STATEMENT OF SCOPE

PHARMACY EXAMINING BOARD

Rule No.: Phar 1, 5, 6, 7, 8, 10, 15, and 19

Relating to: Remote Dispensing Sites

Rule Type: Permanent

1. Finding/nature of emergency (Emergency Rule only): N/A

2. Detailed description of the objective of the proposed rule: The objective of the proposed rule is to implement the statutory changes from 2025 Wisconsin Act 168 by updating Wisconsin Administrative Code Chapters Phar 1, 5, 6, 7, 8, 10, 15, and 19.

3. Description of the existing policies relevant to the rule, new policies proposed to be included in the rule, and an analysis of policy alternatives:

2025 Wisconsin Act 168 changed the term “remote dispensing site” to read “remotely supervised pharmacy.” The Board intends to update the Pharmacy code to bring it into alignment with this change, as well as make any updates that are needed regarding the practice of remote dispensing. An alternative would be to not revise the code to reflect these new requirements, which would create confusion and a lack of clarity for stakeholders as to what is required of pharmacists and the board as it relates to the new statutory requirements.

4. Detailed explanation of statutory authority for the rule (including the statutory citation and language):

15.08 (5) (b), Stats., states that the Board “shall promulgate rules for its own guidance and for the guidance of the trade or profession to which it pertains, and define and enforce professional conduct and unethical practices not inconsistent with the law relating to the particular trade or profession.”

450.02 (2), Stats., states that “the board shall promulgate rules that do all of the following:

(a) The board shall adopt rules defining the active practice of pharmacy. The rules shall apply to all applicants for licensure under s. 450.05.

(b) Define the activities that constitute the practice of a pharmacy technician for purposes if the registration requirement under s. 450.68.”

450.02 (3) (a), Stats., states “[t]he board may promulgate rules relating to the manufacture of drugs and the distribution and dispensing of prescription drugs.”

450.02 (3) (b), Stats., states “[t]he board may promulgate rules establishing security standards for pharmacies.”

450.02 (3) (d), Stats., states “[t]he board may promulgate rules necessary for the administration and enforcement of this chapter and ch. 961.”

450.02 (3) (e), Stats., states “[t]he board may promulgate rules establishing minimum standards for the practice of pharmacy.”

450.02 (5), Stats., states “[t]he board may promulgate rules governing pharmacies that are operated as remote dispensing sites.”

5. Estimate of amount of time that state employees will spend developing the rule and of other resources necessary to develop the rule:

120 hours

6. List with description of all entities that may be affected by the proposed rule:

Licensed Pharmacies, Pharmacists, Manufacturers, and Distributors; Registered Pharmacy Technicians

7. Summary and preliminary comparison with any existing or proposed federal regulation that is intended to address the activities to be regulated by the proposed rule:

The practice of pharmacy is not regulated by the federal government and Wisconsin has its own controlled substances schedules. However, the federal government does regulate federally controlled substances and the vast majority of Wisconsin controlled substances are also federally controlled substances. Title 21 CFR Chapter II governs federally scheduled controlled substances, including: remote dispensing; registration of manufacturers, distributors and dispensers of controlled substances; prescriptions; orders for schedule I and II controlled substances; requirements for electronic orders and prescriptions; and disposal.

8. Anticipated economic impact of implementing the rule (note if the rule is likely to have a significant economic impact on small businesses):

None to minimal. It is not likely to have a significant economic impact on small businesses.
