notice of Claims.** Each party agrees that it shall give the other party prompt notice of any claim, threatened or made, or suit instituted against it which could result in a claim for indemnification above.

D. **Policies.** The Students, while engaged in the Clinical Education Program, shall be under the supervision and control of the Clinical Site and shall be governed by the Clinical Site's policies relating to health care delivery and the Student's role in it.

E. **Discrimination.** It is mutually agreed that at no time shall the matter of race, color, religion, sex, sexual orientation, national origin, age, veteran status and/or disability be employed for the purpose of discrimination.

F. **Amendments.** The parties may modify this Agreement by written amendment signed by duly authorized representatives of each.

G. **Relationships.** It is understood and agreed that this Agreement is not intended and shall not be construed to create the relationship of agency, partnership, joint venture or associate between the Rogers Memorial and the School, or to create an employment relationship between the Rogers Memorial and the Students in the Clinical Education Program. The School and the Students shall be treated for all purposes as independent contractors pursuant to Section 5.E of this Agreement.

H. **Privacy and Nondisclosure.** In the event that the School discloses to the Clinical Site information from the educational record of any Student at the School, the Clinical Site agrees to comply with the Family Educational Rights and Privacy Act with respect to such information. The Clinical Site also agrees that its personnel will use such information only in the furtherance of the educational experience provided to each Student, and that such information will not be disclosed to any other party without such Student's prior written consent.

Last revised 6.1.17
l. **Termination.** This Agreement may be terminated by either party's giving thirty (30) days' notice in writing to the other party by certified or registered mail at the addresses hereafter set forth:

If to Rogers Memorial:

Rogers Behavioral Health  
34700 Valley Road  
Oconomowoc, WI 53066  
Attn: Paul Mueller, CEO

And ce to:

Rogers Behavioral Health  
34700 Valley Road  
Oconomowoc, WI 53066  
Attn: Marybeth Herbst-Flagstad, General Counsel

If to University or College:

Herzing University, LTD.  
Attn: Clinical Contracts  
W140 N8917 Lilly Road  
Menomonee Falls, WI 53051

J. **Authority.** The persons executing and attesting to the provisions of his Agreement on behalf of Rogers Memorial and the School, respectively, represent and warrant that they have full power, authority, and right to execute this Agreement and that the execution of this Agreement by each such person is sufficient and legally binding on the respective party without the joinder or approval of any other person or party.

K. **Transfer of Rights.** Neither party may subcontract or assign its rights or obligations under this Agreement without the express written consent of the other. Any attempt to do without consent shall be void and the other party may immediately terminate this Agreement.

L. **Waivers.** A failure of either party to insist upon or enforce any term or provision or to exercise any right, option, or remedy of this Agreement, or to require at any time, performance of any provision hereof shall not be construed as a waiver of any such term or provision. No waiver by either party of any provision hereof shall be binding unless made in writing and signed by such party, nor shall any single or partial exercise of any right or power under this Agreement preclude further exercise of any other right or power.

M. **Severability.** Should any of the terms or provisions of this Agreement be determined to be invalid, illegal, or unenforceable, such provision shall be deemed to be rescinded, and all remaining terms which reasonably can be given effect in the absence of the remaining terms shall remain in force unless it is clearly unreasonable to do so, or such amendment or modification would substantially

Last revised 6.1.17
change the terms of this Agreement to impose new and/or different obligations, economic or legal relationships between the parties or rights of the parties.

N. **Governing Law.** This Agreement shall be construed in accordance with the laws of Wisconsin without regard to its conflicts rules.

O. **Execution.** The parties may sign this Agreement in one or more counterparts, each of which constitutes an original and all of which together constitute the Agreement. Facsimile signatures constitute original signatures for all purposes.

P. **Integration.** This Agreement and all attachments embody the entire understanding of the parties with respect to the subject matter and supersede all previous or contemporaneous communications, either verbal or written, between the parties.

**THIS AGREEMENT SHALL BE EFFECTIVE AS OF THE DATE OF LAST EXECUTION BY BOTH PARTIES.**

**Summary:**
The licensed practical nurse performs basic nursing activities in the care of patients so they may achieve or regain, and then maintain, the maximum possible physical, emotional and social function. Role functions are limited and governed by the Wisconsin Nurse Practice Act, the Wisconsin Administrative Code, Wisconsin Board of Nursing, Standards for Nursing Practice, and the corresponding policies and procedures of Rogers Memorial Hospital.

**Job Duties & Responsibilities:**

1. Implement patient care in an assigned patient load.
   
   A. Observe, document and monitor each patient's psychiatric and physical changes and responses to treatment under the direction of the registered nurse (RN). This may include the following duties:
   
   a. Admission data collection;
   b. Discharge transcription of information in preparation for discharge;
   c. Medication reconciliation on admission and discharge;
   d. Medication administration (See, 'E' below).
   
   B. Identify potential patient care problems, abrupt changes or impending instability in the patient's condition, and exercise appropriate intervention leadership to prevent adverse patient outcomes.
   
   a. Use appropriate de-escalation techniques: quiet room, locked seclusion or restraints.
   b. Re-evaluate safety level.
   c. Identify alcohol withdrawal syndrome.
   d. Identify significant cardiac and/or respiratory symptoms requiring immediate medical intervention.
   
   C. Implement patient care based on established care plans, Hospital policies and procedures, and unit standards of care, incorporating the patient's age-specific and cultural needs as appropriate.
   
   D. Provide care in complex patient situations (as defined by the hospital) under the standards of the State that they provide care in under the general supervision of the R.N., physician or other State approved medical professional. Duties to include:
   
   E. a. Participate in the patient nursing assessment process
   F. b. Obtaining and processing physician orders
   G. c. Completing medication reconciliation orders and
   H. d. Creating treatment plan.
   
   E. Maintain integrity of tube feedings by preparing tube feeding dosages according to physician orders
   
   F. Administer bolus for tube feeding patients
   
   G. Demonstrate safe and correct medication administration by:
   
   a. Accuracy in medication administration: right patient, right medication, right dose, right time, and right route.
   b. Maintaining current knowledge of the medication's purpose and effects for each patient, as demonstrated by correct documentation of medication, as well as observations about responses to medication.
   c. Accurately transcribing and implementing physician medication orders, after RN approval of the order.
   d. Maintaining a continual awareness of monitoring the expected and unexpected medication efforts, including adverse drug reactions, drug/drug or drug/food interactions, or other unexpected consequences of the medication.
   e. Regularly conducting and documenting patient education about medications and obtaining medication consent.
   f. Maintaining current knowledge about new pharmacologic products, including new medications or medications with new uses/therapeutic action.
   
   H. Know the various program schedules and assist patients in maintaining these schedules.
   
   I. Care for patients' hygienic and physical environment needs and for patients' personal belongings.
   
   J. Employ established systems to monitor the location of all patients in assigned areas.
K. Accompany patients to meals, monitor their behavior, and record their food intake, as directed.

2. Act as an advocate for patients/residents.
   A. Explain patient's rights so that they can understand, and obtain appropriate signatures.
   B. Provide the patient with information, and obtain their signature on necessary consents.
   C. Use knowledge of patient rights to assist patients in resolution of complaints / grievances.
   D. Act as a patient advocate, use knowledge of patient rights and responsibilities, and protect patient's privacy and confidentiality.

3. Assist in the patient orientation process.
   A. Know and employ Hospital policies and procedures regarding unit safety, the necessity of gown/contraband search on admission, and carry out the process in a respectful manner.
   B. Remain sensitive to the individual patient/family stressors upon admission, while providing pertinent unit information.

4. Adhere to the nursing department and Hospital's Standards of Nursing Practice and Standards of Patient Care.
   A. Protect patients, visitors and staff from environmental hazards by adhering to the safety and infection control standards.
   B. Participate in continuing education and in-service programs to increase clinical competence and to meet professional needs and goals.
      a. Report information obtained from continuing education programs to unit staff.
   C. Attend 100% of required inservices, as scheduled.

5. Participate in projects, tasks and continuing education opportunities to improve professional skills and unit/department systems.
   A. Develop goals and objectives for professional growth and discuss ways to achieve them with the Clinical Services manager.
   B. Take the initiative to develop professional skills through continuing education.
   C. Discuss, on a regular basis, progress toward work improvement goals with the Clinical Services manager.
   D. Seek out projects and/or extra tasks to complete, based upon the needs of the unit or the immediate shift.

6. Promote department goals and the mission of the Hospital.
   A. Communicate goals to fellow staff members.
   B. Demonstrate measurable goal achievement.
   C. Maintain department policies and procedures.
   D. Include requirements and guidelines from external agencies (i.e., Joint Commission and Sale of Wisconsin).
   E. Maintain and/or communicate the function backlog to the appropriate party at a set timeframe.
   F. Educate new staff regarding regulations or requirements of those functions that relate to their areas or departments, as directed.
   G. Demonstrate acceptance and training of student interns in the department, as directed.

7. Demonstrate understanding of Joint Commission and other regulatory agency compliance regulations.
   A. Involve self in the learning and the application of standards relevant to the Nursing department.
   B. Participate in inservices/seminars and other meetings, to increase involvement and awareness of regulations.
   C. Involve self in the education of other disciplines regarding Nursing department regulations.

8. Participate in Hospital committees, performance improvement team meetings and team projects, as directed.
   A. Demonstrate punctuality and preparedness.
   B. Demonstrate effective communication and organizational skills, if applicable.
   C. Contribute in a positive, solution-focused manner.
   D. Education and involve self to the Hospital and Nursing department's performance improvement plans.
9. Conduct self in a professional manner.
   A. Demonstrate organizational skills that promote timely response to all inquiries and to task completion.
   B. Communicate with all individuals in a positive and professional manner.
   C. Attempt to resolve individual issues with peers in a positive, calm manner, with a focus on solution.
   D. Communicate concerns and provide solutions for same.
   E. Attend outside seminars to promote professional growth.
   F. Demonstrate a positive and professional attitude toward parties outside the Hospital (patient families, visitors, vendors, etc.).
   G. Comply with the Hospital's policies and procedures, including Human Resources, Infection Control and Employee Health policies and programs.
   H. Project a professional image by wearing appropriate, professional attire.

Physical/Mental Demands:
1. The majority of time is spent inside the building; walking, pulling, pushing, bending, twisting, sitting and grasping are routine activities. Will be required to lift work equipment, patient care equipment, supplies and patients, within reason. Personal judgment dictates weight-lifting limits, but must be able to lift a minimum of fifty (50) pounds.
2. Verbal and hearing ability required to interact with patients and employees. Numerical ability required to maintain records and operate a computer.
3. Able to plan, control and direct all aspects of employee relations. Tact required to deal effectively with employees and professional staff. Logical thinking and discretion required to make decisions in initiating and implementing policies and procedures and standards.
4. Must be able to read and communicate through written, verbal and auditory skills and abilities.
5. Physically/Mentally able to perform job duties as verified by a physical exam by a licensed physician, per post-employment physical.

Education/Training Requirements:
1. Licensed Practical Nurse licensed by Wisconsin State Board of Nursing or the State of the Rogers clinical facility. License must be in 'good standing' with the Wisconsin State Board of Nursing or the State they practice.
2. American Heart Association Healthcare Provider CPR certification or American Red Cross Professional Rescue is required within thirty (30) days of date-of-hire. Annual re-certification is required.
3. Formal training in management of the aggressive patient within sixty (60) days of date-of-hire. Annual re-certification is required.
4. Previous psychiatric experience with children, adolescents and adults is preferred.

In accordance with the Americans with Disabilities Act, the above is intended to summarize the essential functions of and requirements for the performance of this job. It is not meant to be an exhaustive list of miscellaneous duties and responsibilities that may be requested in the performance of this job.

BOARD OF NURSING

CLINICAL FACILITY SELECTION AND SIMULATED SETTING EXPERIENCES

Completion of this form is required for each clinical facility or simulated setting experience as part of the application for authorization to admit students. In addition, this form shall be completed, kept on file in the school of nursing office, and made available to the Board upon request for all clinical facilities and all simulated setting experiences utilized by the nursing school.

I. IDENTIFYING DATA

A. Name of facility: Rogers Memorial Hospital
   Address: 4600 W. Schroder Drive
   Brown Deer, WI 53223
   Telephone: 414-865-2500

B. Type of facility: [ ] Hospital [ ] Nursing Home [ ] Community Health Agency

C. Number of beds at facility: 56

D. Types of patients: Psychiatry, children through adult

E. Administrator of facility: Jim Kubicek

F. Director of nursing service: Karen Molnar-Smith

G. School(s) of nursing utilizing the facility: Herzing Univesity, BSN; Bryant & Stratton; Cardinal Stritch

II. EXHIBITS (attach to this form)

A. Copy of formal agreement signed by:
   1. Administrator of facility
   2. Educational administrator of nursing school

B. Copy of the position description for:
   1. Registered Nurses
   2. Licensed Practical Nurses

C. Listing of simulation activities provided and a listing of types of simulation equipment utilized
Wisconsin Department of Safety and Professional Services

III. PLEASE RESPOND TO THE FOLLOWING QUESTIONS:

A. Have the nursing school objectives been shared with the facility?
   ✔ Yes     ☐ No
   Comments: ____________________________

B. Does the facility agree to cooperate in promoting the nursing school objectives?
   ✔ Yes     ☐ No
   Comments: ____________________________

C. Are there experiences in the facility available to students to meet clinical objectives?
   ✔ Yes     ☐ No
   Comments: ____________________________

D. Is the practice of registered nursing in the facility within the legal scope of practice for registered nurses as defined in Chapter 441.11(4), Wisconsin Statutes? (If no, facility may not be approved.)
   ✔ Yes     ☐ No
   Comments: ____________________________

E. Is the practice of licensed practical nursing in the facility within the legal scope of practice for licensed practical nurses as defined in Chapter 441.11(3), Wisconsin Statutes? (If no, facility may not be approved.)
   ✔ Yes     ☐ No
   Comments: ____________________________

F. If simulated settings are utilized, list the activities, responsibilities and equipment which are included in the learning experience:

MEMORANDUM OF UNDERSTANDING BETWEEN HERZING UNIVERSITY-BROOKFIELD AND Rogers Behavioral Health System

1. PARTIES. This Memorandum of Understanding (hereinafter referred to as a MOU) is made and entered into by and between Herzing University-Brookfield, located at 555 South Executive Drive, Brookfield, WI and Rogers Memorial Hospital located at 34700 Valley Rd. Oconomowoc, WI 53066

2. PURPOSE. The purpose of this MOU is to establish non-compensated nursing clinical experiences for students in the Practical Nurse program at Herzing University-Brookfield and Rogers Behavioral Health System

3. TERM OF MOU. This MOU is effective upon the date executed below by duly authorized representatives of the parties to this MOU and will remain in force unless otherwise terminated by the parties. This MOU may be terminated, without cause, by either party upon written notification, which may be sent by electronic or other means to the parties at the addresses listed above.

4. RESPONSIBILITIES. The parties agree that prior to the creation of non-compensated clinical nursing experiences for the Practical Nurse students at Herzing University-Brookfield the parties, upon mutual agreement, will execute an Affiliation Agreement which will detail the rights, obligations and responsibilities of the parties to this MOU.

5. AMENDMENTS. Either party may request changes to this MOU. Any changes modifications or revisions or amendments to this MOU which are agreed upon by and between the parties shall be incorporated, in writing, to this MOU and become effective when executed and signed by the parties to this MOU.

6. APPLICABLE LAW. The construction, interpretation and enforcement of this MOU shall be governed by the laws of the State of Wisconsin, unless otherwise mutually agreed to by the parties as outlined in paragraph five (5).

7. ENTIRETY OF AGREEMENT. This MOU, consisting of one (1) page represents the entire agreement between the parties.

8. SIGNATURES. In witness whereof, the parties to this MOU, through their duly authorized representatives have executed this MOU on the date(s) below.

## Rogers Memorial Hospital

### Job Description

**Job Title:**  
LICENSED PRACTICAL NURSE  
**Supervisor:**  
Clinical Services Manager  
**Date:**  
8/31/98  
**Department:**  
Nursing  
**FLSA:**  
Non-exempt  
**Supervises:**  
None  
**Revision Date:**  
4/22/17  
**Division:**  
Patient Care Services

### Summary:
The licensed practical nurse performs basic nursing activities in the care of patients so they may achieve or regain, and then maintain, the maximum possible physical, emotional and social function. Role functions are limited and governed by the Wisconsin Nurse Practice Act, the Wisconsin Administrative Code, Wisconsin Board of Nursing, Standards for Nursing Practice, and the corresponding policies and procedures of Rogers Memorial Hospital.

### Job Duties & Responsibilities:

1. Implement patient care in an assigned patient load.
   
   A. Observe, document and monitor each patient's psychiatric and physical changes and responses to treatment under the direction of the registered nurse (RN). This may include the following duties:
      a. Admission data collection;
      b. Discharge transcribing of information in preparation for discharge;
      c. Medication reconciliation on admission and discharge;
      d. Medication administration (See, 'E' below).
   
   B. Identify potential patient care problems, abrupt changes or impending instability in the patient's condition, and exercise appropriate intervention leadership to prevent adverse patient outcomes.
      a. Use appropriate de-escalation techniques: quiet room, locked seclusion or restraints.
      b. Re-evaluate safety level.
      c. Identify alcohol withdrawal syndrome.
      d. Identify significant cardiac and/or respiratory symptoms requiring immediate medical intervention.
   
   C. Implement patient care based on established care plans, hospital policies and procedures, and unit standards of care, incorporating the patient's age-specific cultural and social needs as appropriate.
   
   D. Provide care in complex patient situations (as defined by the hospital) under the standards of the State that they provide care in, under the general supervision of the R.N., physician or other State approved medical professional. Duties to include:
      E. Participate in the patient nursing assessment process
      F. Obtaining and processing physician orders
      G. Completing medication reconciliation orders and
      H. Creating treatment plan.
   
   E. Maintain integrity of tube feedings by preparing tube feeding dosages according to physician orders
   
   F. Administer bolus for tube feeding patients
   
   G. Demonstrate safe and correct medication administration by:
      a. Accuracy in medication administration: right patient, right medication, right dose, right time, and right route.
      b. Maintaining current knowledge of the medication’s purpose and effects for each patient, as demonstrated by correct documentation of medication, as well as observations about responses to medication.
      c. Accurately transcribing and implementing physician medication orders, after RN approval of the order.
      d. Maintaining a continual awareness of monitoring the expected and unexpected medication efforts including adverse drug reactions, drug/drug or drug/food interactions, or other unexpected consequences of the medication.
      e. Regularly conducting and documenting patient education about medications and obtaining medication consent.
      f. Maintaining current knowledge about new pharmacologic products, including new medications or medications with new uses/therapeutic action.
   
   H. Know the various program schedules and assist patients in maintaining these schedules.
   
   I. Care for patients' hygiene and physical environment needs and for patients' personal belongings.
   
   J. Employ established systems to monitor the location of all patients in assigned areas.
K. Accompany patients to meals, monitor their behavior, and record their food intake, as directed.

2. Act as an advocate for patients/residents.
   A. Explain patient's rights so that they can understand, and obtain appropriate signatures,
   B. Provide the patient with information, and obtain their signature on necessary consents.
   C. Use knowledge of patient rights to assist patients in resolution of complaints / grievances.
   D. Act as a patient advocate, use knowledge of patient rights and responsibilities, and protect patient's privacy and confidentiality.

3. Assist in the patient orientation process.
   A. Know and employ Hospital policies and procedures regarding unit safety, the necessity of gown/contraband search on admission, and carry out the process in a respectful manner.
   B. Remain sensitive to the individual patient/family stressors upon admission, while providing pertinent unit information.

4. Adhere to the nursing department and Hospital's Standards of Nursing Practice and Standards of Patient Care.
   A. Protect patients, visitors and staff from environmental hazards by adhering to the safety and infection control standards.
   B. Participate in continuing education and inservice programs to increase clinical competence and to meet professional needs and goals.
      a. Report information obtained from continuing education programs to unit staff.
      C. Attend 100% of required inservices, as scheduled.

5. Participate in projects, tasks and continuing education opportunities to improve professional skills and unit department systems:
   A. Develop goals and objectives for professional growth and discuss ways to achieve them with the Clinical Services manager.
   B. Take the initiative to develop professional skills through continuing education.
   C. Discuss, on a regular basis, progress toward work improvement goals with the Clinical Services manager.
   D. Seek out projects and/or extra tasks to complete, based upon the needs of the unit or the immediate shift.

6. Promote department goals and the mission of the Hospital.
   A. Communicate goals to fellow staff members.
   B. Demonstrate measurable goal achievement.
   C. Maintain department policies and procedures.
   D. Include requirements and guidelines from external agencies (i.e., Joint Commission and State of Wisconsin).
   E. Maintain and/or communicate the function backlog to the appropriate party at a set timeframe.
   F. Educate new staff regarding regulations or requirements of those functions that relate to their areas or departments, as directed.
   G. Demonstrate acceptance and training of student interns in the department, as directed.

7. Demonstrate understanding of Joint Commission and other regulatory agency compliance regulations.
   A. Involve self in the learning and the application of standards relevant to the Nursing department.
   B. Participate in inservices/seminars and other meetings, to increase involvement and awareness of regulations.
   C. Involve self in the education of other disciplines regarding Nursing department regulations.

8. Participate in Hospital committees, performance improvement team meetings and team projects, as directed.
   A. Demonstrate punctuality and preparedness.
   B. Demonstrate effective communication and organizational skills, if applicable.
   C. Contribute in a positive, solution-focused manner.
   D. Education and involve self to the Hospital and Nursing department's performance improvement plans.
ROGERS MEMORIAL HOSPITAL

JOB DESCRIPTION—Licensed Practical Nurse 4.22.17

Page 3 of 4

9. Conduct self in a professional manner.
   A. Demonstrate organizational skills that promote timely response to all inquiries and to task completion.
   B. Communicate with all individuals in a positive and professional manner.
   C. Attempt to resolve individual issues with peers in a positive, calm manner, with a focus on solution.
   D. Communicate concerns and provide solutions for same.
   E. Attend outside seminars to promote professional growth.
   F. Demonstrate a positive and professional attitude toward parties outside the Hospital (patient families, visitors, vendors, etc.).
   G. Comply with the Hospital’s policies and procedures, including Human Resources, Infection Control and Employee Health policies and programs.
   H. Project a professional image by wearing appropriate, professional attire.

Physical/Mental Demands:
1. The majority of time is spent inside the building; walking, pulling, pushing, bending, twisting, sitting and grasping are routine activities. Will be required to lift work equipment, patient care equipment, supplies and patients, within reason. Personal judgment dictates weight-lifting limits, but must be able to lift a minimum of fifty (50) pounds.
2. Verbal and hearing ability required to interact with patients and employees. Numerical ability required to maintain records and operate a computer.
3. Able to plan, control and direct all aspects of employee relations. Tact required to deal effectively with employees and professional staff. Logical thinking and discretion required to make decisions in initiating and implementing policies and procedures and standards.
4. Must be able to read and communicate through written, verbal and auditory skills and abilities.
5. Physically/Mentally able to perform job duties as verified by a physical exam by a licensed physician, per post-employment physical.

