**Summary of, and comparison with, existing or proposed federal regulation:**

None.

**Summary of public comments received on statement of scope and a description of how and to what extent those comments and feedback were taken into account in drafting the proposed rule:**

The Marriage and Family Therapy, Professional Counseling, and Social Work Examining Board held a preliminary hearing on the statement of scope for this rule at its January 26, 2021 meeting. No comments were received.

**Comparison with rules in adjacent states:**

**Illinois:** An individual seeking a clinical professional counselor license must graduate from a master’s level degree program in counseling or similar, and complete at least 2 years of supervised practice after completing the master’s program. Alternatively, an individual with a doctorate in professional counseling or similar program is required to complete at least 2 years of professional counseling experience, with at least one year completed subsequent to completing the doctorate program. Illinois does not issue a training license to individuals seeking licensure as a clinical professional counselor. [225 ILCS 107/45 (b)].

**Iowa:** The Board of Behavioral Science within the Iowa Department of Public Health regulates marital and family therapists and mental health counselors. Iowa law allows for temporary licensure for the purpose of fulfilling a postgraduate supervised clinical experience. The temporary licensee must notify the board immediately in writing of any proposed change in supervisor(s) and obtain approval of any change in supervisor(s). Within 30 days of completion of the supervised clinical experience, the attestation of the completed supervised experience must be submitted to the board office. The temporary licensee remains under supervision until a permanent license is issued. A temporary license for the purpose of fulfilling the postgraduate supervised clinical experience requirement is valid for three years and may be renewed at the discretion of the board. [IAC Rule 645.31.2]

**Michigan:** The Michigan Department of Licensing and Regulatory Affairs regulates marriage and family therapists, professional counselors, and social workers. The Department may grant a limited professional counselor license to an individual who is at
least 18 years old, has received a master's or doctoral degree in counseling from a qualified program and is practicing professional counseling under the supervision of a licensed professional counselor who meets statutory requirements. [MI Admin Code R 338.1772]

A limited license may be renewed annually, but for no more than 10 years. In cases of hardship, the board may consider a request for an extension of this time period. [MI Admin Code R 338.1776 (2)]

**Minnesota:** The Minnesota Board of Behavioral Health and Therapy regulates licensed professional counselors (LPC) and licensed professional clinical counselor (LPCC). However, an individual does not need to have a LPC in order to apply for the LPCC. The LPCC requires completion of a master’s or doctoral degree in counseling or related field determined by the board to be equivalent to a qualified counseling program, and that the individual completes graduate level clinical course as determined by the board. Additionally, an individual must have completed 4,000 hours of professional practice. [MN 148B.5301 Subd. 1, Stats.]

**Summary of factual data and analytical methodologies:**

The section would like to provide greater clarity for both its members reviewing requests for professional counselor training license renewals, as well as for applicants seeking renewals. The current rules state that the section may approve a renewal at its discretion, but does not state for how long the renewal lasts or what factors the section should consider in making such a determination.

The section believes that reviewing the applicant’s reason for requesting the renewal, considering any education or other training the applicant has received since obtaining their training license, and reviewing the supervisor’s progress report on the applicant, will provide the section with valuable information as to whether a renewal of the training license is appropriate.

**Analysis and supporting documents used to determine effect on small business or in preparation of economic impact analysis:**

The rule draft was posted on the department’s website for 14 days to solicit economic impact comments from local governments and small businesses. No comments were received.

**Fiscal Estimate and Economic Impact Analysis:**

The Fiscal Estimate and Economic Impact Analysis is attached.
