State of Wisconsin
DEPARTMENT OF SAFETY AND PROFESSIONAL SERVICES
CORRESPONDENCE / MEMORANDUM

DATE: January 9, 2024

TO: Board, Council, and Committee Members

FROM: Legal Counsel

SUBJECT: Liaison Definitions and Delegations Explanations

Overall Purpose of Liaison Appointments

Each Board/Section (Board) has inherent authority that is established in our Wisconsin Statutes. This authority may change from Board to Board. For further information on your Board's authority review Wis. Stat. ch. 15. Generally, each Board has authority to grant credentials, discipline credential holders, and set standards for education and examinations. Additionally, Liaisons assist with the operations of the Boards purpose by weighing in on legislative matters, traveling to national conferences, or communicating with stakeholders.

The Department asks that each year the Boards make liaison appointments to assist the Board and Department to accomplish these tasks in an efficient manner. Your practical knowledge and experience, as an appointed member of a professional board, are essential in making determinations regularly. The Liaison positions below assist the Department to complete operations between Board meetings. In most cases, Liaisons can make decisions for the full Board in their designated area. These are determined through the delegation process. However, a Liaison may also decide to send the delegated issue to the full Board for consideration as appropriate. Delegations assist the Board in defining the roles and authorities of each Liaison.

Liaison Definitions

Credentialing Liaison: The Credentialing Liaison is empowered by the Board to review and make determinations regarding certain applications for credentials. The Credentialing Liaison may be called on by Department staff to answer questions that pertain to qualifications for licensure, which may include whether a particular degree is suitable for the application requirements, whether an applicant's specific work experience satisfies the requirements in statute or rule for licensure, or whether an applicant's criminal or disciplinary history is substantially related to the practice of the profession in such a way that granting the applicant a credential would create a risk of harm to the public. Questions will likely be sent by Department

staff to the Credentialing Liaison via email and may include application materials. The Credentialing Liaison serves a very important role in the credentialing process.

Monitoring Liaison: The Monitoring Liaison is empowered by the Board to make decisions on any credential that is limited either through a disciplinary order or initial licensure. The Department Monitors will send requests from credential holders to the Monitoring Liaison. These requests vary wildly. A common request could be to remove a limitation that has been placed on a credential or to petition for full licensure. The Monitoring Liaison can review these requests and make decisions on behalf of the Board. The Board has the authority to grant decision making latitude to their liaison to any degree. The specific monitoring delegations are found in the Monitoring Document attached to the agenda. If the Monitoring Liaison has a question on a request, it is advisable for the Liaison to consult further with Department staff or bring the matter to the full Board for consideration.

Professional Assistance Procedure (PAP) Liaison: PAP is a voluntary program open to credential holders with substance abuse issues who wish to seek help by being held accountable through treatment and monitoring by the Department and Board. As part of PAP, the credential holder enters into an agreement with the Department to undergo testing, counseling, or other rehabilitation. The PAP Liaison's role includes responding to credential holders' requests for modifications and terminations of provisions of the agreement. Similar to the Monitoring Liaison, the Department Monitors will send requests from credential holders to the PAP Liaison for further review.

Education and Examination Liaison: Some Boards are required by statute or rule to approve qualifying education and examinations. The Education and Examination Liaison provides guidance to Department staff to exercise authority of the Board to approve or decline examinations and educational programs. This determination requires a level of professional expertise and should be performed by a professional member of the Board. For some Boards, the Education and Examination Liaison will also be tasked with approving continuing education programs and courses.

Legislative Liaison: The Legislative Liaison is permitted to act and speak on the Board's behalf regarding pending and enacted legislation or actions being considered by the legislature outside of Board meetings. The Legislative Liaison is not the Board's designated lobbyist and should exercise their delegated authority carefully.

Travel Authorization Liaison: The Travel Authorization Liaison is authorized to approve a Board member to travel to events and speak or act on the Board's behalf between Board meetings. The Travel Authorization Liaison is called upon to make decisions when sufficient notice was not received, and the full Board could not determine a representative to travel. The Travel Authorization Liaison is tasked with making determinations if the Board appointed representative is not able to attend or if the Board becomes authorized to send additional members. As scholarship and funding streams can be unpredictable.

Communication Liaison: The Communication Liaison responds on behalf of the Board when questions arise that require a response from the Board. The Communication Liaison works with

the Department to cultivate an appropriate response. The Communication Liaison can be responsible for all types of communication on behalf of the Board. However, the Board can appoint a separate **Website Liaison** to work with DSPS staff to make changes and ensure the Board webpage contains updated and accurate information. Additionally, for the Boards that are required by statute to produce a newsletter or digest. The Board can appoint a separate **Newsletter/Digest Liaison** to assemble and approve content for those communications.

Screening Panel Members: The duties of the Screening panel are to review incoming complaints against credential holders and determine which complaints should be opened for investigation and which complaints should be closed without further action. The complexity and amount of work in this role depends substantially on your particular Board. As a member of the Screening panel you are asked to apply your professional expertise to determine if a complaint alleges unprofessional conduct.

Delegations Explanations

Credentialing Delegations

The overall purpose of credentialing delegations is to allow the credentialing process to proceed as efficiently and effectively as possible.

Delegation of Authority to Credentialing Liaison (Generic)

MOTION EXAMPLE: to delegate authority to the Credentialing Liaison(s) to serve as a liaison between the Department and the Board and to act on behalf of the Board in regard to credentialing applications or questions presented to them, including the signing of documents related to applications.

PURPOSE: To permit one representative of the Board to assist Department staff with credentialing applications and eliminate the need for the entire Board to convene to consider credential application content or questions. Additionally, it is most efficient to have the designated liaison who has assisted with the credentialing process to be able to effectuate decisions which require a signature.