Education/Training Requirements:
1. Licensed Practical Nurse licensed by Wisconsin State Board of Nursing or the State of the Rogers clinical facility. License must be in “good standing” with the Wisconsin State Board of Nursing or the State they practice.
2. American Heart Association Healthcare Provider CPR certification or American Red Cross Professional Rescue is required within thirty (30) days of date-of-hire. Annual re-certification is required.
3. Formal training in management of the aggressive patient within sixty (60) days of date-of-hire. Annual re-certification is required.
4. Previous psychiatric experience with children, adolescents and adults is preferred.

In accordance with the Americans with Disabilities Act, the above is intended to summarize the essential functions and requirements for the performance of this job. It is not meant to be an exhaustive list of miscellaneous duties and responsibilities that may be requested in the performance of this job.

SCHOOL AFFILIATION AGREEMENT
BETWEEN ROGERS MEMORIAL HOSPITAL INC.
AND
HERZING UNIVERSITY, LTD.

This SCHOOL AFFILIATION AGREEMENT (the "Agreement") between Herzing University, LTD. ("School") and Rogers Memorial Hospital Inc. ("Rogers Memorial"), effective as of the date of last execution will be effective for a period of one (1) year. This Agreement shall be automatically renewed for successive periods of one year as of the effective termination date, unless either party terminates this Agreement in the manner provided herein.

RECITALS

WHEREAS, the School administers educational curricula for various health-related occupations and seeks to provide supervised experiences to enrolled students ("Students") through field training in various health-related occupations ("Clinical Education Programs");

WHEREAS, Rogers Memorial operates facilities that serve behavioral health patients and seeks to train future behavioral health care practitioners and leaders by providing students with supervised experiences as part of a Clinical Education Program at Rogers Memorial facilities, consistent with the educational objectives of the School and its Students;

NOW, THEREFORE, the School and Rogers Memorial have determined that each may best accomplish its objectives by mutual assistance, and seek to describe their affiliation in this Agreement, the School and Rogers Memorial agree as follows:

AGREEMENT

1. The School's Rights and Responsibilities.

In addition to its rights and responsibilities described elsewhere in this Agreement, the School shall have the following rights and responsibilities:

A. Clinical Education Program Memorandum. On an annual basis, the School shall provide Rogers Memorial, in advance, with a Clinical Education Program Memorandum ("Program Memorandum") detailing the proposed Clinical Education Program at a Rogers Memorial facility ("Clinical Site"). A sample Program Memorandum is attached hereto as Exhibit A (there may be refinements to such Program Memorandum as the effective date draws close in time). Any modifications to the Program Memorandum are subject to the prior review and written approval of Rogers Memorial. Once approved, the Program Memorandum as revised will be incorporated herein; provided that in the event of a conflict between any Program Memorandum and this Agreement, the terms of this Agreement shall control.

The Program Memorandum will set forth: (i) the name of each Student selected to participate in a Clinical Education Program through Rogers Memorial; (ii) the Student's Clinical Site assignment; (iii) the schedule of placement times; (iv) the name and contact information for the Educational Coordinator.

Last revised 6.1.17
assigned to each Clinical Site; and (v) details concerning the goals, objectives, and expectations for the Clinical Education Program. The School shall be responsible to update such listings promptly following any changes therein.

B. Student Assignments. After Rogers Memorial notifies the School regarding the number of Clinical Site placements available, the School shall select Students for placement at each Clinical Site.

C. Preparation of Students for Placement. The School shall assure that each Student assigned to a Clinical Education Program at a Clinical Site is adequately prepared to benefit from such assignment. A Student’s preparedness shall be measured by: (1) academic performance indicating an ability to understand what Student will observe and/or perform during the placement; and (2) appreciation of the nature and seriousness of the work Student will observe and/or perform.

D. Educational Coordinator. The School shall appoint a faculty member to serve as Educational Coordinator, and shall communicate his or her name, title, and telephone number to the Clinical Site. The Educational Coordinator shall be responsible for overall management of the Students’ educational experience, and may be assigned as Educational Coordinator for one or more Clinical Education Programs through Rogers Memorial.

E. Professional Liability Insurance - Student. The School shall provide or shall require each Student assigned to a Clinical Site be covered by, at no cost to the Clinical Site, professional liability insurance with limits of at least One Million Dollars ($1,000,000) per occurrence and at least Three Million Dollars ($3,000,000) in the aggregate, to cover professional liabilities of Students arising out of their participation in the Clinical Education Program. If the School requires a Student to purchase his or her own professional liability insurance, the School shall provide to the Clinical Site evidence of insurance in the form of a certificate of insurance prior to the placement of such Student at the Clinical Site.

F. General and Professional Liability Insurance - School. The School shall maintain general and professional liability insurance coverage for its officers, employees, and agents while in the course of employment and/or when they are acting on behalf of the School.

G. Automobile Insurance. The School represents that each Student is covered by an automobile insurance policy for any vehicle the Student will operate at any Clinical Site, in accordance with state limits. The failure to maintain such insurance shall be considered a breach of this Agreement. The School and the Rogers Memorial agree that Students are prohibited from driving vehicles owned or leased by Rogers Memorial.

H. Breach. Failure to maintain any of the insurances required in sections E-G shall be considered breach of this Agreement. The failure of Rogers Memorial to request or the failure of School to provide certificates of insurance shall not invalidate the requirements listed in sections E-G. These provisions may only be waived in writing by the parties.

I. Background Investigation and Disclosure. All students who are assigned to a Clinical Site shall have a background check performed under the direction of the School. The background check shall include information relating to criminal records in Wisconsin and from out-of-state agencies if the individual has lived outside of Wisconsin within the past three years. If the Student has a criminal record, the School will evaluate whether the individual is barred from performing duties at the Clinical Site. Prior to placement of the Student, the School will notify the Clinical Site in writing of any crime of which

Last revised 6.1.17
student has been convicted so the Clinical Site may make a determination as to how substantially related the conviction(s) is to the duties the Student would be performing. The Clinical Site may refuse placement of any Student the Clinical Site believes could put its patients, employees, and/or visitors at risk. The School hereby agrees to notify the Clinical Site when the School becomes aware that any participating Student is charged with or convicted of any crime or is or was the subject of investigation by a governmental agency.

1. **Compliance with Laws, Regulations, Policies, Standards.** The School shall require students and faculty to: (1) abide by all relevant policies, procedures, standards, and directives issued or adopted by the Clinical Site and made known to the School, Students and faculty. The School hereby acknowledges that it has received information from Rogers Memorial regarding the mission, vision, and values of Rogers Memorial and agrees that in the performance of all of its obligations under the terms of this Agreement, it shall at all times conduct itself, and shall take reasonable actions to ensure that its Students, faculty, employees and agents conduct themselves in a manner that is consistent with said mission, vision, and values.

K. **Other Requirements for Students and School Personnel or Employees.** All Students accepted under the terms of this Agreement for placement at a Clinical Site, and any School personnel or employees who will be placed at a Clinical Site, must:

   i). be certified in writing for participation by the School;
   
   ii). have successfully completed an orientation program of the Clinical Site;
   
   iii). agree to comply with any applicable rules, regulations, policies and procedures concerning Student conduct as may be adopted by Rogers Memorial or any Clinical Site;
   
   iv). have satisfied and passed any health screening or other health requirements imposed from time to time by Rogers Memorial or any Clinical Site;
   
   v). have completed for him or her a criminal background check, the results of which have been presented to and approved by Rogers Memorial, as noted above;
   
   vi). agree to complete incident reports pursuant to any Rogers Memorial policy and agree to report any observed or known incident to the applicable Clinical Site’s department manager promptly; and
   
   vii). for School personnel placed as supervisors and/or instructors at any Rogers Memorial facility, be certified by the School that they are appropriately qualified and licensed.

L. **No Billing.** The School agrees not to render any bill to any patient or third party for any service provided hereunder. To the extent any billable service is provided hereunder, the School and its School personnel assign to Rogers Memorial fully all rights to bill any patient or third party payor (governmental or otherwise) for such service.

M. **Placement Changes.** If it becomes necessary to cancel a reserved space or change a Student’s assignment, the School shall make every effort to notify the Clinical Site as far in advance of the scheduled beginning of the Clinical Education Program as possible. If a medical or personal emergency or a Student not completing prerequisites necessitates a last-minute cancellation of a space, the School with promptly notify the Clinical Site.

Last revised 6.1.17
M. Grades/Credits. The School, through the Educational Coordinator shall be responsible for assigning grades and course credit to the Students upon successful completion of the Clinical Education Program.

N. Accreditation and Licensure. The School shall maintain, at all times during the term of this Agreement: (1) accreditation as an educational institution; (2) all licensures and approvals from the state in which it is located as necessary to administer its educational curricula; and (3) full and unrestricted accreditation of its educational curricula from an accrediting organization. The School shall promptly notify Rogers Memorial of any change in its accreditation or licensure status and shall provide Rogers Memorial with evidence of accreditation or licensure status upon request.

2. THE CLINICAL SITE'S RIGHTS AND RESPONSIBILITIES.

In addition to its rights and responsibilities described elsewhere in this Agreement, Rogers Memorial shall have the following rights and responsibilities:

A. Placements. The Clinical Site shall have the sole discretion to determine its capacity to accept Students for placement, whether such capacity is described in terms of the number of Students at a Clinical Site at any one time, the number of hours of supervision that the Clinical Site can provide over a period of time, or other such description of capacity. The Clinical Site shall communicate such capacity to the School before Students may be assigned to the Clinical Site.

B. Site Coordinator. The Clinical Site shall appoint an employee to serve as a coordinator ("Site Coordinator") at the Clinical Site and shall communicate his or her name, title and telephone number to the School. The Site Coordinator shall be responsible for overall management of the Students’ experience at the Clinical Site, and may be assigned with respect to one or more Clinical Education Programs. The Site Coordinator shall ensure that Students obtain access to training experiences through Clinical Site practitioners that demonstrate interest and ability in teaching, and possesses adequate experience, qualifications, certification, and/or licensure in the Student’s area of interest.

C. Orientation. The Clinical Site shall provide the School with orientation materials via the Rogers Memorial website. The Clinical Site shall also provide the School faculty with orientation materials about the Clinical Site, including work duties, equipment, and applicable policies and procedures, that can be presented to participating Students.

D. Student Access to the Clinical Site and Patients. The Clinical Site shall permit access by Students to any and all areas of the Clinical Site as reasonably required to support Students’ development and as permitted under applicable law. These areas shall include, without limitation, patient care units, laboratories, ancillary departments, health science libraries, cafeteria and parking facilities. The Clinical Site reserves the right to refuse access to any Student who does not meet, in the Clinical Site’s reasonable determination, its standards for safety, health, or proper conduct or appearance.

E. Licensure, Approvals and Eligibility. The Clinical Site shall maintain, at all times during the term of this Agreement: (i) necessary licensures and approvals from the requisite state and/or federal authorities; and (ii) if applicable, eligibility for participation in the Medicare and Medicaid

Last revised 6.1.17
programs. The Clinical Site shall immediately notify the School of any change in the Clinical Site's licensure or eligibility status.

F. **Insurance.** Rogers Memorial agrees to maintain, during the term of this Agreement, Comprehensive General Liability Insurance that covers each Clinical Site for property damage or bodily injury that may occur at a Clinical Site. Rogers Memorial shall also maintain Professional Liability Insurance covering its employees.

G. **Final Authority.** The Clinical Site retains final authority for all aspects of operations at and management of the Clinical Site, and retains the right to terminate a Student's placement for cause at the sole discretion of the Clinical Site.

H. **Remuneration.** Students may not receive remuneration for services relating to the Clinical Education Program and performed for or on behalf of the Clinical Site.

3. **FACULTY AND STUDENT RIGHTS AND RESPONSIBILITIES.**

The School and the Clinical Site shall instruct the Students regarding Students' rights and responsibilities while they participate in a Clinical Education Program at a Clinical Site.

A. **Conduct.** Student shall, at all times while on the Clinical Site premises, conduct himself or herself in a professional manner and shall refrain from loud, boisterous, offensive or otherwise inappropriate conduct. Students shall refrain from the improper and illegal use of alcohol or other drugs, and shall not carry any firearms or other weapons except as permitted under applicable law.

B. **Policies, Rules, and Regulations.** Student shall abide by all policies, rules and regulations established by the Clinical Site and the School. If a Student or faculty member fails to so abide, the Clinical Site shall have the right to notify the School that such Student(s) or faculty member shall not return to the premises unless authorized to do so by Rogers Memorial.

C. **Timeliness.** Students shall report to the Clinical Site at the assigned place and time. Student shall immediately inform the Site Coordinator of the Student's inability to report to the Clinical Site as assigned.

D. **Uniform and Identification.** The Student shall wear appropriate uniform attire or other clothing as directed by the School or Clinical Site. The Student shall display proper identification as directed by the Clinical Site. The Student's appearance shall be, at all times, neat, clean, and professional.

E. **Personal Expenses.** While at the Clinical Site, the Student shall be responsible for the Student's personal expenses such as meals, travel, medical care and incidentals.

F. **Evaluation of Experience.** The Student shall, upon request of the School, Rogers Memorial, or the Clinical Site, provide a candid, written evaluation of the experience at the Clinical Site including, without limitation, preparation for the on-site experience, orientation to the Clinical Site and experience and supervision and the Clinical Site.

G. **Orientation.** Faculty and Students shall review and complete the orientation materials provided by Rogers Memorial or the Clinical Site prior to the first clinical day, including information about site/unit policies, procedures, equipment, and documentation.

Last revised 6.1.17
4. FURTHER AGREEMENTS OF THE PARTIES.

A. The School shall in no event place any Student or other School personnel at any Clinical Site or permit any Student or School personnel to provide services for Rogers Memorial or any Clinical Site who has been suspended or excluded from participation in any state or federally funded health care program, including without limitation, Medicare or Medicaid.

B. The parties acknowledge their respective obligations governing the privacy and security of health information pursuant to the Health Insurance Portability and Accountability Act of 1996, as amended ("HIPAA") and its implementing regulations ("the Privacy Rule"). The School agrees that Students and School personnel who participate in the program hereunder will not use or disclose Protected Health Information ("PHI"), as that term is defined in 45 C.F.R. § 160.103, obtained in the course of the program for purposes other than those related to the program. Further, the School shall require participating Students and School personnel to agree not to use or disclose PHI obtained in the clinical setting for any non-clinical purposes, including teaching or educational purposes, unless the participant has written approval from Rogers Memorial. If written approval is given, the participant must either (1) obtain an authorization, compliant with the Privacy Rule, from each patient whose PHI is sought to be used; (2) de-identify the PHI in accordance with the Privacy Rule; or (3) use a "limited data set" as defined in the Privacy Rule, and sign a Data Use Agreement with Rogers Memorial. The parties agree that if future modifications or clarifications are made to the Privacy Rule that necessitate amendments to this Agreement, the parties will make such amendments. For purposes of HIPAA only, Students are, with respect to their interactions with patients/clients and their educational activities at Rogers Memorial, under the direct control of Rogers Memorial and are thus considered to be members of Rogers Memorial's "workforce," as that term is defined in 45 C.F.R. § 160.103.

C. All records of any service provided hereunder shall belong to Rogers Memorial or the applicable Clinical Site.

D. The School, its Students and School personnel shall not disclose to any third party or use (other than in fulfilling their duties under the program) any confidential or proprietary information of Rogers Memorial or its affiliates.

E. Rogers Memorial has the right to immediately refuse, suspend, or remove a Student or any School personnel, including coordinators, supervisors or instructors, from a Clinical Education Program for any reason Rogers Memorial deems appropriate provided that Rogers Memorial shall subsequently notify the School in writing of the reasons that the refusal, suspension, or removal occurred.

E. It is acknowledged and agreed by the parties that the School, any School personnel, and Students are "independent contractors" with respect to Rogers Memorial and the Clinical Site and that nothing in this Agreement is intended to nor shall be construed to create any employer/employee relationship or any relationship other than that of independent contractors. Rogers Memorial and Rogers Memorial facilities shall in no event have any obligations to the School, any School personnel, or Students, including payment of any compensation, any withholding, social security, or any other employee-related obligations. The School shall be solely responsible for the actions and omissions of its Students or any School personnel and for any resulting damages.

Last revised 6.1.17
5. **INDEMNIFICATION AND OTHER PROVISIONS.**

A. **School.** The School shall indemnify and hold harmless Rogers Memorial and/or the Clinical Site, its governing board, directors, trustees, officers, and employees from and against any and all claims and liabilities (including reasonable attorney’s fees and expenses incurred in the defense thereof) relating to personal injury or property damage to the extent arising out of misconduct or by negligent acts or omissions of the School’s Students, faculty, employees or agents in connection with their duties under the Clinical Education Program.

B. **Clinical Site.** The Clinical Site and/or Rogers Memorial shall indemnify and hold harmless the School and its trustees, officers, employees and Student from and against any and all claims and liabilities (including reasonable attorney’s fees and expenses incurred in the defense thereof) relating to personal injury or property damage, to the extent arising out of the conditions existing at the Clinical Site or arising out of intentional misconduct by or negligent acts or omissions of the Clinical Site’s employees or agents in connection with their duties under the Clinical Education Program.

C. **Notice of Claims.** Each party agrees that it shall give the other party prompt notice of any claim, threatened or made, or suit instituted against it which could result in a claim for indemnification above.

D. **Policies.** The Students, while engaged in the Clinical Education Program, shall be under the supervision and control of the Clinical Site and shall be governed by the Clinical Site’s policies relating to health care delivery and the Student’s role in it.

E. **Discrimination.** It is mutually agreed that at no time shall the matter of race, color, religion, sex, sexual orientation, national origin, age, veteran status and/or disability be employed for the purpose of discrimination.

F. **Amendments.** The parties may modify this Agreement by written amendment signed by duly authorized representatives of each.

G. **Relationships.** It is understood and agreed that this Agreement is not intended and shall not be construed to create the relationship of agency, partnership, joint venture or associate between the Rogers Memorial and the School, or to create an employment relationship between the Rogers Memorial and the Students in the Clinical Education Program. The School and the Students shall be treated for all purposes as independent contractors pursuant to Section 5.E of this Agreement.

H. **Privacy and Nondisclosure.** In the event that the School discloses to the Clinical Site information from the educational record of any Student at the School, the Clinical Site agrees to comply with the Family Educational Rights and Privacy Act with respect to such information. The Clinical Site also agrees that its personnel will use such information only in the furtherance of the educational experience provided to each Student, and that such information will not be disclosed to any other party without such Student’s prior written consent.

Last revised 6.1.17
I. **Termination.** This Agreement may be terminated by either party’s giving thirty (30) days’ notice in writing to the other party by certified or registered mail at the addresses hereafter set forth:

If to Rogers Memorial:

Rogers Behavioral Health  
34700 Valley Road  
Oconomowoc, WI 53066  
Attn: Paul Mueller, CEO

And cc to:

Rogers Behavioral Health  
34700 Valley Road  
Oconomowoc, WI 53066  
Attn: Marybeth Herbst-Flagstad, General Counsel

If to University or College:

Herzing University, LTD.  
Attn: Clinical Contracts  
W140 N8917 Lilly Road  
Menomonee Falls, WI 53051

J. **Authority.** The persons executing and attesting to the provisions of his Agreement on behalf of Rogers Memorial and the School, respectively, represent and warrant that they have full power, authority, and right to execute this Agreement and that the execution of this Agreement by each such person is sufficient and legally binding on the respective party without the joinder or approval of any other person or party.

K. **Transfer of Rights.** Neither party may subcontract or assign its rights or obligations under this Agreement without the express written consent of the other. Any attempt to do without consent shall be void and the other party may immediately terminate this Agreement.

L. **Waivers.** A failure of either party to insist upon or enforce any term or provision or to exercise any right, option, or remedy of this Agreement, or to require at any time, performance of any provision hereof shall not be construed as a waiver of any such term or provision. No waiver by either party of any provision hereof shall be binding unless made in writing and signed by such party, nor shall any single or partial exercise of any right or power under this Agreement preclude further exercise of any other right or power.

M. **Severability.** Should any of the terms or provisions of this Agreement be determined to be invalid, illegal, or unenforceable, such provision shall be deemed to be rescinded, and all remaining terms which reasonably can be given effect in the absence of the remaining terms shall remain in force unless it is clearly unreasonable to do so, or such amendment or modification would substantially

Last revised 6.1.17
change the terms of this Agreement to impose new and/or different obligations, economic or legal relationships between the parties or rights of the parties.

N. **Governing Law.** This Agreement shall be construed in accordance with the laws of Wisconsin without regard to its conflicts rules.

O. **Execution.** The parties may sign this Agreement in one or more counterparts, each of which constitutes an original and all of which together constitute the Agreement. Facsimile signatures constitute original signatures for all purposes.

P. **Integration.** This Agreement and all attachments embody the entire understanding of the parties with respect to the subject matter and supersede all previous or contemporaneous communications, either verbal or written, between the parties.

**THIS AGREEMENT SHALL BE EFFECTIVE AS OF THE DATE OF LAST EXECUTION BY BOTH PARTIES.**

**ACKNOWLEDGEMENTS**

MEMORANDUM OF UNDERSTANDING BETWEEN HERZING UNIVERSITY-BROOKFIELD AND
Villa Healthcare at Bradley Estates

1. **PARTIES.** This Memorandum of Understanding (hereinafter referred to as a MOU) is made and entered into by and between Herzing University-Brookfield, located at 555 South Executive Drive, Brookfield, WI and Villa Healthcare at Bradley Estates, located at 6735 W. Bradley Rd. Milwaukee, WI 53223.

2. **PURPOSE.** The purpose of this MOU is to establish non-compensated nursing clinical experiences for students in the Practical Nurse program at Herzing University-Brookfield and Villa Healthcare at Bradley Estates.

3. **TERM OF MOU.** This MOU is effective upon the date executed below by duly authorized representatives of the parties to this MOU and will remain in force unless otherwise terminated by the parties. This MOU may be terminated, without cause, by either party upon written notification, which may be sent by electronic or other means to the parties at the addresses listed above.

4. **RESPONSIBILITIES.** The parties agree that prior to the creation of non-compensated clinical nursing experiences for the Practical Nurse students at Herzing University-Brookfield the parties, upon mutual agreement, will execute an Affiliation Agreement which will detail the rights, obligations and responsibilities of the parties to this MOU.

5. **AMENDMENTS.** Either party may request changes to this MOU. Any changes modifications or revisions or amendments to this MOU which are agreed upon by and between the parties shall be incorporated, in writing, to this MOU and become effective when executed and signed by the parties to this MOU.

6. **APPLICABLE LAW.** The construction, interpretation and enforcement of this MOU shall be governed by the laws of the State of Wisconsin, unless otherwise mutually agreed to by the parties as outlined in paragraph five (5).

7. **ENTIRETY OF AGREEMENT.** This MOU, consisting of one (1) page represents the entire agreement between the parties.

8. **SIGNATURES.** In witness whereof, the parties to this MOU, through their duly authorized representatives have executed this MOU on the date(s) below.

Licensed Practical Nurse Job Description

Position Title: LPN
Department: Nursing
Reports To: DON / ADON / Unit Manager

Job Code: 
Date: 9-18-14
Revision Date: 1-2-15

Status: Non-Exempt
Reviewed By: SR
Revisions Reviewed By: DB, JRP

POSITION SUMMARY:
Prescribes and adheres to the Villa Way of Kindness in all personal and professional interactions while on duty in and around the facility. LPN demonstrates great customer service by mentoring Villa's three core principles of Exceptional Care, Passionate Services and Unexpected Luxury in all of her job duties and responsibilities.

