# STATEMENT OF SCOPE

## BOARD OF NURSING

**Rule No.:** N 1 to 8

**Relating to:** Advanced practice registered nurses and comprehensive review

**Rule Type:** Both Permanent and Emergency

### **1. Finding/nature of emergency (Emergency Rule only):**

Per Section 172 (1) of the 2025 Wisconsin Act 17, the Board of Nursing may promulgate emergency rules to implement the changes in the act. The Board is not required to provide a finding of an emergency or provide evidence for the preservation of the public peace, health, safety, or welfare.

### **2. Detailed description of the objective of the proposed rule:**

The objective of the proposed rules is to implement statutory changes from 2025 Wisconsin Act 17 and to conduct a comprehensive review of chapters N 1 to 8 to ensure that the rules are current with standards of practice and consistent with statute.

### **3. Description of the existing policies relevant to the rule, new policies proposed to be included in the rule, and an analysis of policy alternatives:**

The proposed project will promulgate rules necessary to implement 2025 Wisconsin Act 17, which makes substantial changes to ch. 441 related to the creation of a new system of licensure that allows registered nurses to be licensed as advanced practice registered nurses (APRN). This new system for APRN licensure replaces the previous advanced practice nurse prescriber certification and requires applicants to provide evidence of education and certification in one of the following recognized roles: certified nurse-midwife (CRM); certified registered nurse anesthetist (CRNA); clinical nurse specialist (CNS); and nurse practitioner (NP). The act establishes new requirements for the licensure, renewal, independent practice, and continuing education of APRNs.

The alternative would be to not revise the code, which would create confusion among stakeholders, and it will make the current code in conflict with the new statutes.

### **4. Detailed explanation of statutory authority for the rule (including the statutory citation and language):**

Section 15.08 (5) (b), Stats., provides an examining board “[s]hall promulgate rules for its own guidance and for the guidance of the trade or profession to which it pertains. . .”

Section 227.11 (2) (a), Stats., states that “[e]ach agency may promulgate rules interpreting the provisions of any statute enforced or administered by the agency, if the agency considers it necessary to effectuate the purpose of the statute...”

Section 441.01 (3), Stats., as amended by 2025 WI Act 17, provides “[t]he board may promulgate rules to establish minimum standards for schools for professional nurses, schools for licensed practical nurses, and schools for advanced practice registered nurses, including all related clinical units and facilities, and make and provide periodic surveys and consultations to such schools. The board may also promulgate rules to prevent unauthorized persons from practicing professional nursing.”

Section 441.09 (4), Stats., as created by 2025 WI Act 17, states that “[t]he board may promulgate rules regarding the continuing education requirements...”

Section 441.09 (6) (a), Stats., as created by 2025 WI Act 17, states that “[t]he board shall promulgate rules necessary to administer this section, including rules for all of the following:

1. Further defining the scope of practice of an advanced practice registered nurse, practice of a certified nurse-midwife, practice of a certified registered nurse anesthetist, practice of a nurse practitioner, and practice of a clinical nurse specialist and defining the scope of practice within which an advanced practice registered nurse may issue prescription orders under sub. (2).
2. Determining acceptable national certification for purposes of sub. (1) (a) 2. a.
3. Establishing the appropriate education, training, or experience requirements that a registered nurse must satisfy in order to be an advanced practice registered nurse and to obtain each specialty designation corresponding to the recognized roles.
4. Specifying the classes of drugs, individual drugs, or devices that may not be prescribed by an advanced practice registered nurse under sub. (2).
5. Specifying the conditions to be met for registered nurses to do the following:
  - a. Administer a drug prescribed by an advanced practice registered nurse.
  - b. Administer a drug at the direction of an advanced practice registered nurse.
6. Establishing standards of professional conduct for advanced practice registered nurses generally and for practicing in each recognized role.”

Section 441.09 (6) (am), Stats., as created by 2025 WI Act 17, states that “[t]he board may promulgate rules to implement sub. (3m) (b)”, which states that an advanced practice registered nurse who practice in collaboration with a physician or dentist may “practice advanced practice registered nursing in a recognized role without being supervised by or collaborating with, and independent of, a physician or dentist” after meeting certain requirements.