Delegation of Authority to DSPS When Credentialing Criteria is Met

MOTION EXAMPLE: to delegate credentialing authority to the Department to act upon applications that meet all credentialing statutory and regulatory requirements without Board or Board liaison review.

PURPOSE: To permit Department staff to efficiently issue credentials and eliminate the need for Board/Section/Liaison review when all credentialing legal requirements are met in an application.

Delegation of Authority for Predetermination Reviews

MOTION EXAMPLE: to delegate authority to the Department Attorneys to make decisions regarding predetermination applications pursuant to Wis. Stat. § 111.335(4)(f).

PURPOSE: In general, the Wisconsin Fair Employment Act (codified in Wis. Stat. Ch. 111) prohibits licensing agencies from discriminating against applicants because of their arrest and/or conviction record. However, there are exceptions which permit denial of a license in certain circumstances. Individuals who do not possess a license have a legal right to apply for a determination of whether they are disqualified from obtaining a license due to their conviction record. This process is called “Predetermination”. Predeterminations must be completed within 30 days. This delegation allows Department Attorneys to conduct predetermination reviews and efficiently make these legal determinations without need for Board/Section/Liaison review.

Delegation of Authority for Conviction Reviews

MOTION EXAMPLE: to delegate authority to the Department Attorneys to review and approve applications with convictions which are not substantially related to the practice.

PURPOSE: As used here, “substantially related” is a legal standard that is used in the Wisconsin Fair Employment Act. The concept of what is “substantially related” is informed by case law. This delegation permits Department Attorneys to independently conduct conviction reviews and efficiently approve applications if convictions are not substantially related to the practice of the profession. Applications that contain conviction records that may be substantially related to the practice of a profession will still be submitted to the Credentialing Liaison for input.

Delegation to DSPS When Applicant’s History Has Been Previously Reviewed

MOTION EXAMPLE: to delegate authority to Department staff to approve applications where Applicant’s prior discipline has been approved for a previous credential and there is no new discipline.

PURPOSE: Some Boards offer progressive levels of credentials. This delegation eliminates the need for a re-review of discipline that has already been considered and approved by the Board/Section/Liaison for a lower-level credential.

Delegation to DSPS When Applicant’s Conviction History Has Been Previously Reviewed

MOTION EXAMPLE: to delegate authority to Department staff to approve applications where criminal background checks have been approved for a previous credential and there is no new conviction record.

PURPOSE: Some Boards offer progressive levels of credentials. This delegation eliminates the need for a re-review of conviction history that has already been reviewed and approved for a lower-level credential.

Delegation of Authority for Reciprocity Reviews

MOTION EXAMPLE: to delegate authority to the Department Attorneys to review and approve reciprocity applications in which the out of state license requirements meet Wisconsin license requirements. (specific legal standards are referenced in the motion depending on credential/profession type).

PURPOSE: Applications via reciprocity or endorsement require comparison of Wisconsin licensing requirements to the licensing requirements of another jurisdiction. These reviews consider the legal standard for reciprocity, which varies by profession, as well as the specified legal requirements to obtain licensure in the profession. This delegation permits Department Attorneys to independently conduct reciprocity reviews and efficiently approve applications if legal standards and requirements are met for licensure. Applications for which reciprocity may not be available will still be submitted to the Credentialing Liaison for input.

Delegation of Authority for Military Reciprocity Reviews

MOTION EXAMPLE: to delegate authority to the Department Attorneys to review and approve military reciprocity applications in which the individual meets the requirements of Wis. Stat. § 440.09.

PURPOSE: The law permits service members, former service members, and their spouses to be licensed if they hold licensure in other jurisdictions that qualify them to perform acts authorized by the credential they are seeking in Wisconsin. This is a shortened path to licensure that does not require meeting the specific requirements/standards for licensure/reciprocity in a profession. By law, the Department/Board must expedite the issuance of a reciprocal license via military reciprocity. This delegation permits Department Attorneys to independently conduct military reciprocity reviews and efficiently approve applications if legal standards and requirements are met for licensure. Applications for which reciprocity may not be available will still be submitted to the Credentialing Liaison for input.

Delegation of Authority for Application Denial Reviews

MOTION EXAMPLE: to delegate authority to the Department's Attorney Supervisors to serve as the Board designee for purposes of reviewing and acting on requests for hearing as a result of a denial of a credential.

PURPOSE: When an application is denied, the applicant has a legal right to appeal the denial determination. Applicants must meet a specified legal standard in order to have an appeal granted. Additionally, Wisconsin law sets specific time frames for appeal decisions. This delegation permits Department Attorney Supervisors to independently review and efficiently act on requests for hearing as a result of a denial of a credential.

Delegation to Department Attorneys to Approve Duplicate Legal Issue

MOTION EXAMPLE: to delegate authority to Department Attorneys to approve a legal matter in connection with a renewal application when that same/similar matter was already addressed by the Board and there are no new legal issues for that credential holder. Motion carried unanimously.

PURPOSE: The intent of this delegation is to be able to approve prior discipline by the Board for the renewal applicant. This delegation eliminates the need for a re-review of discipline that has already been considered and approved by the Board/Section/Liaison.

Monitoring Delegations

The overall purpose of monitoring delegations is to be able to enforce the Boards orders and limited licenses as efficiently and effectively as possible. Monitoring delegations have two categories: delegations to the monitoring liaison and delegations to the Department Monitor.

Delegation of Authority to Department Monitor

MOTION EXAMPLE: to delegate authority to the Department Monitor

- a. to grant full reinstatement of licensure if education is the only limitation and credential holder has submitted the required proof of course completion.
- b. to suspend the credential if the credential holder has not completed Board ordered education, paid costs, paid forfeitures, within the time specified by the Board Order.
- c. to lift a suspension when compliance with education and costs provisions have been met.