Under the supervision of the Unit Manager / ADON/ DON, the LPN assumes responsibility and accountability for a group of residents/patients for a shift of duty. Nursing care is provided through assessment, implementations, and evaluation of the plan of care. The LPN adheres to the standards of care for the area, manages the environment to maintain resident/patient safety, and supervises the resident/patient care activity performance by nursing assistants and helpers. Follows all Villa’s policies and procedures. Performs duties as defined by the State Nurse Practice Act. Follows where applicable JCAHO standards.

REPORTING RELATIONSHIPS:
Oversees assigned nursing staff

ESSENTIAL FUNCTIONS:

1. Makes frequent rounds to note resident/patient conditions and to ensure nursing personnel
2. Are performing their work assignments in accordance with acceptable nursing standards.
3. Provide licensed care to assigned residents as ordered by physician and in accordance with facility, federal, state and local standards, guidelines and regulations
4. Gives/receives the nursing report upon reporting in and ending shift duty hours.
5. Ensures assigned work area (i.e. nurse station, med. Cart, medication room, etc.), Resident/patient care rooms and treatment areas are maintained in a clean and sanitary manner.
6. Monitors supplies and orders as needed.
7. Attends regularly conducted staff meetings as scheduled by the Director of Nursing/Unit
8. Participates regularly in continuing education in-service programs.

LPN J.D. Non-Exempt 1-2-15
9. Directs and supervises the day-to-day certified nursing assistant services for assigned unit to assure that care is being rendered in accordance with current federal, state and local standards, guidelines and regulations.

10. Provide licensed nursing care to residents on assigned unit in accordance with current federal, state and local standards, guidelines and regulations.

11. Provides the following nursing functions:
   - Responsible for resident/patient care during his/her respective shift.
   - Provides required patient assessments/observations and interventions.
   - Reviews care plans, at least daily, to ensure appropriate care.
   - Appraises the DON / Unit Manager of resident/patient status changes in condition.
   - Takes and records blood pressure and vital signs.
   - Administers catheter care as required (may include catheter insertion).
   - Administers IV therapy as ordered as license allows.
   - Provides respiratory care, e.g. oxygen, nebulizer treatments.
   - Assists the physician in therapeutic measures, as needed.
   - Participates in care plan development and attends resident/patient care conferences.
   - Receives and transcribes physician’s orders to resident’s/patient’s charts, Kardex/Care Medication Administration Record (“MAR”), treatment/care plans, as required.
   - Prepares and administers medications and performs treatments as ordered by the Physician.
   - Charts nurses notes in an informative and descriptive manner that reflects the care provided as well as the resident’s/patient’s response to the care.
   - Documents all pertinent data as required by Medicare, Medicaid, Villa standards and policies.
   - Completes the required forms upon admission, transfer, and/or discharge.
   - Informs physician of resident/patient change of condition.

12. Counts all controlled drugs with other nurse at shift change and notifies the DON / Unit Manager of all drug and narcotic discrepancies noted on your shift.

13. Keeps medication room and medication cart locked according to regulations. Responsible for security of keys.

14. Ensure that crash cart is appropriately stocked and in good repair.

15. Ensure that the resident environment is as free from accidents and hazards as is possible. Immediately correct/address potential safety risks as prudent and warranted.

16. Keeps medication room and medication cart clean and orderly.

17. Direct the day-to-day functions of the certified nursing assistants in accordance with current rules, regulations and guidelines that govern long-term care facilities.

18. Closely monitor and supervise all facility residents per facility policies and as warranted by good nursing judgment.

19. Coordinate overall resident care issues per nursing license, facility policy and as warranted to meet resident needs.

20. Make written and oral reports/recommendations concerning the activities of your shift as required.

21. Monitor and direct non-licensed ancillary services as deemed necessary to meet professional standards and maintain the highest practicable level of resident care.

22. Communicate/report information to residents, resident families, physicians, guardians, governmental agencies and facility personnel as required by facility policy and State/Federal guidelines.

23. Ensure that all aspects of resident care plans are implemented and maintained. Make recommendations for care plan changes to the IDT per professional standards.

24. Ensure that all personnel providing care to residents are providing such care in accordance with the resident’s care plan and wishes.
25. Admit, transfer and discharge residents as necessary to meet the resident’s individual needs and maintain the overall safety of other residents, staff and visitors.

26. Ensure compliance with infection control standards. Immediately correct/address identified instances of non-compliance.

27. Participates in the Interdisciplinary Plan of Care (“IPOC”) process as assigned.

28. Complies with laws and regulations applicable to position and acts in accordance with Villa’s Corporate Compliance Program.

29. Treats all residents, visitors, and staff with courtesy.

30. Attends and participates in in-service classes, performance improvement (“PI”) committees, and other meetings as assigned.

31. Follow facility dress and hygiene policies.

32. Strictly follows policy and safeguards computer passwords and computer use authorities. Understands the importance of logging on and off the computer clinical record system and will consistently maintain all computer protocols.

33. Ensure that all elements of the facility’s Abuse & Neglect policies are maintained and enforced.

34. Safety
   - Knows and follows facility rules.
   - Demonstrates proper use of equipment. Reports equipment needs or repairs.
   - Follows facility smoking policies.
   - Reports and documents any incidents or accidents of residents, staff or visitors to the appropriate facility personnel.
   - Reports all hazardous conditions/equipment to Supervisor.
   - Performs duties, which may include transportation of residents, as assigned in Facility Disaster Plan.
   - Uses required protective equipment.
   - Follows infection control standards, policies and procedures.

35. Resident Rights
   - Knows Resident Rights. Help the residents/patients exercise and/or protect their rights.
   - Reports resident/patient complaints to management.
   - Maintains confidentiality of resident/patient information.

36. HIPAA
   - Follows and adheres to Villa’s policies and procedures implementing HIPAA Requirements for the privacy and security of protected health information.
   - Uses and/or discloses only minimum amount of Protected Health Information necessary to complete assigned tasks (applies only if position requires access to PHI under Role Based Access Grid).
   - Reports all suspected violation of company’s HIPAA policies or procedures to Facility Privacy Designee.

Other Duties:
This job description is not intended to be all inclusive, and the employee will perform other related duties as assigned. This organization reserves the right to revise the essential position functions as the need arises.

1. Participates in all-hands dining.
2. Performs other duties as directed by facility management.
3. Participates in marketing events.
4. Works overtime, holiday and weekend hours as scheduled.

MINIMUM QUALIFICATIONS:
Education: Possesses a current license to practice in the State as an RN.

LPN J.D. Non-Exempt 1-2-15
Experience: One year of experience preferred.

Physical Demands:
   Primary activities involve walking and talking. Involves sitting and standing.
   Travel: Up to 10%
Working conditions: Primarily inside with well-lit and well ventilated areas

Skills, Knowledge and Abilities:
Ability to manage and supervise nursing staff. Ability to make independent decisions. Ability to read, write, speak and understand English. Meets all health requirements, as required by law. Ability to relate positively, effectively, and appropriately with residents, families, community members, volunteers and other facility staff. Demonstrates basic computer knowledge and ability with an aptitude to learn company applications. Microsoft Office version 1997, 2000 or XP, MS Word, MS Access, MS Excel, E-mail, Outlook, Internet Explorer.

ENVIRONMENTAL AND PHYSICAL REQUIREMENTS:
The responsibilities of this position involve significant physical activities including standing, lifting (up to 60 pounds unassisted), bending, stooping, pushing, pulling and twisting. All employees of nursing homes may be required to provide lifting and transfer assistance to residents. Lifting and/or transferring some residents will require use of a lifting device and/or assistance of other staff.

This description has been prepared to assist in evaluating various classes of responsibilities, skills, and working conditions. It indicates the kinds of tasks and levels of work difficulty required of positions given this classification. It is not intended as a complete list of specific duties and responsibilities. Nor is it intended to limit or modify the right of any supervisor to assign, direct, and control the work of employees under supervision. Nothing contained herein is intended or shall be construed to create or constitute a contract of employment between any employee or group of employees and the Company. The Company retains and reserves any and all rights to change, modify, amend, add to or delete from any section of this document as it deems, in its judgment, to be proper.

Absolutley! We would LOVE to have them!! 😊

Thank you,
Trisha Atkinson

Hello Ms. Atkinson,

am writing to let you know Herzing University Brookfield is launching an LPN program in 2018, anticipated to start in May.
We are reaching out to our clinical partners to inquire about the possibility of placement of LPN students in clinical at Brookfield Rehab, AM or PM shifts.
We have enjoyed our partnership very much.
The rehab unit would be an excellent fit for these students clinical learning needs.
Can you please let me know if LPN student placement can be considered?
Thank you so much,
Joan Neave

Joan Neave MSN, PMH RN-BC

O: (262)-671-0675 Ext. 60466

HERZING UNIVERSITY
FUNCTION: Provides nursing care, nursing services and health education to nursing home residents.

QUALIFICATIONS: The requirements listed below are representative of the knowledge, skill and/or ability required.

Minimum Qualifications:
- Freedom from illegal use of drugs.
- Freedom from use of and effects of use of drugs and alcohol in the workplace.
- Anyone found guilty by a court of law of abusing, neglecting or mistreating individuals in a health care related setting are ineligible for employment in the position.

Education and/or Experience: Licensed L.P.N., preferably with experience in long-term care of geriatric nursing.

Certificates, Licenses, Registrations: Current state license to practice as a nurse. Current CPR certification and additional certification in nursing specialty desired.

LANGUAGE SKILLS: Ability to read, analyze and interpret general business periodicals, professional journals, technical procedures or governmental regulations. Ability to write reports, business correspondence, nursing/Resident progress notes and nursing procedures. Ability to effectively present information and respond to questions from department heads, customers (Residents, family members, physicians, etc.) and the general public.

MATHEMATICAL SKILLS: Ability to add, subtract, multiply and divide in all units of measure, using whole numbers, common fractions and decimals. Ability to compute rate, ratio and percent and to draw and interpret bar graphs.

REASONING ABILITY: Ability to solve practical problems and deal with a variety of concrete variables. Ability to interpret a variety of instructions furnished in written oral, diagram or schedule form.

ESSENTIAL FUNCTIONS AND RESPONSIBILITIES: To perform this job successfully, an individual must be able to perform each key function satisfactorily. Reasonable accommodations may be made to enable individuals with disabilities to perform the key functions.
LICENCED PRACTICAL NURSE
Job Description

- Reviews medication and treatment records for completeness, accuracy in transcription of physician orders and adherence to stop order policies.
- Administers and documents administration of medications, enteral nutrition and treatments per the physician’s order and accurately records all care provided.
- Orders and documents receipt of medications.
- Supervises the serving and documentation of prescribed diets and fluid intake.
- Counts all narcotics, signs for count and exchanges keys to medication carts and medication room.
- Checks emergency equipment (oxygen and suction) and emergency medication kit (if application)
- Follows procedures related to the use of nursing equipment and supplies.
- Performs other duties as assigned by the DON.

Maintenance Of Supplies/Equipment:
- All equipment is operated in a safe manner and the only equipment utilized is that which previous training of use has occurred.
- Defective equipment is reported to the Manager.
- The nurses station is maintained:
  a. Supplies are maintained at par levels and are arranged in an organized manner.
  b. Nurses station is neat and orderly.
     • Assure cleaning and maintenance occurs according to schedule.
  a. IV or tube feeding pump poles, tube feeding infusion pumps, and suction machines are wiped down weekly.
  b. Utility room is checked routinely for supplies that need to be returned to the appropriate department, meal trays requiring return to dietary, and linen that requires removal to the laundry.
  c. Safety hazards are removed from unit floors (liquid spills, food, paper, equipment cords, etc.).
     • Assure the resident's environment is safe and clean.
     • Individual patient/resident supplies are restocked as indicated.
     • Procedures are performed according to established method in the procedure manual.
     • Body substance precautions and other appropriate infection control practices are utilized with all activities.
     • Safety guidelines established by the facility (i.e. proper restraint and side-rail use) are followed.
Staff Development:

- Participate as requested by the Medical Director or Director of Nursing Services in the planning and conducting of in-service training classes concerning dermatologic nursing skills and procedures used within the facility.
- Participate in educational programs for residents and their family members relative to skin care when a resident is being discharged to home.
- Attend and participate in annual in-service programs for hazard communication, TB management, bloodborne pathogens standard, and other related programs.
- Attend and participate in advance directive in-service programs for the staff and community.

Safety and Equipment:

- Assist in monitoring the inventory of medications, medical supplies, and equipment to ensure an adequate supply of skin care products are on hand to meet the needs of residents.
- Be familiar with and use as appropriate all items of personal protective equipment offered by the facility, including, but not limited to, masks, gowns, gloves, and back brace to be worn when lifting.
- Wear and/or use safety equipment and supplies (e.g., back brace, mechanical lifts, etc.) when moving or lifting residents.

Resident Rights:

- Maintain the confidentiality of all resident care information.
- Monitor all care and activities of residents to ensure that residents are treated fairly, and with kindness, dignity and respect.
- Ensure that all nursing care is provided in privacy and that nursing service personnel knock before entering the resident’s room.
- Report any complaints or grievances made by residents regarding nursing or medical care to the Director of Nursing Services. Maintain a written record of any resident’s complaints or grievances communicated to you with a notation of actions taken.
- Report and investigate all allegations of resident abuse and/or misappropriation or resident property.
- Ensure that nursing staff personnel honor the resident’s refusal of treatment request. Ensure that such requests are in accordance with the facility’s policies governing advance directives.

Resident Rights: Promotes and protects resident’s rights, assists Residents to make informed decisions, treats Residents with dignity and respect, protects Residents’ personal belongings, reports suspected abuse or neglect, avoids the need for physical restraints in accordance with current professional standards and, supports independent expression, choice and decision-making consistent with applicable law and regulation.
LICENSED PRACTICAL NURSE
Job Description

WORK ENVIRONMENT: The work environment characteristics described are representative of those an employee encounters while performing the essential functions of this job. Reasonable accommodations may be made to enable individuals with disabilities to perform the essential functions.

While performing the duties of this job, the employee is occasionally exposed to blood or other body fluids, fumes or airborne particles and toxic or caustic chemicals. The noise level in the work environment is usually moderate.

COMMUNICATION:

JOB DESCRIPTION REVIEW: I understand the job description, its requirements and that I am expected to complete all duties as assigned. I understand the job duties may be altered from time to time. I have noted below any accommodations that are required to enable me to perform these duties. I have also noted below any job duties that I am unable to perform, with or without accommodation.

Job Specific Performance Rating

Using the three-level rating scale, how would you rate this employee's overall job performance?

Each specific responsibility should be scored with 1, 2 or 3 based on level of achievement with Needs Improvement equaling 1, Meets Expectation equaling 2 and Exceeds Expectation equaling 3. Add the total number of points and divide by 3 to determine average rating.

Total Points Achieved (Add points from all line items) 

\[ \frac{\text{Total Points Achieved}}{3} \]

Total Possible Points (# of line items x 3)

\[ = \]

\[ X 100 = \text{Performance Rating} \]%

Student Affiliation Agreement

Between

HERZING UNIVERSITY

And

BROOKFIELD REHAB

This Agreement is made as of the 5th of December, 2011, between

BROOKFIELD REHAB d/b/a BROOKFIELD REHAB ("Facility") and

HERZING UNIVERSITY ("Educational Agency").

Term: The initial term of this Agreement shall be for a period of one (1) year commencing on 1/1/2012 and shall automatically renew for additional terms of one (1) year each unless the contract is otherwise terminated as provided herein.

Termination: Either party may terminate this agreement upon thirty (30) days notice in writing to the other party. If Facility terminates this Agreement less than thirty (30) days prior to commencement of a course, students enrolled in the course may continue under this agreement until the course is completed; provided that Facility may terminate this agreement immediately, regardless of the timing of commencement or completion of coursework, if failure to do would be inconsistent with resident care.

It is agreed and understood that the students participating in the educational program at Facility are doing so solely for training and educational purposes. In consideration of the promises and the mutual covenants contained herein, the parties to this Agreement agree as follows:

FACILITY'S RESPONSIBILITIES

Facility shall:

1. Have sole authority and control over all aspects of resident services, including those activities where students may be exposed to or interrelate with residents.

2. Make Facility available to students enrolled in the educational program at the discretion of Facility. Resident assignments, days and hours will be mutually agreed upon by Facility and the Educational Agency.

3. Agrees to provide general orientation for students to Facilities applicable policies/procedures to include but not limited to safety, confidentiality, MSDS, blood borne pathogens, Hepatitis B, and HIPAA.

Five Star Quality Care
4. Have the right in its sole discretion to refuse or limit access under this agreement, to any student and/or instructor who Facility deems has not adhered to the terms of this agreement, who constitutes a threat to resident health or safety, or to the successful operation of the educational program or Facility. Facility will provide the Educational Agency with written notice as soon as it is reasonably possible when it invokes its rights under this section.

5. Contribute in the evaluation of students as may be requested by the Educational Agency.

6. Facility will select a person reasonably acceptable to Educational Agency to supervise students who participate in the educational program (the “Supervisor”). Students will function under the direct supervision of the Supervisor or his or her designee. Educational Agency will communicate to the Supervisor what level of assignments is appropriate given each student’s level of competence.

THE EDUCATIONAL AGENCY’S RESPONSIBILITIES

The Educational Agency shall:

1. Assume and maintain primary responsibility for the planning and execution of the educational program including: programming, administration, curriculum content, faculty appointments, faculty administration and the requirements for grades, matriculation, promotion and graduation.

2. Ensure that all students have completed all applicable prerequisite courses and any other requirements necessary prior to the student placement.

3. In consultation with Facility and subject to approval by Facility, maintain responsibility, control and supervision of the educational program at Facility.

4. Arrange, in conjunction with Facility, for appropriate orientation for the students/faculty at clinical site.

5. Provide Facility with written objectives and guidelines for the clinical rotation if requested.

6. Determine that each student has: (a) proof of a recent physical examination, (b) a negative TB test or NTB screen based on state regulations and (c) other proof of vaccination for Hepatitis B or a signed declination form prior to placement at Facility. Copies of all tests/declinations will be made available on request. In the event of occupational exposure, Education Agency will be responsible for maintaining the follow-up health records.

7. Acknowledge and abide by all terms of the HIPAA Business Associate Agreement attached hereto as Exhibit A.

Five Star Quality Care
8. Determine that each student, through performance of a criminal background check, is qualified to participate in a clinical site rotation. Results of background checks will be made available on request.

9. Inform students of student’s responsibility to provide any transportation, meals and lodging related to clinical rotation.

10. Insure each student for claims or losses related to the student’s activities at the Facility.

11. Require that each student and instructor maintain Professional Liability Insurance for coverage of expenses or losses incurred through activities, acts and omissions that may occur during the period of clinical placement at Facility. The Educational Agency will advise the student that proof of such insurance may be required prior to the student beginning the clinical rotation.

12. Maintain, in full force and effect for the duration of this Agreement, general and professional liability insurance covering Educational Agency and its employees in amounts not less than $1,000,000 per occurrence and $3,000,000 in the aggregate. Educational Agency shall notify Facility thirty (30) days prior to any material change in or termination of insurance.

13. Be responsible for the Educational Agency’s instructors’ and students’ compliance with all rules, policies, standards, schedules, practices and regulations of Facility while participating in the educational program at Facility. It is understood that Facility retains the ultimate responsibility for resident care.

14. Assure that each student attends the general orientation program provided by Facility.

GENERAL TERMS AND CONDITIONS

Anti-Discrimination

The parties agree that in the performance of this agreement, there will be no discrimination against students, instructors, employees or other persons related to race, color, sex, religion, creed, age, national origin, sexual orientation or disability.

Indemnification

The Educational Agency will defend, indemnify and hold harmless Facility, its directors, officers, employees and agents against any and all claims, demands, causes of action, losses, costs and liabilities, including reasonable attorneys’ fees, brought and arising out of or relating to any act or omission of the Educational Agency, and instructor or student participating in the educational program at Facility pursuant to this agreement.

Five Star Quality Care
Independent Parties

This Agreement is an independent contract between Facility and Educational Agency. Neither party, nor any employees of either party, shall be construed in any manner whatsoever to be an employee or agent of the other, now shall this Agreement be construed as a contract of employment or agency. The Facility shall be under no obligation to provide Worker's Compensation, disability, health or other insurance, or to provide unemployment benefits for the Educational Agency or to withhold, deduct or pay income or social security taxes for the Educational Agency.

Controlling Law

This Agreement and all questions relating to its validity, interpretation, performance and enforcement, shall be governed by and construed in accordance with the laws of the state where the Facility is located, notwithstanding any conflict-of-law provisions to the contrary.

Compliance with Laws and Regulations

In the event that any local, state, or federal governmental agency promulgates regulations which may affect the validity or enforceability of the terms hereof, the provision so affected shall be immediately subject to renegotiations upon the initiative of either party, and the remaining provisions hereof shall continue in full force and effect.

Exhibits

If checked the following exhibits are attached and hereby made a part of this agreement:

☐ Exhibit A: HIPPA Business Associates Agreement  
☐ Exhibit B: Student Worksheet

Exhibit A has an individual signature requirement, in addition to the contract.

IN WITNESS WHEREOF, the parties have executed this agreement on the date first above written intending to be legally bound hereby.

EXHIBIT A
Business Associates Agreement

BACKGROUND STATEMENTS

A. Purpose. The purpose of this Exhibit is to comply with the requirements of the Health Insurance Portability and Accountability Act of 1996 ("HIPAA") and the associated regulations, 45 C.F.R. parts 160-164, as may be amended (the "Privacy Rule") and 45 C.F.R. §142.308(a)(2), as may be finalized and amended (the "Chain of Trust" requirement) Unless otherwise defined in this Exhibit, capitalized terms have the meanings given in the Privacy Rule. The Privacy Rule requires Provider to obtain written assurances from Business Associate that Business Associate will appropriately safeguard Protected Health Information ("PHI"). The Chain of Trust provision requires that a contract involving exchange of Protected Health Information protect the integrity and confidentiality of the Protected Health Information.

B. Relationship. Provider and Business Associate have entered into a relationship (the "Agreement") under which Business Associate may receive, use, obtain, access or create Protected Health Information ("PHI") from or on behalf of Provider in the course of providing services (the "Services") for Provider.

AGREEMENT

The Parties hereby agree as follows:

Section 1. Permitted Uses and Disclosures.

Business Associate may use and/or disclose PHI only as permitted or required by this Exhibit or as otherwise Required by Law. Business Associate may disclose PHI to, and permit the use of PHI by, its employees, contractors, agents, or other representatives only to the extent directly related to and necessary for the performance of the Services. Business Associate will request from Provider no more than the minimum PHI necessary to perform the Services. Business Associate will not use or disclose PHI in a manner (i) inconsistent with Provider's obligations under the Privacy Rule, or (ii) that would violate the Privacy Rule if disclosed or used in such a manner by Provider.

Section 2. Safeguards for the Protection of PHI.

