	:	(CLEARINGHOUSE RULE 21-079)

ORDER

An order of the Physical Therapy Examining Board to amend PT 5.01 (2) (b) and (h), relating to supervision of physical therapist assistants

Analysis prepared by the Department of Safety and Professional Services.

ANALYSIS

Statutes interpreted: Section 448.56, Stats.

Statutory authority: Sections 15.08 (5) (b), and 448.56 (6), Stats.

Explanation of agency authority:

Section 15.08 (5) (b), Stats., provides an examining board “[s]hall promulgate rules for its own guidance and for the guidance of the trade or profession to which it pertains. . .”

Section 448.56 (6), Stats., provides “[a] physical therapist assistant may assist a physical therapist in the practice of physical therapy if the physical therapist provides direct or general supervision of the physical therapist assistant. The examining board shall promulgate rules defining “direct or general supervision” for purposes of this subsection. Nothing in this subsection interferes with delegation authority under any other provision of this chapter.”

Related statute or rule: Chapters PT 1 and 5

Plain language analysis:

The Board will conduct a review of the supervision requirements under s. PT 5.01, which will include evaluating alternative methods for a supervising physical therapist to maintain contact with physical therapist assistants and patients. The Board may, as a result of this evaluation, revise the requirements for supervision of physical therapist assistants under s. PT 5.01.

Summary of, and comparison with, existing or proposed federal regulation: None

Summary of public comments received on statement of scope and a description of how and to what extent those comments and feedback were taken into account in drafting the proposed rule: N/A

Comparison with rules in adjacent states:

Illinois:

The Illinois Statutes require physical therapist assistants to perform patient care activities under the general supervision of a licensed physical therapist. The physical therapist must maintain continual contact with the physical therapist assistant including periodic personal supervision and instruction to ensure the safety and welfare of the patient [225 ILCS 90/2].

Iowa:

The Iowa Administrative Code provides that a supervising physical therapist who delegates the performance of physical therapy services to a physical therapist assistant must provide supervision to the physical therapist assistant at all times when the physical therapist assistant is providing delegated physical therapy services. Supervision means that the physical therapist must be readily available on site or telephonically anytime the physical therapist assistant is providing physical therapy services so that the physical therapist assistant may contact the physical therapist for advice, assistance, or instruction [645 IAC 200.6(1)].

Michigan:

Rules of the Michigan Board of Physical Therapy provide for delegation of acts, tasks, or functions to and supervision of unlicensed persons, including students enrolled in accredited physical therapist or physical therapist assistant educational programs approved by the board. A physical therapist is required to provide "direct supervision" of students, which means the physical therapist is physically present and immediately available for direction and supervision when patients or clients are present at the time the act, task, or function is performed, and the physical therapist has direct contact with the patient or client during each visit [Mich Admin Code, R 338.7139].

Minnesota:

The Minnesota Statutes require a physical therapist must provide on-site observation of treatment and documentation of a patient delegated to a physical therapist assistant, at least every six treatment sessions. The physical therapist does not have to be on-site, but must be easily accessible via telecommunications [Minnesota Statutes, section 148.706].

Summary of factual data and analytical methodologies:

The Board reviewed chs. PT 1 and 5 to clarify the requirements for supervision of physical therapist assistants. The Board also referenced Wisconsin Administrative Code s. Med 24.02 when creating determining appropriate methods of telecommunication and electronic communication when providing such supervision.

Analysis and supporting documents used to determine effect on small business or in preparation of economic impact analysis:

The proposed rules were posted for a period of 14 days to solicit public comment on economic impact, including how the proposed rules may affect businesses, local government units, and individuals. No comments were received.

Fiscal Estimate and Economic Impact Analysis:

The Fiscal Estimate and Economic Impact Analysis is attached.

Effect on small business:

These proposed rules do not have an economic impact on small businesses, as defined in s. 227.114 (1), Stats. The Department’s Regulatory Review Coordinator may be contacted by email at Daniel.Hereth@wisconsin.gov, or by calling (608) 267-2435.