PURPOSE: These delegations allow for the Department Monitor to automatically act on requests when certain criteria are met or not met without needing to burden the Board Monitoring Liaison. The Board can set their own criteria for what actions they would like to be handled by the Department, the Monitoring Liaison and the full Board.

Delegation of Authority to Monitoring Liaison

MOTION EXAMPLE: to delegate authority to the Monitoring Liaison to approve or deny all requests received by the credential holder.

PURPOSE: These delegations allow the Board to set criteria for what decisions can be made by the Board member(s) serving as the Monitoring Liaison and what matters should be decided by the full Board. The Board has the authority to set specific criteria or to permit the liaison to make all determinations at their discretion.

Education and Exam Delegations

MOTION EXAMPLE: to delegate authority to the Education and Examination Liaison(s) to address all issues related to continuing education and examinations. Motion carried unanimously. (Differs by Board)

PURPOSE: Some Boards are responsible for approving qualifying educational programs or continuing education courses. A delegation is executed in order for a Board member to make these determinations on behalf of the Boards and with assistance of the Department. Additionally, some Boards review examinations and individual scores to qualify for a credential.

Miscellaneous Delegations

Document Signature

MOTION EXAMPLE: to delegate authority to the Chairperson (or in absence of the Chairperson, the highest-ranking officer or longest serving board member in that succession) to sign documents on behalf of the Board in order to carry out its duties. Motion carried unanimously.

MOTION EXAMPLE: in order to carry out duties of the Board, the Chairperson (or in absence of the Chairperson, the highest-ranking officer or longest serving board member in that succession) has the ability to delegate signature authority for purposes of facilitating the completion of assignments during or between meetings. The members of the Board hereby delegate to the Executive Director, Board Counsel or DPD Division Administrator, the authority to sign on behalf of a Board member as necessary. Motion carried unanimously.

PURPOSE: In order to take the action approved at Board meetings, the Department may need to draft correspondence and/or Orders after the meetings have adjourned. These actions then need to be signed by a Board Member. This interaction usually takes place over email and a Board member can authorize the use of his/her signature that is kept on file.

Urgent Matters

MOTION EXAMPLE: in order to facilitate the completion of urgent matters between meetings, the Board delegates its authority to the Chairperson (or, in the absence of the Chairperson, the highest-ranking officer or longest serving Board member in that succession), to appoint liaisons to the Department to act in urgent matters. Motion carried unanimously.

PURPOSE: Allows for quick responses to urgent matters that may need Board approval or for which the Department requires guidance from the Board.

Delegation to Chief Legal Counsel

Due to Loss of Quorum

MOTION EXAMPLE: to delegate the review and authority to act on disciplinary cases to the Department's Chief Legal Counsel due to lack of/loss of quorum after two consecutive meetings. Motion carried unanimously.

PURPOSE: Sometimes Boards can struggle to meet quorum necessary to conduct business. This happens for a multitude of reasons but this delegation allows for the Boards to have disciplinary cases decided by Chief Legal Counsel if the Board fails to meet quorum for two consecutive meetings.

Stipulated Resolutions

MOTION EXAMPLE: to delegate to the Department's Chief Legal Counsel (CLC) the authority to act on behalf of the Board concerning stipulated resolutions providing for a surrender, suspension, or revocation of a credential, where the underlying merits involve serious and dangerous behavior, and where the signed stipulation is received between Board meetings. The Board further requests that CLC only act on such matters when the best interests of the Board, Department and the Public are best served by acting upon the stipulated resolution at the time the signed stipulation is received versus waiting for the next Board meeting. Motion carried unanimously.

PURPOSE: For matters of public safety, it may be necessary to take immediate action on a stipulated agreement rather than allowing a credential holder to continue practicing unencumbered until the next scheduled meeting. This delegation allows CLC to act on behalf of the Board when there is a stipulated agreement. A stipulated agreement is an agreement to which all relevant parties have consented to the terms.

Voluntary Surrenders

MOTION: to delegate authority to the assigned case advisor to accept or refuse a request for voluntary surrender pursuant to Wis. Stat. § 440.19 for a credential holder who has a pending complaint or disciplinary matter.

MOTION: to delegate authority to the Department to accept the voluntary surrender of a credential when there is no pending complaint or disciplinary matter with the Department pursuant to Wis. Stat. § 440.19.

PURPOSE: Credential holders can ask the Boards to surrender their credentials at any time. These delegations are in place for the different situations that arise from those requests. If a credential holder is seeking to surrender their credential because they wish to leave the profession that can be processed with this delegation by the Department if they have no pending disciplinary complaints. If the credential holder wishes to surrender while they have a pending disciplinary complaint that request is reviewed by the individual Board member assigned to the case.

DLSC Pre-screening

MOTION EXAMPLE: to delegate pre-screening decision making authority to the DSPS screening attorney for opening cases where the credential holder has failed to respond to allegations contained in the complaint when requested by intake (Case will be opened on failure to respond and the merits of the complaint).

PURPOSE: Pre-Screening delegations exist so the Board can define specific parameters where the Department can review disciplinary complaints and open those cases if they meet certain criteria. Boards also have the authority to set certain criteria that would allow the Department to review and close a case if the criteria is met.

Roles and Authorities Delegated for Monitoring

The Monitoring Liaison (“Liaison”) is a Board/Section designee who works with department monitors (“Monitor”) to enforce Board/Section orders as explained below.