Business Associate will implement and maintain commercially appropriate security safeguards to ensure that PHI obtained by or on behalf of Provider is not used or disclosed by Business Associate in violation of this Exhibit. Such safeguards shall be designed to protect the confidentiality and integrity of such PHI obtained, accessed or created from or on behalf of Provider. Security measures maintained by Business Associate shall include administrative safeguards, physical safeguards, technical security services and technical security mechanisms as necessary to protect such PHI.
request by Provider, Business Associate shall provide a written description of such safeguards.

Section 5. Reporting and Mitigating the Effect of Unauthorized Uses and Disclosures.

If Business Associate has knowledge of any use or disclosure of PHI not provided for by this Exhibit, then Business Associate will immediately notify Provider in accordance with Paragraph 10.5. Business Associate will establish and implement procedures and other reasonable efforts for mitigating, to the greatest extent possible, any harmful effects arising from any improper use and/or disclosure of PHI.

Section 4. Use and Disclosure of PHI by Subcontractors, Agents, and Representatives.

Business Associate will require any subcontractor, agent, or other representative that is authorized to receive, use, or have access to PHI obtained or created under the Agreement, to agree, in writing, to adhere to the same restrictions, conditions and requirements regarding the use and/or disclosure of PHI and safeguarding of PHI that apply to Business Associate under this Exhibit. [Such agreement shall identify Provider as a third-party beneficiary with rights of enforcement in the event of any violations.]

Section 5. Individual Rights.

Business Associate will comply with the following Individual rights requirements as applicable to PHI used or maintained by Business Associate:

5.1 Right of Access. Business Associate agrees to provide access to PHI, at the request of Provider and in the time and manner designated by Provider, to Provider or, as directed, to an Individual in order to meet the requirements under 45 C.F.R. § 164.524.

5.2 Right of Amendment. Business Associate agrees to make any amendment(s) to PHI that Provider directs or agrees to pursuant to 45 C.F.R. § 164.526 at the request of Provider or an Individual, and in the time and manner designated by Provider.

5.3 Right to Accounting of Disclosures. Business Associate agrees to document such disclosures of PHI as would be required for Provider to respond to a request by an Individual for an accounting of disclosures of PHI in accordance with 45 C.F.R. § 164.528. Business Associate agrees to provide to Provider or an Individual, in the time and manner designated by Provider, such information collected in order to permit Provider to respond to a request by an Individual for an accounting of disclosures of PHI in accordance with 45 C.F.R. § 164.528.

Section 6. Use and Disclosure for Business Associate’s Purposes.

6.1 Use. Except as otherwise limited in the Agreement or this Exhibit, Business Associate may use PHI for the proper management and administration of Business Associate or to carry out the legal responsibilities of Business Associate.
6.2 Disclosure. Except as otherwise limited in the Agreement or this Exhibit, Business Associate may disclose PHI for the proper management and administration of Business Associate, provided the disclosures are required by law, or Business Associate obtains reasonable assurances from the person to whom the PHI is disclosed that it will remain confidential and be used or further disclosed only as required by law or for the purpose for which it was disclosed to the person, and the person notifies Business Associate of any instances of which it is aware in which the confidentiality of the PHI has been breached.

Section 7. Audit, Inspection and Enforcement by Provider.

With reasonable notice, Provider may audit Business Associate to monitor compliance with this Exhibit, Business Associate will promptly correct any violation of this Exhibit found by Provider and will certify in writing that the correction has been made. Provider's failure to detect any unsatisfactory practice does not constitute acceptance of the practice or a waiver of Provider's enforcement rights under this Exhibit. Business Associate will make its internal practices, books, records, and policies and procedures relating to the use and disclosure of PHI received from, or created or received by Business Associate on behalf of Provider, available to the federal Department of Health and Human Services ("HHS"), the Office for Civil Rights ("OCR"), or their agents or to Provider for purposes of monitoring compliance with the Privacy Rule.

Section 8. Term and Termination.

8.1 Term and Termination. This Exhibit is effective as of the Effective Date of the Agreement. Unless terminated sooner pursuant to this Paragraph, this Exhibit shall remain in effect for the duration of the Agreement and for so long as Business Associate shall remain in possession of any PHI received from, or created or received by Business Associate on behalf of Provider, unless Provider has agreed in accordance with Paragraph 8.2 that it is infeasible to return or destroy all PHI. Provider may immediately terminate the Agreement if Provider determines that Business Associate has breached a material term of this Exhibit. Provider may also report the material breach to the Secretary of HHS or OCR.

8.2 Effect of Termination. Upon termination of the Agreement, Business Associate will recover any PHI relating to the Agreement in the possession of its subcontractors, agents, or representatives. Business Associate will return to Provider or destroy all such PHI plus all other PHI relating to the Agreement in its possession, and will retain no copies. If Business Associate believes that it is not feasible to return or destroy the PHI as described above, Business Associate shall notify Provider in writing. The notification shall include: (i) a statement that Business Associate has determined that it is infeasible to return or destroy the PHI in its possession, and (ii) the specific reasons for such determination. If Provider agrees in its sole discretion that Business Associate cannot feasibly return or destroy the PHI, Business Associate will ensure that any and all protections, requirements and restrictions contained in this Exhibit will be extended to any PHI retained after the termination of the Agreement, and that any further uses and/or disclosures will be limited to the purposes that make the return or destruction of the PHI infeasible.
Section 9. Insurance and Indemnification.

9.1 Insurance. Business Associate shall maintain insurance with respect to Business Associate's obligations under this Exhibit reasonably satisfactory to Provider and provide from time to time as requested by Provider proof of such insurance.

9.2 Indemnification. Business Associate will indemnify, defend and hold harmless Provider and its respective employees, directors, officers, subcontractors, agents and affiliates from and against all claims, actions, damages, losses, liabilities, fines, penalties, costs or expenses (including without limitation reasonable attorneys' fees) suffered by Provider arising from or in connection with any breach of this Exhibit, or any negligent or wrongful acts or omissions in connection with this Exhibit, by Business Associate or by its employees, directors, officers, subcontractors, or agents.

Section 10. Miscellaneous.

10.1 Survival. The respective rights and obligations of the Parties under Sections 7 (Audit and Inspection Rights), 8.2 (Effect of Termination), 9 (Insurance and Indemnification) and 10 (Miscellaneous) will survive termination of the Agreement indefinitely.

10.2 Amendments and Waivers. This Exhibit constitutes the entire agreement between the Parties with respect to its subject matter. It may not be modified, nor will any provision be waived or amended, except in a writing duly signed by authorized representatives of the Parties. A waiver with respect to one event will not be construed as continuing, or as a bar to or waiver of any right or remedy as to subsequent events.

10.3 Compliance with Privacy Rule. Any ambiguity in this Exhibit shall be resolved in favor of a meaning that permits Provider to comply with the Privacy Rule. The Parties agree to amend this Exhibit from time to time as necessary for Provider to comply with the requirements of the Privacy Rule and HIPAA.

10.4 No Third Party Beneficiaries. Except as provided in Section 4, nothing express or implied in this Exhibit is intended to confer, nor shall anything herein confer, upon any person other than the Parties and the respective successors and permitted assigns of the Parties, any rights, remedies, obligations, or liabilities whatsoever.

10.5 Notices. Any notice to be given under this Exhibit to a Party shall be made via U.S. Mail, commercial courier or hand delivery to such Party at its address given below, and/or via facsimile to the facsimile telephone number listed below, or to such other address or facsimile number as shall hereafter be specified by notice from the Party. Any such notice shall be deemed given when so delivered to or received at the proper address.

Job Description: Licensed Practical Nurse

A Licensed Practical Nurse delivers general nursing care and procedures in the clinic setting. Performs medical acts delegated by physicians or physician assistants. Supervises and directs delegated nursing acts to MA's. LPN will also perform clerical, laboratory and other duties as requested by the office manager, physician and physician assistant. This position reports to the Clinic Manager.

Responsibilities
- Assists with procedures and demonstrates current knowledge and skill in nursing practice to ensure safe and effective care for the patient population.
- Provides treatment and determines plan of care under provider supervision.
- Assesses patient over the phone to determine plan of care.
- Communicates effectively with patients, visitors, employees, physicians and the public to promote a professional health care environment.
- Stays current on electronic health records (EHR) changes and ensures appropriate and effective documentation in patient records.
- Authorizes refills safely, efficiently, accurately and in a timely manner according to approved protocols.
- Performs other duties as assigned.

Qualifications
- Graduate of a board-approved LPN program
- Current WI LPN license
- Current CPR certification required
- Excellent written and oral communication skills
- Ability to multi-task and be flexible in learning and handling a variety of duties

Sounds prefect – you can touch base with me again, I’ll confirm things with Julie and Wendy and check to see if anyone else has changed their minds, and then have you submit the requests.

Alison,  
Can you give Joan directions on where/how to place the request? Thanks for your help with this!

Joan,  
We would probably have you do that a little closer to the actual date (when Julie as well as Wendy can for sure confirm the desire for a student)

Hello Jane,  
Thank you for including me. I believe that we do have a master affiliation agreement in place, so there is nothing more for me to do until a request is placed.  
Regards,  
Alison

Joan,  
I have included Alison on this email as she has been my contact in making sure everything is in place to have students at Madison Medical for clinicals.  

Alison,  
Can you make sure you get anything you need from Joan so that when we look at student placement, we are all set? Then, if we find a match, will have her formally request the given placement through your team as well.  

Thanks!  
Jane
Hello Jane,
We would be very happy to have the LPN students placed in your clinic as you described below.  If we need a new affiliation agreement for these students, can you please advise as to where I can email the agreement.  Thank you so much for your consideration for placement of our students.
We usually request student placements at least one semester in advance but can be flexible in the timing of these.

Joan

Subject: RE: Herzing University LPN program

Joan,

I would be happy to touch base with our Managers to find out if any of them would be interested in having an LPN student complete a clinical in their area.  Often, it may be closer to the time that the placement is needed that Managers may really be able to say whether or not they could support a student (based on staffing at that time).  If we decided that there is a match, then there is someone who works at Columbia St. Mary’s that I would connect you with to complete the “formal” request for a student placement.

I also wanted to make sure that what we would offer would meet your needs – often in the clinic, we would use an LPN in place of a Medical Assistant.  I know this is different than how a LPN would function in the hospital (as I used to work for Columbia St. Mary’s).  Is that an experience that would still be beneficial to your students?

Thank you for thinking of Madison Medical!

Jane

Joan,

Thanks so much for reaching out. I have cc'd our Recruitment Specialist, Jane Eickhoff, who assists with student shadowing opportunities as well on this email. Jane, do you feel that there may be an opportunity here to collaborate with Herzing? Thanks in advance for your assistance.

Happy Holidays!  
Emma

Hello Emma,  
Your mom talked with me today about your possible interest in placing our LPN students in your clinics. I am writing to ask if you would like to discuss this further. Thank you so much for your willingness to consider this!
The LPN program is scheduled to launch in May of 2018, but students will not need clinical until fall of 2018. Please let me know if you would like additional information.

Best regards,
Joan Neave

AFFILIATION AGREEMENT FOR EDUCATIONAL PROGRAMS

"Effective Date": 2/8/11

This Agreement is made and executed as of the date first written above at Milwaukee, Wisconsin, by and between HERZING UNIVERSITY ONLINE, a Wisconsin institution of higher education (the “Institution”), and WHEATON FRANCISCAN HEALTHCARE - SOUTHEAST WISCONSIN, INC., an Illinois corporation (“Wheaton”), on its own behalf and on behalf of its subsidiaries, affiliates and those entities of which it is a Member.

WITNESSETH:

WHEREAS, the Institution administers educational curricula for various health occupations (each a “Program” and collectively the “Programs”), and seeks to provide, as part of the Program curricula, supervised experiences for the Institution students enrolled in the Programs (“Students”); and

WHEREAS, Wheaton serves patients in various health occupations through the provision of medical or other services consistent with the one or more Programs, and seeks to train future health care practitioners by providing Students with supervised experiences at its various hospitals, sub-acute care centers, outpatient facilities and other business units, subsidiaries, affiliates and entities of which Wheaton is a Member (each an “Education Setting”), consistent with the educational objectives of Students and the Institution; and

WHEREAS, the Institution and Wheaton have determined that each may best accomplish its objectives by mutual assistance, and seek to describe their affiliation in this Agreement.

NOW THEREFORE, the Institution and Wheaton agree as follows:

AGREEMENT

1. THE INSTITUTION’S RIGHTS AND RESPONSIBILITIES. In addition to its rights and responsibilities described elsewhere in this Agreement, the Institution shall have the following rights and responsibilities:

1.1 Preparation of Students for Placement. The Institution shall assure, through qualified faculty who meet all of the requirements for their respective faculty positions at Institution, that each Student assigned to the Education Setting is adequately prepared to benefit from such assignment. Upon request, Institution shall provide Wheaton with a written description of each faculty member’s position and qualifications. A Student’s preparedness shall be measured by: (i) academic performance indicating an ability to understand what Student will observe and/or perform during the placement; and (ii) appreciation of the nature and seriousness of the work Student will observe and/or perform.
1.2 Assigning Students to the Education Setting. After receiving from the Education Setting the number of placements available for Students, the Institution shall select Students to be assigned (with the approval of the Education Setting) to the Education Setting. The Institution shall notify the Education Setting of the Students assigned to the Education Setting, and each Student’s availability for participation in experiences. Upon request, Institution shall also provide Education Setting with documentation demonstrating compliance with Section 5.2 herein for each Student, in a form agreed upon by Wheaton. Such documentation shall be maintained at the Institution. Following assignment of a Student to the Education Setting and during the term of each Student’s experience, the Institution shall continue to supervise each Student completing an experience on-site at Education Setting in accordance with all standards applicable to the experience as required by the National League for Nursing Accrediting Commission (“NLNAC”) and the Commission on Accreditation of Allied Health Education Programs (“CAAHEP”) or other applicable accrediting body of the Institution.

1.3 Educational Coordinator. The Institution shall appoint a faculty member to serve as Educational Coordinator, and shall communicate his or her name, title and telephone number to the Education Setting. The Educational Coordinator shall be responsible for overall management of the Students’ educational experience, and may be assigned as Educational Coordinator for one or more Programs.

1.4 Professional Liability Insurance. The Institution shall provide or shall require each Student assigned to the Education Setting to be covered by, at no cost to the Education Setting, professional liability insurance pursuant to Section 9.1 of this Agreement. If the Institution requires a Student to purchase his or her own professional liability insurance, the Institution shall provide to the Education Setting evidence of insurance in the form of a certificate of insurance prior to the placement of such Student at the Education Setting.

1.5 Accreditation and Licensure. The Institution shall maintain, at all times during the term of this Agreement: (i) accreditation as an educational institution; (ii) all licenses and approvals from the State of Wisconsin necessary to the Program; and (iii) full and unrestricted accreditation of the Programs from an accrediting organization. The Institution shall promptly notify the Education Setting of any change in its accreditation or licensure status and shall provide Wheaton with evidence of accreditation or licensure status upon request.

1.6 Background Investigation and Disclosure. All Students who are assigned to the Education Setting shall have had a background check performed under the direction of the Institution in accordance with the Wisconsin Caregiver Background Check Law (“BID”). The BID shall include obtaining information from the Department of Justice, the Department of License and Regulations, the Department of Health and Family Services and from out-of-state agencies if the individual has lived outside of Wisconsin within the past three years. If the Student has a criminal record, the record will be evaluated by the Institution to determine if the individual is barred from performing duties at the Education Setting. Prior to placement of the Student, the Institution will notify the Education Setting in writing of any crime of which Student has been convicted so that the Education Setting may make a determination as to how substantially related the conviction(s) is to the duties the Student would be performing. The Education Setting may refuse placement of any Student the Education Setting believes could put
its patients, employees and/or visitors at risk. The Institution hereby agrees to notify the Education Setting when the Institution becomes aware that any Student on site at the Education Setting is charged with or convicted of any crime or is investigated by a governmental agency.

1.7 Compliance.

A. Compliance with Laws, Regulations, Policies and Standards. Institution shall and shall require Students and faculty to: (i) abide by all relevant policies, procedures, standards and directives issued or adopted by the Education Setting and made known to Institution, Students and faculty, including, but not limited to, the Ethical and Religious Directives for Catholic Health Care Services promulgated from time to time by the National Conference of Catholic Bishops, as interpreted by the local bishop; (ii) abide by all relevant state and Federal laws; and (iii) comply with all applicable rules, regulations and standards promulgated by the Joint Commission on Accreditation of Healthcare Organizations ("JCAHO") and made known to Institution, Students and faculty.

B. Mission, Vision and Values. Institution hereby acknowledges that it has received information from Wheaton regarding the mission, vision, and values of the Wheaton Francisican System and agrees that in the performance of all of its obligations under the terms of this Agreement, it shall at all times conduct itself, and shall take reasonable actions to ensure that its, Students, faculty, employees and agents conduct themselves, in a manner which is consistent with said mission, vision, and values.

2. EDUCATION SETTING RIGHTS AND RESPONSIBILITIES. In addition to its rights and responsibilities described elsewhere in this Agreement, Wheaton shall have the following rights and responsibilities:

2.1 Placements. The Education Setting shall have sole discretion to determine its capacity to accept Students for placement, whether such capacity is described in terms of the number of Students on-site at any one time, the number of hours of supervision that the Education Setting can provide over a period of time, or other such description of capacity. The Education Setting shall communicate such capacity to the Institution before Students may be assigned to the Education Setting.

2.2 Site Coordinator. The Education Setting shall appoint an employee to serve as a coordinator at the Education Setting site (for purposes of this Agreement, the "Site Coordinator"), and shall communicate his or her name, title and telephone number to the Institution. The Site Coordinator shall be responsible for overall management of the Students' experience at the Education Setting, and may be so assigned with respect to one or more Programs.

2.3 Orientation. The Education Setting shall provide the Institution with orientation materials via the Wheaton Franciscan Healthcare web site. The Education Setting
shall also provide the Institution faculty with orientation to the Education Setting, including work duties, equipment and all applicable policies and procedures of the Education Setting.

2.4 Qualified Supervision of Precepted Students. For precepted students, the Education Setting shall assure that a qualified practitioner supervises each precepted Student. A practitioner shall be qualified if he or she: (i) maintains licensure or certification as appropriate for the particular Program; (ii) possesses adequate experience; (iii) demonstrates competence in the area of practice; and (iv) demonstrates interest and ability in teaching.

2.5 Student Access to the Education Setting and Patients. The Education Setting shall permit access by Students to any and all areas of the Education Setting as reasonably required to support Students’ development and as permitted under Wisconsin law. These areas shall include, without limitation, patient care units, laboratories, ancillary departments, health science libraries, cafeteria and parking facilities. The Education Setting reserves the right to refuse access to any Student who does not meet, in the Education Setting’s reasonable determination, its standards for safety, health or proper conduct.

2.6 Accreditation, Licensure and Eligibility. The Education Setting shall maintain, at all times during the term of this Agreement: (i) full and unrestricted accreditation; (ii) all necessary licensures and approvals from the State of Wisconsin; and (iii) if applicable, eligibility for participation in the Medicare and Medicaid programs. The Education Setting shall immediately notify the Institution of any change in the Education Settings accreditation or eligibility status.

2.7 Final Authority. The Education Setting retains final authority for all aspects of operations at and management of the Education Setting.

2.8 Remuneration. Students may not receive remuneration for services relating to the Program and performed for or on behalf of the Education Setting.

3. JOINT RIGHTS AND RESPONSIBILITIES. In addition to their rights and responsibilities described elsewhere in this Agreement, the Institution and the Education Setting shall have the following rights and responsibilities.

3.1 Supervision and Evaluation of Students. The Institution and the Education Setting shall be jointly responsible for supervising and evaluating Students who are on-site at the Education Setting. The parties agree to, in good faith, work cooperatively to assure adequate supervision and evaluation of Students while Students are on-site at the Education Setting. Both parties shall reinforce with Students: (i) the seriousness of the service being performed at the Education Setting, including the Student’s impact upon patients’ wellbeing; (ii) the importance of abiding by the Education Setting rules and regulations; and (iii) the confidentiality of patient identities and medical records. The Institution shall, if the Education Setting so desires, assure prompt feedback to the Education Setting regarding Students’ evaluation of their experience at the Education Setting. The Education Setting shall assure prompt feedback to the Institution regarding Students’ performance at the Education Setting.
3.2 Review and Evaluation of Affiliation. The Institution and the Education Setting agree to meet at periodic intervals to review and evaluate any and all aspects of their affiliation, and to work cooperatively to establish and maintain experiences that meet their respective objectives. This Agreement or any Addendum may be amended or modified, pursuant to Section 7 below, to reflect changes in the parties’ relationship.

4. FACULTY AND STUDENT RIGHTS AND RESPONSIBILITIES. The Institution and the Education Setting shall instruct Students regarding Students’ rights and responsibilities while on-site at the Education Setting. These rights and responsibilities shall include the following:

4.1 Conduct. Student shall, at all times while on the Education Setting premises, conduct himself or herself in a professional manner and shall refrain from loud, boisterous, offensive or otherwise inappropriate conduct. Student shall refrain from the improper use of alcohol or other drugs, and shall not carry any firearms or other weapons.

4.2 Policies, Rules and Regulations. Student shall abide by all policies, rules and regulations established by the Education Setting and the Institution. If a Student or faculty member fails to so abide, Education Setting shall have the right to notify the Institution that such Student(s) or faculty member shall not return to the premises unless authorized to do so by Wheaton.

4.3 Timeliness. Faculty and Student(s) shall report to the Education Setting at the assigned place and time. Student shall immediately inform the Education Setting and the Institution of Student’s inability to report to the Education Setting as assigned.

4.4 Uniform and Identification. Student shall wear the uniform or other clothing as directed by the Institution. Student shall display proper identification as directed by the Education Setting. Student’s appearance shall be, at all times, neat and clean.

4.5 INTENTIONALLY OMITTED.

4.6 Personal Expenses. While at the Education Setting, Student shall be responsible for Student’s personal expenses such as meals, travel, medical care and incidentals.

4.7 Evaluation of Experience. Student shall, upon request of the Institution or the Education Setting or Wheaton, provide a candid, written evaluation of the experience at the Education Setting including, without limitation, preparation for the on-site experience, orientation to the Education Setting and experience and supervision at the Education Setting.

4.8 Orientation. Faculty and Students shall review and complete the Wheaton Franciscan Healthcare web-site orientation materials required by the Education Setting. The Faculty member or preceptor will be responsible for orientation of his/her student or clinical group to Wheaton Franciscan Healthcare utilizing the materials included on the web site prior to the first clinical day. Faculty or preceptors are also responsible for student orientation to the department and all Wheaton Franciscan Healthcare and site/unit policies, procedures, equipment,
and documentation. Faculty or preceptor shall ensure that documentation demonstrating compliance with the requirements as describe in this Section 4.8 and as outlined per the policy of Education Setting is completed by all Faculty and Student(s) and submitted to Education Setting. Faculty and Student(s) will immediately inform the Education Setting and the Institution of Faculty and Student(s) inability to comply with requirements or acknowledgements as required on the Wheaton Web-site Orientation.

4.9 Qualified Supervision. Faculty shall be a qualified practitioner and ultimately be responsible for supervision of clinical groups of Students. Faculty shall be qualified if he or she: (i) maintains licensure or certification as appropriate for the particular Program; (ii) possesses adequate experience; (iii) demonstrates competence in the area of practice; and (iv) demonstrates interest and ability in teaching. The student to practitioner ratio shall not exceed a ratio determined to be unreasonable by the Institution or Wheaton, but in no event shall the student to practitioner ratio exceed one to eight, unless otherwise requested and approved by Education Setting.

