

Pressure Vessel Regulations in Wisconsin FAQs

1. What are the requirements for pressure vessels in Wisconsin?

Answer: Code requirements for Pressure Vessels are in SPS 341.16.

2. Is there any limit on the size of a boiler that fires with used oil?

Answer: There are no limit requirements in [SPS 341, Boilers and Pressure Vessels Code](#). The US EPA and the Wisconsin DNR may have rules related to boilers and used oil.