Authorities Delegated to the Monitoring Liaison

The Liaison may take the following actions on behalf of the Board/Section:

1. Grant a temporary reduction in random drug screen frequency upon Respondent’s request if he/she is unemployed and is otherwise compliant with Board/Section order. The temporary reduction will be in effect until Respondent secures employment in the profession. The Department Monitor (“Monitor”) will draft an order and sign on behalf of the Liaison.
2. Grant a stay of suspension if Respondent is eligible per the Board/Section order. The Monitor will draft an order and sign on behalf of the Liaison.
3. Remove the stay of suspension if there are repeated violations or a substantial violation of the Board/Section order. In conjunction with removal of any stay of suspension, the Liaison may prohibit Respondent from seeking reinstatement of the stay for a specified period of time. The Monitor will draft an order and sign on behalf of the Liaison.
4. Grant or deny approval when Respondent proposes continuing/disciplinary/remedial education courses, treatment providers, mentors, supervisors, change of employment, etc. unless the order specifically requires full-Board/Section approval.
5. Grant full reinstatement of licensure if Respondent has fully complied with all terms of the order without deviation. The Monitor will draft an order and obtain written authorization from the Liaison to sign on their behalf.
6. Grant or deny a request to appear before the Board/Section in closed session.
7. The Liaison may determine whether Respondent’s petition is eligible for consideration by the full Board/Section.

CHAPTER 448

SUBCHAPTER XIII

PA LICENSURE COMPACT

448.988 PA licensure compact. (1) PURPOSE. In order to strengthen access to medical services, and in recognition of the advances in the delivery of medical services, the participating states of the PA licensure compact have allied in common purpose to develop a comprehensive process that complements the existing authority of state licensing boards to license and discipline PAs and seeks to enhance the portability of a license to practice as a PA while safeguarding the safety of patients. This compact allows medical services to be provided by PAs, via the mutual recognition of the licensee's qualifying license by other compact participating states. This compact also adopts the prevailing standard for PA licensure and affirms that the practice and delivery of medical services by the PA occurs where the patient is located at the time of the patient encounter, and therefore requires the PA to be under the jurisdiction of the state licensing board where the patient is located. State licensing boards that participate in this compact retain the jurisdiction to impose adverse action against a compact privilege in that state issued to a PA through the procedures of this compact. The PA licensure compact will alleviate burdens for military families by allowing active duty military personnel and their spouses to obtain a compact privilege based on having an unrestricted license in good standing from a participating state.

(2) DEFINITIONS. In this compact:

(a) "Adverse action" means any administrative, civil, equitable, or criminal action permitted by a state's laws which is imposed by a licensing board or other authority

against a PA license or license application or compact privilege such as license denial, censure, revocation, suspension, probation, monitoring of the licensee, or restriction on the licensee’s practice.

(b) “Compact privilege” means the authorization granted by a remote state to allow a licensee from another participating state to practice as a PA to provide medical services and other licensed activity to a patient located in the remote state under the remote state’s laws and regulations.

(c) “Conviction” means a finding by a court that an individual is guilty of a felony or misdemeanor offense through adjudication or entry of a plea of guilt or no contest to the charge by the offender

(d) “Criminal background check” means the submission of fingerprints or other biometric-based information for a license applicant for the purpose of obtaining that applicant’s criminal history record information, as defined in 28 CFR 20.3 (d), from the state’s criminal history record repository, as defined in 28 CFR 20.3 (f).

(e) “Data system” means the repository of information about licensees, including but not limited to license status and adverse actions, which is created and administered under the terms of this compact.

(f) “Executive committee” means a group of directors and ex officio individuals elected or appointed pursuant to sub. (7) (f) 2.

(g) “Impaired practitioner” means a PA whose practice is adversely affected by health-related condition(s) that impact their ability to practice.

(h) “Investigative information” means information, records, or documents received or generated by a licensing board pursuant to an investigation.

(i) “Jurisprudence requirement” means the assessment of an individual’s knowledge of the laws and rules governing the practice of a PA in a state.

(j) “License” means current authorization by a state, other than authorization pursuant to a compact privilege, for a PA to provide medical services, which would be unlawful without current authorization.

(k) “Licensee” means an individual who holds a license from a state to provide medical services as a PA.

(L) “Licensing board” means any state entity authorized to license and otherwise regulate PAs.

(m) “Medical services” means health care services provided for the diagnosis, prevention, treatment, cure or relief of a health condition, injury, or disease, as defined by a state’s laws and regulations.

(n) “Model compact” means the model for the PA licensure compact on file with the Council of State Governments or other entity as designated by the commission.

(o) “Participating state” means a state that has enacted this compact.

(p) “PA” means an individual who is licensed as a physician assistant in a state. For purposes of this com-

pact, any other title or status adopted by a state to replace the term “physician assistant” shall be deemed synonymous with “physician assistant” and shall confer the same rights and responsibilities to the licensee under the provisions of this compact at the time of its enactment.

(q) “PA licensure compact commission,” “compact commission,” or “commission” mean the national administrative body created pursuant to sub. (7) (a).

(r) “Qualifying license” means an unrestricted license issued by a participating state to provide medical services as a PA.

(s) “Remote state” means a participating state where a licensee who is not licensed as a PA is exercising or seeking to exercise the compact privilege.

(t) “Rule” means a regulation promulgated by an entity that has the force and effect of law.

(u) “Significant investigative information” means investigative information that a licensing board, after an inquiry or investigation that includes notification and an opportunity for the PA to respond if required by state law, has reason to believe is not groundless and, if proven true, would indicate more than a minor infraction.

(v) “State” means any state, commonwealth, district, or territory of the United States.

(3) STATE PARTICIPATION IN THIS COMPACT. (a) To participate in this compact, a participating state shall:

1. License PAs.
2. Participate in the compact commission’s data system.
3. Have a mechanism in place for receiving and investigating complaints against licensees and license applicants.
4. Notify the commission, in compliance with the terms of this compact and commission rules, of any adverse action against a licensee or license applicant and the existence of significant investigative information regarding a licensee or license applicant.
5. Fully implement a criminal background check requirement, within a time frame established by commission rule, by its licensing board receiving the results of a criminal background check and reporting to the commission whether the license applicant has been granted a license.
6. Comply with the rules of the compact commission.
7. Utilize passage of a recognized national exam such as the NCCPA PANCE as a requirement for PA licensure.
8. Grant the compact privilege to a holder of a qualifying license in a participating state.

