BUILDINGS, HVAC, COMPLIANCE STATEMENT  SBD-9720

This form is required to be submitted by the supervising professional (architect, engineer, HVAC designer or electrical designer) observing construction of projects within buildings with total volume of 50,000 cubic feet or greater and bleachers (SPS 361.40). Failure to submit this form may result in penalties as specified in SPS 361.23 and/or local ordinances. This form must be submitted prior to the plan approval expiration date or another submittal may be required.

General Instructions: Prior to the initial occupancy of new buildings or additions and the final occupancy of altered existing buildings, submit this completed and signed form to:

- The municipal building inspection office (refer to the plan approval letter for agency address) and
- Industry Services Division, the office of the original plan review.

Note: If the review was done by the municipality, the compliance statement goes only to the municipal building inspector. A copy is not needed by Industry Services.

Personal information you provide may be used for secondary purposes [Privacy Law, s. 15.04 (1)(m)].

1. PROJECT INFORMATION: Please fill in the following with information from your plan approval letter.

   Transaction ID Number ___________________ Project Name_________________________________________
   Site Number ________________________________ Site location (number & street)_______________________________________________
   ☐ City ☐ Village ☐ Town of ____________________ County of ____________________

2. PURPOSE OF THIS STATEMENT: (Check Box A, B, C, or D to indicate purpose and complete any other applicable boxes and information. Attach additional pages if necessary.)

   Check those which apply:
   ☐ Building Object ID # ____________________ ☐ HVAC Object ID # ____________________
   ☐ Partial Completion ____________________
   Description of Portion Completed ____________________

   A) ☐ Statement of Substantial Compliance
   To the best of my knowledge, belief, and based on onsite observation, construction of the following building and/or HVAC items applicable to this project have been completed in substantial compliance with the approved plans and specifications.