5. FACULTY AND STUDENT HEALTH POLICIES

5.1 Emergency Medical Services. If a Student, the Educational Coordinator or a faculty member is injured or becomes ill while at the Education Setting, the Education Setting shall provide emergent or urgent medical care as appropriate, consistent with the Education Setting’s capability and policies. Student, the Educational Coordinator or a faculty member shall bear financial responsibility for charges associated with said treatment.

5.2 Institution and Education Setting Policies. Each Student and faculty member shall be required to comply with reasonable health policies of the Education Setting including, but not limited to, certifying that he or she has received, prior to reporting to Education Setting, a physical examination, are free from communicable disease, including tuberculosis (as documented by a negative skin test or negative chest x-ray, dated after skin test conversion, and are free of signs and symptoms of tuberculosis); have documented immunity to rubella (positive titer) or shown evidence of immunization; demonstrated immunity to mumps (positive titer) or shown evidence of immunization for mumps which meets ACIP definition of immunity (MMWR, June 9, 2006 / 55(22): 629-630); have documented immunity to rubella (positive titer) or shown evidence of immunization for rubella which meets ACIP definition of immunity (MMWR, May 22, 1998, vol. 47, no RR-8); have documented immunity to varicella (positive titer), shown evidence of immunization or report a prior history of varicella; have been advised of the risks of hepatitis and have either signed a waiver or have begun the hepatitis B vaccination series, or, in the alternative, have completed the appropriate declination of immunization form, notice of which is provided to the Education Setting.

(1) Documented administration of 2 doses of live measles virus vaccine, the first dose given on or after the first birthday. The second dose administered no earlier than 1 month after the first dose.
(2) Laboratory evidence of immunity.

(3) Documentation of physician-diagnosed measles.

B. Rubella immunity:

(1) Documented administration of 1 dose of live measles virus vaccine, the first dose given on or after the first birthday.

(2) Laboratory evidence of immunity.

(3) Documentation of physician-diagnosed rubella is NOT considered evidence of immunity.

C. Mumps immunity (MMWR, June 9, 2006 / 55(22); 629-630):

(1) Documented administration of 2 dose of live mumps virus vaccine, the first dose given on or after the first birthday. The second dose administered no earlier than 1 month after the first dose.

(2) Laboratory evidence of immunity.

(3) Documentation of physician-diagnosed mumps.

5.3 OSHA Policies. The Institution shall instruct Students and Faculty regarding General Infection Control (hand washing, etc.), information outlined in the OSHA Bloodborne Pathogens Standard (standard/universal precautions, hepatitis B vaccination etc.), and the CDC Tuberculosis guidelines (epidemiology, signs/symptoms, practices to prevent transmission, etc.). The Education Setting shall instruct Students and faculty regarding additional precautions, procedures and practices that it expects of Students or faculty while at the Education Setting.

6. **TERM AND TERMINATION**

6.1 Initial and Renewal Term. Subject to Section 6.2 below, this Agreement shall be effective as of the date set forth above ("Effective Date") and shall continue for an initial term of one academic or Program year. Thereafter, this Agreement shall automatically renew and continue in full force and effect for any and all periods during which any Student in a Program is placed, at and accepted by the Education Setting. Notwithstanding the foregoing, either party may choose not to renew this Agreement by providing the other with not less than sixty (60) days’ written notice of its intent not to renew at the end of then-current Program. In the event that either party’s non-renewal of this Agreement disrupts the experience of any Student(s) in a Program, the Agreement shall remain in full force and effect and the Student’s experience shall continue until such time as this Agreement may expire without disruption of said Student(s)’ experience. During any time period in which notice of non-renewal has been given and existing Students are completing the Program, no new Student may be admitted to the Program and placed at the Education Setting.
6.2 **Termination.** Notwithstanding Section 6.1 above, this Agreement may be terminated as follows:

A. **By Mutual Agreement.** The Institution and the Education Setting may terminate this Agreement at any time on any terms to which they agree in writing.

B. **For Cause.** In the event the Institution or the Education Setting fails in any substantial manner to perform as required herein, this Agreement may be terminated as described below:

1. Either party may terminate this Agreement at any time, upon material breach of any of its provisions by the other party; provided, however, that not less than thirty (30) days prior to termination, written notice shall be given by the non-breaching party to the breaching party that states the intention of the non-breaching party to terminate this Agreement, the nature of the material breach giving rise to termination, and shall permit the breaching party reasonable opportunity to cure such material breach during said thirty (30) day period.

2. If the material breach is not resolved to the satisfaction of the non-breaching party during the thirty (30) day period as provided in B.(1) above, the non-breaching party shall immediately give the breaching party written notice of termination of the Agreement.

3. In the event that termination of the Agreement by the Education Setting pursuant to this Section 6.2 (B) disrupts the experience of any Student(s) in a Program the parties shall attempt, in good faith and using their best efforts, to continue Students’ experiences and this Agreement in full force and effect until such time as this Agreement may expire without disruption of said Students’ experience. During any time period in which notice of termination has been given and existing Students are completing the Program, no new Student may be admitted to the Program and placed at the Education Setting.

C. **Immediate Termination.** The Institution may immediately terminate this Agreement and any and all addenda or amendments if the Education Setting fails to maintain full and unrestricted accreditation, licensure and, if applicable, eligibility as required under Section 2.6 of this Agreement. The Education Setting may terminate this Agreement immediately upon written notice to the Institution if the Institution fails to maintain full and unrestricted accreditation and licensure as required under Section 1.5 of this Agreement. In addition, the Education Setting may also terminate student placements for any Program if the Institution fails to maintain full and unrestricted accreditation with respect to said Program as required. Additionally, Wheaton may terminate this
Agreement immediately upon written notice to Institution if it determines, in its reasonable discretion, that Institution is not administering the Program at a sufficiently high quality level such that Students' are not adequately prepared for the experience at Education Setting.

6.3 Effect of Termination. Upon termination of this Agreement, no party shall have any further obligation hereunder except for obligations accruing under the terms of this Agreement prior to the date of termination.

7. AMENDMENTS AND MODIFICATIONS. This Agreement may be changed at any time with the written approval of the parties. Such amendments or modifications will be typed separately, signed by the parties and made a part of this Agreement.

8. INDEMNIFICATION AND LIABILITY

8.1 The Institution. The Institution shall indemnify, defend and hold harmless the Education Setting, its governing board, officers, employees and agents from and against any and all liabilities, claims, losses, lawsuits, judgments, and/or expenses including attorney fees, arising, either directly or indirectly, from any act or failure to act by the Institution or any of its employees.

8.2 The Education Setting. The Education Setting shall indemnify, defend and hold harmless the Institution, its governing board, officers, faculty, employees and agents from and against any and all liabilities, claims, losses, lawsuits, judgments, and/or expenses including attorney fees, arising, either directly or indirectly, from any act or failure to act by the Education Setting or any of its employees, agents, medical residents or members of its medical staff that may occur during or that may arise out of this Agreement.

8.3 Costs. In the event each party is found to be at fault, then each shall bear its own costs and attorney fees and its proportionate share of any judgment or settlement based on its percentage of fault, as determined by a procedure established by the parties.

8.4 Survival. This Section 8 shall continue beyond the expiration or termination of this Agreement.

9. INSURANCE.

9.1 The Institution. The Institution shall maintain, at no cost to Wheaton, general and professional liability insurance covering the Institution as an entity and each of its employees, students and agents against general and professional liability claims, in the minimum amount of one million dollars ($1,000,000) per occurrence and five million dollars ($5,000,000) aggregate per year. Evidence of such insurance shall be provided to the Education Setting prior to the placement of a Student at the Education Setting.

9.2 The Education Setting. The Education Setting shall maintain, at no cost to the Institution, general and professional liability insurance covering the Education Setting as an
entity and each of its physician-employees, nonphysician-employees, medical residents and agents against professional liability claims, in the minimum amount of one million dollars ($1,000,000) per occurrence and three million dollars ($3,000,000) aggregate per year. Evidence of such insurance shall be provided to the Institution upon request.

10. **DISPUTE RESOLUTION.** Any dispute arising under or in any way related to this Agreement that is not resolved by agreement of the Institution and the Education Setting may be submitted by either party to binding arbitration pursuant to the Commercial Arbitration Rules of the American Arbitration Association. The parties agree that such arbitration shall result in a final and binding award in the State of Wisconsin, and may be judicially enforced. Each party shall bear its own arbitration costs and expenses, unless otherwise determined by the arbitrator.

11. **NOTICES AND COMMUNICATION**

11.1 **Notices.** All notices under this Agreement shall be given in writing and shall be deemed to have been properly given when delivered:

If to the Institution: HERZING UNIVERSITY ONLINE  
W140 N8917 Lilly Road  
Menomonee Falls, WI 53051  
Attn: Director of Career Services

If to the Education Setting: WHEATON FRANCISCAN HEALTHCARE  
400 West River Woods Parkway  
Milwaukee, WI 53212  
Attn: Brenda Bowers

or at other such addresses as a party from time to time may designate by written notice to the other party.

11.2 **Other Communications.** Communications, other than notices as described in Section 11.1 above, whether written or oral, shall be directed to the appropriate Institution Dean or the Education Setting Site Coordinator or to other such person as a party from time to time may have designated to the other party.

12. **NON-EXCLUSIVE.** The parties agree that the Institution shall be free to enter into similar agreements with other providers, and that the Education Setting shall be free to enter into similar agreements with other educational institutions.

13. **GOVERNING LAW.** The laws of the State of Wisconsin shall govern this Agreement.
14. INVALID PROVISION. The invalidity or unenforceability of any particular provision of this Agreement shall not affect the other provisions hereof, and this Agreement shall be construed in all respects as if such invalid or unenforceable provision were omitted.

15. ASSIGNMENT. No assignment by a party of this Agreement or its rights and responsibilities hereunder shall be valid without the specific written consent of the other party.

16. RELATIONSHIP OF PARTIES. The Institution, Wheaton and the Education Setting, including their respective agents and employees, shall be, at all times, independent contractors of the other. Nothing in this Agreement is intended or shall be construed to create a joint venture relationship, a partnership, a lease, or a landlord/tenant relationship. Should any governmental agency question or challenge the independent contractor status of the Institution, the Education Setting or their employees, both the Institution and the Education Setting, upon receipt by either of them of notice, shall promptly notify the other party and afford the other party the opportunity to participate in any government agency discussion or negotiations, irrespective of whom or by whom such discussions are initiated.

17. CONFIDENTIALITY OF RECORDS

17.1 Student Records. The Institution and the Education Setting acknowledge that many student educational records are protected by the Family Educational Rights and Privacy Act ("FERPA") and that, generally, student permission must be obtained before releasing specific student data to anyone other than the Institution. The Institution agrees to provide the Education Setting with guidance with respect to compliance with FERPA.

17.2 Patient Health Care Records. The Institution and the Education Setting acknowledge that patient health care records are protected under Sections 146.82 and 51.30, of the Wisconsin Statutes and by the Health Insurance Portability and Accountability Act ("HIPAA"), and that, generally, the informed consent of the patient (or person authorized by the patient) must be obtained before disclosing information from patient health care records. The Education Setting agrees to provide Students and the Institution with guidance with respect to compliance with these statutes and regulations.

17.3 Confidentiality of Terms. The parties agree that the terms and conditions of this Agreement are confidential and shall not be disclosed to third parties by either party without the express written consent of the other party. For purposes of this Agreement, the term "third party" includes any person or entity expect (i) the parties to this Agreement; (ii) any employee or agent of a party to this Agreement who has a reasonable need to know of this Agreement's existence and/or its terms; or (iii) governmental entities or persons who have obtained a lawful subpoena or court order for purposes of a lawfully conducted audit by a governmental agency.

17.4 Confidential Information. Institution acknowledges that, it and its Students may gain knowledge and information about Education Setting's patient bases, referral sources, finances, financial status, fee schedules, business operation, business plans, contract and arrangements with individuals, employers, other providers, health plans and payers, and their
marketing and development plans and other proprietary information (collectively referred to as "Confidential Information"), the confidential nature of which is of great importance to Education Setting, and disclose to or use of which by a competitor would result in serious damage to Education Setting. Accordingly, Institution shall not, and shall ensure that Students do not, divulge or disclose to any other person, firm, or organization, any Confidential Information acquired by Institution or any Students in the performance of services as an independent contractor of Education Setting unless such information is in the public domain or known by third parties to which Education Setting intends to make any otherwise prohibited disclosure or use.

18. NON-DISCRIMINATION. The Institution and the Education Setting shall not unlawfully discriminate against any individual on the basis of race, creed, color, sex, religion, age, disability or national origin, and shall comply with all anti-discriminatory laws and policies promulgated by the Institution and to which the Institution is subject.

19. WAIVER. The waiver by either party of the breach of any provision of this Agreement by the other party shall not operate or be construed as a waiver of any other or subsequent breach.

20. ENTIRE AGREEMENT. This Agreement, together with one or more addenda attached (or that later may be attached) hereto, constitutes the entire agreement between the parties and contains all the agreements between the parties with respect to the subject hereto. This Agreement supersedes any and all other agreements, in writing or oral, between the parties hereto with respect to the subject matter thereof.

21. AUTHORITY TO SIGN. Each party represents and warrants that the individual signing on its behalf is its legal representative and is authorized to enter into this Agreement.

IN WITNESS WHEREOF, the parties have executed this Agreement as of the Effective Date.

MEMORANDUM OF UNDERSTANDING BETWEEN HERZING UNIVERSITY-BROOKFIELD AND Franciscan Villa

1. **PARTIES.** This Memorandum of Understanding (hereinafter referred to as a MOU) is made and entered into by and between Herzing University-Brookfield, located at 555 South Executive Drive, Brookfield, WI and Franciscan Villa, 3601 S. Chicago Ave., South Milwaukee, WI 53172.

2. **PURPOSE.** The purpose of this MOU is to establish non-compensated nursing clinical experiences for students in the Practical Nurse program at Herzing University-Brookfield and Franciscan Villa.

3. **TERM OF MOU.** This MOU is effective upon the date executed below by duly authorized representatives of the parties to this MOU and will remain in force unless otherwise terminated by the parties. This MOU may be terminated, without cause, by either party upon written notification, which may be sent by electronic or other means to the parties at the addresses listed above.

4. **RESPONSIBILITIES.** The parties agree that prior to the creation of non-compensated clinical nursing experiences for the Practical Nurse students at Herzing University-Brookfield the parties, upon mutual agreement, will execute an Affiliation Agreement which will detail the rights, obligations and responsibilities of the parties to this MOU.

5. **AMENDMENTS.** Either party may request changes to this MOU. Any changes, modifications or revisions or amendments to this MOU which are agreed upon by and between the parties shall be incorporated, in writing, to this MOU and become effective when executed and signed by the parties to this MOU.

6. **APPLICABLE LAW.** The construction, interpretation and enforcement of this MOU shall be governed by the laws of the State of Wisconsin, unless otherwise mutually agreed to by the parties as outlined in paragraph five (5).

7. **ENTIRETY OF AGREEMENT.** This MOU, consisting of one (1) page represents the entire agreement between the parties.

8. **SIGNATURES.** In witness whereof, the parties to this MOU, through their duly authorized representatives have executed this MOU on the date(s) below.

Email Address
Good afternoon Tricia,

Attached is an MOU concerning Herzing University- Brookfield new practical nursing program and Franciscan Villa. This is just a preliminary document stating Franciscan Villa’s willingness to place practical nursing students in the future. The document is needed for Wisconsin State Board of Nursing approval to launch the program, and it is not binding.

Can you please assist with signature and return to me? If additional information is needed or there are questions, please let me know.

Thank you kindly!

Joan Neave

Hello Tricia,
Just checking in to see if there is still interest in affiliation with Herzing, as I have not heard anything for a little while. Are there any concerns on the agreement form?
Thank you so much for your time,
Joan Neave

Good afternoon Tricia,
Thank you so very much for taking the time to meet with Lisa and I yesterday.
We are excited about partnering with Franciscan Villa and trust it will be mutually beneficial!
Please let me know if you need anything else or have any questions about the agreement, or would like to change anything.

Have a great day!

Licensed Practical Nurse

Job Description

Employee Name: ____________________________  Date: _______

Job Summary

The Licensed Practical Nurse (LPN) provides resident care in accordance with the Nurse Practice Act and is responsible for the delivery of safe and therapeutic resident care from admission through discharge in collaboration with the physician, family, and other members of the multi-disciplinary health care team. The LPN is responsible for utilizing principles of the nursing process in carrying out delegated aspects of care for both residents and families. The goal of resident care shall be toward restoring and maintaining each resident's identified capabilities at their maximum mental and physical level.

Department:  Nursing
Reports to:   Director of Nursing/Nurse Manager

Essential Job Specific Duties/Responsibilities

1. Maintains effective communication with residents, families, staff, and physicians.
   a. Completes daily shift documentation, including head to toe review of skilled residents.
   b. Functions in a calm and positive manner in an emergency or crisis situation.
   c. Communicates consistently with the Nurse Manager, reporting pertinent concerns/issues.
   d. Places necessary calls for families and physicians. Demonstrates appropriateness of faxing vs. phone calls to physicians.
   e. Communicates appropriately with physicians; makes rounds with physicians in absence of Nurse Manager or as delegated by Nurse Manager. Utilizes physician file appropriately.
   f. Reviews and teaches resident and family about pain management, including pain-rating scales and goal setting; importance of aggressive, preventive pain treatment; analgesic misconceptions; and plan for pain management.
   g. Assists in developing, implementing, and evaluating teaching plan to meet learning needs of residents and families.
   h. Participates in resident/family teaching and initiates discharge planning in a timely manner.
2. Documents in accordance with nursing policies and procedures.
   a. Monitors and documents accurately all nursing actions implemented as well as effectiveness of implementation in Nursing Notes. Documents resident/family teaching in Nursing Notes and Resident Plan of Care.
   b. Accurately records review of physiological and mental dimensions of residents, including pain review.
   c. Ensures documentation is accurate, legible, and timely.
   d. Completes resident assessments accurately and timely while ensuring they are updated monthly and as necessary.
   e. Completes monthly summary accurately and timely utilizing Resident Plan of Care. Updates Plan of Care and Resident Care Card monthly and as necessary.
   f. Completes skin integrity reviews accurately to reflect resident status.
   g. Documents resident response to non-pharmacological strategies to promote pain relief and resident response to analgesics.
   h. Documents, at time of service, all medications and treatments administered.
   i. Documents in EMR accurately and timely.

3. Responds to resident needs with appropriate interventions with the licensure of an LPN.
   a. Provides nursing interventions according to the written plan of care.
   b. Gives and receives a thorough report to/from oncoming nurse.
   d. Suggests appropriate ways to solve problems and make improvements on the unit(s).
   e. Provides hands-on direct care, including ADLs and treatments as necessary. Identifies aspects of resident care that require the judgment and skill of an LPN and those that can be performed by other staff. Delegates specific nursing tasks appropriately to STNAs, excluding anything that requires nursing judgments.

4. Performs activities related to medications and treatments in accordance with facility policies and procedures.
   a. Safely administers medications and treatments ordered by the physician.
   b. Maintains control of scheduled drugs and all drugs in medicine cart. Monitors for discrepancies and reports promptly to Nursing Manager.
   c. Keeps medication cart key-locked when not within eye view of nurse.
   d. Records and orders medications from the pharmacy.
   e. Monitors for and reports Adverse Drug Reactions appropriately.

5. Satisfies all educational in-service requirements mandated by CHI Living Communities, the department, external accrediting, and regulatory agencies.
   a. Attends all mandatory in-service programs.
   b. Adheres to facility policies and procedures.
   c. Completes yearly online education program by deadline.
   d. Attends employee meetings on a regular basis.
In addition to the essential job specific duties listed above, the Licensed Practical Nurse shall be required to perform all duties (essential and non-essential) in a manner consistent with the mission statement and core values (reverence, integrity, compassion, excellence) of CHI Living Communities and will be evaluated on such basis. Furthermore, every employee must abide by all campus, departmental, and safety policies, rules, and regulations.

CHI Living Communities has the right to change the job specific duties and specifications required for the position of Licensed Practical Nurse from time to time without prior notice.
Job Requirements

Education: Licensed Practical Nurse currently licensed in the state of employment, NAPNES certified.
Experience: Long-term care experience preferred. Currently certified in CPR.
Attendance: Regular attendance is an essential part of this job.

Work Environment:
- Normal office environment
- Highly confidential information

Environmental Factors:
- Gases and electrical energy
- Working with hands in water
- Tight time constraints
- Extended visual concentration
- Working closely with others
- Protracted or irregular hours of work

BOARD OF NURSING

CLINICAL FACILITY SELECTION AND SIMULATED SETTING EXPERIENCES

Completion of this form is required for each clinical facility or simulated setting experience as part of the application for authorization to admit students. In addition, this form shall be completed, kept on file in the school of nursing office, and made available to the Board upon request for all clinical facilities and all simulated setting experiences utilized by the nursing school.

I. IDENTIFYING DATA

A. Name of facility: Royal Family Kid's Camp
   Address: 4970 S. Swift Ave
             Cudahy, WI 53110
   Telephone: 414-483-1313

B. Type of facility: □ Hospital □ Nursing Home □ Community Health Agency
   ✓ Other: Community based youth camp

C. Number of beds at facility: N/A

D. Types of patients: Children, ages: 7-11

E. Administrator of facility: Lisa Carey

F. Director of nursing service: Joan Neave

G. School(s) of nursing utilizing the facility: Herzing, BSN

II. EXHIBITS (attach to this form)

A. Copy of formal agreement signed by:
   1. Administrator of facility
   2. Educational administrator of nursing school

B. Copy of the position description for:
   1. Registered Nurses
   2. Licensed Practical Nurses

C. Listing of simulation activities provided and a listing of types of simulation equipment utilized

#1004 (Rev. 11/14)
Wis. Admin Ch. N 1.08
Committed to Equal Opportunity in Employment and Licensing
Wisconsin Department of Safety and Professional Services

III. PLEASE RESPOND TO THE FOLLOWING QUESTIONS:

A. Have the nursing school objectives been shared with the facility?  ✓ Yes  ____ No  
   Comments:  

B. Does the facility agree to cooperate in promoting the nursing school objectives?  ✓ Yes  ____ No  
   Comments:  

C. Are there experiences in the facility available to students to meet clinical objectives?  ✓ Yes  ____ No  
   Comments:  

D. Is the practice of registered nursing in the facility within the legal scope of practice for registered nurses as defined in Chapter 441.11(4), Wisconsin Statutes? (If no, facility may not be approved.)  ✓ Yes  ____ No  
   Comments:  

E. Is the practice of licensed practical nursing in the facility within the legal scope of practice for licensed practical nurses as defined in Chapter 441.11(3), Wisconsin Statutes? (If no, facility may not be approved.)  ✓ Yes  ____ No  
   Comments:  

F. If simulated settings are utilized, list the activities, responsibilities and equipment which are included in the learning experience:

Dear Dr. Ziebarth,
This is to let you know that Royal Family Kids Camp, Milwaukee chapter, is able to accommodate practical nursing students under our head nurse RN direct supervision. The camp is an immersion experience over 5 days each summer, and the role of the LPN nursing student would be first aid, medication administration, and checking vital signs for children and the adult volunteers at the camp. We would be thrilled to have the LPN students as members of our nursing team at camp!