(b) Nothing in this compact prohibits a participating state from charging a fee for granting the compact privilege.

(4) COMPACT PRIVILEGE. (a) To exercise the compact privilege, a licensee must:

1. Have graduated from a PA program accredited by the Accreditation Review Commission on Education for

the Physician Assistant, Inc. or other programs authorized by commission rule.

2. Hold current NCCPA certification.
3. Have no felony or misdemeanor conviction.
4. Have never had a controlled substance license, permit, or registration suspended or revoked by a state or by the United States drug enforcement administration.
5. Have a unique identifier as determined by commission rule.
6. Hold a qualifying license.
7. Have had no revocation of a license or limitation or restriction on any license currently held due to an adverse action.
8. If a licensee has had a limitation or restriction on a license or compact privilege due to an adverse action, two years must have elapsed from the date on which the license or compact privilege is no longer limited or restricted due to the adverse action.
9. If a compact privilege has been revoked or is limited or restricted in a participating state for conduct that would not be a basis for disciplinary action in a participating state in which the licensee is practicing or applying to practice under a compact privilege, that participating state shall have the discretion not to consider such action as an adverse action requiring the denial or removal of a compact privilege in that state.
10. Notify the compact commission that the licensee is seeking the compact privilege in a remote state.
11. Meet any jurisprudence requirement of a remote state in which the licensee is seeking to practice under the compact privilege and pay any fees applicable to satisfying the jurisprudence requirement.
12. Report to the commission any adverse action taken by a nonparticipating state within thirty (30) days after the action is taken.

(b) The compact privilege is valid until the expiration or revocation of the qualifying license unless terminated pursuant to an adverse action. The licensee must also comply with all of the requirements of par. (a) above to maintain the compact privilege in a remote state. If the participating state takes adverse action against a qualifying license, the licensee shall lose the compact privilege in any remote state in which the licensee has a compact privilege until all of the following occur:

1. The license is no longer limited or restricted; and
2. Two (2) years have elapsed from the date on which the license is no longer limited or restricted due to the adverse action.

(c) Once a restricted or limited license satisfies the requirements of par. (b) 1. and 2., the licensee must meet the requirements of par. (a) to obtain a compact privilege in any remote state.

(d) For each remote state in which a PA seeks authority to prescribe controlled substances, the PA shall satisfy all requirements imposed by such state in granting or renewing such authority.

(5) DESIGNATION OF THE STATE FROM WHICH LICENSEE IS APPLYING FOR A COMPACT PRIVILEGE. Upon a licensee's application for a compact privilege, the licensee shall identify to the commission the participating state from which the licensee is applying, in accordance with applicable rules adopted by the commission, and subject to the following requirements:

(a) When applying for a compact privilege, the licensee shall provide the commission with the address of the licensee's primary residence and thereafter shall immediately report to the commission any change in the address of the licensee's primary residence.

(b) When applying for a compact privilege, the licensee is required to consent to accept service of process by mail at the licensee's primary residence on file with the commission with respect to any action brought against the licensee by the commission or a participating state, including a subpoena, with respect to any action brought or investigation conducted by the commission or a participating state.

(6) ADVERSE ACTIONS. (a) A participating state in which a licensee is licensed shall have exclusive power to impose adverse action against the qualifying license issued by that participating state.

(b) In addition to the other powers conferred by state law, a remote state shall have the authority, in accordance with existing state due process law, to do all of the following:

1. Take adverse action against a PA's compact privilege within that state to remove a licensee's compact privilege or take other action necessary under applicable law to protect the health and safety of its citizens.

2. Issue subpoenas for both hearings and investigations that require the attendance and testimony of witnesses as well as the production of evidence. Subpoenas issued by a licensing board in a participating state for the attendance and testimony of witnesses or the production of evidence from another participating state shall be enforced in the latter state by any court of competent jurisdiction, according to the practice and procedure of that court applicable to subpoenas issued in proceedings pending before it. The issuing authority shall pay any witness fees, travel expenses, mileage and other fees required by the service statutes of the state in which the witnesses or evidence are located.

3. Notwithstanding subd. 2., subpoenas may not be issued by a participating state to gather evidence of conduct in another state that is lawful in that other state for the purpose of taking adverse action against a licensee's compact privilege or application for a compact privilege in that participating state.

4. Nothing in this compact authorizes a participating state to impose discipline against a PA's compact privilege or to deny an application for a compact privilege in that participating state for the individual's otherwise lawful practice in another state.

(c) For purposes of taking adverse action, the participating state which issued the qualifying license shall give the same priority and effect to reported conduct received from any other participating state as it would if the conduct had occurred within the participating state which issued the qualifying license. In so doing, that participating state shall apply its own state laws to determine appropriate action.

(d) A participating state, if otherwise permitted by state law, may recover from the affected PA the costs of investigations and disposition of cases resulting from any adverse action taken against that PA.

(e) A participating state may take adverse action based on the factual findings of a remote state, provided that the participating state follows its own procedures for taking the adverse action.

(f) *Joint investigations.* 1. In addition to the authority granted to a participating state by its respective state PA laws and regulations or other applicable state law, any participating state may participate with other participating states in joint investigations of licensees.

2. Participating states shall share any investigative, litigation, or compliance materials in furtherance of any joint or individual investigation initiated under this compact.

