ATTESTATIONS – By signing below I attest to the following:

1) The practice of each provider listed is necessary to ensure the continued and safe delivery of health care services to Wisconsin patients at this Wisconsin health care facility or health care system and the facility or system needs reasonably prevented the provider from receiving a Wisconsin credential in advance of practice.
2) This Wisconsin health care facility or system is hereby notifying DSPS within ten (10) days of each listed out-of-state health care provider commencing or resuming practice in Wisconsin.
3) Each provider listed holds a valid and current unencumbered license in another state. Providers must practice within the scope of that license, including via telehealth or telemedicine technology.
4) To the best of my knowledge and with a reasonable degree of certainty, each listed health care provider is not currently under investigation and does not currently have any restrictions or limitations placed on his or her license by the credentialing state or any other jurisdiction.
5) I acknowledge that each health care provider practicing under Wisconsin Emergency Order #2 must apply for a temporary or permanent health care license within 30 days of first providing care to patients in Wisconsin. If a provider previously held a Wisconsin Interstate Reciprocity Temporary License (pursuant to Wisconsin Emergency Order #16, as modified by Emergency Order #20, or 2019 Wis. Act 185), and the information in the initial application (DSPS Form #EO2020-1) is still valid, the provider may reinstate the temporary license by submitting an attestation form (DSPS Form #EO2020-5) in lieu of DSPS Form #EO2020-1 within 30 days of commencing or resuming work for this facility or system in Wisconsin. Forms are available at dsps.wi.gov under the “COVID-19 UPDATES & INFORMATION” section.