Please let me know if you need any additional information.

MEMORANDUM OF UNDERSTANDING FOR
HEALTH CARE CLINICAL EXPERIENCE

HERZING
UNIVERSITY

This Agreement for Clinical Experience (the “Agreement”) is entered into by and between Herzing University, Ltd. (hereafter “University”), and Royal Family Kids Camp (hereafter “Facility”).

RECITALS

The University wishes to provide clinical experiences for students enrolled in Herzing University BSN Nursing programs (hereafter “Students”). The Facility operates a healthcare facility and has the capability, through its medical records, clinical, or medical administration departments, to provide settings for clinical experiences required by such Students and desires to provide a setting for such clinical experiences in cooperation with the University in order to support quality education for health professionals in the community and the delivery of appropriate health services to the community.

NOW, THEREFORE, the parties agree as follows:

1. Responsibilities of the Facility. The Facility agrees to serve as a cooperating health care facility and provide clinical experiences for Student s at the Facility in University’s program. This will be accomplished by allowing Student participation in patient care as set forth in this Agreement. The University, in consultation with the Facility, shall schedule and arrange for the number and timing of such experiences. The Facility hereby agrees as follows:

   a. To observe the non discrimination policy of the University: that Students are accepted without discrimination as to race, color, creed, or sex, subject to the Facility’s right to terminate clinical experiences as set forth in subparagraph 3-d.

   b. To provide clinical practice and/or observational opportunities in the appropriate service departments of the Facility.

   c. To allow Students, at their own expense, to use the dining and other facilities.

   d. To make available to Students emergency care and treatment in the event of illness or injury occurring in clinical areas during clinical instruction. All charges for treatment shall be the responsibility of the Students, or in the case of a minor, his or her parents.

   e. To provide information pertinent to evaluation of Students and the clinical experience in general to the University at the University’s request.

   f. To provide the University and Students with access to copies of the Facility’s policies, procedures and regulations that are pertinent to the clinical experience.

2. Responsibilities of University. The University agrees:

   a. In cooperation with the Facility, orientation to and enforcement of requirements that all Students abide by the policies, procedures, rules, and regulations of the Facility, including standards for dress, grooming, and personal hygiene.
b. Provision of general liability insurance coverage of $1,000,000 per occurrence and $2,000,000 in the aggregate and professional liability insurance coverage of $2,000,000 per claim and $5,000,000 in the aggregate covering acts/or omissions by Students during practicum experiences hosted by the Facility. The University shall immediately notify the Facility of any changes, limitations, or termination of insurance coverage and provide evidence of such insurance upon request by the Facility.

c. Require Students to comply with the Facility's policies and procedures governing mandatory reporting of child and dependent adult abuse, infection control, and hazardous materials management. Upon the Facility's request, any Student that the Facility believes to be in violation of its policies and procedures shall be removed by the University.

d. Compliance with all Facility requirements for verification of each Student's health and Immunization status. All required verification will be maintained at the University and made available to the Facility upon request. Facility must notify University in writing of any required verifications prior to student's clinical experience.

e. Provide orientation and education of all Students In confidentiality rules, in cooperation with the Facility, enforcement of a requirement that all Students follow the Facility's policy with regard to confidential information, including obtaining signed confidentiality agreements and compliance with all policies and procedures adopted by the Facility to comply with the privacy or security final regulations promulgated under the Health Insurance Portability and Accountability Act. Upon the Facility's request, any Student that the Facility believes to be in violation of its policies and procedures shall be removed by the University.

3. Conditions. This Agreement shall be continuously subject to the following conditions accepted by each of the parties:

a. The University shall provide the Facility with estimates of the number of Students desiring to be placed in clinical departments. The Facility may close units to Students' clinical experiences at any time, without notice. At least two (2) weeks prior to the beginning of new Students' placements, the University shall notify the Facility's contact person of the names of each of the Students to be Included in the next placement.

b. The Facility, University and Students are independent contractors in their relationships to one another. It is understood that Students are not employees of the Facility, do not receive compensation or benefits in connection with their activities at the Facility, are not provided workers' compensation insurance, and shall not act as agents or employees of the Facility.

c. Each party agrees to accept and is responsible for its own acts and/or omissions in providing services under this Agreement as well as those acts or omissions of its employees and agents or Students, as the case may be, and nothing in this Agreement shall be construed as placing any responsibility of such acts or omissions onto the other party.

d. The Facility has the right to terminate a Student's clinical experience whenever, in the judgment of the responsible Facility personnel, such action is necessary to preserve smooth operations and the quality of patient care. The Facility must notify the University immediately of any termination action.
Job Description: NURSE

Responsibilities Include:

- Being at camper registration to collect medication and to screen camper for illness
- Ensure a copy of each camper’s Insurance I.D. card accompanies their application.
- Total health care program and record keeping for the camp
- Observing general health conditions of the Resident staff, and reporting daily any problems to Camp Director
- Screening incoming campers upon arrival in camp for ear infections, foreign objects in ears, reaction of pupils to light, swollen and infected tonsils, throat infections, head lice and any specific complaints of campers
- Keeping all medications secure in the infirmary
- Collecting health histories and reports of physical examinations from the campers and keeping them on file in the infirmary
- Maintaining the Nurse’s Log Book of all medical treatments given. All records to be kept for statutory limit by the Director
- Observing everyone in camp for specific problems
- Determining how all disabilities and injuries are to be handled
- Maintaining first aid kits and ensuring that each group going away from main camp has a first aid kit with them
- Ensure each Counselor & Staff are equipped with an RFKC Fanny Pak containing: gauze wipes, antiseptic wipes, vinyl gloves, band aids (2-3).
The Facility and University shall indemnify and hold each other harmless, their agents, students, and employees, from any and all liability, damage, expense, cause of action, suits, claims of judgments arising from injury to person or personal property or otherwise which arises out of the act, failure to act or negligence of the Facility or University, its agents and employees, in connection with or arising out of the activity which is the subject of this Agreement.

4. **Term and Termination.** This Agreement shall be effective when fully executed by both parties, and shall remain in effect for one (1) year. This Agreement shall renew automatically for additional one (1) year periods, until either party notifies the other party hereto in writing of its intent not to renew. Either party may terminate this Agreement at any time upon thirty (30) days notice to the other party. In the event of a termination of the Agreement, any Student(s) currently completing a clinical experience at Facility will be allowed to complete their clinical experience as previously agreed to by both parties.

5. a. **Contact Persons and Notices.** The designated individuals for contact and notice purposes shall be, in the case of the University:

6. **Miscellaneous.** The following additional conditions apply to this Agreement:

a. **Severability.** In the event one or more of the provisions contained in this Agreement are declared invalid, illegal, or unenforceable in any respect, the validity, legality, and
enforceability of the remaining provisions shall not in any way be impaired thereby unless
the effect of such invalidity is to substantially impair or undermine either party's rights and
benefits hereunder.

b. **Assignment.** This Agreement is personal to the parties and may not be assigned or
transferred without written consent of the other party.

c. **Waiver.** The failure of either party to insist in any one or more instances upon
performance of any terms or conditions of this Agreement shall not be construed as a
waiver of future performance of any such term, covenant, or condition; but the obligations
of such party with respect thereto shall continue in full force and effect.

d. **Recitals.** The recitals are intended to describe the intent of the parties and the
circumstances under which this Agreement is executed and shall be considered in the
interpretation of this Agreement.

e. **Amendment.** This Agreement may be amended only by written agreement of the parties.

f. **Applicable law.** This Agreement shall be interpreted according to the law of the state of
Wisconsin.

g. **Entire agreement.** This Agreement constitutes the entire agreement between the parties
pertaining to the subject matter hereof and subsumes and incorporates all prior written
and oral statements and understandings.

IN WITNESS WHEREOF, the parties have executed this Agreement in duplicate on the dates set opposite their
respective names.

Dr. Deborah Ziebarth  
Department Chair, Nursing Programs  
Herzing University-Brookfield, WI  
555 S. Executive Dr. Brookfield, WI 53005

Dear Dr. Ziebarth,

This is to affirm placement of LPN students at Milwaukee Teen Reach Adventure Camps-Cudahy, Wisconsin. The camps serve youth ages 12-15 years, single gender camps for two 3 day weekends each summer. These are residential overnight camps. A thorough orientation is provided prior to the camp experience. The practical nursing students would be directly supervised by the Medical Station Coordinator Registered Nurse.

Under the delegation and supervision of the RN, the PN students can provide basic first aid to youths and the adults at camp, and administer scheduled medications as prescribed. Additionally, PN students can gather vital signs information for the RN, and assist with maintaining safety at the camp.

We would value the addition of PN students on our team to serve our youths.

Sincerely,

Joan Neave, MSN, PMH-RN BC  
Medical Station Coordinator  
Milwaukee Teen Reach Adventure Camps
MEMORANDUM OF UNDERSTANDING FOR
HEALTH CARE CLINICAL EXPERIENCE

HERZING
UNIVERSITY

This Agreement for Clinical Experience (the “Agreement”) is entered into by and between Herzing University, Ltd. (hereafter “University”), and Milwaukee Teen Reach Adventure Camp, Cudahy, Wisconsin (hereafter “Facility”).

RECITALS

The University wishes to provide clinical experiences for students enrolled in Herzing University BSN Nursing programs (hereafter “Students”). The Facility operates a healthcare facility and has the capability, through its medical records, clinical, or medical administration departments, to provide settings for clinical experiences required by such Students and desires to provide a setting for such clinical experiences in cooperation with the University in order to support quality education for health professionals in the community and the delivery of appropriate health services to the community.

NOW, THEREFORE, the parties agree as follows:

1. Responsibilities of Facility. The Facility agrees to serve as a cooperating health care facility and provide clinical experiences for Students at the Facility in University’s program. This will be accomplished by allowing Student participation in patient care as set forth in this Agreement. The University, in consultation with the Facility, shall schedule and arrange for the number and timing of such experiences. The Facility hereby agrees as follows:

   a. To observe the non discrimination policy of the University: that Students are accepted without discrimination as to race, color, creed, or sex, subject to the Facility’s right to terminate clinical experiences as set forth in subparagraph 3-d.

   b. To provide clinical practice and/or observational opportunities in the appropriate service departments of the Facility.

   c. To allow Students, at their own expense, to use the dining and other facilities.

   d. To make available to Students emergency care and treatment in the event of illness or injury occurring in clinical areas during clinical instruction. All charges for treatment shall be the responsibility of the Students, or in the case of a minor, his or her parents.

   e. To provide information pertinent to evaluation of Students and the clinical experience in general to the University at the University’s request.

   f. To provide the University and Students with access to copies of the Facilities policies, procedures and regulations that are pertinent to the clinical experience.

2. Responsibilities of University. The University agrees:

   a. In cooperation with the Facility, orientation to and enforcement of requirements that all Students abide by the policies, procedures, rules, and regulations of the Facility, including standards for dress, grooming, and personal hygiene.
e. The Facility and University shall indemnify and hold each other harmless, their agents, students, and employees, from any and all liability, damage, expense, cause of action, suits, claims of judgments arising from injury to person or personal property or otherwise which arises out of the act, failure to act or negligence of the Facility or University, its agents and employees, in connection with or arising out of the activity which is the subject of this Agreement.

4. Term and Termination. This Agreement shall be effective when fully executed by both parties, and shall remain in effect for one (1) year. This Agreement shall renew automatically for additional one (1) year periods, until either party notifies the other party hereto in writing of its intent not to renew. Either party may terminate this Agreement at any time upon thirty (30) days notice to the other party. In the event of a termination of the Agreement, any Student(s) currently completing a clinical experience at Facility will be allowed to complete their clinical experience as previously agreed to by both parties.

# AGENDA REQUEST FORM

1) **Name and Title of Person Submitting the Request:**
   - Dan Williams

2) **Date When Request Submitted:**
   - Items will be considered late if submitted after 12:00 p.m. on the deadline date which is 8 business days before the meeting

3) **Name of Board, Committee, Council, Sections:**
   - Board of Nursing

4) **Meeting Date:**
   - May 10, 2018

5) **Attachments:**
   - Yes

6) **How should the item be titled on the agenda page?**
   - 2017 NCLEX pass rate reports Discussion and Consideration

7) **Place Item in:**
   - Open Session

8) **Is an appearance before the Board being scheduled?**
   - No

9) **Name of Case Advisor(s), if required:**

10) **Describe the issue and action that should be addressed:**
    - Review reports from approved schools of nursing who did not make the 80% threshold for 2017.

11) **Authorization**
    - Signature of person making this request
    - Date

    - Supervisor (if required)
    - Date

    - Executive Director signature (indicates approval to add post agenda deadline item to agenda)
    - Date

**Directions for including supporting documents:**
1. This form should be attached to any documents submitted to the agenda.
2. Post Agenda Deadline items must be authorized by a Supervisor and the Policy Development Executive Director.
3. If necessary, provide original documents needing Board Chairperson signature to the Bureau Assistant prior to the start of a meeting.
Good morning Dan,

Attached is the explanation of NCLEX pass rates for the Herzing University Madison campus. Please let me know if you have any questions.

Thank you and have a great weekend.

Hello Annmarie:

Below is the Motion from yesterday’s meeting. Please submit the report directly to me. Dan

2017 NCLEX Scores

MOTION: Luann Skarulpka moved, seconded by Elizabeth Smith-Houskamp, that Herzing College-Madison submit by April 27, 2018 an explanation or analysis of NCLEX pass rates, including reasons the plans submitted to the Board for 2015, 2016, and 2017 for improvement was unsuccessful and their plan to meet the NCLEX first time taker pass rate standard. This plan must be approved by the Board to retain authorization, and an appearance before the Board is requested at the May 10, 2018 meeting. Motion carried unanimously.

Re: Submission of Explanation of NCLEX pass rates

Dear Mr. Williams,

Herzing University – Madison is appearing before the Board at the May 10th, 2018 meeting with a submission of an explanation of NCLEX pass rates including reasons the plans submitted for 2015, 2016, and 2017 for improvement were unsuccessful and our plan to meet the NCLEX first time taker pass rate standard.

As of January 2018, I joined Herzing University as the new Nursing Program Chair at the Madison campus. I researched the improvement plans submitted the previous three years and found that we had implemented strategies to improve our pass rates but did not execute on all components of the plans. Our first step in moving forward to improve our pass rates was to assemble a team of NCLEX Success Plan Committee planning members consisting of myself, System Dean of Nursing Operations, System Dean of Nursing Strategy and Assessment, NCLEX Lead Faculty, Campus President/Academic Dean, and Provost. The NCLEX Success Plan Committee Planning Members meet weekly to discuss and assess the strategy outcomes including analyzing student data. The committee members continue to hold one another, faculty, and students accountable to adhere to the success plan submitted to the Board.

In addition to this committee of experts we have also identified the importance of including and maintaining rigor throughout the nursing program. We at the Madison campus are committed to preparing the students to not only pass the NCLEX on the first time but also be accomplished registered nurses in the community in whatever capacity they choose. We assure every student in our program follow our mission to “function in a caring, competent, and ethical manner as entry level practitioners to enhance the health of person within communities and the larger global environment by providing safe, quality, holistic healthcare as professional nurses and lifelong learners”.

This past year as Nursing Program Chair, I have collaborated with the System Dean of Nursing Operations, System Dean of Nursing Strategy and Assessment, Academic Dean, and Nursing Faculty to identify what areas of improvement are needed for our students to get the content in the classroom, laboratory, and clinical to meet our mission and the NCLEX first time taker pass rate. We understand that there are products available to support our program and aid in NCLEX preparation; however, those are best used to aid our educational strategies and not replace them.

We are dedicated to increasing the rigor in the program and have already implemented these significant changes to our program:

- Classroom
Currently completing yearly classroom observations to evaluate instructors are meeting course objectives. An evaluation rubric and pre-observation tool have been implemented to evaluate faculty systematically and consistently. The Director of Faculty Effectiveness has provided training on classroom observations to the Academic Dean, Nursing Program Chair and Lead Faculty.

One of the best strategies to passing the NCLEX is to practice NCLEX-style questions. We have incorporated NCLEX-style questions throughout every course instruction and in course exams. In addition, course exams total 700-800 points in each course so students are tested frequently and throughout the program. This also allows faculty and academic advisors to assess and address areas of improvement for each student.

Rubrics were added to course assessments such as papers, presentations, and care plans to identify expectations of the students and provide a way for faculty to grade objectively.

- Laboratory
  - Within the last year the number of skills students had to master increased significantly. The number of skills checked off by the instructor in 3 lab courses was a total of 4 skills. We have identified the need for more skill check-offs by instructors in the lab for students to apply what they have learned and be effective registered nurses. The 3 lab courses now have a total of 35 skills check-offs with checklists that instructors complete to evaluate each student and remediate when necessary.
  - We had simulation equipment in the lab that was not being utilized. Faculty had training this year to run simulation scenarios during lab to augment learning. The lab coordinator has weekly open lab hours in her workload for students to practice any skills and simulation scenarios and for remediation purposes.

- Clinical experiences
  - A clinical team of the clinical coordinator, clinical lead, and clinical instructors has been assembled each semester to monitor clinical experiences. Clinical instructors, both full-time and part-time, report the clinical and simulation schedule to the clinical team each term. The clinical team meets at mid-term and end of clinical to discuss clinical evaluations. Evaluations include student, instructor, and site. The clinical coordinator and clinical lead complete clinical observations on site to evaluate the clinical instructors are meeting course objectives and clinical requirements.

At this time we do not have the data, such as NCLEX pass rates, to share with you as our first graduating class will be December 2018. Although we do not have this data, we do have standardized test results that can help provide insight into the hard work our campus has devoted to in preparing our nursing students. There are 2 Assessment Technologies Institute (ATI) exams that our December 2017 and December 2018 graduates completed in our program. Each cohort completed an ATI Fundamental Exam early in the program and an ATI Pharmacology Exam toward the end of the program. The December 2017 graduates scored 57% and 45% respectively and the December 2018 graduates scored 62% and 66.7% respectively (Figure 1). The National Mean is 63% for the Fundamental Exam and 63.4% for the Pharmacology Exam.
We are providing this analysis of student data to illustrate the work we are doing to improve the student experience and increase the rigor in the program. The December 2018 graduates improved their scores significantly and were above the National Mean with the Pharmacology Exam. These results help endorse that the imperative changes we have made to the program can have a positive effect for our students and their success in the program. We have also attached a detailed ASN Post Graduate Pass Rate and Remediation Plan and BSN NCLEX Success Plan for your review. We believe that implementing this new committee of team members to adhere to the NCLEX Success Plan and increasing rigor in the program will prepare our students to meet the NCLEX first time taker pass rate and be successful registered nurses upon graduation.

Thank you for your continued support.

Respectfully,

Annmarie Lyles, PhD, RN
Nursing Program Chair
Professor
Herzing University
Madison Campus
# Herzing University-Madison: ASN Post Graduate Pass Rate and Remediation Plan

Appendix A: NCLEX-RN Success Plan Agreement (ASN Program)

Herzing University-Madison NCLEX-RN Preparation Incentive Agreement:

Your career begins once you achieve licensure as an RN by passing the NCLEX-RN. It is in your best interest to take the exam early and pass on your first attempt. Herzing University-Madison is offering its graduates an incentive to be fully prepared before attempting the NCLEX-RN.

To encourage our students to be fully prepared for the NCLEX-RN and pass on the first attempt, Herzing University will:
- Reimburse for your licensing fee through the Board of Nursing in the state where you test.
- Reimbursement for the NCLEX-RN exam through Pearson Vue.
- Provide a $400 Amazon gift card that can be used for scrubs, supplies or equipment to support your role as an RN or materials for continuing education.

To qualify for the NCLEX incentive program you are required to:
1. Achieve a 98% or greater predicted probability of passing the NCLEX-RN on the last attempt of the ATI Comprehensive Predictor
2. Complete the Virtual ATI (VATI) program and receive a “green light.” OR complete the HESI, Kaplan or Hurst assessments reaching their equivalent of a green light status that would include:
   a. HESI: Score of 900 or higher on Exit Exam
   b. Kaplan: 65% or higher on Final Exam
   c. Hurst: 77 out of 125 on the G Review Simulators
3. Take the NCLEX-RN within 30 days of receiving a “green light” through VATI or equivalent
4. Maintain a “green light” or equivalent status until the NCLEX-RN exam is taken.
5. Notify the Chair of Nursing at Herzing University when your exam is scheduled.
6. Notify the Chair of Nursing at Herzing University of the results of your NCLEX-RN exam.

As part of this incentive program, you agree to return surveys sent to you 6-12 months after graduation that provide information to the nursing department that is required for the incentive. This includes:
- Employment status
- Satisfaction with the nursing program
- Achievement of learning outcomes

Reimbursement is contingent on meeting all eligibility requirements as listed on this form, and subject to verification. Reimbursement is ONLY available for first attempt of the NCLEX-RN. It is NOT available for exam retakes.

Please select one of the following:
- I DO want to participate in the NCLEX preparation incentive program. I understand that Herzing University will pay for my licensure exam, my licensing fee, and I will receive a $400 Amazon gift card if I complete all of the requirements of the agreement even if I do not pass the NCLEX-RN on the first attempt. I understand that if I do not complete all of the expectations listed in the incentive agreement, Herzing University will not pay for my licensure exam or my licensing fee, and I will not receive a $400 Amazon gift card.
- I DO NOT want to participate in the NCLEX preparation incentive program. I understand that Herzing University will not pay for my licensure exam or my licensing fee, and I will not receive a $400 Amazon gift card even if I pass the NCLEX-RN on the first attempt.

| Study Time | |
|------------| |
| Lecture and Internship/Externship/Practicum hours as indicated on the syllabus represent scheduled hours spent engaged in learning activities. Students should expect to spend a minimum of two additional hours engaged in learning activities outside of class for each one hour identified as lecture. Learning activities outside of class support the achievement of one or more course learning objectives and may be spent reading textbook material, completing homework assignments, preparing for lab assignments, engaged in drill and practice exercises, working on case studies, completing workbook activities, or conducting library research. Additional study time outside of scheduled Internship/Externship/Practicum hours is typically not expected. The total amount of time that students spend engaged in learning activities is consistent, regardless of instructional delivery method. For example, students enrolled a three credit lecture course should expect to spend 45 hours in scheduled class time and an additional 90 hours engaged in learning activities outside of the classroom. Online or blended students should expect |
to spend the equivalent total of 135 hours engaged in learning activities if they are enrolled in the same course.

Determination of the amount of time that a student should expect to spend engaged in learning activities is based upon faculty judgment regarding the average student. The amount of time spent engaged in learning activities is expected to vary among students, based upon previous knowledge of the content, learning style, learning ability, difficulty of the course, and student motivation.

### Guide to Student Engagement in Learning Activities

### Course Length

16 Weeks

### Prerequisites

NU 402: Family Nursing  
NU 412: Community Nursing

### Co-requisites

NU448: Adult Health III

### Course Learning Objectives

Upon successful completion of this course, students should be able to:

1) Practice using caring, compassionate, culturally competent, and evidence-based practices in the roles of the baccalaureate nurse using the nursing process to provide patient/client-centered care in a variety of healthcare settings.