(g) If an adverse action is taken against a PA's qualifying license, the PA's compact privilege in all remote states shall be deactivated until two (2) years have elapsed after all restrictions have been removed from the state license. All disciplinary orders by the participating state which issued the qualifying license that impose adverse action against a PA's license shall include a statement that the PA's compact privilege is deactivated in all participating states during the pendency of the order.

(h) If any participating state takes adverse action, it promptly shall notify the administrator of the data system.

(7) ESTABLISHMENT OF THE PA LICENSURE COMPACT COMMISSION. (a) The participating states hereby create and establish a joint government agency and national administrative body known as the PA licensure compact commission. The commission is an instrumentality of the compact states acting jointly and not an instrumentality of any one state. The commission shall come into existence on or after the effective date of the compact as set forth in sub. (11) (a).

(b) *Membership, voting, and meetings.* 1. Each participating state shall have and be limited to one (1) delegate selected by that participating state's licensing board or, if the state has more than one licensing board, selected collectively by the participating state's licensing boards.

4. Venue is proper and judicial proceedings by or against the commission shall be brought solely and exclusively in a court of competent jurisdiction where the principal office of the commission is located. The commission may waive venue and jurisdictional defenses in any proceedings as authorized by commission rules.

5. Nothing herein shall be construed as a limitation on the liability of any licensee for professional malpractice or misconduct, which shall be governed solely by any other applicable state laws.

6. Nothing herein shall be construed to designate the venue or jurisdiction to bring actions for alleged acts of malpractice, professional misconduct, negligence, or other such civil action pertaining to the practice of a PA. All such matters shall be determined exclusively by state law other than this compact.

7. Nothing in this compact shall be interpreted to waive or otherwise abrogate a participating state's state action immunity or state action affirmative defense with respect to antitrust claims under the Sherman Act, Clayton Act, or any other state or federal antitrust or anticompetitive law or regulation.

8. Nothing in this compact shall be construed to be a waiver of sovereign immunity by the participating states or by the commission.

(8) DATA SYSTEM. (a) The commission shall provide for the development, maintenance, operation, and utilization of a coordinated data and reporting system containing licensure, adverse action, and the reporting of the existence of significant investigative information on all licensed PAs and applicants denied a license in participating states.

(b) Notwithstanding any other state law to the contrary, a participating state shall submit a uniform data set to the data system on all PAs to whom this compact is applicable (utilizing a unique identifier) as required by the rules of the commission, including:

1. Identifying information;
2. Licensure data;
3. Adverse actions against a license or compact privilege;
4. Any denial of application for licensure, and the reason(s) for such denial (excluding the reporting of any criminal history record information where prohibited by law);

5. The existence of significant investigative information; and

6. Other information that may facilitate the administration of this compact, as determined by the rules of the commission.

(c) Significant investigative information pertaining to a licensee in any participating state shall only be available to other participating states.

(d) The commission shall promptly notify all participating states of any adverse action taken against a licensee or an individual applying for a license that has been reported to it. This adverse action information shall be available to any other participating state.

(e) Participating states contributing information to the data system may, in accordance with state or federal law, designate information that may not be shared with the public without the express permission of the contributing state. Notwithstanding any such designation, such information shall be reported to the commission through the data system.

(f) Any information submitted to the data system that is subsequently expunged pursuant to federal law or the laws of the participating state contributing the information shall be removed from the data system upon reporting of such by the participating state to the commission.

(g) The records and information provided to a participating state pursuant to this compact or through the data system, when certified by the commission or an agent thereof, shall constitute the authenticated business records of the commission, and shall be entitled to any associated hearsay exception in any relevant judicial, quasi-judicial or administrative proceedings in a participating state.

(9) RULE MAKING. (a) The commission shall exercise its rule-making powers pursuant to the criteria set forth in this subsection and the rules adopted thereunder. Commission rules shall become binding as of the date specified by the commission for each rule.

(b) The commission shall promulgate reasonable rules in order to effectively and efficiently implement and administer this compact and achieve its purposes. A commission rule shall be invalid and have not force or effect only if a court of competent jurisdiction holds that the rule is invalid because the commission exercised its rule-making authority in a manner that is beyond the scope of the purposes of this compact, or the powers granted hereunder, or based upon another applicable standard of review.

(c) The rules of the commission shall have the force of law in each participating state, provided however that where the rules of the commission conflict with the laws of the participating state that establish the medical services a PA may perform in the participating state, as held by a court of competent jurisdiction, the rules of the com-

mission shall be ineffective in that state to the extent of the conflict.

(d) If a majority of the legislatures of the participating states rejects a commission rule, by enactment of a statute or resolution in the same manner used to adopt this compact within four (4) years of the date of adoption of the rule, then such rule shall have no further force and effect in any participating state or to any state applying to participate in the compact.

(e) Commission rules shall be adopted at a regular or special meeting of the commission.

(f) Prior to promulgation and adoption of a final rule or rules by the commission, and at least thirty (30) days in advance of the meeting at which the rule will be considered and voted upon, the commission shall file a notice of proposed rule making:

1. On the website of the commission or other publicly accessible platform; and
2. To persons who have requested notice of the commission's notices of proposed rule making, and
3. In such other way(s) as the commission may by rule specify.

(g) The notice of proposed rule making shall include:

1. The time, date, and location of the public hearing on the proposed rule and the proposed time, date and location of the meeting in which the proposed rule will be considered and voted upon;
2. The text of the proposed rule and the reason for the proposed rule;
3. A request for comments on the proposed rule from any interested person and the date by which written comments must be received; and
4. The manner in which interested persons may submit notice to the commission of their intention to attend the public hearing or provide any written comments.

(h) Prior to adoption of a proposed rule, the commission shall allow persons to submit written data, facts, opinions, and arguments, which shall be made available to the public.

(i) If the hearing is to be held via electronic means, the commission shall publish the mechanism for access to the electronic hearing.

