

SPS 333.24 is amended to read:

SPS 333.24 Applicable effective date. Substitute November 1, 2013, as the effective date for ~~all~~ of the design requirements for communications, evacuation power unit, rollback device, cable catcher, and deropement switch listed in B77.1 sections 3.3.1.1, 4.3.1.1, 5.3.1.1, and 6.3.1.1. Substitute , as the effective date for the design requirements for combustion engine protective devices listed in B77.1 sections 3.3.1.1, 4.3.1.1, 5.3.1.1, and 6.3.1.1.

For the highlighted date, we will estimate it to be one year after the adoption date of this rule, when we get further into the process.