   Alignment with Program Outcomes: 1,2,3,6,8

2) Use a broad base of techniques to communicate effectively with clients, families, healthcare teams, and communities.

   Alignment with Program Outcomes: 2,4,5

3) Use critical thinking and decision making, local, state, national, and global policies, legislative concepts, and healthcare economics to effect quality healthcare and the evolving healthcare system.

   Alignment with Program Outcomes: 2,3,7,8

4) Integrate knowledge and skills in nursing leadership and management, quality improvement, and patient safety, as required, to provide healthcare.

   Alignment with Program Outcomes: 2,3,8

5) Integrate knowledge and skills to promote health and prevent disease across the lifespan and the continuum of healthcare environments.

   Alignment with Program Outcomes: 2,4,5

6) Practice professionalism, including the inherent values of altruism, autonomy, human dignity, integrity, and social justice.

   Alignment with Program Outcomes: 2,4,5

7) Formulate a professional ethic that includes lifelong learning and continuous professional development in an ever-evolving healthcare environment.

   Alignment with Program Outcomes: 1,2,3,6
8) Think critically at a conceptual level and by using mathematical analysis as well as the scientific method, write and speak effectively, use basic computer applications, and understand human behavior in the context of the greater society in a culturally diverse world.

**Points/Late Policy:**
In the ATI Capstone Content Review and Virtual ATI, one content area is reviewed per week, so it is important that students stay on track and complete assignments weekly as outlined in the review calendar. Due dates are posted in the syllabus. No points will be awarded for late assignments unless pre-approval from the class Professor has been obtained within 24 hours.

**Students must follow the ATI Capstone and Virtual ATI assignments, including proctored exams and remediation. Failure to do so will impact their ability to earn points on work completed outside of its scheduled week.**

**POLICIES**
University policies, such as attendance philosophy, notification of absences, extenuating circumstances, accommodation requests, academic dishonesty, grading and grading symbols, and student conduct are included in the University catalog. Students should reference the catalog for the complete listing of policies.

**Note:** In some cases, program and/or course specific information may be appended to the syllabus. In these instances, students must consider the syllabus to be inclusive of any appended information, and as such, students must adhere to all course requirements as described in the document in its entirety.

*Revised 3/2018 AL*
Dear Mr. Williams
I have attached the Report to the Wisconsin Board of Nursing on the NCLEX-RN® Improvement Plan for Marian University Department of Nursing. I am pleased to report that we have been making progress on many fronts, and I will look forward to being in attendance when it is reviewed by the Board of Nursing.
Thank you,
Linda Matheson

Subject: Board of Nursing motions re: NCLEX pass rates

Hello Linda and Julie:

Below please find the Board of Nursing Motion from yesterday related to the 2017 NCLEX pass rates. You may email those reports directly to me. Dan

### 2017 NCLEX Scores

**MOTION:** Luann Skarlupka moved, seconded by Elizabeth Smith-Houskamp, that Marian University and Rasmussen-Green Bay submit by April 27, 2018 an explanation or analysis of NCLEX pass rates, including reasons the plan submitted to the Board last year for improvement was unsuccessful and their plan to meet the NCLEX first time taker pass rate standard. Motion carried unanimously.

Dan Williams
Executive Director
Division of Policy Development
WI Department of Safety & Professional Services
dan1.williams@wisconsin.gov
Report to the Wisconsin Board of Nursing on the
NCLEX-RN® Improvement Plan for
Marian University Department of Nursing
Fond du Lac, WI
April 17, 2018

Submitted by Linda Matheson, PhD, RN
Dean, College of the Professions
Marian University, Fond du Lac WI
Marian University is pleased to report that consistent, purposeful revisions to curriculum, pedagogy, and assessment strategies are resulting in improvements in first time and repeat cohort NCLEX-RN® pass rates for graduates of the pre-licensure nursing program (see Table 1). A closer look at the cohort NCLEX-RN® pass rates (see Table 2) and HESI exit scores (see Table 3) reveals that the 2016 and 2017 remediation plans have been effective. Three of the four cohorts since May 2016 have first time NCLEX-RN® pass rates of 80% or better with significant improvements in aggregate HESI exit scores. Thus, the faculty and administration believe that remediation strategies implemented since fall 2016 have been progressively successful at improving these student outcomes. This report will provide an analysis of the 2017 NCLEX-RN® improvement plan and describe the 2018 remediation plan.

Review of 2017 Remediation Plan Implementation

The remediation plan submitted to the WBON on April 17, 2017 was fully implemented and we continue ongoing efforts to ensure student success. The remediation plan included revisions to program prerequisites, improvements in NCLEX-RN® preparation content in the NRS 461 Concept Synthesis course, standardization of clinical paperwork, increases in obstetrics and pediatric content, improvements in testing and evaluation policies, full integration of HESI products throughout the curriculum, and faculty development support for concept-based curriculum (CBC) and NCLEX-RN® style testing strategies. Following is an evaluation of the strategies:

Program Prerequisites

Faculty successfully passed new program prerequisites that better assure students have the foundational knowledge needed to be successful in the nursing program. These program prerequisites went into effect for all freshman starting fall 2017. These students will matriculate into the nursing program in spring 2019 with an anticipated graduation date of spring 2021.

Response. Program prerequisites now include:

- Minimum 2.75 math/science GPA calculated on all required math and science courses completed at Marian University or another institution.
  - A 2.5 math/science GPA requirement was previously accepted
- Minimum grade of “B” in BIO 201 and 202 Anatomy and Physiology I and II
  - A grade of “C” was previously accepted
- MAT 111 Introduction to College Algebra with minimum grade of “C”
  - Previously not a prerequisite
- Completion of HESI A2 Admission Assessment Exam earning a composite score of 75 or above and a 75 or above on the Anatomy & Physiology portion of the exam.
NRS 461 Concept Synthesis

The primary strategy was to incorporate standardized HESI practice tests and a new HESI product, Elsevier Adaptive Quizzing (EAQ), into NRS 461 Concept Synthesis in spring 2016. This cohort had an 88% (n = 42) NCLEX-RN® pass rate (see Table 3). The faculty felt the EAQ product was largely responsible for this significant improvement and decided to make it a permanent part of the curriculum.

Response. In December 2016, all NRS 461 students underwent practice tests, HESI Exit Exam Version 1, EAQ remediation, HESI Exit Exam Version 2 and HESI live review at the end of course. Additionally, all students underwent a Kaplan live review course towards the beginning of the class. However, the previous instructor-led content review was replaced with a self-study Elsevier content review product. Although December 2016 graduates scored the highest average cohort HESI score (888) to date, their NCLEX-RN® 1st time pass rate was 75% (see Table 3). Students reported that the self-study Elsevier review did not adequately meet their needs. Additionally, HESI testing was not incorporated as part of the NRS 461 grade and faculty felt that the students may not have used these practice exams to their fullest.

The Spring 2017 NRS 461 students continued with the HESI and Elsevier strategies along with the Kaplan live review. The HESI practice test scores were incorporated as a portion of the course final grade. The HESI Exit Exam score averages remained higher at 883, and the NCLEX-RN® first time pass rate for this cohort was 80% (see Table 3). However, faculty feel that further revisions to the course are needed to strengthen student learning outcomes, and thus, enhancements are included in the 2018 remediation plan.

Standardization of Clinical Paperwork

Response. Faculty continue to work on revisions to the clinical paperwork and evaluation strategies to assure consistency across all semesters and to include more emphasis on pathophysiology and pharmacology content.

Increase Obstetrics and Pediatric Content

Response. This content was found to be lacking in a curricular gap analysis performed by faculty in spring 2016. Therefore, NRS425 Trends and Issues course was replaced with NRS 455 Maternal/Child Nursing.
Improve Testing and Evaluation Policies

**Response.** Faculty developed a testing policy that included:

a. The percentage of course grades that come from NCLEX-RN® style questions was increased from 80% to 90%
b. Ten percent of the 90% come from HESI standardized testing products
c. Ten percent of test questions are pulled from previously learned content
d. Some nonclinical classes were excused from this requirement
e. HESI products, including, but not limited to, EAQ, standardized practice tests, and case studies, were incorporated into every class.
f. A testing committee was created to provide oversight of NCLEX-RN® style test questions.

While these efforts have improved overall student performance, further revisions are needed and will be incorporated into the 2018 remediation plan.

Fully Integrate HESI Products Throughout the Curriculum

**Response.** HESI products, including, but not limited to, EAQ, standardized practice tests, and case studies, were incorporated into every nursing course, and the fall 2018 cohort will be the first graduating class to benefit from the full implementation. Policies were created outlining the contribution of HESI testing to the final grade and formal HESI test remediation. The December 2017 cohort has an unofficial NCLEX-RN® pass rate of 85% (see Table 3).

Support Faculty Development in Concept-based Curriculum and Testing

**Response.** All new faculty are on-boarded and oriented to CBC.

Summary

The December 2016 cohort had a NCLEX-RN® pass rate of 75%, while the May 2017 cohort had an 80% pass rate. Unfortunately, this resulted in a 2017 NCLEX-RN® examination pass rate of 77.53%. Contributing factors included changes to the NRS 461 Concept Synthesis course, lack of strict adherence to dismissal and reapplication policies, lack of strong testing policies, lack of full integration of HESI products into the curriculum, and content gaps in the curriculum. All of these factors have been addressed in academic year 2017-2018.
Spring 2018 Remediation Plans

Dr. Kim Udlis joined the nursing department as associate dean in July 2017 and added a layer of dedicated leadership to nursing. She has over 16 years of experience as a nurse educator teaching at both the graduate and undergraduate levels and over seven years as an academic administrator. Dr. Udlis’ main responsibility is overall leadership of the nursing department and she is dedicated to ensuring program quality and rigor. She has worked with faculty to continue ongoing efforts and program remediation plans, developed new initiatives to support student learning and NCLEX success, and realigned the faculty governance structure to create more efficient and effective processes. She conducted student listening sessions and integrated student feedback into the overall improvement plans. Under her leadership, the faculty developed the following strategies:

Program Prerequisites

As the changes to the program prerequisites will not be fully integrated until spring 2019, the position of a Nursing Learning Specialist was created to support student learning needs through this transition and beyond. The position is currently posted, and we anticipate it will be filled by the 2018-2019 academic year.

NRS 461 Concept Synthesis

The NRS 461 Concept Synthesis course was revised fall 2017 to include active, instructor-led content review sessions each class. For example, content review was broken down into fundamentals, medical/surgical, pharmacology, etc. Students underwent HESI practice testing, content review, and then took the EAQ. Students found the instructor-led content reviews along with the EAQs to be beneficial and promote more active learning. Additionally, as a strategy to promote active studying and preparation for the HESI practice tests and HESI Exit 1 exam, formal, individualized HESI remediation plans were developed with each student.

Student remediation requirements were leveled dependent upon their HESI exit exam scores. All remediation requirements consisted of NCLEX-RN® style review questions, written reflections on incorrect items, and face-to-face meetings with the course professor. Students who scored >900 on HESI exam 1 were required to undergo continued EAQ practice but were not required to retake the HESI exam 2. With this strategy, we had our highest percentage of students scoring >900 on the HESI 1 and 2 exit exams to date (43.5% and 54.9%, respectively) (see Table 3). Students also underwent the Kaplan live review. However, students reported that the combination of the HESI live review and the Kaplan strategies was confusing at times. Given this feedback, the Kaplan live review has been omitted from the spring 2018 NRS461 course, but the HESI live review will continue. Test-taking strategies will be threaded throughout the course using the Saunders Strategies for Test Success by Silverstri and Silverstri, which is used throughout the curriculum to reinforce test taking skills.
Standardization of Clinical Paperwork

Faculty revised all clinical paperwork to reflect increasing competency; however, difficulties continue in assessing the student in the clinical setting. Chalk and Wire, an online assessment platform, has been purchased and will be implemented in fall 2018. This is a rubric-based assessment platform that links student activities to rubrics congruent with course and program outcomes as well as specific nursing competencies. Faculty are developing a rubric-based clinical evaluation tool that will be implemented within Chalk and Wire that all clinical faculty will follow.

Improve Testing and Evaluation Policies

This has been a major focus of revisions during the current academic year. Faculty have used our experience and evidence-based literature to develop a revised testing policy that is implemented throughout the nursing curriculum. Highlights of the revised testing policy include:

a. A minimum of 80% of the final grade in didactic courses will come from exams.
b. Medication safety will be evaluated by separate examination(s) to include a minimum of 50 questions given during the semester and evaluated as part of the 80% examination requirement.
c. Questions are to be written in NCLEX-RN® style.
d. All tests will have a minimum of 30 questions. Students will be given 1 minute per test item for lower level questions (knowledge/comprehension) and 1.5 minutes per test item for higher level questions (application/analysis).
e. Ten percent of the questions on each exam will cover prior semester concepts and content.

Further testing oversight will be managed by the undergraduate curriculum committee as all BSN-faculty participate in that committee. The committee may reform the testing team as necessary.

Fully Integrate HESI into the Curriculum

A new position, the assessment and evaluation coordinator, was recently created in the nursing department. This person will hold the responsibility of retrieving, aggregating, and trending assessment and HESI data and the NCLEX-RN® pass rates. She will also oversee the implementation and integration of HESI products in the curriculum and promote revisions that support student learning and student outcomes.

Support for Faculty Development in CBC and Testing Strategies

Faculty will continue to attend ongoing faculty development opportunities in CBC, testing strategies, and test construction.
**Computer-based Testing**

Faculty are exploring the feasibility and logistics of offering more computer-based testing opportunities for students to better increase preparation for the computerized NCLEX-RN®

**Curriculum Analysis**

Faculty continue to refine and target their efforts during the current spring 2018 semester to ensure student success. Faculty have completed a gap analysis of concepts, content, and exemplars and found the areas of fundamentals and pathophysiology to be lacking in the curriculum. Development is currently underway of these courses with plans to include/revise the curriculum as quickly as the academic approval process allows for implementation in the 2018-2019 academic year.

**Summary**

In summary, the Marian University nursing faculty believe the current NCLEX-RN® pass rate is reflective of a confluence of factors over the period of time that a new curriculum was being phased in. We are currently phasing in new testing policies, a nursing learning specialist position, new program admission requirements, and the addition of a pathophysiology and fundamentals course. We are encouraged by the fact that the last two cohorts of students (May 2017 and December 2017) achieved first-time NCLEX-RN® pass rates of 80% and 85%, respectively. We believe that we are making the necessary ongoing revisions to support this upward trend and achieve a 2018 NCLEX-RN® first time taker pass rate that exceeds the 80% benchmark.

Rasmussen College, Green Bay, WI
Professional Nursing AS Degree Program (NCLEX Code US50408500)

Subject: Analysis of NCLEX Pass Rates and results from remediation plan, further remediation.

This serves as a follow-up to our memo dated April 11, 2016 (attached). I am encouraged to share that our implementation of the plan described has demonstrated some success. The 2016 NCLEX first time test takers was 76% and the overall test takers was 82.5%. Though we have more work to accomplish I am pleased to note that our 2016 graduates are achieving the 80% pass rate. Based on the NCSBN data supplied our 1st time pass rate for 2016 Rasmussen Green Bay graduates is 83.3%. This is a 21.3% improvement above our 2015 graduates. Overall, 50 of our 54, 2016 graduates passed, which is 92.59%.

We are also excited to share that our accreditation journey through the Accreditation Commission for Education in Nursing (A.C.E.N.) has been approved. In March, I received a phone call from our A.C.E.N. representative acknowledging 5 year accreditation for the Rasmussen College Green Bay Campus. Formal written notification will come in mid-April.

What follows are my assessments, comments, strategies and updates from the April 11, 2016 memo. We continue our progress and are committed to develop effective and productive nurses.
**Administration Summary:**

- Dean Julie Williams took over August 16, 2016. Dean Williams has 5 years of tenure as she served in a faculty position from March 2012- August 2016.
- Nursing policies and procedures are clearly communicated and enforced.
- Nursing faculty (fulltime and adjunct) have received quarterly evaluations and performance feedback while under the direction of Dean Rogers. This continues under Dean Williams Leadership.
- Consistency between Wisconsin Rasmussen College campuses has been reviewed and emphasized. As of August 2016 the Dean of Wausau serves as a mentor to Dean Williams.
- Organizational restructure in October of 2015 brought Wisconsin programs to the portfolio of the Regional Dean Dr. Robert Muster. This leadership continues to be in place.
- A standardized proctor was hired in December 2016 with a start date of just after January 1, 2017.

**Administration Plan:**

- Continue to maintain consistency with all College and School of Nursing Policies and procedures.
- As of September 2016 Dean Williams began introducing a more formalized process for clinical orientation and quarterly student professional development. Focus on (but not limited to) professionalism, soft skills, clinical requirements, EPIC, and ATI.
- Approval sought and granted for additional proctor hours to support consistency was gained in March 2017.

**Faculty Analysis:**

- All full-time faculty positions are filled by credentialed and experientially qualified faculty.
- Turnover in faculty continues to be addressed.
- A strong adjunct faculty continues and this provides continuity.
- Full-time and adjunct faculty are required to complete an annual self-evaluation and participate in professional development to strengthen themselves professionally. In addition, the School of Nursing allots three weeks annually to professional development in which topics such as test-writing, test analysis, building custom assessments using Assessment Technologies Institute (ATI), Blooms taxonomy, and teaching students how to critically think are presented. This continues to be the practice.

**Faculty Plan:**

- Continue to structure and support a strong, diverse faculty team.
- Continue to strengthen current faculty; full-time and adjunct.
- Faculty are required to complete quarterly course reports outlining student statistics within their course (pass rate, completion rates, and exam score). Faculty are required to develop a plan each quarter to improve from the previous quarter based on student feedback.
Dean currently meets weekly for 1:1 meetings with faculty. Previous quarter results are discussed.

**Student Analysis:**

- In 2015 Rasmussen College- Green Bay implemented a Student Representative initiative which has resulted in great improvements in student motivation and engagement. Students are invited to attend faculty and curriculum meetings. This continues in 2017.
- In 2015 Rasmussen Green Bay implemented Student Mentor Program. Each faculty were assigned incoming students to mentor. Faculty send students an email three or more times per quarter in an effort to cultivate supportive relationships. In 2017 this process will be changing slightly based off of student feedback. Faculty will start taping live sessions to introduce self, provide guidance, and make students aware of how to reach them.
- In 2016 Rasmussen Green Bay began sending quarterly student newsletters to address student concerns and post important information. This practice continues in 2017 with a quarterly report going out mid quarter.
- Rasmussen has engaged groups such as the lab committee, pinning committee, student’s suggestions committee, and the communities of interest to improve processes and empower students on the Green bay campus. In late 2016 it was determined that due to lack of commitment from students it would be best to discuss each team at the staff meetings with the student representative present at the meetings. This has allowed for student involvement and decision making.
- I and the faculty believe that the above actions will lead to increased engagement by students and support an improvement in their outcomes.
  - In September 2016 the current Dean of Nursing implemented a comprehensive orientation plan that allows for students to be prepared for clinical and the upcoming quarter. In this orientation each fulltime faculty along with the Dean present on topics that are required for clinical and also desired by students to learn more about prior to the start of each quarter. The Green Bay team has also recruited two fulltime faculty to become ATI champions to better mentor students. The faculty and the Dean also feel that by promoting the benefits of student representatives and the higher number of students participating this will also impact the NCLEX numbers.

**Student Plan:**

- Continue to look for ways to strengthen student relationships and foster a culture if community on the campus. This continues in 2017 with student representation at the meetings and student involvement.
- Beginning 4/’16 live and archived webinar sessions are available to nurse graduates to assist with NCLEX preparation. Topics such as acid/base balance, ABG analyses, test taking strategies and respiratory system alterations will be covered (not all-inclusive).
  - Since 4/2016 no further recording were produced. The ones created are still available.
- As of 4/2016 extended lab hours are now available for students who would like to practice skills and/or receive assistance in understanding nursing concepts. Dean of Nursing and or faculty could be appointed hours. In fall 2016 the lab was transformed to a full functioning simulation.
lab. There is more scheduled times in the lab and students can make times by appointment if necessary for remediation.

- ATI will be utilized to the full extend in each nursing course. Our ATI representative will visit the campus within the next 12 weeks to provide faculty with a deeper level of understanding of integrative tools. This was completed by webinar and faculty attended during a scheduled faculty meeting. Currently the Dean and two faculty members are training to be ATI champions.
- Simulation is being introduced to reinforce nursing concepts taught in the classroom. This begun in October 2016 and continues currently.
- Critical thinking skills are a greater emphasis in the classroom, clinical, and lab.
  - Continues currently to make improvements. Adding Blooms taxonomy and other ways to help facilitate learning regarding critical thinking.

**Curriculum Analysis:**

- In addition to the College Curriculum Committee, The SON utilizes a SON National Curriculum Committee comprised of Deans and faculty within the School of Nursing. This committee meets on a monthly basis to review and improve course content, exams, and overall rigor. Courses utilize Course Leads which serve as mentors for the faculty teaching the course and helps to facilitate course improvements as discussed in the course conferences.
  - In early 2017 the SON added additional positions specific to curriculum to facilitate the quality and strength of the nursing programs. Positions include: Director of Curriculum - Dr. Lynn Bilder; Program Chair positions: Dr. Kari Luoma holds the ADN Program Chair position and Dr. Tami Rogers holds the BSN Program Chair position.
- The faculty lead for each course schedules and conducts three meetings of the teaching faculty quarterly to ensure consistency across campuses and evaluate current trends. Adjustments are made as needed after faculty teaching that course have shared input.
- Rasmussen College SON utilizes ATI as a benchmark throughout the Programs. ATI data analysis revealed students received the lowest scores in the following areas on their comprehensive predictor exam: Physical adaption, reduction of risk, basic care and comfort, psychosocial integrity, health promotion and these areas were reviewed by the Dean and faculty and thus additional course emphasis has been placed on these areas.

