Subject: Important News About Your Scheduled Plan Review

Dear DSPS customer,

As you know, we recently launched our new submission portal, eSLA. As more customers transitioned from our previous system, we learned about a field that was not populating. Specifically, the expected review date for submitted projects was blank.

We have resolved that issue. All pending plan submissions that were complete including payment have received a date. All new submissions will receive a date within 72 hours of submission. Please check your customer dashboard to obtain additional information on your plan submittals including the anticipated review date.

Thank you for your patience as we fine-tune the new system.

Sincerely,

Branden Piper, Administrator
Division of Industry Services
