

# NERIS Status Update

May 15, 2025

# NERIS Onboarding

## Two Phase Process

# 1

### Creating Your Account

Fire departments can add/update attribute information after they activate their node in NERIS.

# 2

### Reporting

- A) If using the NERIS collection app - submit when ready.
- B) If using a third-party RMS – switch after your RMS is ready

# NERIS Integration Partner Program: Vendor Interoperability and Compatibility

The NERIS-compatible badge signifies that a vendor's software is capable of data exchange with the NERIS platform.

To earn a NERIS compatibility badge, a vendor must:

1. **Create** an integration between their software and NERIS
2. **Submit** a new incident in the test environment to the FSRI Fire Department
3. **Capture** the unique incident number and submit an update to the incident that was created
4. **Establish** a station and add a unit to the FSRI Fire Department

**As of 5/14/2025:** Thirteen (13) unique vendors have successfully completed NERIS data exchange compatibility testing and received the badge.

## Onboarding Information

What You Need to Know

Are you located in New York or New Jersey? Your department is in FEMA Region 2, onboarding in May 2025. Here's what you need to know to get started with NERIS onboarding.

### What is NERIS?

The National Emergency Response Information System (NERIS) is a modern, cloud-based platform built to give fire departments nationwide faster data collection, smarter reporting, and deeper analytics. Designed as a mobile-first solution, NERIS replaces the legacy National Fire Incident Reporting System (NFIRS), providing timely intelligence to improve emergency response. Backed by the U.S. Fire Administration (USFA) and the Department of Homeland Security Science and Technology Directorate (DHS S&T), NERIS empowers departments to make data-informed decisions that enhance resource management and coordination.

### NERIS Nationwide Rollout

Developed by the Fire Safety Research Institute (FSRI), part of UL Research Institutes, NERIS launched in 2024 with early adopters across the country refining the system. Nationwide adoption is planned throughout 2025, organized by FEMA regions.

### 2025 Onboarding Schedule

REGION | 2025 MONTH

- 2 May
- 4 June
- 6 July
- 7 August
- 3 September
- 1 10 October
- 8 9 November
- 5 December

The map shows the following onboarding schedule by FEMA region:

- Region 1 (New England): May
- Region 2 (Mid-Atlantic): May
- Region 3 (South Atlantic): June
- Region 4 (Southeast): June
- Region 5 (Southwest): July
- Region 6 (Mountain West): July
- Region 7 (Great Plains): August
- Region 8 (Northwest): September
- Region 9 (West): September
- Region 10 (Northwest): October
- Region 11 (Northwest): November
- Region 12 (Northwest): December

2025

NFIRS

NERIS

## 2025 is a hybrid reporting year.

2025 incidents can be submitted to either NFIRS or NERIS.

- Once a fire department onboards onto NERIS **and** starts reporting incidents, they can stop reporting into NFIRS.

[Learn about onboarding onto NERIS](#)

2026

NFIRS

NERIS

## 2026 incident reporting will only be in NERIS.

Starting Jan. 1, 2026, incident data submission will be exclusively in NERIS.

- No calendar year (CY) 2026 incidents will be submitted into NFIRS.

Jan. 31, 2026: end date for edits/modifications for CY25 incident records in NFIRS.

**NFIRS will be unavailable for all users starting in February 2026.**