**Curriculum Plan:**

- Encourage faculty through email and 1:1 conversation to provide feedback to Course Faculty Lead to improve rigor of program
  - Since August 16, 2016 Dean makes sure that course lead assignments are distributed so faculty know who the leads are. There is also an agenda item on each nursing meeting to discuss faculty lead calls.
- Encourage faculty through email and 1:1 conversation to attend course meetings to provide input and collaborate with colleagues on best practice.
  - This continues as well
- The National Curriculum Committee has created and implemented a new process which ensures consistency with ATI assessments
• Continue to monitor and analyze ATI results quarterly to identify gas and direct curriculum revision.
  0 Information continues to be taken to the curriculum committee via the faculty member who is a member of the National Curriculum Committee

Policies Analysis:

• Policy for Required Benchmark: After consultation with the standardized publisher’s ad review of the Rasmussen College student outcomes, in spring 2014 the required standardization comprehensive assessment predictor score was raised from 90% to 95% to assure students had achieved the learning required to support the likelihood of success on the NCLEX-RN before graduation. The NCLEX-RN Comprehensive Prediction Assessment is given in the final quarter of the program during weeks 8 and 10.
• Students who pass the Comprehensive Prediction Assessment and have met all other graduation requirements, graduate and are released to the Board of Nursing for NCLEX registration by the Dean of Nursing.
• Students not passing the Comprehensive Prediction Assessment do not graduate, but receive an extended incomplete in the course; are assigned to a mentoring faculty; and have one additional to remediate and successfully meet the required benchmark.
• Effective January 2015, the policy was created allowing a maximum number of five attempts on the Comprehensive Prediction exam during the quarter of extended incomplete status in order to achieve the 95%.
• Students who achieve the benchmark of 95% or higher within five attempts and by week 11, receive a grade change based upon completion of all other assignments and exams within the course.
• Students unsuccessful in reaching the 95% benchmark during the extended quarter will fail the course and be registered to retake the course the following quarter. While retaking the course, heavy emphasis will be placed on the course content, but also the program overview, individual remediation and continued faculty mentoring.
• Students are required to attain a level two benchmark on the following ATI proctored assessments: Medical-Surgical, Pharmacology, Nutrition, Fundamentals, Maternal Child, and mental Health
  0 At the inception of this plan the six exams listed above were required. In spring 2016 the addition of: Nursing Care of Children, Leadership, and Community Health were added for students to achieve a level two before being eligible for the Comprehensive Prediction Assessment test.
• Students are required to achieve an overall total exam score average at or above the threshold of 78% for all exams taken within each nursing course, in order to be awarded successful completion of the course.
• Each student who has a clinical component must achieve 100% on a dosage calculation exam. If the student is unsuccessful a remediation will be allowed and a retest. If the student is still unsuccessful they must repeat the previous course.
**Policy Plan:**

- Continue to enforce the policy for required benchmarks as written

Rasmussen College-Green Bay continues to address process improvements in each aspect of our program including administration, faculty, student, curriculum, and policies. By strengthening each cornerstone we will see an improvement in the success of the first time NCLEX test taker.

The stable faculty and leadership of the School of Nursing on the Green Bay campus of Rasmussen College are prepared to enthusiastically support the changes necessary to improve the success of our first time test takers. The full time and part time faculty have engaged in professional development directly targeting improvement in concept-based teaching and the early identification of struggling students. In fall 2016 the simulation lab became fully functioning and training was provided to faculty. The simulation lab continues to be used and the Dean and one faculty will be attending a simulation conference in May 2017. We continue the commitment to provide the highest quality of curriculum, monitoring, and supporting student academic success, and providing individualized remediation where necessary, as well as continuing to focus on supporting the Program’s graduates in the achievement of their professional goals. It is our firm belief that the actions we have taken and continue to take will lead to the necessary improvement in the Rasmussen College Green Bay School of Nursing graduate first time NCLEX-RN success rates, and that we will achieve the Wisconsin Board of Nursing benchmark in 2016.
Date: April 11, 2018

To: Wisconsin Board of Nursing

From: Julie Williams, MSN, RN, Dean of Nursing
       Rasmussen College, Green Bay, WI
       Professional Nursing AS Degree Program (NCLEX Code US50408500)

Subject: Analysis of NCLEX Pass Rates and results from remediation plan, further remediation.

This serves as a follow-up to our memo dated April 3, 2017 (attached). I am encouraged to share that our implementation of the plan described has demonstrated additional success. The 2017 NCLEX first time test takers is 79.66% and the overall test takers was 88%. This represents an increase of 3.66% in first time test takers success as well as an increase of 5.5% for overall test takers. While we have additional work to do we are pleased to notify the Board of this level of success. Our current year to date first-time success is at 92%.

The increased percentage in NCLEX test scores is thought to be in direct correlation to a tenured staff and Dean, increased involvement between the Dean and Academic Advisor, proactive retention efforts, standardized orientation for all clinical students each quarter, heightened focus to a mentoring initiative, and a more formalized NCLEX preparation plan. All of these initiatives will be described in depth in the plan listed below.

What follows are my assessments, comments, strategies and updates from the April 3, 2017 memo. We continue our progress and are committed to develop effective and productive nurses.
Administration Summary:

- Dean Julie Williams has been in the position since August 16, 2016.
- Nursing policies and procedures are clearly communicated and enforced. This assessment was validated by the ACEN accreditation.
- Dean Williams evaluates each faculty in the course room, clinical or lab each quarter and also provides a yearly summative evaluation.
- Additional administrative oversight is provided by Dr. Robert Muster, Regional Dean.
- A standardized proctor was hired in December 2016 with a start state of just after January 1, 2017 and remains in her position.

Administration Plan:

- Continue to maintain consistency with all College and School of Nursing Policies and procedures.
- Continue with a more formalized process for clinical orientation and quarterly student professional development. Focus on (but not limited to) professionalism, soft skills, clinical requirements, EPIC, and ATI. Faculty have noted increased readiness among students for clinical which in turn prepares them for learning.

Faculty Analysis:

- All full-time faculty positions are filled by credentialed and experientially qualified faculty.
- 100% fulltime faculty retention at this time owing to the commitment of the dean’s prioritization of faculty needs.
- A strong adjunct faculty continues and this provides continuity.
- Full-time and adjunct faculty are required to complete an annual self-evaluation and participate in professional development to strengthen themselves professionally. In addition, the School of Nursing allots three weeks annually to professional development in which topics such as test-writing, test analysis, building custom assessments using Assessment Technologies Institute (ATI), Blooms taxonomy, and teaching students how to critically think are presented. This continues to be the practice.

Faculty Plan:

- Continue to structure and support a strong, diverse faculty team by remaining attentive to satisfaction and professional development.
- Continue to strengthen current faculty; full-time and adjunct through quarterly evaluation and feedback.
- April of 2018 faculty will start to observe each other in the classroom. Not only looking for areas of improvement but to help spark creativity in the classroom to share in the best practices in the classroom.
- Faculty are required to complete quarterly course reports outlining student statistics within their course (pass rate, completion rates, and exam score). Faculty are required to develop a plan each quarter to improve from the previous quarter based on student feedback.
  - Dean currently meets weekly for 1:1 meetings with faculty. Previous quarter results are discussed.
**Student Analysis:**

- In 2015 Rasmussen College- Green Bay implemented a Student Representative initiative which has resulted in great improvements in student motivation and engagement. Students are invited to attend faculty and curriculum meetings. This continues in 2018.
- In 2015 Rasmussen Green Bay implemented Student Mentor Program. Each faculty were assigned incoming students to mentor. Faculty send students an email three or more times per quarter in an effort to cultivate supportive relationships. In 2017 the process was changed in response to student feedback. Faculty started taping live sessions to introduce self, provide guidance, and make students aware of how to reach them. In 2018 the faculty again made changes based off of student feedback. The faculty created a template that has a faculty picture, method to contact, and also the most current ATI plan they should follow. This is sent to each student in the program.
- In 2016 Rasmussen Green Bay began sending quarterly student newsletters to address student concerns and post important information. This practice continues in 2018 with a quarterly report going out mid quarter.
- I and the faculty believe that the above actions will lead to increased engagement by students and support an improvement in their outcomes.

**Student Plan:**

- We have strengthened student relationships and fostered a culture of community on campus which includes aggressive recruitment of student representation.
- In fall 2016 the lab was transformed to a full functioning simulation lab. There are more scheduled times in the lab and students can make times by appointment if necessary for remediation.
- Currently the Dean and two faculty members are ATI champions. In that role the faculty or Dean serve as expert resource for students, providing information on how to best use this valuable resource.
- We continue to refine our simulation program. Dedicated simulation faculty provide simulation learning in every course with a lab component.
- In response to input from our advisory committee regarding the critical thinking abilities of our graduates one of the fulltime faculty prepared and delivered a critical thinking presentation to all the students entering into a clinical the upcoming quarter (Spring 2018). Evaluation will occur and future content will be informed by the findings.

**Curriculum Analysis:**

- In addition to the College Curriculum Committee, The School of Nursing utilizes a School of Nursing National Curriculum Committee comprised of Deans and faculty within the School of Nursing. This committee meets on a monthly basis to review and improve course content, exams, and overall rigor. Courses utilize Course Leads which serve as mentors for the faculty.
teaching the course and helps to facilitate course improvements as discussed in the course conferences.

- In early 2017 the School of Nursing added additional positions specific to curriculum to facilitate the quality and strength of the nursing programs. Positions include: Director of Curriculum- Dr. Lynn Bilder; Program Chair positions: Dr. Kari Luoma and Lisa Johnson MSN, RN Co-Chair the Associates of Nursing program

- The faculty course lead for each course schedules and conducts three meetings of the teaching faculty quarterly to ensure consistency across campuses and evaluate current trends. Adjustments are made as needed after faculty teaching that course have shared input.

- Rasmussen College School of Nursing utilizes ATI as a benchmark throughout the Programs. ATI data analysis revealed students received the lowest scores in the following areas on their comprehensive predictor exam: Pharmacology, reduction of risk potential, and safety.

**Curriculum Plan:**

- Through 2017 faculty provided feedback to Course Faculty Leads to improve rigor of program. In 2018 to continue making it better and keep the focus, an agenda item for each nursing faculty meeting is to report on course lead information.

- Continue to monitor and analyze ATI results quarterly to identify gaps and direct curriculum revision.
  - Information continues to be taken to the curriculum committee via the faculty member who is a member of the National Curriculum Committee
  - Plan to address Pharm, reduction of risk potential, and safety.

**Policy Analysis:**

- Students who pass the Comprehensive Prediction Assessment and have met all other graduation requirements, graduate and are released to the Board of Nursing for NCLEX registration by the Dean of Nursing.

- Students unsuccessful on the Comprehensive Predictor Assessment do not graduate, but receive an extended incomplete in the course; are assigned to a mentoring faculty; and have one additional quarter to remediate and successfully achieve the required benchmark.

- Effective January 2015, the policy was created allowing a maximum number of five attempts on the Comprehensive Prediction exam during the quarter of extended incomplete status in order to achieve the 95%.

- Students who achieve the benchmark of 95% or higher within five attempts and by week 11, receive a grade change based upon completion of all other assignments and exams within the course.

- Students unsuccessful in reaching the 95% benchmark during the extended quarter will fail the course and be registered to retake the course the following quarter. While retaking the course, heavy emphasis will be placed on the course content, but also the program overview, individual remediation and continued faculty mentoring.

- Students are required to attain a level two benchmark on the following ATI proctored assessments: Nutrition, Fundamentals, Mental Health, Maternal Newborn, Nursing Care of Children, Pharmacology, Adult Medical Surgical, Community Health, and Leadership.
• Students are required to achieve an overall total exam score average at or above the threshold of 78% for all exams taken within each nursing course, in order to be awarded successful completion of the course.
• Each student who has a clinical component must achieve 100% on a dosage calculation exam prior to attending that quarters clinical. If the student is unsuccessful a remediation will be allowed and a retest. If the student is still unsuccessful they must repeat the previous course.

Policy Plan:

Rasmussen College-Green Bay continues to address process improvements in each aspect of our program including administration, faculty, student, curriculum, and policies. By strengthening each cornerstone we will continue to see additional improvements in the success of the first time NCLEX test taker.

The stable faculty and leadership of the School of Nursing on the Green Bay campus of Rasmussen College are prepared to enthusiastically support the changes necessary to improve the success of our first time test takers. The full time and part time faculty have engaged in professional development directly targeting improvement in concept-based teaching and the early identification of struggling students. We support students’ clinical knowledge and skill acquisition through consistent high quality INACSL-compliant simulation learning. Rasmussen faculty provide the highest quality of curriculum, monitoring, and supporting student academic success, including individualized remediation where necessary. Faculty also support the Program’s graduates in the achievement of their professional goals. It is our firm belief that the actions we have taken and continue to take will lead to the necessary improvement in the Rasmussen College Green Bay School of Nursing graduate first time NCLEX-RN success rates, and that we will achieve the Wisconsin Board of Nursing benchmark in 2018.

To recap our annual success rates have increased as follows:

2016-76%
2017- 79.66%
2018- Year to date: 92%
April 10, 2018

Wisconsin Board of Nursing

RE: NCLEX-RN pass rates

Dear Members of the Board of Nursing:

Faculty in the College of Nursing at the University of Wisconsin-Milwaukee were as dismayed by our recent first-time test-taker NCLEX-RN scores as the Board of Nursing. We had already begun an investigation of our own when we received notification from the Board of Nursing requesting an analysis of our pass rates.

Faculty, including the Undergraduate Program Committee, have had extensive discussion about potential contributing factors to our current pass rate. Following are four major factors that we have identified as contributors to our NCLEX-RN pass rates.

**Factor One:** We believe one of the contributing factors is our curriculum design change from a traditional content-driven to a concept-based curriculum (Giddens, Caputi, & Rodgers, 2015). Our concept-based curriculum heavily incorporates active learning. This change has impacted both student accountability (e.g., incentivizing outside class preparation with points towards final course grade) and the faculty approach to teaching (e.g., large classes that include more active learning and less lecture). During the development of the concept-based curriculum, our expert consultants prepared us for a possible decline in NCLEX-RN pass rates.

**Factor Two:** Another contributing factor is that the students who graduated in December 2016 and May 2017 were exposed to suboptimal instruction in two foundational courses for NCLEX-RN preparation: pharmacology and pathophysiology. Although we attempted to address instructional deficits by changing instructors and offering a summer remediation course at no cost to students, we believe that this situation had an impact on NCLEX-RN pass rates.

**Factor Three:** Another factor relates to the mission of the University of Wisconsin-Milwaukee, which is one of access and opportunity. The College of Nursing is committed
to graduating students who reflect the diversity of the Greater Milwaukee Area. The average percentage of under-represented minority students at UWM and in the major in the last two years was 23.4%. We know from data that the majority of these students, particularly those from Milwaukee Public Schools, require remedial English and Math after enrolling at UWM. Supports are now in place to help surround these students with resources to strengthen their academic performance, including an early warning system, increasing the living-learning communities, more intrusive advising and revamped remedial courses. We are also aware that the large majority of our students work in addition to going to school, challenging their time commitment to their studies. As over 50% of students reported food insecurity in a recent campus study, working is their only option. In 2017, the campus has started a food pantry as well. We also know that under-represented minority students have a significant difference in testing outcomes on standardized tests. While our first time pass rate is lower than the required standard, our second attempt pass rate is 90%.

**Factor Four:** The UWM College of Nursing prides itself in student retention within the major. We successfully graduate 99% of all students admitted to the major within the four semesters of the major. There is no high stakes testing done in the program to eliminate students who cannot make set standards. This greatly influences our graduating class first attempt pass rate, given the make-up of our student body, as mentioned above, when compared with our peer institutions. We remain committed to retention, as we know these graduates will be successful RNs. We also remain committed to improving the first time pass rate of all students.

**What we have done to address the problem:** We have implemented several strategies to improve our NCLEX-RN pass rate over the last two semesters and are actively investigating the addition of progressive testing within the curriculum. Given past student performance (at or slightly above the required NCLEX-RN pass rate) and an anticipated decrease in NCLEX-RN pass rates with our curricular redesign, we created a position for an NCLEX-RN Success Coordinator and hired a person for the position in January 2018. This coordinator began working with the December 2017 graduates individually, and in group sessions, to foster NCLEX-RN test-taking skills and strategies as well as to address some conceptual deficits. A seasoned NCLEX-RN coordinator from an institution in Illinois is currently mentoring our NCLEX success coordinator.

Another strategy that we have implemented relates to testing across the curriculum. We require all instructors to submit test blue prints for all examinations and have provided three test-writing and analysis workshops to promote faculty development in this area. These workshops also focused on writing exam questions at the application and analysis levels of Bloom’s Taxonomy, and on incorporating test-taking skills and NCLEX-RN style questions in class lectures and small group learning activities across the curriculum. We are planning another workshop with faculty in fall 2018 where faculty
will receive feedback on their test items with a focus on improving item writing. Our NCLEX coordinator and the consultant working with her will provide feedback to faculty.

As the concept-based curriculum was implemented, a decision was made to eliminate the progressive testing that was included in the nursing major, because during that time there were no concept-based progressive tests available. We are currently exploring the addition of concept-based progressive examinations that are now available from ATI.

The College of Nursing also requires two NCLEX predictor exams during the final semester of the program that are included in a course titled “Transition to Practice.” The first predictor is used to help students create a study plan based on their performance. The NCLEX-RN Success Coordinator reviews the second predictor to identify at-risk students who are then strongly encouraged to work with her for NCLEX-RN preparation. During the current semester (spring 2018), assignments in the final semester courses were re-aligned based on student feedback to give students more time to focus on their study plan and on NCLEX preparation.

The final strategy that we have implemented is a required 3-day, in-person NCLEX-RN review. Students are very committed to attending this review and anecdotally report that it is very helpful to create their NCLEX-RN study plan developed, as a course assignment, in the “Transition to Practice” course.

NCLEX success remains a commitment of the College of Nursing. We will continue ongoing efforts and implement newer strategies, as discussed above, with the goal of meeting, and ideally exceeding, the Board of Nursing and our own expectations.

Sincerely,

Kim Litwack, PhD, RN, APNP, FAAN
Dean and Professor

Directions for including supporting documents:  
1. This form should be attached to any documents submitted to the agenda.  
2. Post Agenda Deadline items must be authorized by a Supervisor and the Policy Development Executive Director.  
3. If necessary, Provide original documents needing Board Chairperson signature to the Bureau Assistant prior to the start of a meeting.
credentialed by the examining board or affiliated credentialing board, or in the establishing of regulatory policy or the exercise of administrative discretion with regard to the qualifications or discipline of applicants or persons who are credentialed by the examining board, affiliated credentialing board or accreditation.

(c) Maintain, in conjunction with their operations, in central locations designated by the department, all records pertaining to the functions independently retained by them.

(d) Compile and keep current a register of the names and addresses of all persons who are credentialed to be retained by the department and which shall be available for public inspection during the times specified in s. 230.35 (4) (a). The department may make the register available to the public by electronic transmission.

(2) Except as otherwise permitted in chs. 440 to 480, an examining board or affiliated credentialing board attached to the department or an examining board may require a credential holder to submit proof of the continuing education programs or courses that he or she has completed only if a complaint is made against the credential holder.

(2m) (a) In this subsection, “controlled substance” has the meaning given in s. 961.01 (4).

(b) The medical examining board, the podiatry affiliated credentialing board, the board of nursing, the dentistry examining board, or the optometry examining board may issue guidelines regarding best practices in prescribing controlled substances for persons credentialed by that board who are authorized to prescribe controlled substances.

(c) 1. The medical examining board, the podiatry affiliated credentialing board, the board of nursing, the dentistry examining board, and the optometry examining board shall, by November 1, 2018, and annually thereafter, submit a report to the persons specified in subd. 2. that does all of the following:

a. Details proactive efforts taken by the board to address the issue of opioid abuse. The board shall specify whether the board has required, or otherwise encouraged, continuing education related to prescribing controlled substances for persons credentialed by that board who are authorized to prescribe controlled substances.

b. Sets goals for addressing the issue of opioid abuse, as that issue pertains to or implicates the practices of the professions regulated by the board.

c. Describes the actions taken by the board so that the goals described in subd. 1. b. that were identified in the board’s previous reports under this paragraph can be achieved, whether those goals have been achieved, and if the goals have not been achieved, the reasons therefor.

2. A report under subd. 1. shall be submitted to all of the following:

a. Any committee, task force, or other body or person designated by the governor.

b. To the appropriate standing committees of the legislature with jurisdiction over health issues under s. 13.172 (3).

440.043 Behavioral health review committee. (1) The secretary shall appoint an advisory committee under s. 440.042 to provide advice concerning behavioral health. The advisory committee shall semiannually conduct a review of the requirements for obtaining a credential under s. 440.88 or ch. 457 or for other credentials related to behavioral health.

(2) The advisory committee shall accept comments from the public related to its review under sub. (1). Before conducting a review under sub. (1), the department shall publish a class 1 notice under ch. 985 and shall publish notice on its Internet site announcing the opportunity for public comment.

(3) The advisory committee established under sub. (1) may propose changes in statutes and rules to the department; the marriage and family therapy, professional counseling, and social work examining board; or other appropriate credentialing board.

440.044 Behavioral health review committee. (1) The secretary shall appoint an advisory committee under s. 440.042 to provide advice concerning behavioral health. The advisory committee shall semiannually conduct a review of the requirements for obtaining a credential under s. 440.88 or ch. 457 or for other credentials related to behavioral health.

(2) The advisory committee shall accept comments from the public related to its review under sub. (1). Before conducting a review under sub. (1), the department shall publish a class 1 notice under ch. 985 and shall publish notice on its Internet site announcing the opportunity for public comment.

(3) The advisory committee established under sub. (1) may propose changes in statutes and rules to the department; the marriage and family therapy, professional counseling, and social work examining board; or other appropriate credentialing board.

Signature of person making this request

Date

Supervisor (If required)

Date

Executive Director signature (indicates approval to add post agenda deadline item to agenda)

Date

Directions for including supporting documents:

1. This form should be attached to any documents submitted to the agenda.
2. Post Agenda Deadline items must be authorized by a Supervisor and the Policy Development Executive Director.
3. If necessary, provide original documents needing Board Chairperson signature to the Bureau Assistant prior to the start of a meeting.

Revised 12/2016
Registration is open for the 2018 NCSBN Executive Officer Summit.

Navigating Our Future: Acknowledging Strengths – Addressing Opportunities

OBJECTIVES
1. Identify the current strengths, weaknesses, opportunities and threats in the literature on occupational licensure.
2. Analyze the dimensions of public protection that can be used to illuminate the benefits and challenges of the current policy discussion on occupational regulation.
3. Review and interpret the data from the Leadership Program Evaluation report.
4. Identify the essential competencies for Executive Officers (EOs).
5. Based on the EO competencies identified:
   a. Review EO Succession Toolkit for gaps.
   b. Establish benchmarks for EO developmental needs.

This invitation is not transferable. Accommodations for the summit are provided by The American Club.

Kohler, WI 53044

Navigating Our Future: Acknowledging Strengths – Addressing Opportunities

OBJECTIVES
1. Identify the current strengths, weaknesses, opportunities and threats in the literature on occupational licensure.
2. Analyze the dimensions of public protection that can be used to illuminate the benefits and challenges of the current policy discussion on occupational regulation.
3. Review and interpret the data from the Leadership Program Evaluation report.
4. Identify the essential competencies for Executive Officers (EOs).
5. Based on the EO competencies identified:
   a. Review EO Succession Toolkit for gaps.
   b. Establish benchmarks for EO developmental needs.

REGISTRATION
The cut-off date for registration is Friday, May 18, 2018. The summit is open to NCSBN executive officers only and is not transferable.

CANCELLATIONS
Registration cancellations must be received by June 11, 2018. Attendees must contact NCSBN Meetings at 312.525.3639 or via email to cancel.

PHOTOGRAPHY POLICY
NCSBN plans to take photographs at the 2018 Executive Officer Summit and reproduce them for use in NCSBN educational, news, marketing or promotional material, whether in print, electronic or other media, including but not limited to the NCSBN website. By attending and/or participating in the 2018 Executive Officer Summit, you grant NCSBN the right to use your image for such purposes. All photos taken at the event become the property of NCSBN and may be displayed, distributed or used by NCSBN for any of the above-described purposes.

ATTIRE
Casual attire is appropriate for all meeting functions. Meeting room temperatures fluctuate; dress in layers to ensure your comfort.

MEETING CANCELLATION POLICY
In the event of a cancellation of the program by NCSBN, you will receive a refund of your registration fee. NCSBN is not responsible for any other costs, expenses or damages incurred by a program registrant as a result of any cancellation of the program, including without limitation any nonrefundable airfare or lodging deposits.