**5. Estimate of amount of time that state employees will spend developing the rule and of other resources necessary to develop the rule:**

80 hours

**6. List with description of all entities that may be affected by the proposed rule:**

Advanced practice nurses, advanced practice nurse prescribers, nurse-midwives, applicants for nursing licenses, entities that employ nurses and nursing students.

**7. Summary and preliminary comparison with any existing or proposed federal regulation that is intended to address the activities to be regulated by the proposed rule:**

None.

**8. Anticipated economic impact of implementing the rule (note if the rule is likely to have a significant economic impact on small businesses):**

The proposed rule will have minimal to no economic impact on small businesses and the state’s economy as a whole.

(2) The intent of the board of nursing in adopting this chapter is to specify grounds for denying an initial license or certificate or limiting, suspending, revoking, or denying renewal of a license or certificate or for reprimanding a licensee or certificate holder.

**Note:** The bracketed language was unintentionally omitted in the agency's order promulgating this rule, CR 13-097.

**History:** Cr. Register, September, 1985, No. 357, eff. 10-1-85; am. (2), Register, May, 1990, No. 413, eff. 6-1-90; correction in (1) under s. 13.93 (2m) (b) 7., Stats., Register, May, 1990, No. 413; CR 13-097: am. (2) Register July 2014 No. 703, eff. 8-1-14; CR 15-067: am. (2) Register August 2016 No. 728, eff. 9-1-16.

(b) Having a license to practice nursing or a nurse licensure compact privilege to practice denied, revoked, suspended, limited, or having the credential holder otherwise disciplined in another state, territory, or country. A certified copy of the record of the board is conclusive evidence of the final action.

(c) After a request of the board, failing to cooperate in a timely manner, with the board's investigation of a complaint filed against a license holder. There is a rebuttable presumption that a credential holder who takes longer than 30 days to respond to a request of the board has failed to cooperate in a timely manner.

Notice shall include a copy of the judgment of conviction and a copy of the complaint or other information which describes the nature of the crime in order that the board may determine whether the circumstances of the crime of which the credential holder was convicted are substantially related to the practice of nursing.

(i) Failing to report to the board or institutional supervisory personnel any violation of the rules of this chapter by a licensee. This provision does not require a nurse to report treatment information which would fall within the nurse-patient privilege set forth in s. 905.04 (1) (b), Stats.

(2) Violating or aiding and abetting a violation of any law substantially related to the practice of nursing or being convicted of any crime substantially related to the practice of nursing. A certified copy of a judgment of conviction is prima facie evidence of a violation.

(3) Confidentiality, patient privacy, consent, or disclosure violations, including any of the following:

(a) Failing to safeguard the patient's dignity, or the right to privacy.

(b) Knowingly, recklessly, or negligently divulging a privileged communication or other confidential patient health care information except as required or permitted by state or federal law.

- g. Using any confidence of a patient to the patient's disadvantage or for the advantage of the nurse.
- h. Accepting gifts which are more than minimal value or any cash from a patient or patient's family.

2. This paragraph does not include providing health care services to a person with whom the nurse has a preexisting, established personal relationship where there is no evidence of or potential for exploiting the patient and contact that is necessary for a health care purpose that meets the standards of the profession.

(f) 1. Engaging in sexual misconduct, including any of the following:

- a. Sexually explicit conduct, sexual contact, exposure, gratification, other sexual behavior with or in the presence of a patient.

2. For the purpose of this paragraph, due to the unique vulnerability of mental health patients, including patients with substance use disorders, nurses are prohibited from engaging in or attempting to engage in sexual or seductive conduct with such former patients, a former patient's immediate family or person responsible for the patient's welfare, for a period of at least 2 years after the termination of nursing services.

(o) Failing to execute a medical order unless the order is inappropriate and the licensee reports the inappropriate order to a nursing supervisor or other appropriate person.