1. All persons wishing to be heard at the hearing shall as directed in the notice of proposed rule making, not less than five (5) business days before the scheduled date of the hearing, notify the commission of their desire to appear and testify at the hearing.

2. Hearings shall be conducted in a manner providing each person who wishes to comment a fair and reasonable opportunity to comment orally or in writing.

3. All hearings shall be recorded. A copy of the recording and the written comments, data, facts, opinions, and arguments received in response to the proposed rule making shall be made available to a person upon request.

4. Nothing in this subsection shall be construed as requiring a separate hearing on each proposed rule. Proposed rules may be grouped for the convenience of the commission at hearings required by this subsection.

(j) Following the public hearing the commission shall consider all written and oral comments timely received.

(k) The commission shall, by majority vote of all delegates, take final action on the proposed rule and shall determine the effective date of the rule, if adopted, based on the rule-making record and the full text of the rule.

1. If adopted, the rule shall be posted on the commission's website.

2. The commission may adopt changes to the proposed rule provided the changes do not enlarge the original purpose of the proposed rule.

3. The commission shall provide on its website an explanation of the reasons for substantive changes made to the proposed rule as well as reasons for substantive changes not made that were recommended by commenters.

4. The commission shall determine a reasonable effective date for the rule. Except for an emergency as provided in par. (L), the effective date of the rule shall be no sooner than thirty (30) days after the commission issued the notice that it adopted the rule.

(L) Upon determination that an emergency exists, the commission may consider and adopt an emergency rule with twenty-four (24) hours prior notice, without the opportunity for comment, or hearing, provided that the usual rule-making procedures provided in this compact and in this subsection shall be retroactively applied to the rule as soon as reasonably possible, in no event later than ninety (90) days after the effective date of the rule. For the purposes of this provision, an emergency rule is one that must be adopted immediately by the commission in order to:

1. Meet an imminent threat to public health, safety, or welfare;
2. Prevent a loss of commission or participating state funds;
3. Meet a deadline for the promulgation of a commission rule that is established by federal law or rule; or
4. Protect public health and safety.

(m) The commission or an authorized committee of the commission may direct revisions to a previously adopted commission rule for purposes of correcting typographical errors, errors in format, errors in consistency, or grammatical errors. Public notice of any revisions shall be posted on the website of the commission. The revision shall be subject to challenge by any person for a period of thirty (30) days after posting. The revision may be challenged only on grounds that the revision results in a material change to a rule. A challenge shall be made as set forth in the notice of revisions and deliv-

ered to the commission prior to the end of the notice period. If no challenge is made, the revision will take effect without further action. If the revision is challenged, the revision may not take effect without the approval of the commission.

(n) No participating state’s rule-making requirements shall apply under this compact.

(10) OVERSIGHT, DISPUTE RESOLUTION, AND ENFORCEMENT. (a) *Oversight.* 1. The executive and judicial branches of state government in each participating state shall enforce this compact and take all actions necessary and appropriate to implement the compact.

2. Venue is proper and judicial proceedings by or against the commission shall be brought solely and exclusively in a court of competent jurisdiction where the principal office of the commission is located. The commission may waive venue and jurisdictional defenses to the extent it adopts or consents to participate in alternative dispute resolution proceedings. Nothing herein shall affect or limit the selection or propriety of venue in any action against a licensee for professional malpractice, misconduct or any such similar matter.

3. The commission shall be entitled to receive service of process in any proceeding regarding the enforcement or interpretation of the compact or the commission’s rules and shall have standing to intervene in such a proceeding for all purposes. Failure to provide the commission with service of process shall render a judgment or order in such proceeding void as to the commission, this compact, or commission rules.

(b) *Default, technical assistance, and termination.*

1. If the commission determines that a participating state has defaulted in the performance of its obligations or responsibilities under this compact or the commission rules, the commission shall provide written notice to the defaulting state and other participating states. The notice shall describe the default, the proposed means of curing the default and any other action that the commission may take and shall offer remedial training and specific technical assistance regarding the default.

2. If a state in default fails to cure the default, the defaulting state may be terminated from this compact upon an affirmative vote of a majority of the delegates of the participating states, and all rights, privileges and benefits conferred by this compact upon such state may be terminated on the effective date of termination. A cure of the default does not relieve the offending state of obligations or liabilities incurred during the period of default.

3. Termination of participation in this compact shall be imposed only after all other means of securing compliance have been exhausted. Notice of intent to suspend or terminate shall be given by the commission to the governor, the majority and minority leaders of the defaulting state’s legislature, and to the licensing board(s) of each of the participating states.

4. A state that has been terminated is responsible for all assessments, obligations, and liabilities incurred through the effective date of termination, including obligations that extend beyond the effective date of termination.

5. The commission shall not bear any costs related to a state that is found to be in default or that has been terminated from this compact, unless agreed upon in writing between the commission and the defaulting state.

6. The defaulting state may appeal its termination from the compact by the commission by petitioning the U.S. District Court for the District of Columbia or the federal district where the commission has its principal offices. The prevailing member shall be awarded all costs of such litigation, including reasonable attorney’s fees.

7. Upon the termination of a state’s participation in the compact, the state shall immediately provide notice to all licensees within that state of such termination:

a. Licensees who have been granted a compact privilege in that state shall retain the compact privilege for one hundred eighty (180) days following the effective date of such termination.

b. Licensees who are licensed in that state who have been granted a compact privilege in a participating state shall retain the compact privilege for one hundred eighty (180) days unless the licensee also has a qualifying license in a participating state or obtains a qualifying license in a participating state before the one hundred eighty (180)-day period ends, in which case the compact privilege shall continue.

(c) *Dispute resolution.* 1. Upon request by a participating state, the commission shall attempt to resolve disputes related to this compact that arise among participating states and between participating and nonparticipating states.

