

How to Download Your Digital Wallet Card to Your Mobile Device

Digital Wallet cards are only available to individual's, they are not available to organizations.

LicenseE updates any changes to Digital Wallet Cards every hour.

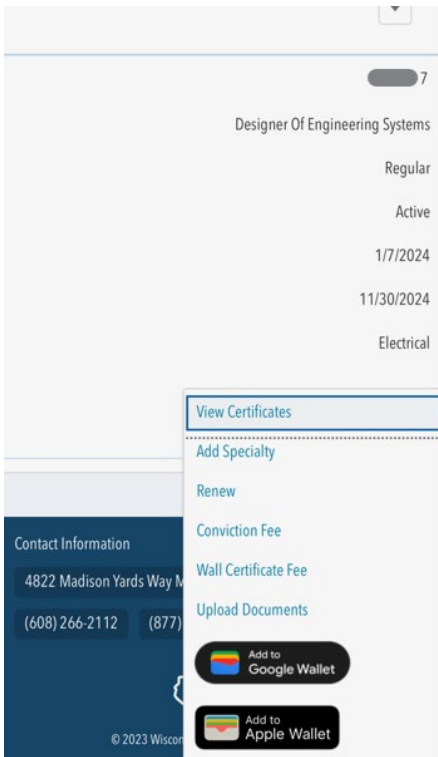

Log into LicenseE on the mobile device. Click "License and Applications" and select "My Licenses."

Select the license you would like to download as a Digital Wallet Card.

Under "Action" click on the carrot and select either "Add to Google Wallet" or "Add to Apple Wallet."

If you have multiple licenses you will need to download them separately.

Select "Add" in the upper right corner to add to your wallet.
