Hello Yolanda and Kimberly, I am trying to call into the meeting. Phone number 715-213-2756

As the president of the Administrators of Nursing Education of Wisconsin (ANEW) I am requesting to address the Board under Public Comments. I would like discuss the following topics:

- Please clarify the definition of “50 %” use of Simulations in Nursing Administrative Code Chapter N1 (5m) 3b - (b) Simulation may not be utilized for more than 50% of the time designated for meeting clinical learning requirements. **Is this per course or per program?**
- I would like to request a one-time exemption to extend Simulations to more than 50% and to include the option of virtual simulations.
- In addition, I have been asked to request the Board consider extending the duration of GN temporary permit beyond three months if need be since NCLEX testing has been limited.

Thank you in advance for your consideration.