2. The commission shall promulgate a rule providing for both mediation and binding dispute resolution for disputes as appropriate.

(d) *Enforcement.* 1. The commission, in the reasonable exercise of its discretion, shall enforce the provisions of this compact and rules of the commission.

2. If compliance is not secured after all means to secure compliance have been exhausted, by majority vote, the commission may initiate legal action in the United States District Court for the District of Columbia or the federal district where the commission has its principal offices, against a participating state in default to enforce compliance with the provisions of this compact and the commission’s promulgated rules and bylaws. The relief sought may include both injunctive relief and damages. In the event judicial enforcement is necessary, the prevailing party shall be awarded all costs of such litigation, including reasonable attorney’s fees.

3. The remedies herein shall not be the exclusive remedies of the commission. The commission may pursue any other remedies available under federal or state law.

(e) *Legal action against the commission.* 1. A participating state may initiate legal action against the commission in the U.S. District Court for the District of Columbia or the federal district where the commission has its principal offices to enforce compliance with the provisions of the compact and its rules. The relief sought may include both injunctive relief and damages. In the event judicial enforcement is necessary, the prevailing party shall be awarded all costs of such litigation, including reasonable attorney’s fees.

2. No person other than a participating state shall enforce this compact against the commission.

(11) DATE OF IMPLEMENTATION OF THE PA LICENSURE COMPACT COMMISSION. (a) This compact shall come into effect on the date on which this compact statute is enacted into law in the seventh participating state.

1. On or after the effective date of the compact, the commission shall convene and review the enactment of each of the states that enacted the compact prior to the commission convening (“charter participating states”) to determine if the statute enacted by each such charter participating state is materially different than the model compact.

a. A charter participating state whose enactment is found to be materially different from the model compact shall be entitled to the default process set forth in sub. (10) (b).

b. If any participating state later withdraws from the compact or its participation is terminated, the commission shall remain in existence and the compact shall remain in effect even if the number of participating states should be less than seven. Participating states enacting the compact subsequent to the commission convening shall be subject to the process set forth in sub. (7) (c) 21. to determine if their enactments are materially different from the model compact and whether they qualify for participation in the compact.

2. Participating states enacting the compact subsequent to the seven initial charter participating states shall be subject to the process set forth in sub. (7) (c) 21. to determine if their enactments are materially different from the model compact and whether they qualify for participation in the compact.

3. All actions taken for the benefit of the commission or in furtherance of the purposes of the administration of the compact prior to the effective date of the compact or the commission coming into existence shall be considered to be actions of the commission unless specifically repudiated by the commission.

(b) Any state that joins this compact shall be subject to the commission’s rules and bylaws as they exist on the date on which this compact becomes law in that state.

Any rule that has been previously adopted by the commission shall have the full force and effect of law on the day this compact becomes law in that state.

(c) Any participating state may withdraw from this compact by enacting a statute repealing the same.

1. A participating state’s withdrawal shall not take effect until one hundred eighty (180) days after enactment of the repealing statute. During this one hundred eighty (180) day–period, all compact privileges that were in effect in the withdrawing state and were granted to licensees licensed in the withdrawing state shall remain in effect. If any licensee licensed in the withdrawing state is also licensed in another participating state or obtains a license in another participating state within the one hundred eighty (180) days, the licensee’s compact privileges in other participating states shall not be affected by the passage of the one hundred eighty (180) days.

2. Withdrawal shall not affect the continuing requirement of the state licensing board(s) of the withdrawing state to comply with the investigative, and adverse action reporting requirements of this compact prior to the effective date of withdrawal.

3. Upon the enactment of a statute withdrawing a state from this compact, the state shall immediately provide notice of such withdrawal to all licensees within that state. Such withdrawing state shall continue to recognize all licenses granted pursuant to this compact for a minimum of one hundred eighty (180) days after the date of such notice of withdrawal.

(d) Nothing contained in this compact shall be construed to invalidate or prevent any PA licensure agreement or other cooperative arrangement between participating states and between a participating state and nonparticipating state that does not conflict with the provisions of this compact.

(e) This compact may be amended by the participating states. No amendment to this compact shall become effective and binding upon any participating state until it is enacted materially in the same manner into the laws of all participating states as determined by the commission.

(12) CONSTRUCTION AND SEVERABILITY. (a) This compact and the commission’s rule–making authority shall be liberally construed so as to effectuate the purposes, and the implementation and administration of the compact. Provisions of the compact expressly authorizing or requiring the promulgation of rules shall not be construed to limit the commission’s rule–making authority solely for those purposes.

(b) The provisions of this compact shall be severable and if any phrase, clause, sentence or provision of this compact is held by a court of competent jurisdiction to be contrary to the constitution of any participating state, a state seeking participation in the compact, or of the United States, or the applicability thereof to any government, agency, person or circumstance is held to be unconstitutional by a court of competent jurisdiction, the valid-

ity of the remainder of this compact and the applicability thereof to any other government, agency, person or circumstance shall not be affected thereby.

(c) Notwithstanding par. (b) or this subsection, the commission may deny a state's participation in the compact or, in accordance with the requirements of sub. (10) (b), terminate a participating state's participation in the compact, if it determines that a constitutional requirement of a participating state is, or would be with respect to a state seeking to participate in the compact, a material departure from the compact. Otherwise, if this compact shall be held to be contrary to the constitution of any participating state, the compact shall remain in full force and effect as to the remaining participating states and in full force and effect as to the participating state affected as to all severable matters.

(13) BINDING EFFECT OF COMPACT. (a) Nothing herein prevents the enforcement of any other law of a participating state that is not inconsistent with this compact.

(b) Any laws in a participating state in conflict with this compact are superseded to the extent of the conflict.

(c) All agreements between the commission and the participating states are binding in accordance with their terms.
