Customers of DSPS,

In an attempt to improve efficiencies in our office and increase the security of data and fee collection for individuals and Wisconsin businesses, the Department has made changes in our Gas System plan submittal and payment of fee process as the following two options allow:

1. One may continue to submit the Gas Systems application, SBD-6038-A and hard copy plans per SPS 340.30(2) as in the past. With the appropriate fee amount, a check may accompany plans and be made payable to the Division of Industry Services. If desired, in lieu of attaching a check, a company may request to be invoiced the proper fee per DSPS Fee Schedule Chapter SPS 302.

2. Once the customer obtains a “SharePoint Login ID” (see instructions * below), a customer will be able to submit plans electronically with a completed Gas Systems SBD-6038-A application that must be sent to DSPSsbPlanSchedule@wi.gov along with a request stating you wish to electronically file “e-file” your plans. The e-plan fee must be invoiced. Be aware, a customer must first register to obtain a SharePoint Login ID prior to attempting electronic submittal.

During this trial period, we will continue to accept plan submittals with check and payments attached but expect that customers may desire electronic plan submittal in the future to save time and mailing costs.

* In order to access the Division of Industry Services ePlan Review Site, Submitters must register for a State of WI/DOA username and password at http://Register.wi.gov. This registration is a one-time requirement. The system for which you need to request access is called SharePoint. Once registered, submitters will be provided a DOA credential under the Wisconsin External (wiext) domain. Instructions are found at http://dsps.wi.gov under Plan Review, click on Submitting Plans and then click on Electronic Submission.

Thank you in advance for your patience and assistance to successfully implement the new process. If you have any questions about this new process, please contact the plan entry staff in any of the Department of Safety and Professional Services offices.

Wisconsin’s Inspector Map link:

MAP LINK: Gas and Anhydrous Ammonia District Maps

Map notes: Designated areas of both State District Inspectors and our State contractor - Inspection Service are shown. The Symbol on map indicates areas of our designated State Contractor: Damarc Quality Inspection Services, LLC (866-361-4321) for inspections outside of districts.
## Gas Systems Installation Application
### For State Contractor (Damarc) Locations Only (SEE MAP)

- **Liquid Petroleum Gas (LPG)** System
- **Liquid Natural Gas (LNG)** System
- **Check Box to E-file plans**

- **Liquid Hydrogen (H2)** Systems
- **Gaseous Hydrogen (H2)** Systems
- **Required**

- **Compressed Natural Gas (CNG)** System
- **Anhydrous Ammonia (NH3)** System
- **SharePoint ID**

### 1. DIRECTIONS:

Personal information you may provide may be used for secondary purposes [Privacy Law, s. 15.04(1)(m)].

For LPG and LNG Systems using containers of 2000 gallons (4000 aggregate) or larger water capacity, CNG and NH3 systems of any size, submit one copy of this form and four sets of scaled plans including two copies of applicable specifications along with the required fees to the above address. Containers moved within Wisconsin must have a data report or a legible rubbing / copy of the container nameplate stamping. **NOTE:** Inspections may be conducted during or after installation by authorized representative(s). Use a second form copy if more than four tanks are to be installed.

### 2. SCOPE OF WORK / OWNER INFO:

- Check all boxes that apply
- **Key/card code operation**
- **Self service fueling**
- **Revision**
- **Alteration/addition to an approved existing site**

**Site Owner Name**

**Owner E-Mail**

**Site Owner Address**

**Site Owner City / State / Zip**

### 3. CONTAINER LOCATION

<table>
