PROGRAM APPLICATION

EAP Form 1.03 (Rev. 10/22)

STATE OF WISCONSIN EDUCATIONAL APPROVAL PROGRAM P.O. Box 8366 MADISON, WI 53708-8366 (608) 266-1996

Wis. Stat. s. 440.52 requires all private postsecondary schools, not otherwise exempt, to obtain approval from the Educational Approval Program if it intends to add a new program or revise an already approved program. Pursuant to Wis. Admin. Codes SPS 401.01 (22) and 404.01 (3), a change in program content or length of more than 25% at any one time, or a 50% change within a 3-year period, constitutes a revised program.

If the new program has not been approved by a third party, it may need to be reviewed by an evaluator. Discuss this matter with the school administration consultant. A listing of fees is provided at the conclusion of this document. The following information is required for <u>each</u> program that the school will offer. Attach additional pages if needed.

I. PROGRAM INFORMATION		
Name of School:	Type of Program: New Revised	
Name of Program:		
Program CIP Code (if known): Click Here to view/search the NCES listing of all Program CIP	Codes. Proposed Program Start Date:	
What is the proposed length of the program? (See Wis. Admin. Code SPS 401 f	or definitions.)	
Hours Quarter Credits	Semester Credits	
What is the program's delivery mode? (Check one) Resident Distance Resident & Distance	What is the total cost of the program?	
What type of credential is awarded upon successful completion of the progra None Certificate of Completion Degree (specify type): Associate Bachelor	am? Diploma Master Doctoral	
State the educational or occupational objective of this program.		
2. Describe the entrance requirements for the program.		
3. List the types of positions for which the program will qualify graduates.		
If applicable, describe how the program prepares students for occupation placement/career advancement documentation that shows how certificated and the statement of the st		

Describe how the school identified the need for the program (industry demand, relevant labor market information, consumer interest, etc.)
Describe how the school developed the program. In the description, explain internal and external review processes, consultant qualifications, use of advisory groups, industry experts, local experts, etc.
7. Describe the process for curriculum development. Ensure the curricular content and experiences are pre-planned,
designed and organized sequentially and systematically.
II. PERFORMANCE EVALUATION
What are the school's performance and completion standards for this program?
2. How does the school determine the performance standards that potential employers will demand of graduates?
3. How are the performance and completion standards communicated to students?
4. What testing and assessments are used to measure student performance? Who selects these instruments?

5. How is curriculum revised to keep it up to date? Are student revision?	s, graduates	s and employers part of curriculu	um evaluation and	
III. ENROLLMENT AND INSTRUCTOR INFORMATION				
What are the minimum and maximum numbers of students wh	no will be en	rolled in any one session of the i	new program?	
Minimum:	Maxim	um:		
Identify the proposed maximum student to instructor ratio for:

V. FEE SCHEDULE

Each additional new or revised program:	
Non-Degree Program	\$1,500
Associate's Degree Program	\$2,000
Bachelor's Program	\$3,000
Master's Program	\$3,500
Doctoral Program	\$4,500
Distance Learning Only (regardless of level)	\$500

Each additional navy ar rayiond programs

Special Note: If a program prepares students to meet the occupational licensing requirements of another agency of this state, the above fees may be reduced by 25%, if the program has been reviewed by the other agency. Please contact the EAP.

VI. APPLICATION CHECKLIST

Use this checklist to make sure all items required have been included when seeking approval for a new or substantially revised program.

Ш	Completed application form for approval of new or revised program (including all attachments and fees) for each program the school will offer.
	Documentation of authorization such as: 1) accrediting organization and status; 2) authorization from home state; or, 3) programmatic self-study.
	Third-party review as described in Section VII below.
	If this is a revised program, submit a subject-by-subject comparison of the currently approved program and the proposed program revisions.
	A detailed program outline, course syllabus, list of textbooks, instructor manual, sample lesson plans and a description of program testing/assessments.
	Sample advertising and promotional material which the school proposes to use in Wisconsin.

VII. EAP'S PROGRAM EVALUATION CRITERIA

(To be completed by a program reviewer)

INSTRUCTIONS TO REVIEWER:

Your evaluation will provide the Educational Approval Program (EAP) with advice about the program. Because program quality is key to the EAP approval process, we ask you to be thorough and detailed in your written evaluation. To prepare your report, please provide a written response to each of the following questions on a separate sheet referencing the question number. Do not simply answer "yes" or "no," but provide your reasoning why the program materials do or do not meet quality standards. You may make comments and suggestions beyond merely answering the twelve questions if you think that such information/insight will help the EAP make an informed judgment concerning this program's viability and quality.

Mission

1. Are the program's educational objectives consistent with the school's philosophy and mission statement?

Program

- 2. Does the program reflect present-day practice, meet current industry/occupational standards and prepare students for entry-level positions?
- 3. Are the content, length and instructional strategies of the program consistent in quality with similar programs in Wisconsin public schools and/or with other approved EAP programs?

Curriculum

- 4. Does the program have comprehensive course outlines, syllabi, teaching guides, texts?
- 5. Are the learning outcomes clearly presented for the scope and sequence of the program?
- 6. Does each course/program segment have an outcome-based syllabus which identifies: 1] competencies, learner outcomes and performance standards; 2] learning activities (how competencies/outcomes will be met); 3] available resources; and, 4] assessment methods to evaluate achievement of competencies/outcomes?

Performance Evaluation

- 7. Are performance standards clearly stated and are evaluation methods such as written and practical hands-on tests, classroom observations, etc., used to assess knowledge and skills for the student?
- 8. Are students given regular feedback on their knowledge, skills and progress?

Resources

- 9. Are educational resources such as supplies, textbooks, manuals, computers, software, and individual aids accessible, sufficient, relevant, current and unbiased?
- 10. Are classrooms, laboratories, shops, intern or clinical sites appropriate?
- 11. Are equipment and tools provided for the program adequate and relevant to training needs?

Recommendation

12. Would you recommend approval of the program as currently presented? If not, what changes must be made?
